NOT A LOCAL ISSUE.

POWDERLY SAYS THE STRIKE HAS BECOME GENERAL.

And Declares General War on Offending Railroads—Mr. Webb Remains Firm and Calm, and Sees No Reason For Arbitration—The Present Situation.

NEW YORK, Aug. 20.—Mr. Powderly states that the strike has ceased to be one of a local assembly, and has become one of a whole organization, but it will use every means in its power to continue the fight. He intimates that the federation of railroad employees will support the movement. The situation is serious.

At 5 o'clock this afternoon, Mr. Powderly and Mr. Devlin had an interview with Mr. Webb, and considered the questions of arbitration. The offer of Mr. Powderly to submit the matter to arbitration, Mr. Webb refused on grounds already presented. He said the company was not "jumping on" the Knights of Labor, and did not discharge men because they were Knights of Labor, but for good reasons. The work of the men dismissed was not satisfactory. Neither Mr. Depew nor Mr. Vanderbilt were opposed to the Knights of Labor as an organization.

Mr. Powderly then suggested that as the matter had so much publicity a hearing should be held in Mr. Webb's office at which the men should be present. This Mr. Webb would not listen to saying that it was ridiculous. Mr. Powderly once more urged that the matter be arbitrated, but Mr. Webb remained firm. Messrs Powderly and Devlin then withdrew without making any threats or intimating what they intended to do. Mr. Webb gives this version of the interview and says that the whole conference was carried on in a most pleasant manner. Mr. Webb told Powderly that if the road should accede to the demands of the strikers, he (Webb) would rather be general master workman of the Knights of Labor than vice-president of this road, because he could manage the road much better in that position than in his present one.

At 11 o'clock this morning T. V. Powdely accompanied by Mr. Devlin, who arrived in town this morning, left the St. Cloud Hotel and went to the private office of Mr. Toucey, general manager of the New York Central road, where they met that gentleman and remained in conference with him until noon. When Messrs. Powderly and Devlin left the office they seemed well pleased with the result of their visit. Mr. Powderly said he could tell nothing for publication until he had first conferred with his colleagues. Mr. Toucey said that his callers had come with the object of arbitrating, and he told them there was nothing to arbitrate, but he talked the matter of the strike over with them very fully. The interview was a source of satisfaction to both sides.

General Master Workman T. V. Powderly will tomorrow (Thursday) issue an appeal to all true Knights of Labor in the employ of the New York Central & Hudson R. R. and upon the Vanderbilt connecting lines. In the document he will state the causes for the strike and the efforts to obtain a peaceable settlement of the difficulties and notify each and every member of the intention of the executive board of the Knights of Labor to prosecute the fight against the Central Hudson R. R. Co. to the bitter end. At the same time it is made known that Grand Master Sargent has called a meeting of the supreme council of the Federation of Railway Employees for Saturday, Aug. 23, at 9 A. M., in the city of Terre Haute, Ind.

A reporter who called at the Grand Central depot at 11 o'clock to-night found that Messrs. Webb and Voorhis had retired to their cots. Mr. Webb soon appeared, however, rubbing his eyes to get the sleep out of them. When told that the strike over the whole road would be declared this evening or in the morning, Mr. Webb said that in spite of all that the road would run all trains in the morning as usual. Neither he nor Mr. Voorhis appeared much depressed. He wished the public to know that he had no official notice from Powderly of the strike, and said that all this time the company had not been lying idle. When told the strike meant all employees but engineers he felt somewhat startled. Neither he nor Mr. Voorhis made any comment thereon.

MACKEREL AT LUNENBURG.—At Lunenburg, N. S., the terminus of the Nova Scotia Central Railway, there is great activity among the fishermen. During the past few weeks the run of small mackeral has been very large, and in curing and barrelling the fish a large amount of employment has been given about the wharves. A day or two ago several hundred barrels were ready for shipment to Boston and other U. S. ports, where last week the price was quoted at $12 per barrel. The quotations at Lunenburg on the same date were $8 per barrel.

LIGUE DES PATRIOTES.

A FALL RIVER ORGANIZATION COMPOSED OF FRENCHMEN.

They are Addressed by a Quebec M. P. Against the McKinley Bill—An Invitation for Canada to join the United States—Trotting at Mystic Park—The Vanderbilt Strike, etc.

BY TELEGRAPH TO THE GAZETTE.

FALL RIVER, Mass., Aug. 22.—Ligue des Patriotes, a large French organization here, was addressed last night by M. Girard, M. P. for Rouville, Que., who spoke strongly against the McKinley bill as sure to prove the commercial ruination of Canada. The present tariff, he said, had many evil effects on Canada in traffic, and he begged his hearers to a abjure protective tariffs and to so vote that the gates of the United States might be open to Canadian products.

