MARITZ FAILS IN ATTACK, LEAVING TWO DEAD BEHIND

London, Oct. 25—The Pretoria, Trans- vaal, correspondent of Reuter's Tele- gram Company, has forwarded the fol- lowing official statement:

"Lieut.-Col. Maritz (the head of the rebellion in British South Africa) at- tacked Keimos (Cape province) at 5 o'clock on the morning of October 22, with a force of over 3,000 men, including several hundred Germans, and artillery and machine guns.

"Our casualties were ten wounded. The enemy left two dead, one a Ger- man and the other a native."

Fourteen thousand men have been stationed along the Suez canal."

A bulletin received yesterday says that 12,000 Australians have been assigned to duty on the canal.

BRITISH PRESS EULOGIZES THE CANADIAN TROOPS

London, Oct. 23—Never has Canada played so conspicuous a part in the Lon- don and British press generally as dur- ing the past ten days in connection with the arrival of the first Canadian con- tingent. Not a daily or weekly can be scanned which does not contain flatter- ing eulogies on the dominion's action and the quality of the men sent over. The Illustrated London News, published to- day heads a page of varied snapshots: "Unrivalled Since William The Con- queror."

The portrait of the minister of militia appears in the centre of the page, which shows types of the contingent. The text at the foot of the page says: "In physique, smartness and sturdiness, the Canadians leave nothing to be desired."

Mayfair, the weekly illustrated, makes the minister of militia the subject of its picture gallery this week, and copies of the portrait were seen in the windows of numerous city booksellers today.

CONDENSED NEWS; LOCAL AND GENERAL

The St. John bank clearings for the week ended yesterday were $1,538,268; corresponding week last year, $1,511,780.

Mr. and Mrs. Arthur C. McGibbon, of Woodstock, announce the engagement of their daughter, Miss Anna Mildred, to Dr. Harold Ross De Pue, of Bing- hampton, New York.

Fred Isaacs, a Brussels street mer- chant, has made an excellent donation to the Belgian relief commitee, consist- ing of ladies' hose, shirts and drawers and flannel petticoats, in all worth about $65.

Mr. and Mrs. William J. Graham, of Milltown (N. B.), announce the engage- ment of their daughter, Mary Eliza- beth, to Dr. Matthew F. Ronan, of An- tigonish (N. S.) The wedding will take place in November.

Word has been received by relatives in this city telling of the sad circum- stances of the sudden death of Frederick Lamb in Boston on last Tuesday. Con- trary to statements previously pub- lished, Mr. Lamb's death, it is an- nounced, was purely accidental, as an overdose of medicine was the cause.

John F. Calder, inspector of fisheries, states that the catch of sardine herring in his district during the month of Sep- tember was valued at $190,000 in Char- lotte county, and $40,000 in St. John county. This must be regarded as a very satisfactory showing, being within about $45,000 of the value of the catch in the two counties during the whole of the season of 1913.

The twenty-fifth anniversary of the wedding of Mr. and Mrs. Alexander Sherwood, of 26 Harding street, Fair- ville, was marked by a pleasant surprise Friday evening. About fifty of their friends called at their home to tender their congratulations and, on behalf of those present, Percy Stymest presented to Mr. and Mrs. Sherwood a handsome silver tea service.

Deaths from cancer in the city have not in the past been very numerous, and the fact that three deaths from this cause were reported at the office of the board of health last week is considered unusual. In all twelve burial permits were issued by the board. Death in the other cases resulted from paralysis, two; and laryngitis, accident, convulsions, heart disease, pneumonia, inanition and tuberculosis, one each.

Word received in the city yesterday tells of a disastrous fire in Minto on Wednesday night which lasted two hours and in that time burned two houses to the ground. The fire started in the building occupied by Crawford & Fooey as a beer shop and pool room and spread with great rapidity to an adjoining building owned by Farrell & Welton, destroying both places. The loss in each case is total and only part- ly covered by insurance. Daniel Fooey, part owner of the property in which the fire originated is a former St. John man.

Her one hundredth birthday, which it had been her longing desire to see, was quietly celebrated Thursday by Mrs. Annie Taylor McDougall at her home, 203 Charlotte street, by receiving a few of her friends. Sitting in a chair in her room she greeted them all with a smile and related her experiences of her long life and of her childhood. She was un- usually bright during the day because of the fact that she had lived to see a century roll by. Mrs. McDougall, in spite of the weight of 100 years resting on her shoulders, is still possessed of all her faculties. She reads some and is always ready for a chat with her friends when they call. She sees no reason why she will not live for many more years as she is well preserved.

Bible Society Meeting at Petitcodiac.

Petitcodiac, Oct. 24—The annual meet- ing of the Canadian Bible Society was held in the vestry of the Baptist church last evening. The president was in the chair. With him on the platform were the vice-presidents, Revs. Coleman, Chap- man and Addison; also the speaker of the evening, Rev. E. Boyer, secretary of the society, who delivered a very inter- esting and enthusiastic address, which was listened to with interest by a large audience. The officers for the ensuing year are: Stanley Gogin, president; Rev. C. Coleman, Rev. E. C. Chapman and Rev. M. Addison, vice-presidents; A. G. Parkin, secretary; G. Fred Fowler, treas- urer.

