THE BOERS HAVE TORN UP 21 MILES OF RAILWAY

Senate Rds Room 1Feb00

Interruption of Lord Roberts' Communications Was a Bold Stroke on the Part of the Raiders, and is Vexatious.

Kelly-Kenny is Expected to Restore Things, But There Will Necessarily Be Delay in Resuming Forward Movement—Buller Chasing the Enemy in His Own Territory.

London, June 11.—(3.30 a.m.)—The Boers have torn up 21 miles of Lord Roberts' vital line of railway between America Siding and Roodeval. It is a bold raid, and vexatious, but does not disquiet the military authorities as yet, for they expect Gen. Kelly-Kenny to drive off the marauders and to reopen the line.

The rapidity of the advance of Lord Roberts cannot have permitted him to accumulate large reserves of stores. Therefore, the interruption of the railway, even for a week, must embarrass the army, and may bring the forward operations to a standstill.

The War Not Yet Over.

Nothing has been heard from Lord Roberts for three days. This raid on the railway, the strenuous opposition to Gen. Rundle, and the nimble escape of Commandant-Gen. Botha's division, forces the War Office observers to the reluctant conclusion that the war is not yet over, altho even the occasional civilian Boer sympathizer cannot see how the Boers will be able to do anything to change the result.

Buller on a Chase Now.

Gen. Buller is in Boer territory. Despatches of correspondents with him, filed yesterday at sunset, describe the corps as camping at Gansolei, close to the point where the frontiers of the Free State, the Transvaal and Natal meet.

"The British marched eight miles yesterday," says a Reuter correspondent, "before encountering any opposition. The Boers, who had one gun, withdrew under heavy ordnance fire to a ridge just ahead of the camp."

This long-range, running skirmish will doubtless be resumed this morning. Gen. Buller is expected to make rapid progress now, and to throw the weight of 20,000 men into Lord Roberts' Transvaal combinations.

Fought All Day.

The fighting on June 6, in which there were fewer than 20 casualties, was kept up all day long by musketry and artillery. The British attacking line, three miles in length, made its way, amid the precipitous hills. A Boer gun on Spitz Kop fired shrapnel rapidly, at a range of 400 yards, at the British right flank, but every shell was buried in the ground before bursting. The defensive power of modern weapons seems less effective in rough country than upon levels, where wide spaces can be covered with flat trajectories.

Rundle and Brabant.

Gen. Rundle and Gen. Brabant's divisions are still at Hammonia, in the Ficksburg district. The latest intelligence from their headquarters is that the Boers are determined to fight to the bitter end. They are concentrating 4000 men around Bethlehem. The country between them and Gen. Rundle is mountainous, and resembles Northern Natal in being exceedingly difficult for military operations. Gen. Rundle's present care is to prevent the Boers getting past him southward. Major Wood of Rundle's staff rode to a better outpost on June 6, and announced that Pretoria had been occupied by the British. How the Boers received this news was not recorded. Altogether 600 Boers have surrendered to Gen. Rundle.

The Other Divisions.

Gen. Hunter's advance has occupied Venteradorp, 190 miles southwest of Pretoria. This took place on June 7. Col. Plumer's column is on the Elands River, northwest of Pretoria. The British are sending detachments right and left to accept the surrenders of commandoes, horses, cattle and forage, and so over-awe the sparsely settled country. Thus far only one small commando has been heard of at Tail Basch.

After the Big Towns.

Gen. Hunter's immediate objective is Pochefstroom. This town and Rustenberg are the largest towns west of Johannesburg. It is reported that Potchefstroom is ready to submit. Gen. Hunter has warned all burghers that if the telegraph is cut behind him he will send back and burn the houses near the line.

Cape Dutch Have Split.

The Dutch in Cape Colony appear to have split, a majority of the Afrikander Bund being displeased by the unwillingness of Mr. Schreiner, the Cape Premier, to go the full length of the proposed opposition to the British.

