Major-General O'Grady-Haly Reviewed the Troops at Camp Niagara Yesterday.

Camp Niagara, June 18.—(Special.)—The Grand Review of this Camp of Instruction by Major-General O'Grady-Haly and Hon. Dr. Borden came off this afternoon. It was to have been held this morning, but Hon. Dr. Borden and party, composed of the Misses Borden and Private Secretary Brown, did not arrive till 11.30. a.m.

The review ground was on the level green adjacent to Fort George. There the various battalions were drawn up, and while the massed bands played the Dominion grand march an inspection was made by the whole staff and the Minister of Militia.

March Past.

The saluting point, made conspicuous by the assembling of the staff, was a few yards in front of the fort. The whole division, led by the cavalry, marched past in open order. For each regiment as it went along the massed bands played its distinctive regimental march. Band Master Henderson of the 35th led for the 4th Brigade, and Bandmaster Sutton of the 39th for the 3rd Brigade.

The galloping of the cavalry, headed by the Toronto Mounted Rifles, was warlike.

The marching of the infantrymen was steady and precise and reflected no little credit on their instructors and themselves.

Enemy Attacked.

Following the march-past an attack on an imaginary enemy was made. The enemy was entrenched behind the earthworks of the old halfmoon shaped battery between Paradise Grove and the river, and the old railway cut at the south of Fort George. The right half of the firing line was composed of the 37th and the 39th, the left half the 12th and the 44th. The 4th Brigade was the main body in reserve.

The G. G. B. G. advanced from the right under cover of the grove, and the Toronto Mounted Rifles came up on the left. The latter had dismounted and advanced, taking advantage of every bit of cover. Gen. Hutton's system of attack was followed. The order of advance was preserved by following the flags that had been previously laid out.

The enemy was annihilated.

Satisfied.

Speaking of the review to Hon. Dr. Borden, the Major-General said he was thoroly pleased with the showing made by the men.

MAJOR-GENERAL O'GRADY-HALY.

Col. Otter declared the men had shown excellent spirit. A general inspection of the lines was made.

To-morrow the Major-General and Dr. Borden and party go to the Pan-American.

Friday will be the great field day. The soldiers will be dissipated over the country in the vicinity of the Niagara River, and tactical movements accompanied by musketry fire will be the day's order.

Horses Stampeded.

What might have proven a serious affair occurred last night. About 10.30 some crank set off an immense rocket near the lines of the G. G. B. G., and the fiery meteor went whizzing over the horses any tents in a horizontal direction only a few feet above the horses heads, shedding sparks in every direction and striking terror to the horses. The scene was terrifying. Over 500 horses leaped to life, and rearing, plunging and kicking, tugged at their halters, which were attached to one long rope, secured at intervals to pegs driven in the ground. The ground fairly trembled, and the men wakened so suddenly sprang out of their tents just as they were. Many in their terror, thinking the horses were loose and that they would be instantly trampled on, ran for their lives, others hid behind boxes, while everywhere the wildest excitement prevailed. Finally the commotion was stilled, and a strong guard, burning for revenge, went in pursuit of the fool who had raised the rumpus. Marvelous to relate no accident occurred, but it was a big scare.

20 in Hospital.

The No. 4 Hospital Corps were kept busy to-day attending to the victims of heat prostration, of whom over 20 were in hospital by nightfall.

PAUL KRUGER TO BE THROWN OVER AND BOTHA TO MAKE PEACE TERMS

Report in London to the Effect That the Obstinate Old Exile Will No Longer Be Allowed to Sit in Safety While His Victims Suffer From War.

London, June 18.—The Sun, which, however, has not heretofore been over-reliable on this subject, hears that Mr. Kruger has actually cabled to Gen. Botha, declining to concede anything, and that, in consequence of this decision, Gen. Botha and the commandants agreeing with his peace views have decided to repudiate Mr. Kruger's authority, and a further consultation with Botha's representative and Lord Kitchener will be arranged for next week.

LEYDS GONE TO ENGLAND.

London, June 18.—A despatch to The Morning Post from Brussels says Kruger has had several interviews with influential members of The Hague tribunal, with a view to inducing them to intervene between Great Britain and the Transvaal.

The Financial News says that Dr. Leyds, the European agent of the Transvaal, will come to London specially to represent Kruger at the pro-Boer meeting on Wednesday, at which Messrs. Sauer and Merriman, the peace emissaries from Cape Colony, will speak.

KILLED IN SOUTH AFRICA.

