THE TORONTO WORLD.
SATURDAY MORNING, JAN. 3, 1885.

NOT A MODEL REEVE.

The Shady Transactions of a Councillor of Wentworth.

The Dundas Banner has a scathing article on W. D. Binkley, reeve of West Flamboro, alleging that as chairman of the commissioners of the Brock road he had failed to report to the county council either as to receipts or expenditure during the year, and that on subsequent investigation it was ascertained that Binkley had drawn checks (which were paid) as chairman of Brock road commission for sums amounting in the aggregate to $1,020 and that no returns whatever had been made of the receipts from the gate. The warden told the Banner that Mr. Binkley is a defaulter to the extent of something over $1,100 to the county, but it would be hard to ascertain the exact sum, as the accounts were "in a terrible mess." To secure this sum the warden agreed to take a third mortgage on Binkley's farm and a chattel mortgage on his loose property, which have been duly executed and recorded—the mortgages setting forth that they are given to "secure W. D. Binkley's indebtedness to the county in an unascertained sum of money arising out of his dealings with the G. and D. road, as may appear upon taking the accounts." The Banner goes on to tell of Binkley calling on Mr. Cummings of Milligrove, collector of taxes for West Flamboro, and getting $600 which had been collected by that official. This sum, Mr. Cummings alleges, was not paid over to the township treasurer, but after a good deal of badgering Binkley paid $300 of the amount, and the remaing $300 Mr. Binkley promises to pay over on Saturday next.

Alderman Millichamp should be elected, being a practical mechanic.—Advt.

Found.

—At 205 Queen street west, a place where Old Country Watches and timepieces of every description can be repaired so as to give satisfaction to the wearer. Every watch repaired is warranted to keep accurate time. Doherty, watchmaker and jeweler, etc., 205 Queen west. 136

Montford's Museum.

H. L. Montford has again taken possession of the theatre, corner Bay and Adelaide streets, the scene of his last winter's success, and will conduct it as formerly as a museum and first-class family resort, giving two performances daily with the admission fee placed on a ten-cent basis.

Dineen's New Year's Bow.

—Dineen—the only hatter—doffs his hat to his numerous customers and wishes them "A Happy New Year." Dineen's past year has been a happy one; he has done a big, big business; supplied his friends with first-class goods at a fair price; he has made some money and he is happy, and so are his customers. If you suppose yourself to be a model hubby, go to Dineen's and buy your darling little wife (or big wife as the case may be) a nice mink muff, so that during the cold January blasts (that Moses Oates, out of pure cussedness, wont predict) she may keep her five fingers and two thumbs warm. Don't forget to buy at Dineen's.—Advt.

Alderman Millichamp is a large property owner.—Advt.

Catarrh—A New Treatment.

Perhaps the most extraordinary success that has been achieved in modern science has been attained by the Dixon treatment for catarrh. Out of 2000 patients treated during the past six months, fully ninety per cent have been cured of this stubborn malady. This is none the ess startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefitted, while the patent medicines and so-called advertised cures never record a cure at all. Starting with the claim now generally believed by scientific men that the disease is caused by the presence of living parasites in the throat, Mr. Dixon at once adapted his cure to their extermination; this accomplished, the cure is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has ever attempted to cure catarrh in this manner, and no other treatment has ever cured catarrh. The application of the remedy is simple and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. DIXON & SON, 305 King street west, Toronto, Canada, and enclose stamp for their treatise on catarrh.—Montreal Star. 26

The large waterworks surplus is mainly owing to alderman's good management.—Advt.

Economy.

—The secret of economy lies in the buying of upholstering, such a parlor or drawing-room suites, in the purchaser going to an establishment where they make it a specialty of manufacturing first-class goods. T. F. Cummings, 349 Yonge street, has the reputation of being an experienced workman, who thoroughly understands his business. You can rest fully assured of getting what you want, and at reasonable figures.

After Twenty-Three Years Suffering.

—Rev. Wm. Stout of Wiarton, was cured of scrofulous abscess that seventeen doctors could not cure. Burdock Blood Bitters was the only successful remedy. It cures all impurities of the system. 246

Frozen Out.

From the New York Morning Journal.

"Gone to Siberia" is a notice not infrequently seen upon the business office doors of Russian noblemen. The formula in this city is "Gone to Canada." When it was rumored the Ewens were coming the American colony attached to her Britannic majesty's dominion shouted itself hoarse. Two banks and a trust company were immediately broken in honor of the event.

Alderman Millichamp should be returned, being a live man.—Advt.

The Secret Out.

—The secret of success of Burdock Blood Bitters is that it acts upon the bowels, the liver, the kidneys, the skin and the blood; removing obstructions and imparting health and vigor. 246

—The reason why "Monsoon Washing Compound" should be used in preference to all other washing preparations. First, It is perfectly harmless. Second, It saves more than half the labor. Third, It is the cheapest in the market. Many more could be given but this should be sufficient. For sale by all grocers. Lowden & Co., Wholesale, Agents for Toronto. 2-4-6.