BOER STORY WAS A LIE.

Buller Did Not Ask for an Armistice—Twenty-Three Boer Guns Are in Danger.

London, June 9.—A belated despatch from Mount Prospect, via Newcastle, Natal, dated Thursday, June 7, throws light on the armistice agreed upon between the British and Boers recently. It appears that Gen. Buller met Gen. Christian Botha June 2, at O'Neil's Farm, between Umguela and Majuba, and summoned Botha to surrender. Gen. Botha said he was not empowered to accede to the demand.

Gen. Buller replied: "Very well," and turned to go away, when Gen. Botha pressed him to make a proposal. Gen. Buller said he had no proposal to make, but pointed out that the Boers were surrounded, and referred to the uselessness of shedding unnecessary blood.

Must Have Their Guns.

"What do you want us to do?" asked Gen. Botha, beseechingly.

"Return to your farms, leave your big guns and await Lord Roberts' decision," replied Gen Buller.

The federal commandant said he would refer the question to the burghers. Gen. Buller then acceded to Gen. Botha's appeal for an armistice until daybreak, June 6, showing that the Boer reports of Gen. Buller having requested an armistice to have been incorrect.

Boers Have 23 Guns.

The despatch adds that the federals are understood to have 23 guns in position, but it is doubtful if they can remove them. Their only line of retreat is in the direction of Lydenburg.

Gen. Buller's despatch of yesterday shows the burghers ultimately decided not to surrender.

BOERS HAVE RETIRED.

Gen. Buller Says They Have Gone 26 Miles to the Northwest—Two Men Killed.

London, June 10.—The War Office has received the following despatch from Sir Redvers Buller:

"Headquarters in Natal, June 10.—With reference to my telegram of June 8, we halted yesterday to get our trains up the pass, which is very steep. I find the enemy were about 2000 strong in a very carefully prepared position, which they must have been very disheartened not to have held longer than they did. They have all retired about 26 miles to the northwest.

"I find our casualties were more than I first thought. They were one officer wounded and two men killed and 13 wounded."

BOERS IN THREE COLUMNS.

Gen. Sir Forestier Walker Says the Railway Has Been Destroyed Between America and Roodeval.

London, June 10—Gen. Sir Forestier Walker wires to the War Office from Cape Town under to-day's date as follows:

"Information received from natives early yesterday (Saturday) reports the enemy in three columns near Honing Spruit.

"The railway has been almost completely destroyed between America and Roodeval."

DR. JAMESON A POLITICIAN.

Says He Will Stand for Parliament and Work for the Great Imperial Party.

Kimberley, June 9.—In reply to a petition to stand for Parliament, Dr. Jameson said that he would accept, as everything points to the federation of the different states in South Africa within the Empire in a few years. He will work for the establishment of a great imperial party under the British flag.

HUNTER AT VENTERSDORP.

Boers Quietly Surrendering—Col. Mahon's Column Has Rejoined Gen. Hunter.

Lichtenberg, June 7.—Gen. Hunter's advance column occupied Ventersdorp to-day, the Boers quietly surrendering in small bodies. Considerable looting had been done. Col. Mahon's column has rejoined Hunter.

CHINESE PUZZLE HAS NOT YET BEEN SOLVED

Foreign Admirals, However, Have Begun Reconstruction of the Railway Between Tien Tsin and Pekin.

Gangs of Workmen Are Protected by Foreign Marines, and 1500 Foreign Troops Have Started for Pekin—Japan is Very Restless and the General Situation is Growing Worse.

London, June 11.—(2.40 a.m.)—The Admirals at Taku, acting in concert, are formally reopening the railway from Tien Tsin to Pekin. Gangs of laborers are repairing the damaged line, which is guarded by 1500 men, composed of detachments from the foreign fleet. One hundred Americans, under Captain McCalley, are among them. They have guns and armored trains for use when the line is repaired, which can hardly be effected before Monday night.

