1875, is in the North Sydney Agricultural Society, C.B., having been sold to a Member of the Society, under necessary restrictions, for the improvement of stock in the district.

DOMINION SPLENDOUR, imported by Messrs. Mattheson and Archibald for the Board in 1875, is in the Yarmouth County Agricultural Society.

SULTAN is still at Oakfield, and any Society requiring a horse for the present season cannot do better than secure him for their district. He is admirably suited to the prevailing class of mares in Nova Scotia, and will no doubt give very useful stock, especially in the way of carriage and riding horses.

BRITISH SPLENDOUR, another of the Matheson-Archibald importations, is owned by Mr. Tays, at Shubenacadie. Arrangements were being made to travel him through King's County, but we have not heard lately whether they were completed. No doubt his route willsoon be announced.

There are no doubt horses travelling which we have omitted to notice. If the owners or grooms will send us particulars we shall be glad to publish them in next number.