Dr. S. T. Germain replied for the league that though the Canadians of this country desired to see their motherland prosperous, still, in coming to the United States they had foresworn allegiance to any other country and must stand by their oaths. "But," he said, "if one day a time of national bankruptcy occurred in Canada and Orangeism and Anglo Saxon hatred made their position untenable, then there is on the southern cede of the 45th parallel of latitude a country that will receive Canada." This speech provoked the wildest enthusiasm.

BOSTON, Aug. 22.—The Mystic Park races yesterday drew the largest crowd of the week. The 2.37 class, purse $500 divided, won by A. Webb's B.G. Present, in 3 straight heats, best time 2.27¼; Foals 1879 stakes $500, Rundle and Whites B.S. Nominator won, best time 2.28¼. Foals 1888 stakes $500, won by Tom McLaughlin's B. G. Howdy, 211, best time 2.44.

CHICAGO, Aug. 22.—According to the leading railway men in Chicago, it will be two weeks at least before a strike involving the Vanderbilt lines in this city can reach here. If it is found that the local strike is not sufficient to bring the railroad company to terms a general tie-up may be ordered. The Vanderbilt people here say they apprehend no strike.

CHAMBERS LODGE A. O. U. W.

Their First Anniversary Celebrated Last Evening.

About forty members of Chambers Lodge, Ancient order of United Workmen, and a number of guests assembled at T. C. Washington's dining rooms last evening for the purpose of celebrating the anniversary of that lodge, which was founded a year ago. The chair was occupied by Master Workman Henry J. Thorne and the vice chair by Past Master Workman William Greig. Among the guests present were, Mr. Wm. Johnston, of the Inland Revenue Department at Bellville, Ont., and Messrs. McLaughlin and Galbraith, of Montreal. After the eatables had been disposed of, the work of giving toasts began, the first being, of course, the Queen, which was drunk with all the honors. The next toast was "The Order" coupled with the name of G. M. W. Sprye, which was responded to by the chairman who in doing so gave some interesting statistcs regarding the order. It had now spread all over North America and existed in Canada since 1879. Now it had 19,269 members, as against 1,150 in 1879, and there was a net increase of 3,185 for the year. There has been 104 deaths, and $208,000 had been paid out for benefits. Since 1879 the order has paid out $1,282.000, and the death rate had been 5½ per 1,000 members. In 1889 only 12 assessments amounting to $12 had been levied. There were now 341 lodges in Canada, 31 of which were organized last year The order carries risks in Canada amounting to $38,400,000.

Chambers Lodge coupled with the name of its founder was then proposed by overseer Bennett and was responded to by P. M. W. Greig, and Mr. Wm. Galbraith of Montreal who as a relative of Mr. Chambers was able to speak for him. Recorder J. J. Forest then proposed Our Guests which brought out responses from Mr. McLaughlin of Montreal and Mr. Johnston, of Belleville. Both made excellent speeches, Mr. Johnston dwelling on the fact that he had visited St. John 12 years ago, immediately after the great fire, and expressing his astonishment at the wonderful advances and improvements that had been made in this city since then. The terms in which St. John was spoken of by the visitors were very different from those that are sometimes employed by some of our own people. In describing our progress Mr. Johnston in particular, expressed his astonishment that a St. John paper which he did not name, but which everybody knew had been engaged for many years in attempting to destroy this city and in representing it to people at a distance as a wholly lost and ruined community. Recorder Forrest than gave a song "The kye cam hame," all present joining in the chorus. Messrs John Kinney and H, P. Sandall made short speeches, and Brother James Stratton sang a couple of comic songs with good effect. Brother E. T. C. Knowles then gave the toast of the press in a very excellent speech, in which he dwelt upon the growth of the order and its advantages. This toast was responded to by Mr. James Hannay, of THE GAZETTE, and Mr. H. Codner, of the Globe, after which Dr. Emery proposed the ladies, which brought out a response from Mr. E. H. McAlpine, who spoke in his usual easy and happy manner. This concluded the toasts of the evening, and after singing Auld Lang Syne and God Save the Queen the party broke up a few minutes after 11 o'clock, having passed a most enjoyable evening.

Ice Shipments.

THE SHIPMENT OF ICE has gone steadily forward this summer and has proved a fine thing for the coasting vessels, as freights have been kept up steadily to a good standard. A considerable quantity of the up river ice has been sent away and the greater part ot that cut on the Kenebecassis has been turned over in the New York market. Mr. F. S. Fisher has shipped so far about 12,000 tons from there. He has still from 5,000 to 7,000 tons in his ice houses there. Mr. Whitmore has also shipped the most of the ice he cut on the Kenebacasis. Mr. Fisher has a large quantity stored near St. Andrews and is now loading the first cargo of it there, for shipment. The price in the New York market as a general thing has been high enough to give our dealers a fair margin although for the past week or so the heavy arrivals there following a scarcity which prevailed before let the prices drop very low. The ice market is beginning to grow steadier however and it is expected that prices will take a satisfactory raise a few days hence.