Ten thousand troops of all nationalities, according to a despatch to The Daily Express from Shanghai, will be sent to Pekin to back up the demands of the Ministers upon the Government, or if necessary to suppress the Boxers themselves.

RUSSIA NOW HAS AN EXCUSE

To Land More Troops, and Thus the Situation Has Become Distinctly Graver.

London, June 9.—The situation in China to-night appears distinctly graver. The destruction of a Russian chapel at Tung Tingan has provided Russia with the desired pretext to land more troops.

The despatch from St. Petersburg this afternoon that the Government is resolved, if the dangerous situation in China continues, to take immediate military action to repress the anti-foreign movement, at the same time declaring that it has no intention of dissociating itself from the joint action of the powers, may be regarded as a semi-official utterance, meaning that if there is any hesitancy on the part of the powers, Russia will act alone.

Boxer Movement Spreading.

All reports agree that the Boxer movement is spreading. The report is confirmed that the French agents at Mong Tse and Yun Man Fu have been compelled to retire and this shows that the ferment has reached southwestern China, and has provoked France into taking active steps.

Sir Claude MacDonald, British Minister at Pekin, has wired the British consul at Shanghai confirming the report of outrages and the fact that the throne and Government have been actuated by a secret sympathy with the Boxer movement, which the Government has ample power to suppress if it so desired. His despatch, however, is in no way of an alarmist nature.

The Tricky Old Dowager.

The latest Tien Tsin despatches saying that the Dowager Empress has appointed anti-foreign generals with the pretended mission to suppress the Boxers make it impossible to doubt that the time has arrived for energetic action.

It is expected that the British Government will utilize the Chinese regiment which has been in training at Wei Hai Wei, as it would be dangerous to remove the garrison from Hong Kong at the present moment.

Chinese Foreign Office Protests.

A special despatch from Shanghai, dated June 9, says:

"The Tsung Li Yamen has protested to the Ministers against the presence of such a large number of foreign foes, asserting that it cannot only be for the protection of legations, but for the establishment of a garrison in the capital of an independent friendly state. The answer which the foreign Ministers return to this protest is unknown.

"The American Mission at Pei Tang Chow was destroyed yesterday, but the missionaries fled to a place of safety.

"It is reported that the Viceroy of Chi Li has resigned.

Li Hung Chang Called.

"It is proposed to bring Li Hung Chang back from the south, but Prince Kang Yi proposes to give the post to the infamous Li Ping Heng, the former Governor of Shan Tung.

Pao Ting Fu is Burning.

"Pao Ting Fu is burning. The Tien Tsin Railway has finally ceased to be operated. All the English missionaries are encamped inside the legation."

Who the Missionaries Are.

New York, June 9.—It was stated at the Presbyterian Board of Missions a few days ago that the missionary workers at Tung Chow, which is about ten miles east of Pekin and on the river, were Rev. Dr. C. W. Mateer, Rev. W. M. Hayes and wife, Dr. W. F. Seymour and wife, Rev. J. P. Irwin and wife, Rev. H. W. Yao and wife, Miss N. A. Snodgrass and Miss Rebecca T. Miller.

DETAILS FROM THE SCENE.

Rev. Horace W. Houlding, American Presbyterian Missionary, Sends an Interesting Account.

New York, June 9.—The first detailed report of the doings of the Boxers was received by the Presbyterian Board to-day in a letter from Rev. Horace W. Houlding of the South Chi Li Mission at Lin Ching, Province of Shan Tung. He quotes a letter to the United States Minister Conger by Dr. Arthur S. Smith, as follows:

"There were alarms of an attack on the village of Ho Cha Tun, in Sha Chin, by Boxers from Ching Ping. We addressed letters to each of the district magistrates letting them know of the matter. The Ching Ping official was enjoying his birthday and did not reply. The Sha Chin official wrote that he had made arrangements by which he could stop any threatened difficulty.

