DESIRES GRANT FOR SCHOOLS TO COME TO CITIES

Stratford Teacher At Ottawa Convention Objects To Rural Appropriation.

SUB-NORMAL CHILDREN

Resolution Asks That Special Classes Be Provided For Ten or More.

(Canadian Press.)

OTTAWA, Jan. 7.—T. Sidney Kirby, member of the Ottawa public school board, was elected president of the Urban School Trustees' Association of Ontario at the concluding session of the two-day conference of that body here this afternoon. Many important resolutions were passed, and a committee having as its members the trustees on the new executive, was named to take the questions included in them before the department of education as early as possible.

The vice-president for the new year is W. Park of Hamilton. The executive, Mrs. W. B. Groves, Toronto; board of education, Mr. J. N. McKendrick, Galt and Mr. C. F. Swayzee, M.P.P., Niagara Falls, Ont.

The next convention will take place in twelve months time in Hamilton, it was decided.

Too Many Children.

In the course of today's discussion Dr. Merchant of the Ontario department of education said the chief reason for the fact that the teachers of this province had not a wider sphere for their work was that they had too many children to handle. That was a problem for the trustees to take up. He also appealed to them to consider the problem of looking after the boy after he had reached the age of 14. There was a period in a boy's life from 14 to 17, when he could be carefully looked after. He suggested vocational training as a good solution, but there should be a sound flexible system, he thought, from which these boys would really benefit.

Mr. Fisher, of Stratford, spoke on what he described as the important matter of legislative grants. There should be a more liberal appropriation for the public schools of the province, he asserted, and particularly for the elementary classes. He had noticed where the Government had voted recently on the expenditure of $250,000 for rural schools, and the advancement of their work. That was making "fish of one and fowl of the other," in his opinion.

First Things First.

The Government was not inclined to deal "with the first things first," according to Mr. Fisher. It was furnishing vast sums, he said, for re-educating the men who had been to the front. It was a worthy object, but the matter of educating the growing children was more important now.

The speaker concluded by saying that he thought he had a good case and would recommend that the executive committee be asked to wait upon the minister of education and ask that such steps be taken as deemed expedient by the department for securing increased grants from the Legislature.

Although seconded by Mr. Rutherford, many delegates opposed the proposal to make such a request to the minister.

Mr. T. S. Kirby, in the chair, cautioned the Stratford representative against attempting to have too many issues brought before the department. A few valuable ones worthy of attention if presented in the proper way would be acceptable, but if a number of matters were placed before the Legislature there was a chance that in turning down the minor ones all propositions would fail.

Sub-normal Child.

The resolution, to which considerable importance was attached, bearing on the sub-normal child question, read as follows:

"That this association request the department of education to have legislation put into effect requiring urban school boards to establish auxiliary classes when the number of mentally defective children eligible for such classes is not less than ten, and that grants from the Legislature should be liberal enough to enable boards establish such classes, and that further aid be rendered where such institutions or classes are now in existence."

A resolution of thanks to the press, moved by Dr. Caroline Brown, Toronto, was carried.

THE "SALADA" TEA CO., OF CANADA, LTD., has been incorporated with a capital of $2,000,000 to carry on the tea business hitherto conducted under the style of P. C. Larkin & Co., the object being to insure the continuity of the business, no new capital or interest coming into the concern. Mr. P. C. Larkin will be president, Gerald Ross Larkin, vice-president, and Phillip J. Thomas, secretary, thus the personnel and management of the company rests in the same hands as for the past 30 years.

SMALLPOX AT ENGLEHART.

ENGLEHART, Jan. 7—Two cases of smallpox are reported here. Sam Ross and C. Berard of the Temiskaming and Northern Ontario Railway snowplow crew are quarantined with the disease.

TAILORED BY TAILORS

(Not Retailed by Retailers)

CLOTHES

Made-To-Measure or Complete to Wear

Gentlemen! This is an opportunity, before our prices advance, to protect yourself from paying $10.00 to $25.00 more for your clothes than you need to. So grasp it while it lasts.

300 selected patterns in suitings and overcoatings are offered to choose from---and early buyers have the very best choice. Suit or overcoat, regular value $35 and $40.