John Elder, builder of 55 McGill-street, received word yesterday of the death of his son, James, in action in South Africa on May 15. The letter was sent by a lady with whom James had previously boarded. Mr. Elder telegraphed the Militia Department at Ottawa for confirmation of the news, but as his son was a member of an English regiment, he will have to ask the War Office for further intelligence. James went to South Africa with his brothers, John and Alexander, four years ago, and on the outbreak of the war enlisted in one of the regiments, the brothers returning home. He was 45 years of age. His wife and two children live at 57 McGill-street.

BOERS AT LITCHENBURG.

Guelph, June 18.—W. Walker has received a letter from his nephew, Pte. A. Clark, who is in South Africa with "C" Company. Speaking of the Litchenburg battle, he says: "You might have seen it in the papers where the Boers made the attack on Litchenburg. They came at 3.15 a.m., just as the moon was disappearing behind the clouds, and gave our poor fellows a shock, 19 killed and 25 wounded. They were very daring, and jumped in the trenches where our fellows were. Those who did never came out alive. They got in trees, on houses, in all corners of the town. Our fellows had a hard struggle with them, but drove them out with great loss on their side. Their loss was 125 killed and wounded."

He refers to Lord Methuen, under whose command he is, as a gentleman and a soldier. At the time of writing, May 15, Lord Methuen had been sick.

WORK OF POLICE.

Ingersoll, June 18.—J. B. De Wolfe writes from Bloemfontein. He is with Baden-Powell's Police. While passing thru De Agr he saw 1000 women prisoners. He is engaged in looking after sheep and cattle.

PLACARDING CAPE COLONY.

Molteno, Cape Colony, June 18.—Kritzinger and Fouche, the Boer commanders, are busy placarding Cape Colony with a proclamation to the effect that, in accordance with the powers assumed when the northern part of Cape Colony was annexed to the Orange Free State, 20 months ago, any persons reporting the whereabouts of any Boer commando will be fined £50, or in default will be compelled to accompany the commando on foot for three months. According to the best information there are about 2100 armed Boers in Cape Colony, and they continue to secure a few recruits.

THE TRACKMEN'S STRIKE GATHERS STRENGTH ESPECIALLY ON THE WESTERN DIVISION

Practically All the Men From Winnipeg to the Coast Are Now Out—The Company, However, Claims That the Men Are Returning to Work and That Business Has Not Been Interfered With—The Line is Carefully Patrolled and No Inconvenience Is Expected.

So far as the Ontario portion of the Canadian Pacific Railway is concerned, there was little change in the strike situation yesterday. The men, according to reports given out, are standing together, while officials of the system claim that the strike is not affecting business, and that several of the strikers will return to work this morning.

The men constituting the Toronto gang, who number about 10, held a short meeting yesterday to discuss the situation locally. They expressed themselves as highly pleased with the order given to strike, and felt confident of winning. The men have not waited upon any of the officials of the company, but are awaiting orders from Montreal as to what course to pursue. They say that they will hold out until ordered to do otherwise. As yet, the other railroad organizations have not intimated as to what action they will take, but the strikers look for assistance from them in case it is necessary. In Ontario, the men claim that very few trackmen are at work, and that there is a possibility of the remaining workmen joining the ranks of the strikers, probably to-day or to-morrow. The Toronto strikers have called a meeting for to-night in Forum Hall, corner of Gerrard and George-streets, when the situation will be discussed.

General-Superintendent Timmerman, when spoken to last night, declared that, up to 6 o'clock, there was little change in the strike situation on his division. He said that a number of those employed on the line between Toronto and Owen Sound would return to work this morning. He would rather have the old and experienced hands doing trackmen's work, but, should they remain out, their places would be filled.

In the western part of the Province, said Mr. Timmerman, the report that 250 of the 450 men employed had gone out was exaggerated. He thought that no more than 60 per cent. of the trackmen on the system had obeyed the summons to go out.

WHAT MR. WILSON SAYS.

Montreal, June 18.—There are no new developments in the C.P.R. trackmen's strike. President Wilson of the Trackmen's Union claims that there are not more than 200 trackmen now at work on the system.

President Wilson will leave in the morning for Toronto, where he will address a meeting to-morrow night.

THE COMPANY'S STATEMENT.

The following reports are from Canadian Pacific Railway sources, and dated June 18:

Montreal—It is reported that J. T. Wilson of St. Louis, Mo., organizer for the trackmen, is very much disappointed that he cannot persuade the C.P.R. telegraph operators to take any hand in the strike. Operators interviewed state that they have nothing to strike for and are well satisfied.

The statement in an evening paper that the carpenters employed by the C.P.R. had gone out in sympathy with the striking trackmen is entirely unfounded.