The Boxers Appeared.

"The following morning the Boxers appeared at the village in a force represented as between one and two hundred, of whom, perhaps, 30 were cavalry. They divided into squads, one party making for our chapel and schoolhouse and proceeded to loot the place, carrying off everything, pulling out the window frames and burning them with the doors for fuel.

"Directly in front of the chapel is another yard with a commodious house owned by the mission and used as our private headquarters for this district. This place was also looted and wrecked.

House of the Helper Robbed.

"One party of the pillagers made for the house of the helper, which they entered and pillaged, but did less damage than elsewhere, owing to the vigorous remonstrance of the head man, who feared that if they burned the house it would set fire to others adjoining. The members of the family escaped over the wall, the young daughter of the helper, a pupil in our girls' school, having a narrow escape from capture. She had unbound feet, and when her big feet were seen the bandits gave chase, but a neighbor mercifully assured them the child was hers, and thus saved her.

Rich Man's House Pillaged.

"A third exploit was to attack the premises of a wealthy man near our chapel on a pretense that he is one of our members, which all the villagers declared he was not. But his place had too much booty to be spared, so a large part of the day was spent in pillaging it. A large sum of money and a great amount of household effects were carried away.

Three Boxers Captured.

"After the band had left some one ordered the village gong sounded and the population, armed with hoes, picks, poles and pikes, came out in great numbers. The three Boxers who remained were attacked, surrounded and captured, together with several horses. One of the men they killed with his own sword, and his head was then cut off with a straw cutter. Another escaped and the third was tied up.

"About this time the magistrate made his tardy appearance on the scene."

THE RECENT EDICT

Had a Concealed Meaning and Was Favorable to the Boxers—Missionary Work Crushed.

Shanghai, June 10.—The edict recently issued had a concealed meaning, which expert scholars declare was favorable to the Boxers. The American missionaries at Tung Chow urgently requested Minister Conger to send them a guard to escort 15 women and children to Pekin, the general in command having informed them that his soldiers refused to protect them.

Minister Conger feared to weaken the force here, and was obliged, thru the Tsung Li Yamen, to request the Viceroy of Chi Li Province to send an escort

NINE PERSONS KILLED IN THE ST. LOUIS STRIKE

Four Men Were Shot by a Sheriff's Posse on Sunday and Two Men Are Dead—Twenty-One Prisoners Captured.

Amazing Condition of Affairs in the Anarchy-Stricken City—Crowning Injury by the Mob Was the Stripping of Women Naked in the Streets—Shame to Civilization.

St. Louis, June 10.—Four in a party of 100 or more striking employes of the Transit Company, who were returning from a labor parade, were shot shortly after 6 o'clock this evening by a sheriff's posse in front of the temporary barracks on Washington-avenue, between Broadway and Sixth-streets. One is dead, two others wounded in the head and abdomen, will die, and the fourth will lose a hand.

Twenty-One Prisoners Captured.

Just in front of the barracks occupied by the posse comitatus the paraders attempted to assault the crew of a passing street car. A brick was thrown and several shots were fired by the street car men, when members of the posse appeared on the street with their shotguns and attempted to rescue the street car men. In the melee at least ten shots were fired by the posse, who surrounded the mob, and there were four casualties as far as now known. Twenty-one prisoners were captured by the posse and taken into the barracks.

Another Man Killed.

One other shooting by a deputy sheriff is reported at the sheds of the Bellefontain line. Fred Beel, 65 years old, was killed. This makes nine killed.

EVENTFUL AND BLOODY SUNDAY

Numerous Encounters in Which the Strikers Suffered at the Hands of Officers.

St. Louis, June 10.—The day just ended has been one of the most eventful and bloody since the great strike on the St. Louis Transit lines began, more than one month ago. There were numerous encounters between strikers and other individuals and the constituted authorities, resulting in three deaths and the wounding of five or more persons, mostly strikers. One of the latter will die.