This society has presented to each and every soldier leaving for the war a copy of the New Testament and the same has been done by the mother society in England, all free of charge.

At the Autherst session of the supreme court just closed, Mr. Justice Russell sentenced William Tucker and his wife to two years each in Dorchester penti- tiary for assaulting a constable, while making a search of their premises at Pugwash for liquor under the Nova Sco- tia Temperance Act.

LOCAL W. C. T. U. DISAPPROVES OF "WET" CANTEEN

A vehement protest against the "wet" canteen in the Canadian camp in Eng- land was made yesterday afternoon at a meeting of the Saint John County W. C. T. U., which was called especially to dis- cuss the action of the British officer in command in allowing liquor to the Can- adian soldiers, as was reported a few days ago in The Daily Telegraph. A resolu- tion was forwarded to the dominion ex- ecutive of the order asking that every in- fluence be brought to bear to restore the "dry" canteen.

Mrs. Mary McAvity, president of the union, occupied the chair and a large number of the members was present to discuss the question. All expressed dis- approval of the change and a resolution of protest, moved by Mrs. S. A. Corbitt and seconded by Mrs. John Patterson, was passed unanimously. The resolution was as follows:

Resolved, That the dominion executive of the W. C. T. U. through our pro- vincial president be asked to take im- mediate action in protesting against the establishment of an open canteen in the Canadian camp in England and that the co-operation of churches, temperance or- ganizations and all bodies interested in the moral welfare of our boys be in- vited in the protest.

Medicine Hat, Oct. 23—The Methodist church, through its general superinten- dent, Rev. Dr. S. D. Chown, has sent to Sir Robert Borden a strong protest against the order of General Alderson authorizing a wet canteen for the Can- adian troops. In the message of pro- test sent from here today Dr. Chown reminds the prime minister that Russia has forbidden vodka, and France absin- the, for the army, and in asking Premier Borden to make an emphatic protest to the home government that the order be withdrawn. He questions the moral right of General Alderson to authorize a can- teen in the face of the practice of the Canadian militia department, and con- trary to Canadian public opinion and the tacit understanding with Canadian motherhood.

EARNEST TRIBUTE TO LATE ANDREW MALCOLM

The members of the executive of the New Brunswick and Prince Edward Isl- and Sunday School Association in ses- sion yesterday, passed the following re- solutions:

Resolved: That we put on record our very great appreciation of the manly and Christian character of our late chairman, Andrew Malcolm.

Mr. Malcolm was appointed chairman of our executive on the death of T. S. Simms about six years ago. Since that time, he has filled this office with marked ability and devotion.

Mr. Malcolm was one of God's noble- men. He was a man of culture, of up- rightness of character, of high Christian ideals, and of unwavering loyalty to truth. In his relations with men, he was friendly, courteous, sympathetic and brotherly. His noble conceptions of duty, his vision of opportunity, his readiness to respond to need, led him to put the very best that was in him into his work and to lay at his Master's feet for ser- vice, time, talents, and money. He loved children and believed that they were among the very best assets of the church. He loved God's word and believed that it furnished the highest inspiration for life and held the greatest forces of Christian character. And because he be- lieved in children and in the Bible, he threw his best energies into the work for which our association stands; be- cause the Sunday school brings the chil- dren and the Bible together. In a word he loved the Kingdom of Christ and to further its interests was his greatest joy and sincerest endeavor. In every walk of life, he was true and good. Men could count on him. Men believed in him. Men loved him.

Back of all his Christian effort and that which gave it power and effective- ness was his life full of beauty and strength. And this strength and beauty was the result of his close and intimate fellowship with Jesus Christ, his Re- deemer and Lord.

We have sustained a great loss in the home-going of our brother, but yet we rejoice that the Master came and took His suffering servant from earth to Glory. His work was finished and the day for promotion had come. Of him it can be said "For me to live is Christ and to die is gain."

Today we offer this tribute of love and respect to one, who for these six years has been our leader and friend.

Further resolved: That we send a copy of these resolutions to his widow and family tendering to them our deep- est sympathy and brotherly love; and praying that in this sad hour of be- reavement the presence of Christ and the comforting influences of the Spirit may be given them.

On behalf of the executive committee

President New Brunswick Sunday School Association.

KINGS COUNTY GRANTS $2,000 TO PATRIOTIC FUND

Hampton, N. B., Oct. 22—At a spec- ial session of the Kings County Coun- cil this morning with the warden, E. A. Flewelling, in the chair, a grant in aid of the patriotic fund and a grant to the Belgium relief fund were discussed. Every parish was represented by coun- cillors and local rate-payers also were present, with a delegation of the local Red Cross branch, including Mrs. J. A. McAvity, Mrs. J. J. Ryan, Mrs. J. E. Angevine, Mrs. R. A. March, Mrs. C. J. Horseman and Mrs. G. M. Wilson.