Reports received here from different points along the C.P.R. show that the whole system is being thoroly patrolled, that trains are running as usual, and that the trackmen's strike has not interfered with the regular service. At a late hour to-night, reports from all quarters show that a large number of the foremen are returning to work and bringing the sectionmen with them.

General Manager's View.

Mr. D. McNicoll, the general manager of the C.P.R., spoke hopefully to-day of the outcome of the strike of trackmen on the system. The company believe that time will be on their side, and that in the course of the next few days, when the company have had time to put the whole facts before the men individually, those who have gone out will see the advantages which they are sacrificing, and will return to work while the company remains disposed to accept their labor.

"Our advices show that several gangs who went out yesterday have returned to work to-day," said Mr. McNicoll, "and the reports indicate that more will be likely to follow. The strike, however, is by no means general. At some sections not 10 per cent. have responded to the call of the committee.

"Some of the trackmen seem to be under the impression that if they should return to work after having once thrown up their employment, they will afterwards be discriminated against, but this is not so. The company have no intention of doing anything of the kind.

"Looking at the situation all round, I am convinced that the strike is practically over—that it has fizzled out. Many of the men have not received our circulars yet, showing what has been done for them—showing that advantageous as their position was compared with other railways before this strike began, we have made concessions of a very substantial character, and that these place them far beyond what other companies, who are our competitors in the different parts of the system, are offering.

"The public need have no apprehension whatever as regards the condition of the track. Every mile of track is being patrolled. The line is in good shape, and is being thoroly taken care of.

"One of the demands of the committee which the railway company did not grant is all maintenance-of-way department employes shall be granted passes once a month to and from any point on the roadmaster's division they are employed on, provided that not more than one-half of the force will be absent from duty at any one time."

Out West.

Brandon, Man, June 18.—Not ten per cent. of the C.P.R. sectionmen have gone out. Labor is very plentiful, and all vacancies can be readily filled. A prominent politician here makes the statement that the condition of the railway trackmen is better than of the average laborer, he having an assured position all the year round.

Revelstoke, B.C.—The few C.P.R. trackmen who have gone on strike are good-humored over the situation. They feel they have got all they expected, having been raised 15 cents per day, and have only gone out to keep their promise to the order, and they are anxious to assure their roadmasters that no trouble need be expected from them.

In the East.

Newport, Vt.—A number of C.P.R. trackmen who went out on strike have already returned to work.

McAdam, N.B.—Threats are being made by some of the striking C.P.R. trackmen to the effect that now they have gone out they are going to demand from the company more than they originally intended. Representations are being sent to the committee in Montreal to call mass labor meetings in the large cities to try and create public sympathy and get the newspapers to talk, or else it may be thought that there is really no strike.

St. John, N.B.—Several of the C.P.R. section gangs here have returned to work. Everything is quiet. Sectionmen on the government railways are watching the issue with a good deal of interest, as they feel if the Canadian Pacific men, who already have higher pay than they have, get another advance, it will be their turn next.

WINNIPEG MEN HAVE QUIT.

Winnipeg, June 18.—(Special.)—General Superintendent Leonard of the C.P.R. was notified this morning that the trackmen on his division had quit work, in sympathy with the strike among the men on the eastern district. Mr. Leonard stated that if all the men on the Winnipeg division went out, according to the statement made to him, there would be 250 men on strike to-day. There were no trackmen working in the shop yards this morning, and as far as can be learned from those who have been on the line, either east or west, there are no men at work. The non-union men, as well as those who belong to the union, have gone out. The section foreman here, A. Vinett, states that his men and himself are all out this morning, but apart from that he did not care to discuss the subject. It is evident that the men are acting on orders received here from headquarters at Montreal, and will be governed by moves made by them in the strike. It is the intention of the local trackmen to hold meetings to get their men organized, but as yet they have not decided on any dates.

The trackmen state that as far as they can ascertain the strike is now general from coast to coast. The company, to protect themselves, are sending out special constables to-day for the Pacific division, and expect to have about 80 men out from Winnipeg.

No Strike at London.

London, Ont., June 18.—Locally the C.P.R. trackmen's strike has not materialized. Both gangs are at work to-day as usual. East of here the trackmen are said to have remained at work. Between London and Windsor the strike has gone into effect to a considerable extent. The strike has not yet affected the operation of the road, as there were sufficient men remaining at work to keep the tracks in condition.

New Men Sent to Work.