The dead: C. Edward Thomas, striking conductor of the Chautea line, shot in breast by deputy-sheriff, died on way to hospital; George Rine, striking motorman on Delmar-avenue line, shot in abdomen by deputy-sheriff, died at hospital; Fred. Boehm, aged citizen, shot and instantly killed while standing in his front yard by deputy-sheriff.

ST. LOUIS STRIKE ANARCHY.

Seven People Killed—Human Beings Who Have Become Fiends—Women Stripped Naked in the Streets.

St. Louis, June 10.—The great street car strike, which was begun on May 8 has thus far cost the city in loss of business, it is estimated, more than $20,000,000. There is no immediate prospect of a settlement of the trouble despite the efforts of business men to bring about arbitration. The strikers stand firm in their demand for reinstatement and recognition of their union, while the railway company says it will not discharge the men who have taken the place of the strikers nor force any one of its employes to join the union. Despite all efforts, the deadlock remains unbroken.

A Reign of Terror.

A reign of terror has been started, and, altho police protection has been furnished, the railway company has been unable to operate its lines. The regular police force has been increased by a posse comitatus of 2500, summoned by the sheriff but working solely under the orders of the chief of police. Strong pressure is being brought to bear upon the Governor to induce him to call out the State militia, which would make the available force fully 6000 in addition to the regular police of the city. Yesterday Chief of Police Campbell said the situation was more serious than at any time during the strike. To-day he has modified this by saying that the police and posse can control the situation.

Politics in it.

Politics enter largely into the question. Since the beginning of the strike seven men have been killed outright, five others are in the hospital believed to be mortally wounded, 75 men have received bullet wounds, 150 have been injured with missiles of various kinds, while five distinct attempts have been made to blow up cars of the Transit Company and a bomb was thrown into a power house, blowing out windows and shattering the walls. On Thursday night the first car after 6 o'clock was run since the strike began. Very few passengers were carried.

People are afraid to ride on the cars. If they are in business they are boycotted. If they cannot be reached thru their pockets they are assaulted, or the women members of their families are terrorized. Unless the militia is called out the Transit Company might just as well surrender the streets after nightfall.

Assaults Upon Women.

From the inception of the strike to the present time scarce a day has elapsed without violence. Men have been shot and beaten, both sides firing indiscriminately on the least provocation; women have been divested of their clothing and publicly whipped for daring to ride upon Transit cars; three school-teachers were publicly spanked by a crowd of women, and other acts of devilishness have been committed by strike sympathizers, the strikers themselves remaining in the background.

A Girl's Frightful Experience.

The first one of the assaults upon women was committed upon Miss Pauline Hesser on Decoration Day, who was beaten, kicked and stripped of her clothing at Tenth-street and Geyer-avenue, for having ridden upon a Transit car. Miss Hesser is only 19, and her experience was frightful. The mob that attacked her was composed almost entirely of women, girls and half-grown young men, while an approving crowd of adults stood on the sidewalks and encouraged them in their work. She was stripped naked. When she broke away from her tormentors, battered and bruised, and with blood streaming down her face, she sought refuge in the saloon of a man named Schumacher, who drove the hunted girl out into the street again, to become the plaything of the mob. Finally a patrol wagon drove up and dispersed the crowd, a policeman taking off his coat to wrap around the frightened girl. She was driven to the police station, and from there was escorted to her home.

Kicked as She Fell.

On last Saturday a woman, who refused to give her name, dreading the publicity, was struck in the face the moment she alighted from a car on Fourth-street and Choteau-avenue, knocked to the ground and kicked as she lay prostrate by a two-legged brute, a strike sympathizer, a laborer, with a wife and family. His name is Joseph Fanger, living at 2419 Dekalb-street, whence he was taken by two men Friday at midnight, driven to a se-

JOE MARTIN SWAMPED IN BRITISH COLUMBIA

At Saturday's Elections but Seven of Martin's Candidates Were Safe at the Polls—Two Ministers Lost Their Deposits.

