MANITOBA SCHOOL CASE.

THE PROCEEDINGS BEFORE THE PRIVY COUNCIL.

Mr. Ewart Argues the Case on Behalf of the Manitoba Minority in a Speech of One Hour's Duration—The Manitoba Government Not Represented by Counsel.

OTTAWA, Ont., Jan. 21.—There was a full meeting of council this morning at 11 to hear the argument of Mr. J. S. Ewart, counsel for the Manitoba minority in support of the petition of Archbishop Tache and others for remedial legislation. Every member of the council was in his seat with the exception of Hon. Frank Smith. Hon. John Carling, Senator Bernier, Mr. La Riviere, M.P., Rev. Father Lacombe, Chevalier John Heney and about a dozen citizens of Ottawa were also present.

Hon. Mr. Ives, President of the Council, briefly stated that the object of the meeting was to hear Mr. Ewart, as had been suggested by the sub-committee of the council, whose report it was not considered necessary to read.

Mr. Ewart spoke for nearly an hour, practically repeating and elaborating the arguments adduced by him before the sub-committee a month ago. He recited the state of educational matters prior to Confederation; the establishment of Separate schools in Ontario and Quebec as a matter of justice to the minorities in those provinces; the insertion of the clauses in the British North American Act maintaining the rights granted to minorities, and contended that the Manitoba act of 1870 was intended to provide that the rights of the minority, whether Protestant or Catholic, should be guaranteed to them. He held in effect that the Local Legislature, at its first session in 1871, having established Protestant and Catholic schools, the latter had acquired a right which could not be taken away, and that the attempt of the Manitoba Government by the acts of 1890 to abolish the Catholic schools gave occasion for the exercise by the Governor-General in Council of the power reserved to him by the Manitoba Act of 1870, of proposing to the Parliament of Canada the remedial legislation which that Act provided for. He claimed not only that His Excellency had this power, but that it was his duty to exercise it and leave it to Parliament to deal with the question.

He referred to the New Brunswick school question, and quoted the resolutions passed by the House in 1873, and again in 1875, advising the New Brunswick Legislature to deal fairly by the minority, and said Parliament had just as much right to deal with the question of education in the province, as it had to deal with the question of Home Rule for Ireland. He referred to the Privy Council's decision and argued that that decision did not debar remedial legislation, but on the contrary it rendered remedial legislation necessary. If the Manitoba School Act had been declared ultra vires there could have been no remedial legislature for there would have been nothing to remedy. It was only when the act was declared ultra vires that remedial legislation could be asked.

In conclusion, he replied to the question suggested in the report of the sub-committee of council as follows:

Various questions are proposed in the recent order in council. I have thought it best to answer them altogether by the argument which I have now completed. I trust that in what I have said I have made clear that the answers should be as follows:

1. This is an appeal contemplated by section 6 of sec. 93 of the B.N.A. Act and sub-section 2 of section 22 of the Manitoba Act.

2. The grounds set forth in the petitions are such as may be the subject of an appeal.

3. The decision of the Judicial Committee of the Privy Council has no bearing upon the appeal for redress so far as it is based upon rights acquired after the union, further than that decision finally disposes of the contention that the second sub-section of the Manitoba Act furnishes a remedy merely against ultra vires statues.

4. Sub-section 3 of section 93 of the British North America Act applies to Manitoba unless it is varied by the Manitoba Act. If it is not varied it applies, and if it is, the variation has widened and not narrowed its scope. It is immaterial to the petitioners which alternative is adopted.

5. His Excellency the Governor-General in Council has power to grant the orders asked for by the petitioners.

6. The Acts of Manitoba passed prior to the session of 1890 conferred on the minority, a right or privilege with respect to education within the meaning of sub-section 2 of Sec. 22 of the Manitoba act and established a system of separate or dissentient schools within the meaning of sub-section 3 of Sec. 93 of the B. N. A. act, and the two acts of 1890 affected beyond question such rights and privileges in such manner as to warrant the present appeal.

Manitoba Government Not Unduly Excited.

On the conclusion of Mr. Ewart's address Hon. Mr. Ives read a letter from Lieut.-Governor Schultz to the Secretary of State in reply to the despatch transmitting copies of the petition received and inviting the Manitoba Government to be represented at the argument. The Lieutenant-Governor stated that his Government had decided not to be represented at the argument on the 21st.

Hon. Mr. Ives then asked if there was any one present who wished to be heard by council, and there being no response the press and public were invited to withdraw so that the council might deliberate on the matter. That finished the business for the present.

Mr. Ewart leaves for Winnipeg to-night.

A MURDER RECALLED.

Sam Mitchell, Who Murdered Alex. McIntosh, Will be Released on Feb. 20th Next.