Quebec, June 18.—The C.P.R. sectionmen who went out on strike yesterday morning are awaiting instructions from the association as regards what action they shall take. There are some seventy-five of them between here and Three Rivers who have struck. To-day some five gangs of men were sent out by the Quebec agent to fill the places of the strikers. The latter are of a non-menacing disposition, and no trouble is expected to follow.

A POSSIBLE EVENTUALITY.

The C.P.R. strike may possibly develop into a tremendous upheaval, paralyzing the whole C.P.R. system if it is not soon settled. The leaders of the striking trackmen in Toronto are not talking much, but they are spending hours in serious meditation. One striker, speaking to The World yesterday, said that, while it had not been definitely settled, yet, it was very probable that the Order of Railway Conductors, the Brotherhood of Locomotive Engineers and Firemen and Trainmen, the Order of Railway Telegraphers and all allied unions would join with the disaffected and completely tie up the C.P.R. system.

This matter will be discussed to-day when the local branch of the Order of Railway Trackmen meets in Forum Hall.

The strikers state that it is all very well for the C.P.R. to quote the $1.50 a day rate to western trackmen, but that rate is not paid to the men east. The men west need extra pay to meet the additional expense of living.

RUSSIA PLAYS TIT FOR TAT GAME AND UNITED STATES FEELS IT

Quietly M. DeWitte Has Given the Retaliatory Tariff Screw Another Turn and Secretary Gage Is Squirming—Blame Placed On the Dingley Tariff Act.

Washington, June 18.—The Russian ambassador, Count Cassini, has communicated to the State Department that in consequence of the action of the American government, thru a treasury order of March 9 last, applying tariff restrictions against Russian petroleum, imported into this country, the Russian Minister of Finance, M. Dewitte, has issued an order, dated June 7, imposing the high tariff rate of the Russian schedule on American white resin, or calafin galipot, under article 82 of the Russian tariff law, and increasing the rate on American bicycles under article 173 of the Russian laws.

This action is entirely apart from that taken in connection with Russian sugar, and is a new development in the discriminatory duties imposed by this government and the retaliatory duties imposed by Russia. The order of the Russian minister is to take effect next Friday, or two weeks from the date of its issuance.

Secretary Gage Protests.

At the Treasury Department it is stated that the imposition of a duty on pretoleum was not a matter within the discretion of the Secretary of Treasury, but was made mandatory by the Dingley Tariff Act, which directs the Secretary, in case any foreign country imposes a duty on petroleum imported from the United States, to levy a like duty on pretoleum imported from that country. As Russia collects a duty on petroleum imported from the United States, this government, in compliance with law, imposes a duty on Russian petroleum. In no sense it is stated, can this duty be regarded as an unjust discrimination against Russian petroleum, as that country took the initiative against the American article. Had Russia not taken this step he rpetroleum would have been admitted to this country free of duty under the terms of the tari ffact.

In his reply to Count Cassini's note, which was transmitted to the Treasury Department, Secretary Gage protests against the implied contention that this government's action was a discrimination against Russia, and adds: "I beg leave to submit for your consideration the question whether the measure now adopted by the Imperial government is not incompatible with the rights of the United States under the existing treaty of commerce and navigation with Russia."

MEANS BITTER TARIFF WAR.

New York, June 18.—The Herald prints the following from St. Petersburg: The airy, optimistic opinions expressed at Washington excite as much surprise as do the extraordinary figures quoted regarding the increase of trade, seeing that the biggest part of the American trade machinery is at a standstill.

It is concluded here that the government officials have not read the full list of American products which Russia taxes.

It is useless to try to minimize the affair, which, in plain language, means a bitter tariff war.

ALARM AT THE FRENCH CAPITAL BECAUSE OF THE SOCIALISTS

Men of Wealth Are Sending Money Abroad for Safe-Keeping in View of the Menacing Attitude of the Socialists—Fears of a Reign of Terror.

Paris, June 18.—The socialists are using such violent methods for breaking up political reunions that do not belong to their party that republicans all over France are becoming seriously alarmed. The general feeling of unrest all thru the country, and the investment of French capital in foreign schemes are attributed to the fear of socialism. Figaro says to-day:

"The socialist Jacobins are beginning too much to resemble the Montagnards of the convention. Parliament begins to smell of the odor of the committee of public safety, with an admixture of the Robespierre perfume. Many are thinking of a Thermidor, and it depends on the voters to exercise their right to arrive at a Thermidor without passing through a reign of terror. We warn the tyrannical socialists that they have grown intolerable.

"Three billion francs ($579,000,000) has been placed abroad by the French people within the last few weeks. Despite the reassuring statement made by M. Georges Pallain, governor of the Bank of France, last night, the situation is so serious that M. Pallain himself has implored President Loubet to consult his cabinet in order to find some means of improving these conditions."