It Was an Opposition Sweep, as They Carried 18 Seats—Wilson and Carter Cotton Both Fell—Does It Mean Gov. McInnes' Resignation?

Victoria, B.C., June 10.—(Special.)—British Columbia declared in no uncertain voice against Martin and at the same time against Governor McInnes, for it believed that Martin's defeat means also his resignation. At yesterday's elections, but seven of Martin's 30 or more candidates were elected, his two Cabinet Ministers, Yates and Beebe, being among the defeated. They lost deposits. It was an Opposition sweep. They carried 18 seats. The straight Conservatives elected four, Provincial party three, Independent two and Labor one. The heads of both parties, Charles Wilson and Carter Cotton, were defeated in Vancouver, where two Conservatives and two Martinites were returned. Victoria went solid for the Opposition, downing Martin, who, however, was one of those returned in Vancouver, where he also ran. Vancouver Island elected but one Martinite, young McInnes, who defeated Bryden in Wellington. The remaining 13 constituencies on the island went to 12 Opposition and one Labor candidate, Ralph Smith. It was on the lower mainland that Martin elected most of his followers. He and Gilmour carried Vancouver. His Financial Minister, "Winchester" Brown, carried New Westminster, Oliver, Delta, E. E. Smith, Southeast Kootenay and Smith Curtis defeated Chas. Mackintosh at Rossland. Of the Cotton party all the chiefs went down, Cotton, Forester, Deane, all being rejected. The Labor party only elected its leader, Ralph Smith. It was a thoro defeat for Martin and his fosterer, Governor McInnes.

ATHENAEUM CLUB BLACKBALLED BOTH A CARDINAL AND A DUKE

Cardinal Vaughan, Because Head of the Catholic Church, and Duke of Newcastle, Because Social Leader of the Ritualists.

London, June 10.—Cardinal Vaughan and the Duke of Newcastle both failed recently to secure an election to the Athenaeum Club, which claims to include among its members the elite of the intellectual and official world.

Their rejection demonstrates the intensity of the sectarian feeling generated by the feud in the Church of England over the spread of ritualism.

Cardinal Vaughan was blackballed because he is the head of the Catholic Church here, toward which the ritualists incline; the Duke of Newcastle because he is a social leader of the ritualists.

"Politically both are perfectly in harmony with the dominant caste of the Athenaeum Club, to which Cardinal Manning, tho a Radical, was elected without difficulty.

BODY OF FRED CLAYSON FOUND

He Was Murdered on a Klondike Trail Last Winter and the Case Was a Mystery.

Victoria, B.C., June 9.—(Special.)—The body of Fred Clayson, one of the victims of last winter's Trail murders, has been found. The news was brought by Mrs. Fussel, whose husband keeps the road house at Minto, eight miles above where the murders occurred. She served the last meal the murdered men ate, and is acquainted with every particular of the crimes.

She believes O'Brien, now held at Dawson, is guilty. The body was found by Mounted Police on the sand bank just north of Selkirk. There were two bullet holes, in the chest and head. The felt shoes had marks of bicycle pedals, and the clothes correspond with those Clayson was known to have been wearing. The body has been shipped to Dawson, where the trial of the alleged murderer will be held.

When the Citizens Begin to Move.

THE advent of very warm weather sets the people thinking of how and where they are going to spend their vacation. Also they dwell on the not unimportant subject of dress—of cool dress. You know how you feel on a day when the sun is pelting down heat and you have a heavy suit of clothes and a winter hat to meet the fiery downpour—especially, you know how your head feels? It does not cost much to prepare yourself for this. If you have anything to spare, from one dollar to five, you may drop into the W. & D. Direen Company's establishment any day now and get a straw hat that is light and positively the latest in build and finish. Forty cases of them are now on exhibition. The company's buyer in New York personally selected them and they arrived only last week from "Gotham." Every one is a Fifth-avenue style.