Made to Measure **$25.00** Or Complete to Wear

Never has any tailoring house in Canada been able to give such tremendous values as REGENT TAILORS, and this particular offer is quite an exceptional one as a real money-saving opportunity.

Remember that every garment made by REGENT TAILORS bears the same old dependable guarantee---perfect satisfaction or you do not have to take it.

Give Us 15 Minutes of your time You will save at least $1.00 a minute

Regent TAILORS

REGENT TAILORS

Branches All Over Canada **189 Dundas Street** OPEN EVENINGS. Thursday, Friday and Saturday.

For the convenience of the public we have opened, in addition to our chain of busy stores, a special large salesroom in connection with our headquarters tailor shops at 86-88 Richmond Street West, Toronto, where hundreds of people are working cheerfully in bright, sanitary rooms, while making the clothes you buy. You can leave your order here for suit or overcoat, or obtain a complete outfit ready-to-wear, in any size or style, the same as in any of our stores. When in Toronto call and see us. Open evenings, Thursday, Friday and Saturday.

CLOSE EXAMINATION OF NINE HUNDRED ALLEGED RADICALS

Detroit Officials Hand Over More Than 300 To Immigration Officers.

DETROIT, Mich., Jan. 7.—Examination of nine hundred alleged radicals taken in raids here was completed tonight and more than three hundred prisoners were turned over to immigration officers. Including those arrested in the November raids four hundred prisoners are now held here for deportation.

A manifesto of the communist party found among documents seized last Friday, department of justice agents announced today, indicated that the Government's move against the radicals forestalled an attempt to completely tie up industry here.

The plan outlined was similar to that in other cities, the officers stated, contemplating a series of strikes that ultimately would be welded together in a general walkout. This, the manifesto stated, would be the first step in the effort to gain control of the government, according to the officers.

No date was mentioned for precipitation of the labor disturbances, but officers believe it was planned for next spring to coincide with any minor strikes usually developing at that time.

FEW ENTER CANADA.

NIAGARA FALLS, Ont., Jan. 7.—Reports to the effect that scores of "Reds" from United States are finding their way into Canada to avoid arrest by department of justice officials are offset by the fact that entries from that country have been less since Christmas than for many years. Rigid examination by immigration officials prevents admission of any persons suspected of radical tendencies. Rumors are in circulation along the border, however, that raids on the premises of suspected persons will be carried out in the near future.

STEAMSHIP ARRIVALS.

Steamer.	Arrived at	From
Dante Aleghier	Genoa	New York
Madonna	N. York	Marseilles, Naples
Argentina	N. York	Trieste, Naples

MINERS BEHIND OFFICERS MOVE ENDING STRIKE

United Workers Back Up Action To Arbitrate Final Settlemnt.

UNION CHIEFS HAPPY

Regard It As Complete Vindication—Small Noisy Element Objects.

COLUMBUS, Jan. 7.—International officers of the United Mine Workers of America will go before the commission appointed by President Wilson to arbitrate final settlement of the controversy between the miners and the operators with the backing of the rank and file of the miners of the country, as a result of action taken here today at the reconvened convention of the miners' organization.

By a vote of 1,369 to 221, the convention adopted the motion of Phillip Murray, president of the Pennsylvania soft coal miners, to indorse the action of international officers in calling off the strike and agreeing to accept the president's proposal, which provides for a 14 per cent advance in wages and agreement to submit all questions in dispute to the president's commission.

The convention adjourned sine die.

Union chiefs of the miners' organization were happy tonight over what is regarded as a complete vindication of their action by the convention. The vote came after three days of debate and a stormy wind-up, in which a small but noisy minority tried to swing the convention in favor of postponing acceptance of the president's proposal until after the commission has made its award.

ANOTHER STEP TOWARD GRAND TRUNK PURCHASE

OTTAWA, Jan. 7. — (By Canadian Press, Limited.)—Another step toward the completion of the Government end of the agreement for the purchase of the Grand Trunk Railway system was made with the approval by the governor-in-council of the form of agreement between the Government and the Grand Trunk Company. Announcement was made today that the agreement had been approved.