BOY SHOT HIMSELF.

Norman Thompson, Aged 15, Went Out to Shoot Groundhogs and Met With a Fatal Accident.

Holland Landing, Ont., June 18.—This afternoon about 4 o'clock Norman Thompson, aged 15 years, while out shooting ground hogs, accidentally shot himself, the contents of the gun entering his breast. Some men near by ran to his assistance, but life was extinct when they arrived. he having died instantly. Deceased was a son of Frank Thompson, who lives two miles north of here.

AND IT IS NOT A BOY.

The Czarina Has Given Birth to a Princess and Her Name is to Be Anastasia.

St. Petersburg, June 18.—The Czarina to-day gave birth to a daughter. The child will be named Anastasia.

Monday Night's "Hop" at the R.C.Y.C.

"The Ladies Looked Charming."

This was the unanimous verdict. In the blaze of pure sunlight from the new gas plant, installed by the Siche Company (83 York-street, City), the most delicate tints of complexion and gowns were displayed to unique advantage. It was a revelation after the color-blindness attending the use of electric or mantle lights.

Siche Gas has the solar spectrum, and may be used for painting or photo work like daylight. At the R.C.Y.C., though the gas is carried 140 feet over the damp ground, so dry and clean is it that no clogging ever occurs from condensation or impurity. A special hydrothermometer was attached to the machine to take the caloric from Monday night's run of over sixty large burners from dusk till the ball broke up, and the results showed not sufficient heat to render half a gallon of water lukewarm! This proves that the Siche solves the problem hitherto unsurmounted and gives pure dry gas, without heat in generation. Have you seen the Siche wharf light? Phone Main 1971 for details. Siche Gas Co., 83 York-street, Toronto.

A PLEA FOR FAITH.

"Give me thy faith, wan priest; let me
Be sure as thou art sure
And I will seek the doomed and dare
To share with them the woes they fear
And all their ills endure.

"Give me thy faith, wan priest, and I,
Obeying Christ's command,
Will turn and fling away my greed
For riches of the world, and dead
The leper by the hand."

BIRTHS.

HUTCHESON—On Tuesday, 18th June, at Grace Hospital, the wife of John Hutcheson, 163 Robert street, Toronto, a son.

MARRIAGES.

MONTGOMERY — HYLAND — On June 12, 1901, by the Rev. M. Macgillivray, at the residence of the bride's mother, 236 Barrie street, Kingston, Anna Louise, eldest daughter of the late Rev. D. J. Hyland, to J. H. Montgomery, Toronto.

DEATHS.

FOY—At 188 Jarvis-street, Toronto, on Sunday, June 16, Helen Josephine Foy, second daughter of the late Patrick Foy. Funeral private. No flowers. Requiem mass at St. Michael's Cathedral on Wednesday, June 19, at 9.30 a.m.

HAY—At his residence, in Woodstock, Ont., on Tuesday, June 18, at 10 p.m., Charles Henry Hay, late accountant of Molsons Bank, Woodstock.

PAGE—At 89 Crescent Road, of pneumonia, Edith Miriam, beloved daughter of Walter and Bessie Page, aged 17 years and 3 months.

Funeral on Wednesday afternoon, at 3 o'clock, to Mount Pleasant Cemetery.

SALISBURY—On the 18th inst., at Gerrard street east, Toronto, Annie E. Mackie, wife of Wm. Salisbury, aged 23 years.

Funeral on Thursday, at 3 p.m., to Norway Cemetery.

UPTON—At his residence, No. 220 Berkeley-street, on the 18th inst., Frederick M. Upton, aged 63 years.

Funeral from his late residence on Thursday, the 20th inst., at 3 p.m.

CALENDAR 11 DAYS SLOW.

Russian Scholar Misses a Convocation Because He Reckons Time According to Greek Custom.

Chicago, June 18.—Somewhere, either on the ocean or across the Russian steppes, Professor Maxime Maximewitch Kovalevsky, one of the leading members of the faculty of the University of St. Petersburg and an historian of international reputation, is traveling toward America to keep an engagement with President Harper of the University of Chicago. His learned mind is undisturbed by any doubts about arriving here on time, for he is a methodical man and never travels anywhere without consulting his calendar. Unfortunately, however, it is the Greek calendar. He will reach the campus 11 days late.

A Sensible Suggestion.