Generally Fine and Warmer.

Meteorological Office, Toronto, June 10.—(8 p.m.)—A shallow depression is passing eastward across Northern Ontario. The weather to-day has been fine thruout the Dominion, except in Algoma, where it has been showery. In the Northwest Territories it has been warmer than for some days past, but no really high temperatures were recorded in any of the provinces. The general outlook is for fine weather, extending over Tuesday.

Minimum and maximum temperatures: Victoria, 50—64; Calgary, 34—70; Qu'Appelle, 38—66; Winnipeg, 42—58; Port Arthur, 42—70; Parry Sound, 44—78; Toronto, 46—71; Ottawa, 46—74; Montreal, 48—68; Quebec, 40—72; Halifax, 50—68.

Probabilities.

Lower Lakes—Moderate to Fresh westerly winds, generally fine and warmer, perhaps a thunder shower.

Georgian Bay—Moderate to fresh westerly winds; fair weather.

Ottawa Valley and Upper St. Lawrence—Southerly to westerly winds; generally fine and warmer; thunder showers in some localities.

Lower St. Lawrence and Gulf—Southerly to westerly winds; fair and warmer; local showers.

Maritime—Westerly to southerly winds; fine and a little warmer.

Lake Superior—Fresh westerly winds; fair and warm.

Manitoba—Fine and warmer.

YUKON OUTPUT THIS SPRING IS PUT DOWN AT $20,000,000

Nugget Weighing 77 Ounces Found on Chee Chao Hill—Big Stampede to Sulphur Creek, in the Klondike—Amur Arrives at Victoria, B.C.

Victoria, B.C., June 9.—(Special.)—According to advices brought by Klondikers arrived by the Amur this morning, who left Dawson as late as May 26, the output of the mines this spring is figured by the conservative ones at $20,000,000, altho many claim it runs much higher. A nugget weighing 77 ounces, said to be the largest ever found in the Klondike, has been found on Chee Chao Hill. It was bought by Senator Lynch for $1500.

Stampede for Sulphur Creek.

There has been a big stampede to Sulphur Creek, in the Klondike District. Two prospectors found rich pay gravel near the phenomenally rich No. 46 Sulphur Creek claim, while digging in the moss to a chink cabin.

They took 50 cents to the pan from bedrock, which was found at four feet. When the news reached Dawson there was a mad stampede. It is said that the richest claims located by stakers are on the old channel, which runs along the right limit of Sulphur Creek. Three miles of ground has been staked by the stampeders.

Watched Their Own Gold.

Altho there were 30 Klondikers on the Amur, none gave their gold in care of the purser. What they had—and it is said they brought down close on a hundred thousand—they looked after themselves.

In all over 200 Dawsonians reached Skaguay, six steamers having got up the river. Passengers say that many of them carried little boxes from the train that required all their strength to lift. Perhaps the largest amount brought by one person was that brought to Skaguay by F. C. Noyes. He is said to have $45,000. A majority of the miners now exchange their gold at Dawson.

The Yukoneer was badly burned at Dawson.

A Duel With Revolvers.

W. D. McLauchlin and a man named Nixon fought a revolver battle in Monte Cristo Gulch. The latter was wounded and the former fled the country.

Stampede to the Koyokuk.

A stampede is on to the Koyokuk. The Bella H. left Dawson with another crowd of miners, who returned to Dawson from there and reported that one claim owner took out 20 ounces on Myrtle Creek to the square foot of bedrock. The creeks are rapid, tho, and have been worked with a wing dam. Provisions are scarce there, flour having been sold at $100 a sack.

Other Yukon Notes.

Hill, charged with the murder of William Blair at Pelly, has been found not guilty.

The Yukon field force has been recalled.

Nellie Carhman loses her claim on the suit of E. Thompson.