KINGSTON, Ont., Jan. 21.—Sam Mitchell, sentenced to 10 years for the murder of Alexander McIntosh, will be released on Feb. 20th next. Mitchell shot McIntosh in his house on Isabella-street, St. Thomas, on Easter Sunday, 1884. The coroner's jury at the inquest returned a verdict of justifiable homicide. Public opinion was strongly in favor of Mitchell, and had he been brought to trial at that time he would have been acquitted. His trial did not take place till some months afterwards, and in the meantime additional facts elicited regarding the relations which had existed for a long time between McIntosh and Mrs. Mitchell, of which it was said Mitchell had been aware, caused a revulsion of feeling, and when Mitchell was tried he was found guilty of manslaughter and sentenced to 10 years in penitentiary. Several largely signed petitions for his release were sent to the Minister of Justice, but their prayer was not granted.

The Medicine for Liver and Kidney Complaint.—Mr. Victor Auger, Ottawa, writes: "I take great pleasure in recommending to the general public Parmelee's Pills, as a cure for Kidney and Liver Complaint. I have doctored for the last three years with leading physicians, and have taken many medicines which were recommended to me without relief, but after taking eight of Parmelee's Pills I was quite relieved, and now I feel as free from the disease as before I was troubled."

A Week's Statistics.

Infectious and contagious deseases reported to the Medical Health Department during the week were: Diptheria 15, scarlet 13, typhoid 2. The ambulance was called out 11 times and the disinfecting wagon made 31 visits.

During the week there were registered with the City Clerk 98 births, 56 deaths and 18 marriages.

HAMILTON'S REPORT.

He Submits Amended Estimates and Opposes Reduction of the Cost of Fire Hydrants.

The Waterworks Committe will hold its inaugural meeting Monday.

Superintendent Hamilton in his report will ask for an interim appropriation of $25,000 for current expenses. He will also submit the following amended estimates for for the year:

	Appropriation, 1892.	Estimates, 1893.
Meter and machine shop	$ 12,225	$ 18,000
Maintenance distribution	20,000	20,000
Main pumping station	98,400	94,584
Superintendent's salary	2,200	2,200
Rose Hill high level reservoirs	3,300	4,877
Press and storehouse	6,000	7,000
Office	21,100	18,500
Insurance and damage claims	1,000	3,300
Miscellaneous and rentals	2,300	
Cartage	3,000	3,500
St. Alban's Station	500	
High Level Station	8,000	8,500
General stores	....	6,500
	$178,025	$181,911
House services	15,000	15,000
New engine (No. 4)	40,000	5,000
Do. do. (No. 5), tenders not yet opened	....	60,000
Connecting dead ends	....	3,000
Reconstructing broken conduit	....	5,000
Extension of 36-inch discharge main to Front-street, with check valves, per report No. 21 of 1892 com	....	10,500
New 8-foot intake pipe as per do	....	70,740
Total	$233,025	$354,151

The Price of Fire Hydrants.

In reply to the resolution of the Fire and Light Committee in reference to a reduction in the price charged the Fire Department for fire hydrants from $20 to $17.50 each. Mr. Hamilton says: "I beg to say a reduction was made from $30 to $20 each two years ago. This charge includes the interest on the fire hydrants, the general repair and maintenance of these hydrants. Men are engaged constantly examining the hydrants. It also includes the expenses of coal, etc., in maintaining a fire pressure at all times over the whole city. If we pumped the water at a small pressure, say 25 lbs., it would not cost one-half the sum it does at present, and the maintaining of a constant fire pressure over the whole city saves the expenses of a steam fire engine plant, which would cost the city over $200,000 per annum to maintain, besides the cost of buildings and machinery. And this is the only way the general tax-payer pays his share of the fire protection. I therefore think it would be a mistake to reduce this amount any further at present. When we get all new and improved pumping plant, so that we will be able to make a saving in coal, it could then be considered."

Regarding the test of the Eno steam genetator he says that only a saving of 6 96-100 per cent. in fuel was shown. "The generators, therefore, do not make the saving guaranteed, namely, 10 per cent." He recommended that another test be made.

The work of repairing the new conduit is progressing favorably, and he is of opinion that the pipe can be made tight and placed back into the same position as formerly.

As soon as the reservoir is full the repairs to the old well will be completed. The materials are all on hand, and this work will be pushed night and day until the well is made perfectly tight.

When the two high duty engines are completed and in operation it will then be found necessary to convert the present low duty into high duty plant.

KILLED IN A COTTON MILL.

Two Terrible Accidents at Cornwall—Half-a-Dozen Employes Injured By the Fall of a Scaffold.

CORNWALL, Jan. 21.—A sad and fatal accident occurred at the Canada Cotton Mill last night in which Mr. John McDonald brother of Mr. Daniel McDonald, Reeve of Cornwall Township, lost his life and several other men were injured.