When the Citizens' Committee meet to consider the best proposal to entertain the Duke and Duchess of York, we trust that they will suggest that the citizens, as far as possible, wear new and up-to-date hats. A procession of faded and out-of-date hats will leave a very bad impression on the royal visitors, who have been accustomed to viewing the well-clothed and up-to-date hats of the citizens of Europe. The W. & D. Dineen Co., the well-known hatters, cor. Yonge and Temperance-streets, have made provision to supply all who want hats at very reasonable prices, commencing at 25 cents, and gradually going up to ten dollars.

WARM WAVE COMING.

Meteorological Office, Toronto, June 18.—(8 p.m.)—Present indications are that some decidedly warm weather will soon prevail in Ontario and spread gradually eastward over Quebec and the Maritime Provinces. There has been a marked improvement in the Northwest, and a fairly high temperature now prevails west of Manitoba. Scattered showers have occurred to-day near Lakes Superior and Ontario.

Minimum and maximum temperatures: Victoria, 52—72; Kamloops, 52—88; Calgary, 40—76; Qu'Appelle, 38—70; Prince Albert, 40—68; Winnipeg, 46—64; Port Arthur, 42—56; Parry Sound, 54—70; Toronto, 54—73; Ottawa, 54—66; Montreal, 52—66; Quebec, 42—78; Halifax, 44—74.

Probabilities.

Lower Lakes — Moderate South westerly and westerly winds, generally fine and warmer, a few scattered showers.

Georgian Bay—Moderate southwesterly and westerly winds; mostly fair and moderately warm; local showers.

Ottawa Valley and Upper St. Lawrence—Moderate southwesterly and westerly winds; mostly fair and moderately warm; local showers.

Lower St. Lawrence—Moderate southwesterly and westerly winds; mostly fair and moderately warm; local showers.

Gulf—Southerly winds; moderately warm, becoming showery.

Maritime—Southerly winds; moderately warm; becoming showery.

Lake Superior—Westerly winds; clearing and becoming warmer.

Manitoba—Westerly winds; fair and warmer.

Pan-American Weather.

Somewhat warmer; fresh, variable winds, becoming westerly.

EX-GOVERNOR PINGREE DEAD

Remarkable Detroit Man Passed Away in London, England, Yesterday Evening.

HIS SON WAS AT THE BEDSIDE.

He Was Born in Maine in 1840 and Made Himself Famous in Michigan.

London, June 18.—Ex-Governor H. S. Pingree of Michigan died here to-night at 11.35. His son was the only one present at the time of his death. The attending doctor left Mr. Pingree's bedside at about 11.15, promising to return shortly. M. S. Pingree, jr., who had been watching at his father's side for four days, and who had not removed his clothes during that time, noticed a sudden change in his father's condition. He had hardly reached the patient's bedside when his father died peacefully, without warning, and without speaking one word.

Young Mr. Pingree has wired his mother and his uncle in the United States not to come to London.

The body of the late Mr. Pingree will be embalmed and taken to his home.

The diagnosis made by London specialists of the cancerous affection of the intestines, from which Mr. Pingree suffered, left practically no hope for the patient's recovery. Towards the end of his illness, Mr. Pingree suffered great pain and weakened rapidly. He was unable to retain nourishment. His mind, however, remained fairly clear. During the whole of Tuesday he was practically kept alive by injections of strychnine and drugs administered to lessen his pain.

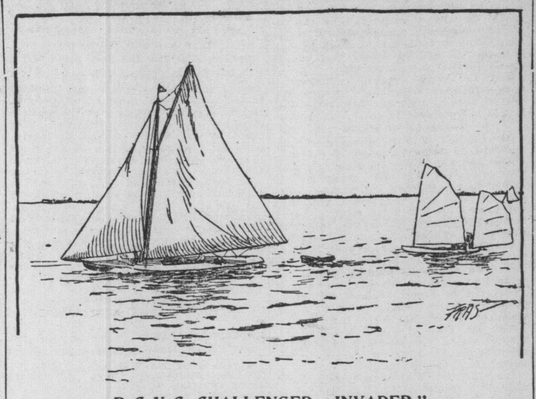
Detroit, Mich., June 18.—Hazen S. Pingree was born in Denmark, Maine, in 1840. In 1862 he enlisted in the First Massachusetts heavy artillery and served until the end of the war, when he located in Detroit.

