G. D. Gibb, M. D., 48, Craig Street.

Bankers.

Messrs. Glyn, Halifax, Mills & Co.

THIS COMPANY, which has been established 20 years, commenced with a subscribed Capital of $3,000,000, and was the first, 20 years ago, to offer to the Public two Scales of Premium—the lower, to insure only a fixed amount; the higher, entitling the Insurers to a participation in the profits.

Advantages offered to Insurers.

Very low Rates of Premiums on Young Lives. The security of a large realised and invested Capital.

Large Bonuses on Policies effected on the high Scale.

Prompt settlement of Losses.

The full value given for Policies when discontinued.

On Insurances for the Whole of Life: one-half of the Premiums, if desired, permitted to remain unpaid for the first seven years, as a Loan at interest, and then to be paid, or to remain as a permanent Loan, at the option of the Insurer.

Loans upon Policies for the Whole of Life, after payment of three Premiums, in proportion to the value of same.

The acceptance of Naval, Military, Climate, and Special Risks of all kinds, on payment of a commensurate Premium. Age admitted on the Policy when issued, if desired, on proof of date of birth.

Permission for the Lives assured to reside in any part of Europe, without extra premium or special license, and to, at and from California, at a small extra premium.

Insurances, if required immediately, may be effected any day between the hours of 10 and 4.

The Pamphlets published by this Company justly set forth the merits of Life Insurance; pamphlets thereof may be had, *gratis*, on application to the Agent, who is also prepared to furnish every information that intending Insurers may require.

THOMAS PROCTOR,
3, St. Sacrament Street,
AGENT.

BRITANNIA
LIFE ASSURANCE COMPANY,
No. 1, Princess Street, Bank, London.

CAPITAL—ONE MILLION STERLING.

Empowered by Special Act of Parliament, 4 Vict., Chap. 9.

REDUCED RATES OF PREMIUM—HALF CREDIT RATES OF PREMIUM.

THE great and decided success which has attended this Institution, has induced the Directors to REDUCE the RATES originally required in British North America, to the ordinary European Rates. The result of such Reduction is to enable parties to avail themselves of the important benefits to Life Assurance at much *lower Rates of Premium than those of any other Assurance Company transacting business in Canada.*

The Directors have also resolved to extend to British North America the advantages afforded by the HALF CREDIT RATES of PREMIUM which have been so highly approved, and are so generally adopted by Policy Holders in the United Kingdom. The most liberal conditions are likewise offered to the Assured in the limits to which they may proceed by sea or land, to other parts of North America without affecting their Interest in their respective Policies.

ERASMUS R. FOSTER.
Resident Director.

London, January 1, 1847.

Detailed Prospectuses, and every necessary information as to the mode of effecting Assurances, may be obtained upon application to

J. H. MAITLAND,
Agent for Montreal,

Or to any of the following Agents:

The Assured under this Table are entitled also to participate in the Profits on certain conditions.

ALLIANCE
BRITISH AND FOREIGN LIFE & FIRE
ASSURANCE COMPANY,
OF LONDON.

CAPITAL—£5,000,000 STERLING.

ESTABLISHED BY ACT OF PARLIAMENT, 1824.

THE Undersigned *CONTINUES to INSURE PROPERTY* against *LOSS or DAMAGE* by *FIRE* on liberal terms as any other Fire Office in Canada.

ALL CLAIMS FOR LOSS *DISCHARGED IMMEDIATELY ON SATISFACTORY PROOF THEREOF, and without reference to the Directors in London.*

Parties who have made Five successive Annual Payments on their Policies, previous to each division of Profits, will participate in the same; which is an advantage possessed by no other Company in the Province, except by Policy.

ASSURANCES also effected on LIVES.

The most ample security is afforded to Assurers with this Company, by its large invested Capital, and the personal responsibility of its numerous Shareholders.

RICHARD GERRARD,
Agent for Canada.

Montreal, November 13, 1850. 356

N. B.—There is attached to this establishment, a Bakery, for the manufacture of Fancy Cakes, Confectionery, &c., &c.

H. B. JAMESON & CO.

Montreal, 13th September, 1851. 438

CRAMP AND PAIN-KILLER.

THE MOST SUCCESSFUL REMEDY KNOWN For the Cure of all Bowel Affections—Pain in the Stomach, Back, Side or Limbs—Stitches in the Back, Side or Limbs—Cramp in the Limbs or Stomach—Darting Pains, Bilious Cholic, Dysentery and Diarrhœa, Colds and Sore Throat, all cases of Local Inflammation—Cuts, Wounds, Bruises, Headache, Toothache, Burns, Scalds, Frozen Limbs, &c., &c.

THIS wonderful Medicine has effected many truly surprising cures in cases of the foregoing complaints. And we say no more than hundreds and thousands who have used it will assert, when we say there is no Medicine designed for that class of complaints, possessing more than a tithe of the power to relieve and cure of this.

We solicit particular attention to the fact that it does not contain a particle of Opium in any form. Neither does it contain Camphor.

It is free from any deleterious article, and cannot, in any supposable case, injure the patient.

It does not disorder the *Life Fluids*, nor produce the burning, dry, parching sensations, so much complained of in the use of other "Pain Killers."