Shortly before the mill closed down for the day, Mr. James Pendergast, engineer, discovered that a light line of shafting in the northwest corner of the boiler-house was loose. A gang of men, one of whom was the deceased, were detailed to return after tea and repair it. A staging was erected, and about 9 o'clock, as the men attempted to block up one end of the shafting, the other end gave way, and, falling on the staging, upset it, and the whole business, scaffold, shafting and men, fell in a confused mass on the hard floor beneath, a distance of 14 feet. The shafting was about six feet long and had a number of pulleys. With its settings it weighed about 500 pounds. The men on the scaffold were John Martin, Thomas Cummings, John Cummings, William Murphy, John Adams and the deceased. McDonald's death was instantaneous. The neck had evidently been broken, as there were no cuts or bruises on the body. Thomas Cummings was also badly injured. One arm was broken and the other badly bruised. John Martin's leg was cut near the knee by an iron bolt. The others were all badly shaken up and more or less bruised.

In the mills of the Toronto Paper Company last night Mr. Samuel Eamer fell down the elevator to the cellar, a distance of about 18 feet, and struck his head sideways on the iron cage of the elevator. The unfortunate man lay there insensible till picked up by some of his fellow-workmen. He was covered with blood, the sharp edge of the iron having torn the scalp nearly from his head. Besides the scalp wound Mr. Eamer's jaw is fractured and his face badly cut. It is feared that he has sustained serious, if not fatal internal injuries.

HIPPOLYTE'S SON POISONED.

The Rebellion Crushed by Government Troops.

NEW YORK, Jan. 21.—The Herald's Port au Prince special says: The Government troops have been victorious in their mission, according to advices just received here. The forces under the command of the Minister of War have returned in triumph from L'Anse de Neau, where the uprising against the Government of President Hippolyte has been entirely crushed. They captured a number of prisoners, who are now in jail in this city.

Additional excitement was caused this afternoon when news was circulated that the eldest son of President Hippolyte had died in the palace. There was a rumor that he had been poisoned by enemies of the President and this caused uneasiness. The people of Port au Prince had already been worked up to a high tension. During the night friends of the exiles who are living in Kingston, Jamaica, had placarded the city with inflammatory posters, which created alarm.

Canadian Cattle.

LONDON, Jan. 20.—Representatives of the various Scotch interests in the Canadian cattle trade, including farmers, shippers and cattle salesmen, met in conference at Glasgow to consider the restrictions on the trade. It was decided to urge the Board of Agriculture to bring pressure on the Government to withdraw the prohibition, as it is considered unnecessary and injurious to the interests of the community generally.

Killed in the Bush.

STRATFORD, Jan. 21.—James Mungovan, who lived near Gadshill, was killed while chopping in the bush on the Canada Company's land about two miles from the village. Deceased's brother is proprietor of The Orangeville Post, and another brother is a priest in Chatham.

The healthy glow disappearing from the cheek and moaning and restlessness at night are sure symptoms of worms in children. Do not fail to get a bottle of Mother Graves' Worm Exterminator; it is an effectual remedy.

$10,000 FIRE IN MANITOWANING.

A Large Block of Stores Destroyed—Two Hotels Also Burned to the Ground—Losses and Insurance.

News reached the city to-day of a disastrous fire at Manitowaning on the 17th which occasioned $10,000 loss. The fire started in Riddell's bakery and cleaned out the entire block bordered on the east by McDonald's grocery, on the west by Reynold's general store and on the south by Dr. Stephen's Indian Department residence. The following are the list of losses: D. M. McDonald, stock saved, loss $400 on building; McPhail and Oakes, tavern, loss $1,500, covered by $700 insurance, W. H. Price owner of tavern, $2000, no insurance; William Riddell, baker, loss $150, no insurance; John Adrian, stock saved, building owned by Walters, no insurance; John Reynolds, loss $7000, insurance $3000; Tuikis estate, loss Reynold's store $2000 no insurance.

Davenport Street Railway.

A motion came up before Chief Justice Galt on Saturday on behalf of the Grand Trunk Railway Company for an injunction to prevent the Davenport Street Railway Company from crossing their tracks on the Davenport-road. The motion was enlarged for one week, the defendants to do nothing in the matter meantime.

Suing for $10,000 Commission.

Messrs. Fullerton & Co., solicitors, acting on behalf of James Grover, on Saturday issued a writ against George A. Cox, Robert Jaffray, E. R. C. Clarkson, W. R. Johnston and Fred J. Stewart for commission for a sale of lands for them, or for a quantum meruit for work done in connection with such sale, $10,000.

Not a Man Survived.

COMO, Colo, Jan. 21.—James Comenains, the only surviving man of the recent King mine disaster, died yesterday morning, the 25th victim. He died without having uttered a sentence or given any intelligence as to how the accident occurred.