F. M. Sproul, on behalf of the local committee, made a strong appeal for the grants and was followed by E. Allan Schofield. He also urged consideration of a grant for war fund upon which the Red Cross and other societies might draw.

Councillor F. B. Sharpe in a fervent patriotic address concluded with a mo- tion that the council retire for fifteen minutes to talk over the matter and de- cide upon action. Just before noon the council again assembled and two reso- lutions were adopted, first instructing the secretary-treasurer to forward $500 to C. B. Allan, St. John for the Canad- ian Patriotic Fund, authorizing him to draw on the secretary-treasurer for a further sum of $1,500 as required; sec- ond, that the secretary treasurer for- ward to Mayor Frink, St. John, $1,500 for the Belgium relief fund. Three cheers and a tiger were given by the Hampton men present. On motion of Councillor Sharpe, the fees of council- lors were presented to the Hampton branch of the Red Cross society. The council adjourned singing "God Save the King" and "It's a Long Way to Tipperary."

WESTMORLAND GIVING FREELY TO BELGIANS' RELIEF

To the Editor of The Telegraph:

Sir,—Knowing that every part of the province is interested in what is being done by every other part for our stricken friends, the Belgians, I enclose a state- ment of what has been contributed and forwarded from Petitcodiac and sur- rounding places, Forest Glen, River Glade, North River, Wheaton Settlement, Dob- son's Corner, Glenville and Steeves Set- tlement.

Cash contributions from church col- lections and private donations amounting to about $130 were laid out largely in the purchase of underclothing and pro- visions.

Goods forwarded to Halifax included one car potatoes, 234 barrels; six bar- rels of flour, twelve boxes of provisions, including fish, beans, canned goods, 29 boxes of clothing and bedding; three boxes, more than 100 pairs boots and shoes, mostly new.

The people of this province have been blessed with an abundant harvest and we must freely assume our share of the burden which this war has thrust upon us.

BATHURST WOULD LIKE TO SEE DREDGING CONTINUED

(Evening Times.)

The citizens of Bathurst are much agitated over the announcement that, the appropriation for the dredging of Bathurst harbor this year having been expended, the work will cease. The city council and board of trade have both adopted very strong resolutions asking that the work be continued for six or eight weeks longer. It is pointed out that the Bathurst Lumber Company ex- pects to have its new mill ready to manufacture pulp and container board next May or June. It is also said that the Canada Iron Corporation say that the iron mines on the Nepisiquit River could be worked profitably if the ore could be shipped by water from Bath- urst. The new pulp mill would require many thousands of tons of coal, besides limestone, salt and sulphur, and the council and the board of trade therefore urge that it is of the greatest import- ance to have the dredging of the harbor completed so that the company can bring its vessels up to its own dock.

It is also urged that an I. C. R. branch line to the new pulp mill be completed as soon as possible.

Free Advice About Your Manly Strength

TO MY READER:

Whether or not you lack an abund- ant vigor, here is a free offer which will surely interest you, and through which you may easily profit from now on to the end of a ripe, healthy, ad- vanced age. I have compiled a little treatise for self help (book form) which I am pleased to send absolute- ly free by mail in a perfectly plain, sealed envelope to any man anywhere who writes for it. Over a million copi- es have already been thus distributed to those who wrote for them from all over the world. There is no oblige- tion whatsoever involved in this of- fer, nothing which you are required to buy, nothing which you are re- quired to pay for in any way, either now or in the future. It is just sim- ply an out-and-out free proposal. In this little book of 72 pages, 8,000 words and 30 half-tone photo reproductions, I have endeavored to give a straight- forward talk to men, young and elder- ly, single and married, a concise com- pendium for self-reference, a perfectly plain discourse upon those important, personal matters relating to vital strength of men, the preservation of virility, its possible self restoration, its legitimate uses and its wanton abuses. Every man should be in possession of this book. One part describes a little drugless mechanical vitalizer, which I make and distribute, a little appliance that men who desire to restore lost vitality are using every- where today. The book in one part fully describes it. You wear this vitalizer comfortably upon your body all night. It weighs but a few ounces, and pours a great, gentle stream of FORCE or VITALITY into your blood, your nerves, your muscles and organs, while you sleep. Men say it drives away the nervous weakness or pain in small of back often by one application; that vigor is restored in 60 to 90 days. With special attach- ments my vitalizer is also used for rheumatism, kidney, liver, stomach, bladder disorders, etc. It is a wonder- ful little appliance and generates and sends out a marvelous force. Possibly you might want to use one of these vitalizers in your own case. If so, you can, after reading the free book, let me know and I will make a special proposition whereby you may have one. If you live in or near this city I should be most pleased to have you call and get a free demonstration of the vitalizer, otherwise write. Hours 9 to 6.

IT'S THE MAN, NOT THE CLOTHES THAT COUNT.

self. Of course I do not include the man of extreme old age, or the one who is incurably diseased. Lost vital- ity is not, according to my theory, an organic disease. It is more a sick con- dition of the mind and the nerves and a lowered state of the whole body, all combined. My free book tells you just what you may do.