GENERAL MOTORS CORPN. INCREASES CAPITAL

WILMINGTON, Del., Jan. 7. — A certificate of amendment was filed at Dover today by the General Motors Corporation, permitting increase of capital from $1,020,000,000 to $5,610,000,000. The state received as tax for the increase $239,600, the largest fee of the kind ever paid in Delaware.

GRAND MUFTI SAYS EGYPT DISAPPOINTED ABOUT INDEPENDENCE

Newspaper Reports His Conversation With Viscount Milner.

CAIRO, Saturday, Jan. 3.—(By the Associated Press).—A conversation between Viscount Milner, special British commissioner, with the Grand Mufti of Egypt, who is the religious chief of the Modammedans in Egypt, is reported in the newspaper E I Misr, in which the Grand Mufti attributed the present troubled spirit to the country's disappointed expectation regarding its independence. Lord Milner contended that a protectorate was necessary to Egypt's interests and that a discussion could settle nine or ten disputed points.

Mufti Replies.

The mufti replied that no Egyptian would enter into a discussion except on the basis of independence. Lord Milner maintained that some Egyptians were willing to discuss the subject, but fear deterred them.

The grand mufti replied:

"Every country has its traitors. But any patriot would refuse to enter into such a discussion."

The commissioner sought to convince him that Great Britain was actuated by friendship and did not wish to impose her will forcibly, although able to do so. To this the Grand Mufti replied:

Religious Chief.

"As religious chief I can only say and affirm that it is impossible to convince a nation of the utility of a thing of which I myself am unconvinced. The entire nation claims its independence, and it would therefore be useless to speak in any other language. I don't forget your power, but if Egyptians bend today before force they will seize the first occasion to revolt. The guarantee of force is not eternal.

"Between Syria occupied by France, and Tripoli, occupied by Italy, it is better for you that Egypt be independent and friendly."

Lord Milner contended that the mufti's arguments did not prevent a discussion and asked him to discuss the questions. But the mufti replied:

"We can have no discussion until the protectorate is withdrawn."

WILL NOT APPOINT SUPT. OF EDUCATION

TORONTO, Jan. 7.—A rumor that the position of superintendent of education, which was done away with at the last session of the Ontario Legislature, was going to be revived, and Dr. George Locke, chief librarian of Toronto, was to be appointed superintendent, was set at rest today by Hon. R. H. Grant, minister of education, who said there was nothing in the story.

AN ENEMY OF WOMANHOOD.

The complexion, digestion and almost the complete personality of woman are dependent upon health. Woman's ills are her great enemy, as they cause bad complexion, dark circles under the eyes, headache, backache, nervousness, sleeplessness, dragging-down pains and the blues, and often totally unfit her for a companion. The great American remedy for such conditions is Lydia E. Pinkham's Vegetable Compound, which has been restoring three generations of ailing women to health, and may be relied upon with perfect confidence. b

DANGEROUS WARNING --BLEEDING GUMS

Are your gums tender? Do they bleed when brushed? If so—watch out for Pyorrhea.

This disease of the gums, which afflicts four out of five people over forty, not only destroys the teeth, but often wrecks the health.

In Pyorrhea, the gums become spongy, then recede; the teeth decay, loosen, and fall out—or must be extracted to rid the system of the infecting Pyorrhea germs which breed in pockets about them. These germs lower the body's vitality and cause many diseases.

You can keep Pyorrhea away. Visit your dentist often for tooth and gum inspection, and use Forhan's For the Gums.

Forhan's For the Gums prevents Pyorrhea—or checks its progress, if used in time and used consistently. Ordinary dentrifices cannot do this. Forhan's keeps the gums firm and healthy—the teeth white and clean.

Start using it today. If your gums have receded, use Forhan's according to directions, and consult a dentist immediately for special treatment.

Thirty-five and sixty cent tubes in Canada and U. S. If your druggist cannot supply you, send to us direct and we will mail tube postpaid.

FORHAN'S, LTD., MONTREAL.

Forhan's FOR THE GUMS

HOW TO KILL DANDRUFF SO IT WON'T RETURN.