Suing for Commission.

Peterson & Co., brokers, have commenced an action against the Todd Milling Company of Galt, and Thomas Todd & Sons for $8000 commission and money, freight and insurance paid at the defendants' request.

"August Flower"

For Dyspepsia.

A. Bellanger, Propr., Stove Foundry, Montagny, Quebec, writes: "I have used August Flower for Dyspepsia. It gave me great relief. I recommend it to all Dyspeptics as a very good remedy."

Ed. Bergeron, General Dealer, Lauzon, Levis, Quebec, writes: "I have used August Flower with the best possible results for Dyspepsia."

C. A. Barrington, Engineer and General Smith, Sydney, Australia, writes: "August Flower has effected a complete cure in my case. It acted like a miracle."

Geo. Gates, Corinth, Miss., writes: "I consider your August Flower the best remedy in the world for Dyspepsia. I was almost dead with that disease, but used several bottles of August Flower, and now consider myself a well man. I sincerely recommend this medicine to suffering humanity the world over."

PRIVATE WIRES

Direct to Chicago Board of Trade and New York Stock Exchange.

23 COLBORNE-STREET and Rotunda Board of Trade

TIPS FROM WALL-STREET.

John J. Dixon & Co. received the following despatch over their private wire from Henry Allen & Co. to-day:

NEW YORK, Jan. 21.—The stock market was benefited to-day by a magnificent bank statement. Much of most important developments in the market, however, appears in the sudden popularity achieved by the railroad stocks. Though the industrials have had everything their own way for a long while it looks as if they were to be relegated to second place. In some of them it seems probable that loss of prominence will be followed by a more or less forced liquidation, which is pretty sure to carry quotations down with it. What they lose, however, the old substantial railroad shares are likely to gain. There can be no question about easy money for some time to come. There is a perfect avalanche of funds in this direction from west and south, and the money-lenders are making concessions. In some of grangers there are new pools of great strength, whose activity is likely to be shown next week in advancing quotations. Some pools in certain industrials are exceedingly uneasy. An instance of unhappy situation has to do with Tennessee Coal and Iron, in which an inside row has finally resulted in the breaking up of relations between financiers who have ostensibly been in stock market partnership. Profits for purchasers seem sure in the granger stocks, but doubtful in the industrials.

GOSSIP FROM CHICAGO.

John J. Dixon & Co. received the following despatch over their private wire from Walker & Co. to-day:

CHICAGO, Jan. 21.—Wheat at times to-day was weak and lower, but closes strong, the discouraging bulls letting go invariably on the weak spots. The support came from clique brokers, they taking the biggest line, and it looks as if they were going to work the market, like they did when it was under 80 cents before. There was also good buying for eastern account by the houses who did most of the selling when the market was around 83 cents, and looks as if prices had about gone low enough for present, although everything discourages higher prices. This investment buying will tell in time, as it did before. The cables steady, clearances very light, receipts fair.

REMOVAL

SIDNEY SMALL

Real Estate and Insurance Agent, has removed from 15 Victoria-street to Freehold Loan Building.

20 ADELAIDE-STREET EAST

R. Cochran received the following despatch from Kennett, Hopkins & Co. to-day:

CHICAGO, Jan. 21.—Wheat—The tendency of scalpers has been to sell the market down today, and they have been aided by rather weak cables and the fact that the clearances from the four Atlantic ports were very small and not a bushel of wheat being taken from New York. The trade for the day has not been large and chiefly confined to a scramble among scalpers. The market reacted from the first break on the withdrawal by the directors of the proposition to make No. 1 hard wheat pass contract, which was done temporarily until the effect of such action could be better ascertained. The only pronounced bull piece of news was the estimate by Bradstreet that by March 1 the amount in farmers' hands would probably be only 104 millions, being only about 20 per cent. of the crop, which is a smaller proportion than for 12 years. This is a very wild sort of guess by Bradstreet and was so regarded by the general trade. Exports from both coasts of wheat and flour were 3,637,000 bush. against 4,500,000 the corresponding week last year. It is claimed there are still two strong bull parties in the market who are holding their wheat against which the local bears are selling with more confidence than at any time since the market started on its up-turn.

The Bankers' Co-Operative Indemnity Company, 335 Broadway, New York, are the trustees of the trust and loan fund of

THE ANGLO-AMERICAN LOAN & SAVINGS CO.,

60½ ADELAIDE-ST. EAST, TORONTO,

capital $1,000,000. They say, "We wish to say to our patrons that the Anglo-American Loan and Savings Company of Toronto is one of the best institutions of the kind we know of doing business in the United States. Our acquaintance with the above company is sufficient that we may recommend them to all people who wish to invest or borrow money."
