BRITANNIA
LIFE ASSURANCE COMPANY,
No. 1, Princes Street, Bank, London.
CAPITAL—ONE MILLION STERLING.
Empowered by Special Act of Parliament, 4 Vict., Chap. 9.
REDUCED RATES OF PREMIUM—HALF CREDIT RATES OF PREMIUM.
THE great and decided success which has attended this Institution, has induced the Directors to REDUCE the RATES originally required in British North America, to the ordinary European Rates. The result of such Reduction is to enable parties to avail themselves of the important benefits to Life Assurance at much lower Rates of Premium than those of any other Assurance Company is assuming business in Canada.
The Directors have also resolved to extend to British North America the advantages afforded by the HALF CREDIT RATES of PREMIUM which have been so highly approved, and are so generally adopted by Policy Holders in the United Kingdom. The most liberal conditions are likewise offered to the Assured in the limits to which they may proceed by sea or land, to other parts of North America without affecting their Interest in their respective Policies.

CANTON HOUSE.
FAMILY TEA, COFFEE AND SUGAR WAREHOUSE,
No. 109, Notre Dame Street,
SAMUEL COCHRAN invites the attention of Customers to his stock of TEAS and COFFEES, which have been selected with the greatest care, and on such terms as allow him to offer them at unusually low prices.
The MACHINERY on the Premises, worked by a Four Horse Power Steam Engine, for Roasting and Grinding Coffee, is on the most approved plan, the Coffee being closely confined in polished metal cylinders, which are constantly revolving and ventilating in heated air chambers, to prevent imbibing taint from Smoke, danger of partial carbonization of the Bean and loss of Aroma, so important in a Common Beverage which is further ensured by attention to Grinding at the shortest time prior to Sale. To this elaborate process SAMUEL COCHRAN owes the high reputation his Coffee has obtained through a large portion of the Province.
CRYSTALIZED SUGAR (much admired for Coffee) REFINED SUGAR in small loaves, and WEST INDIA SUGARS, of the best qualities, always on hand.
A few of the choicest selections of TEAS may be had at the CANTON HOUSE, in Native Chest Packages, unrivalled in flavor and perfume, at moderate terms.
Families residing distant from Montreal will have their orders scrupulously attended to, and forwarded with immediate despatch.

Caledonia Springs, 2nd June, 1851.
(Extract of a letter from P. J. Lemoine, Esq., of Montreal.)
I beg to state that in July, 1849, I went to the Springs for the purpose of trying their efficacy in a case of the Kidney Disease, under which I had been suffering for several years previous. After remaining at the Springs for about three weeks, and making free use of the Waters, my doctor ordered me home, which I did accordingly, and my health perfectly restored. Several of my friends, to whom I have recommended the Springs, assure me that they have experienced immediate relief from their use. I consider the Waters of the Caledonia Springs to be most efficacious in cases of Rheumatism.
To the proprietor of the Caledonia Springs.
MONTREAL, 4th June, 1851.
DEAR SIR,—In compliance with your request, I have pleasure in stating the beneficial effects resulting from my drinking of the Waters of the Caledonia Springs. I long and highly appreciated by the Public, based upon the observation of some twenty-five years' experience, and tested as they have been by a great many patients of mine and others, labouring under Rheumatic affections and the different forms of disease to which the human frame is liable, I consider them invaluable. Few persons, except those who have suffered from this dreadful malady, can justly appreciate their wonderful curative effects. I have often seen persons martyrs to this disease, (myself for one during ten years,) which baffled all medical skill, both in England and on the Continent, resort to the Caledonia Springs walking on crutches, and others that could not walk at all, worn out by protracted sufferings, and their general health disordered and broken down by confinement and want of exercise, return to their homes free from pain, leaving behind (with unspeakable joy) their crutches, and with health, strength, appetite, and activity completely restored. Striking as such results are, the curative actions of these Waters, the intermittent and Sulphur Springs in particular, have been almost as efficacious in other diseases, such as Lepra, generally called Salt Rheum, and other affections of the skin; in a variety of Dyspeptic Complaints; Chronic Affections of the Liver and Kidneys; and I am sure that a great number of those cases that have the Springs greatly benefited, but not completely restored, would have been cured by a more extended use of the same. That these Waters have acted in many instances as a specific, seems to be generally admitted, and as much responsable testimony to this effect has already been laid before the Public, that to say more would be superfluous.

MONTREAL, 12th December, 1848.
DEAR SIR,—I have to state that I consider the use of the Caledonia Waters a very valuable curative agent in the treatment of many forms of disease. Circumstances favorable to me gave me a favorable Opportunity with more than usual propriety, many of my own Patients tested the efficacy, and derived great benefit from the use of the Waters. Of all diseases that have come under my notice, in which a persevering use of the Saline and Water promises the most beneficial results, Chronic Rheumatism stands the first. Most of the cures in that disease have been truly astonishing. I met with a case last summer, where the individual, a delicate female, had been suffering severely for more than nine months; she had completely lost the use of her hands,