By a Specialist.

That the dandruff germ is responsible for nearly all the diseases to which the scalp is heir, as well as for baldness and premature grey hair, is a well-known fact. We appreciate, therefore, the importance of any agent that will destroy its power. For this reason it is a pleasure to give herewith the prescription which a famous scalp specialist states he has found, after repeated tests, will completely destroy the dandruff germs in from one to three applications. It will also almost immediately stop falling hair, and it has in numerous cases produced a new hair-growth after years of partial baldness. This prescription can be made up at home, or any druggist will put it up for you—6 ounces Bay Rum, 2 ounces Lavona de Composee, one-half drachm Menthol Crystals. Mix thoroughly, and after standing an hour it is ready for use. Apply night and morning, rubbing into the scalp with the finger-tips. If you wish it perfumed add 1 drachm of your favorite perfume. While this preparation is not a dye it is unequaled for restoring grey hair to its original color.—Advt.

BURNABY GETS BIG RECEPTION IN WEST

BRANDON, Man., Jan. 7.—(Canadian Press, Limited.)—R. W. Burnaby, president of the United Farmers of Ontario, who is on his way to the Pacific Coast, had a great reception this afternoon from the Manitoba grain growers in their annual convention. He expressed the indebtedness of his organization to the older farmers' organizations of the West.

Today the United Farmers of Ontario had a total membership of more than 51,000, and he predicted a membership of 75,000 by the end of the present year.

Referring to the recent Ontario elections, he said the farmers realize fully their responsibility in the great drive ahead of them.

"We are in the boat, but don't want to rock it yet," he declared.

How to Stop a Cough

A constitutional remedy that removes the cause by building up the system, will stop a cough and break up a cold. These elements contained in Vinol—Beef and Cod Liver Peptones, Wild Cherry, Iron and Hypophosphites—soon create an energy that throws off the cold and prevents its reoccurrence.

Here is Proof that Vinol is a Great Remedy for Coughs and Colds

"I had a severe cold and cough, no appetite and headaches, and was tired all the time. I read about Vinol and decided to try it, and the result was most satisfactory as I was soon as well as ever and my cold and cough had disappeared."—L. Sage, 189 Elgin St., Brantford, Ont.

"For years I suffered with a chronic cough, so I could not sleep nights and continued to lose flesh. My druggist asked me to try Vinol. It cured my cough, I can sleep nights and have gained twelve pounds. Vinol is the best tonic and tissue builder I have ever taken."—W. D. Ren, Lagrange, N.C.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

Your money will be returned if Vinol fails—Leading Druggists.

Vinol Creates Strength

Do Your Gums Bleed When You Brush Your Teeth?

CUT THIS OUT

Says Pyorrhoea, Riggs Disease, Sore, Inflamed, Bleeding, Receding, Or Pus-Discharging Gums and Loose Teeth Quickly and Easily Corrected by New Simple Home Treatment.

Thousands of people suffer from Pyorrhoea or Riggs Disease or diseased gums who, having tried various dental creams, lotions and treatments, without success, believe they must have all their teeth pulled and go through life with false teeth. Yet their case is not hopeless. A prominent New York dentist has recently perfected a home treatment that works wonders in the treatment of just such cases and usually brings relief from the worst symptoms very quickly.

If your teeth are loosening or if your gums are receding and are sore or tender, inflamed or bleeding, spongy or flabby or if they discharge pus you may be sure that Pyorrhoea is present and that unless you can quickly find relief you will have to lose your teeth.

Go to Standard Drug Company, Limited, and Taylor Drug Company, or any good drug store in London and get a small package of Epithol. This is not a dentifrice, and is not applied with a brush, but is to be gently rubbed into the diseased gums with the finger tips or a soft cloth. It seems to work like magic. Teeth tighten, the gums grow sound, and healthy and the bleeding pus discharge soon stops.

Glen Stiner of Mitchell avenue, Binghamton, says: "My gums were sore and badly inflamed. I used Epithol a short time and all soreness has disappeared and my gums are healthy and well."

The druggists named above are all authorized to refund the purchase price in any case where Epithol does not give complete satisfaction.—Advt.