In 1889 the Republican party nominated him for Mayor of Detroit, and he was elected by a big majority. He was re-elected in 1891-93-95 by increased majorities each time. In 1896 he was elected Governor of Michigan by 83,000 plurality. He was re-elected in 1898 by about 100,000 plurality and served out his term, which expired in 1900. Last March he started on the trip to South Africa which resulted in his death in London. Ex-Governor Pingree, while Mayor of Detroit, accomplished many municipal reforms, among others forcing the gas company to lower their rates fifty cents per 1000; establishing the public lighting plant; organizing the Detroit Railway on a three-cent fare basis; lowering telephone rates and breaking up a number of sewer and paving rings. His potato patch scheme for the relief of the poor of the city was extensively copied and brought him much fame. While Governor, Mr. Pingree devoted his energies toward securing the passage of a law taxing railroads and other corporations.

Why is it the Smith Premier factory is turning out one hundred machines a day? Because it is the people's typewriter. You get full value for your money. Newsome & Gilbert, sole dealers.

TO HAVE A NEW SCALP.

New Brunswick, N.J., June 18.—Miss Annie Locks, who had her scalp torn off at a handkerchief factory at South River last Monday, is still alive. If she lives two weeks longer she will be placed under other and a new scalp grafted on.



R. C. Y. C. CHALLENGER "INVADER."
Commodore Gooderham's yacht that may have a chance to win the Canada Cup.

FRANCE COPIES RUSSIA.

Will Use Troops to Protect Tonquin—Yun-Nan Railway, as Russia Does in Manchuria.

London, June 19.—A despatch to The Daily Mail from Paris declares that, under the terms of a secret convention with China, France will be able to protect the proposed new railway from Tonquin into Yunnan with French troops, exactly as Russia does in Manchuria, and that France intends to exercise this right, altho the intention so to do may now be denied.

This policy is an outcome of the recent visit to St. Petersburg of M. Delcasse, the French Minister of Foreign Affairs.

The railway will also be extended past Yungnan fu to the upper waters of the Yang-Tse-Kiang.

MILLIONAIRE UNIONIST.

Colorado Springs, Col., June 18.—Altho W. S. Stratton is estimated as worth from $15,000,000 to $30,000,000, he has applied for membership in the local union of the United Brotherhood of Carpenters and Joiners of America. Mr. Stratton was a carpenter before the independent mine made him wealthy, and was accounted a skilled workman.

PRESBYTERIAN REVISION.

The Committee Appointed By the General Assembly Met and Mapped Out Their Work.

Pittsburg, Pa., June 18.—The committee appointed by the General Assembly to consider the revision of the creed met here to-day. The action of the Assembly was discussed, with some difference of opinion as to its meaning. After a lengthy discussion of the plans to be followed, the committee decided to put the work into the hands of three sub-committees, to report at a meeting, to be held early in the fall.

Rev. William Henry Roberts was made chairman of the committee, to prepare in brief form the doctrines of the reformed faith. Rev. Herrick Johnson was given the duty of suggesting the necessary changes in the third chapter, which refers to "foreordination," and Dr. Henry Minton was made chairman of the committee to prepare the new chapter on the love of good missions and the Holy Spirit.

The committee remained in session until 6 p.m., after which Rev. W. H. Roberts stated that the three sections would meet and report in Saratoga Springs, N.Y., Aug. 28.

THOUGHT IT WAS A MAN.

Early Monday morning George Brown, one of the guards, who patrol the Governor VanZant grounds, lest some Chicago friends raid the jail and release Prisoner Rice, saw a sight that startled him.

In the mist of the morning he fancied he discerned a man's head projecting above the fence at the rear of the jail.

"Halt," cried Mr. Guard. The apparition advanced. The guard's orders were to fire if he thought advisable.

He raised his revolver and fired. The object dropped. The guard came forward and found a dead cat.

SOLD FOR £45,000.

London, June 18.—Craig-y-Nos Castle, the residence in Wales of Adelina Patti (Baroness Rolf Cederstrom), was put up at auction this afternoon, at the Mart, this city.

Craig-y-Nos was bought in for £45,000 after a dramatic scene caused by a false bid of £50,000, which was the reserve price.

BRANDED BY ANARCHISTS.

Paterson, N.J., Group of Reds Mark for Life a Man Suspected of Being a Spy.

LETTER 'T' BURNED ON BACK OF HAND

Found $90 in An Inside Pocket and That Settled the Fate of the Traitor.

New York, June 18.—All thru life, one of the men who have composed the Paterson group of Anarchists will carry upon the back of his right hand a livid "T," burned in the flesh, and marking him as a traitor to the cause to which he swore devotion.

The branding was done at a picnic in Liberty Park, Ridgewood, L. I., yesterday afternoon. A steel instrument, heated to redness, was used upon the man who is believed to have betrayed his fellows.

Extreme reticence is observed by those who have absolute knowledge of the punishment of the alleged traitor. It is known that the man whose flesh was seared is named Reppo.

