'TWAS NOT A DEED.

Miss Donnelly Claims That the Use of Narcotics Rendered Her Incapable of Knowing.

The appeal in the action of McKay v. Donnelly will be argued to-day before the Divisional Court. Mrs. Elizabeth McKay sued for the possession of No. 13 Charles-street, which she alleged was conveyed to her by Miss Donnelly in consideration of $200.

Miss Donnelly, however, claimed that being addicted to the use of narcotics she was rendered incapable of knowing what she was doing and that the alleged deed was in reality only a security for the repayment of the $200.

Judge MacMahon found in her favor and ordered that on Miss Donnelly's repaying the money with interest, the plaintiff was to reconvey the property to her.

Southern Resorts.

With the coming of winter the last few days our thoughts naturally revert to the genial and warm climate of the south, the change to which is necessary for invalids and looked forward to by those desiring a holiday during the cold season. Bermuda, with its equable temperature, economical hotels, and boarding houses, and distant only 48 hours from New York, is the preference of many who want amusement and quietness. This little "British naval" isle, with its excellent roads for bicycling and riding and yacht races, becomes every year more popular as a health resort during our rigorous winters, and a recreative spot for the overworked business man. The four special cruises to the West Indies, 4th, 13th Jan. and 3rd and 14th Feb., are a great attraction, giving as they do a month on the water 'mid tropical islands, at a minimum expense. Illustrated books, plans of steamers and full information can be obtained on application to the company's office, 72 Yonge-street, Toronto. Barlow Cumberland, agent.

Cucumbers and melons are "forbidden fruit" to many persons so constituted that the least indulgence is followed by attacks of cholera, dysentery, griping, etc. Those persons are not aware that they can indulge to their heart's content if they have on hand a bottle of Dr. J. D. Kellog's Dysentery Cordial, a medicine that will give immediate relief and is a sure cure for the worst cases. ed

HE DIED BY HIS OWN HAND.

Farmer Locke of Capelton, Quebec, Cut His Throat With a Razor and Soon Died.

HIS LITTLE SON WITNESSED IT.

Had Been Despondent for Some Time and Told His Wife He Was Going Away.

Montreal, Dec. 13.—(Special.)—John Locke, a well-known farmer living near Capelton, Que., committed suicide on Sunday evening by cutting his throat with a razor. He had been in a despondent mood for some time. On entering the house, having finished his work at the barn, he asked his wife who she would get to do the chores in the morning. She remarked that she supposed he would do them as usual. "No," he replied, "I am going away." He then went into the next room, and, taking a razor, drew it across his throat with terrible effect. Handing the razor to his little son, who was in the room, he told him to take it away. Then sinking on the floor the unfortunate man expired in a few minutes. He leaves a widow and five children.

WILL MENELIK MAKE TROUBLE?

Despatches Would Indicate That France and Russia Are Stirring Him Up Against Britain.

London, Dec. 13.—Despatches received from Cairo and Rome indicate that certain European powers are endeavoring to embarrass England in her fight against the Boers.

A Cairo despatch is quoted as saying: "Emperor Menelek of Abyssinia, with a great force, is moving menacingly toward the British possessions on the White Nile. His camp is now near Adis Abeba.

French and Russian envoys are with him endeavoring to rouse him to an energetic campaign against British interests, urging him to assert his rights over the Soudan, which the envoys declare rightfully belongs to his domain. Menelek's progress is slow. The latest advices say he was hesitating over any aggressive move. The Emperor's court moves with him in semi-barbaric splendor, and the army accompanies."

This despatch from Rome says that Captain Cicodicola, the Italian envoy to Abyssinia, reports the intrigues of other powers to get Menelek roused against the British in the Soudan. Cicodicola says he fears trouble.

Gains in West Elgin Show Just How the Machine Monkeyed With Ballots in Previous Election.

St. Thomas, Dec. 13.—(Special.)—Some interesting results have been found in West Elgin, which, in the face of The World's disclosures of the machine in June last, will be interesting to World readers. There were some remarkable changes in certain polling sub-divisions where the machine was shown to have been in the previous election. For instance, at Shedden, where Bois was at work as a deputy-returning officer the change was 94 votes. Macnish's majority of 85 was changed into a MacDiarmid majority of 9. At Middlemarch, where Pritchett of London is alleged to have acted as Johnston, the Conservatives gained 42. In No. 7, St. Thomas, where Craden acted in the last election, the Conservatives gained 36 votes this time. The Conservatives also made large gains in other divisions where strangers acted. These facts prove the charges that the ballot boxes and the ballots had been tampered with by the machine fakirs in the last election. It is said that a great deal of money was spent by the Liberals in this last election. The newest game worked in West Elgin was to distribute little red lead pencils whereby voters could identify their votes by marking their ballots in red. In one division in St. Thomas four ballots in red were counted for Macnish.

IT IS JUST AMERICA

Against Whom Germany Must Strengthen Her Power, Said a National Liberal.

Berlin, Dec. 13.—In the Reichstag to-day there was a continuation of the budget debate. Dr. Von Miquel, the Minister of Finance, replied to the criticism of the Emperor's Hamburg speech, made by Dr. Lieber, the Centrist leader. He said the speech had found a patriotic echo in the hearts of millions of Germans, and had also been a warning against the excessive growth of the power of party politics. The speaker said he was not responsible for the speech. This was a case in which the Emperor needed no counsellor. The navy bill, as announced, was not beyond the financial strength of Germany, and the Centrists, he asserted, would ultimately admit the necessity of it.

Herr Sattler, in behalf of the National Liberals, said he hailed with great satisfaction the favorable sentiments of America towards Germany, adding: "Since, however, America formerly went very far in repressing German interests, it is just America against whom we must strengthen our power."