Nelson A. Soggs shot J. M. Rogers on the Gold Run, probably fatally. Rogers belongs to San Francisco.

John Watterman will bring suit on partnership grounds against Lindbloom, the discoverer of Nome, for a half interest in 50 claims, including the richest in Nome. The suit involves millions and will be tried at San Francisco.

Maldover—Feldman.

The marriage was celebrated last night at 6 Maud-street, by Rabbi Helpern, of Miss Rachael Feldman, daughter of Isaac Feldman, and Mr. Moses Maldover. The bride was assisted by her cousin, Miss Fannie Gluklick. The nuptial knot was tied in the presence of a large number of Jewish residents. At the conclusion of the ceremony the usual festivities were indulged in.

Bike Was Not Returned.

Police Constable Mulhall last night went to 539 Lippincott-street and arrested Agnes Maloney, an inmate of the place, on a charge of stealing a bicycle. The wheel was hired from W. E. Brownjohn, 266 West Queen-street, on Friday last, and it is alleged the woman failed to return it. The bicycle was found at the house where the prisoner lived, by the officer.

MURDERED FOUR OF A FAMILY AND WOUNDED OTHER FOUR

John Morrison, a Hired Man, Killed His Employer and Wife and Two Children, Badly Wounded Four Other Children, Spared the Eldest Daughter, and Shot Himself.

Moosomin, Assa., June 10.—The police have returned from the scene of the murder at Welwyn, 12 miles north of here, this evening, bringing with them John Morrison, aged 27, the man who did the awful deed. The murder was committed about 12.30 on Saturday morning. The following are the dead:

Mrs. A. McArthur, Demsey McArthur, aged 12; Charles McArthur, aged 8; Mr. A. McArthur, the father.

Russell McArthur, aged 4 years; Mamie McArthur, aged 6; Henry McArthur, aged 2, and Baby McArthur, 3 weeks old, are badly wounded. Henry and the baby cannot recover.

Miss McArthur Was Spared.

Miss McArthur, aged 15, was awakened by the murderer taking her little brother, Russell, who was sleeping with her, out of bed, when he was killed in the same room. After killing little Russell, Morrison told Miss McArthur that he had killed all the family, but would spare her, and said he was going to shoot himself. He then left the house, and attempted to take his own life in the stable by shooting himself thru the right lung. He, however, is likely to recover, and is now lodged in jail here.

Ran and Told Neighbors.

After Morrison left the house, Miss McArthur came down stairs, and, upon seeing the terrible sight, ran to Mr. Jamieson's place, about a quarter of a mile away. Mr. Jamieson and a neighbor went to the McArthur house at once, and, after investigating, sent her for the police and the coroner.

Were Highly Respected.

Mr. and Mrs. McArthur were highly respected by all who knew them; in fact, were among the leading people of the Welwyn district, and will be greatly missed. Mr. McArthur had one brother in Winnipeg and another in New Westminster.

The Murderer a Scotchman.

John Morrison, the murderer, was born in Glasgow, Scotland, and lived in Ontario Province previous to coming here, eight years ago, most of which time he has been employed by Mr. McArthur. No motive has been found for the crime, which was all done with an ax.

BANK DOOR WAS OPEN.

There Was a Scare at the Imperial Bank at Yonge and Queen Streets Sunday Morning.

Constable Lilliburn early yesterday morning found the front door leading to the Imperial Bank at Queen and Yonge-streets open and the presence of a squad of police who came in response to the hurried call attracted a large crowd. It was believed at first that an extensive robbery had taken place, but on the arrival of Manager O. H. Rice and the bank messenger, the vaults and cash drawers were found secure and nothing was missing.

Rossland Ore Output.

Rossland, B.C., June 10.—The output of ore for the past week, owing to various causes, was limited to 3020 tons, which all came from the Le Roi. The falling off was due to some changes in the tram, made necessary by the erection of an extra ore bin of 500 tons capacity which was put up at the head house.