Of all those at Ridgewood yesterday afternoon, none pounded harder upon the tables with his glass than Reppo, but others refused to accept his enthusiasm as sincere. There had been whisperings about him, and his enemies did not hesitate to denounce him as a hireling of the oppressors.

Late in the afternoon, Reppo was enticed to one side, in the shadow of some bushes, was seized and gagged. Fully a score of "reds," each of whom belongs to the Paterson group, surrounded the struggling man. He was searched, and, in his pockets, were found two incriminating exhibits.

There was a letter from the Italian Consul to Reppo. That was enough to fasten guilt upon him, but whatever lingering doubts his judges may have had were dispelled, when, in an inside pocket, they found banknotes to the amount of $90. No genuine Anarchist ever had so much. Reppo's fate was sealed.

By the side of a tree a fire was built. Into the embers was thrust a sharp steel instrument. It may have been a tool used by wood-carvers, as some say. More likely it was an ice pick.

When the steel was red hot it was taken from the fire and its point drawn twice across the back of Reppo's right hand. It burned deep. A perfect "T" will remain there as long as Reppo lives.

CHURCH SOCIAL POLITICS.

Something's doing in politics. Is it a September local election? Andrew Pattullo, M.L.A., thru the columns of his own paper, announces a series of meetings for his constituents. He also tells the people he will attend two church socials, at one of which he will be chairman, and the Hon. William Paterson will make the woods ring as chairman of the second.

Pan-American Accommodations.
A quiet, select home for families, convenient to the Exposition, but away from the crowd and confusion. Rate for rooms from 75 cents a day up. Address Mrs. M. S. Hawkins, 204 Lafayette-avenue, Buffalo, N. Y. ed

FREDERICK UPTON DEAD.

One of Toronto's Oldest and Most Respected Citizens Passed Away This Morning.

Early this morning there passed away at his late residence, 220 Berkeley-street, Frederick Upton, one of Toronto's oldest and most respected citizens. Mr. Upton had been a sufferer for the past two years, and his death was not unexpected.

Deceased was born in Port Credit, 63 years ago, but had lived here for 60 years. For 20 years he filled the office of assistant freight agent of the old Nipissing Railway, and retired from the position when this line was absorbed by the Grand Trunk. For some years he was collector for the Ontario Coal Co., but for six years prior to his illness he was agent for the Street Railway Co. at the Union Station. He was a familiar figure at the depot and was well-known among the traveling public. Mr. Upton was a member of Wilson Lodge, A. F. and A. M., Metropolitan Tent, K.O.T.M., and for the past 40 years had attended Berkeley-street Methodist Church. He was for some years connected with the "Old Merchants" Co. of the Queen's Own Rifles. Besides a widow he leaves two sons and two daughters. They are: Mrs. W. N. Shaver, Miss Lillian Upton and Messrs. Frederick E. Upton and Bert Upton. The funeral will take place to-morrow afternoon to the Necropolis.

The Smith Premier Typewriter users are satisfied. Are you? See it before buying. Newsome & Gilbert, dealers.

Military Dance at Niagara.
These are delightful days at Niagara-on-the-Lake, and the Queen's Royal Hotel is a charming resort, both for visitors to the Brigade Camp and for those who wish to see the Pan-American Exhibition in comfort. To-morrow (Thursday) evening, there will be the annual military dance, given for the officers of the camp.

"DELENDA EST"

Carrying the War Into Africa—Siche Gas Invades the Consumers' Gas Company's Territory.

Mr. Tyson, the well-known single tax man, and vote reformer, has put in a Siche Gas plant to light his residence at No. 6 Harbord-street. He has now the best lit house in the city. Siche Gas gives a pure white light, at about one-third the cost of other illuminants. See what Messrs. Chipman and Robb say about it in the illustrated catalog, which you may get by dropping a card to 83 York-street, Toronto. Phone Main 1971. Mr. C. S. Gzowski reports that his plant at Star Island, Lake Joseph, is simply superb in its simplicity of operation and magnificent results. Mr. Timothy Eaton is now installing a similar plant at "Ravenscraig," his summer home on Lake Rosseau. Put in the Siche and save your eyesight and your pocket. Three plants going to Muskoka this week. Call and see the Camp Light, just the thing for summer outings. The Siche Wharf Light leaves nothing to be desired for a self-contained plant, lamp-post and lamp of any candle power up to 500, simple to run and unfailing in its operation.

We are clearing out all second-hand typewriters at low prices. See our windows. Newsome & Gilbert, 72 Victoria-street.