Their First Anniversary.

The first anniversary of the Deaconess Aid Society was held yesterday at the regular monthly meeting at the Deaconess Home, Jarvis-street.

Miss Scott reported that last month 125 calls had been paid, 495 hours spent in nursing, 186 garments distributed and $24.50 given to 24 needy persons.

When the business meeting had closed a social hour was spent by a number of the friends of the home. Rev. Dr. Chown gave a talk, Miss Mallough advocated a deaconess hospital and Miss May McWhinney of Portage la Prairie sang several solos. Christmas baskets and promised contributions of Christmas cheer were received with many thanks.

Durnan Dipped in the Bay.

About noon hour on Tuesday as Eddie Durnan, the well-known sculler, was rowing from the Northern Elevator to the Island, his boat was overturned by the heavy gale, and he was thrown into the water. He clung to the side of the boat, and a gust of wind swept him and his craft to the shore. Durnan was drenched, but otherwise was none the worse for his experience.

Taylor—Brimstin.

At the residence of the bride's mother, Mrs. Hugh Brimstin, 551 Church-street, on Tuesday night, the wedding was celebrated of Miss Elizabeth Lillian Brimstin and Dr. Allen R. Taylor of Milwaukee, Wis. Rev. W. E. Hassard of Simpson-avenue Methodist Church officiated. Miss Minnie Brimstin, sister of the bride, was maid of honor, and Mr. R. Brimstin supported the groom. Dr. and Mrs. Taylor will reside in Milwaukee.

THE FILIPINOS ARE WHIPPED

General Otis Informs Washington That the Insurgents Are Nearly Wiped Out.

ONLY A FEW ROBBER BANDS LEFT.

The Whole Province of Cagayan Has Surrendered to the Americans Without Conditions.

Washington, Dec. 13.—Gen. Otis had some stirring news to report to-day from Manila, his advices going to show that the insurgents are, as he predicted a few days ago, at the end of their resources from a military point of view, and are melting away before the rapid advance of the American troops at all points. His cablegrams were as follows: "Manila, Dec. 13.—Fifty men of the navy and 50 men of the army, transported by the navy, took Laog on the 10th inst. Gen. Young, with staff, followed next day. He reports how he, with Penn's Battalion of the 34th, followed by a portion of the 33rd Infantry, passed north to Piddling, east of Laog. March's battalion of the 34th were at Cayan on the 7th inst. The third cavalry was along the coast and in the mountains pursuing the enemy.

Scattered the Insurgents.

"Young states his extreme northern force passed over mountains, driving the insurgents under Gen. Tino, who was badly wounded, killing 50 and wounding many. He made a large capture of rifles and property, with all insurgent transportation, and released all the Spanish prisoners in that section, to the number of about 2100. Our casualties were two wounded. Our troops are still pursuing the remnant of Tino's command. March reports from Cayan, on the 7th inst., that he has destroyed Aguinaldo's bodyguard. Gen. Greg Pilar, received the surrender of Gen. Concepcion and staff, killed and wounded 52 insurgents, released 500 Spanish prisoners, including 150 friars, and captured considerable property. His loss was two killed and nine wounded. My information is that Aguinaldo has disguised his individuality, abandoned his troops and is hiding in the Province of Benguet."

The Second Despatch.

Gen. Otis' second despatch follows: "Manila, Dec. 13.—Admiral Watson informs me that the Province of Cagayan surrendered unconditionally to Captain McCalla of the Newark on the 11th inst., all arms being surrendered. This surrender doubtlessly includes the Province of Isabella.

"Gen. Bates, at Zamboanga, reports affairs there satisfactory. Nearly all rifles surrendered. MacArthur, at Bayambang, reports that he holds as a prisoner of war Mabini, the ablest of the insurgents and founder of the late Government."

WOMAN'S PLUCK WINS

A Lady Who Cured Her Husband of the Liquor Habit Writes a Pathetic Letter.

She writes: "I had for a long time been thinking of trying the Samaria Prescription treatment on my husband for his drinking habits, but I was afraid he would discover that I was giving him medicine, and the thought unnerved me. I hesitated for nearly a week, but one day when he came home very much like one of his week's salary nearly all spent, I threw off all fear and determined to make an effort to save our home from the ruin I saw coming, at all hazards. I sent for your Samaria Prescription and put it in his coffee as directed next morning, and watched and prayed for the result. At noon I gave him more and also at supper. He never suspected a thing, and I then boldly kept right on giving it regularly, as I had discovered something that set every nerve in my body tingling with hope and happiness, and I could see a bright future spread out before me—a peaceful, happy home, a share in the good things of life, an attentive, loving husband, comforts, and everything else dear to a woman's heart, for my husband had told me that whiskey was vile stuff and he was taking a dislike to it. It was only too true, for before I had given him the full course he had stopped drinking altogether, but I kept giving the medicine till it was gone, and then sent for another lot to have on hand if he should relapse, as he had done from his promises before. He never has, and I am writing you this letter to tell you how thankful I am. I honestly believe it will cure the worst cases."

A pamphlet in plain, sealed envelope sent free, giving testimonials and full information, with directions how to take or administer Samaria Prescription. Correspondence considered sacredly confidential. Address The Samaria Remedy Co., 32 Jordan-street, Toronto, Ont. Also for sale at Bingham's drug store, 100 Yonge-street, Toronto. 6

London, Dec. 13.—The Morning Post says: "We have high authority for stating that there is considerable doubt whether or not the negotiations regarding the Anglo-American Railway between Han-Kow and Canton will be carried to a successful issue. The view in official circles is that the matter will stand over. The Russian and French agents are credited with producing a change of front on the part of the Chinese."