It does not weaken the peristaltic motion of the bowels, producing *Costiveness* and its attendant evils, but is a promoter of digestion, and of proper and healthy action in the stomach and intestine canal.

IN ALL RHEUMATIC AFFECTIONS,

LOCAL PAINS, &c., it has proved *surprisingly successful*, rarely failing to cure, even in the most desperate and long standing cases. (See Certificates.) In these cases, the parts affected should be freely bathed, and then rubbed lightly, but not rubbed too hard enough to hurt the patient, and invariably is produced on the surface, and in severe cases the patient should take half a teaspoonful on sugar or molasses.

CRAMP IN THE STOMACH OR BILIOUS CHOLIC.

We believe it will never fail to *speedily cure*, if taken be a teaspoonful at a time, on sugar or molasses, or in any manner the patient can take it, first, and the stomach and bowels freely bathed, and a dose of twenty minutes the patient does not find relief, repeat the dose.

DYSENTERY OR DIARRHŒA.

Are speedily and radically cured by it. It should be given a teaspoonful at a time, once in an hour or two, or oftener in severe cases, and bathe the stomach and bowels with the same.

EVEN THE CHOLERA.

Which during the past season has swept off such fearful numbers, has been cured by it, we believe in every case; where it has been early and faithfully applied. In Bangor, where it proved singularly fatal, it was found to yield to this remedy, and CURTIS & PERKINS' *CRAMP AND PAIN KILLER*, was the Medicine recommended by the first Physicians, and by the Press, as the first, the surest remedy to be used.

As a dressing for Cuts, Wounds, Bruises, &c., it is without a rival. As also in cases of *Burns, Scalds, Freezes, &c.*—relieving the *pain* and *healing* without scar.

FOR TOOTHACHE

It is, nine times out of ten, a CURE. We believe it will *never fail*, unless the tooth is decayed. If the tooth is hollow, saturate a little lint and put it in the cavity. Hold a piece of it in the mouth. If the face is swollen bathe with it.

Holding the head with it is generally a cure for the *Headache*.

We are constantly receiving certificates from every part of the country, many of which may be seen in newspapers, and in pamphlets, which may be obtained of any of our agents.

P. S.—It is the best *HORSE AND OX LINIMENT* in the world.

The proof, read the following statement from John Buckham, Esq., of Listowel, Ma:—

DEXMONT, July 11, 1848.

Messrs. Curtis & Perkins,—For two years past I have been entirely prostrated with the Rheumatism; both of my knees were swelled to twice their original size—a large bunch came out on my breast bone, appearing like a part of the bone thrown out. Another bone was thrown out of my wrist. In short, I endured the most excruciating pains for nearly three years. I obtained the best medical attendance the country afforded, and tried a great number of medicines and applications, but could find no effectual relief. At last, when I had the good fortune to procure a bottle of Cramp and Pain Killer, prepared by Messrs. Curtis & Perkins, of Bangor. Soon after taking it I found I could get some rest nights, and the pain became much relieved. I have continued to take it and apply it externally, until I have used eight bottles. I took much larger quantities than was recommended.—The swelling has all gone down both in my limbs and breast, and I am entirely relieved from pain. I have been able to do a good day's work at any time for the last three months, for a man of my age. No description of my case can convey the vast amount of benefit I have received from this article. I believe it is the best article in the world for Rheumatism. I have also used it for chronic and pain in the stomach, and always found immediate relief.

JOHN BUCKNAM.

CURTIS & PARKINS, Bangor, Me., Proprietors.

For Sale by R. Workman & Co., Corner of Customs House Square and St. Paul Street, and R. W. Rexford, McGill Street, Montreal.

May 29, 1851. 316

D. SHERWOOD'S
GALVANIC
EMBROCATION
NEW YORK.

THIS GALVANIC EMBROCATION is an unparalleled remedy for Rheumatism, Gout, Lumbago, Chronic, seated in the Head, Joints or Limbs, Tic Douloureux and Sciatica, in its worst forms, Palsy, Fits, Sciatica or Kings Evil, Spinal and Hip Complaints, Stiffness of the Joints, Lumbago, Neuralgia, Chilblains, Fever Sores, Soft Rheum, Ring Worms, White Swellings, Diseases of the Skin, Eruptions, Goitre or Thick Neck. It is likewise highly recommended to the medical profession for Scrofula and Scrofulous Affections of the Neck, Affections of the Spine, Mercurial Affections &c. &c. &c.

It is now generally admitted, by the learned and scientific, that the mysterious power called Galvanism or Magnetism is not the principle of Vitality of Life, and that disease in many of its most painful forms is entirely owing to the absence of this powerful agent, or derangement in its healthy proportions. If, then, we can readily supply the wonderous power, when it is thus deficient, we can successfully combat disease; and this has been fully and perfectly attained by this most wonderful scientific discovery, combining Magnetism and Galvanism with a fluid which has cost the inventor of this remedy years of study and labor.

There is not an intelligent Physician, who has kept more with the progress of science, that does not readily approve of the use of the Magnetic power in various diseases, and there is scarcely a Medical Journal, either in this country or Europe, which makes its appearance without the statement of various cases, showing some wonderful effects of these combined agents, or corroborating previous experience of their beneficial use. The inventor of the Galvanic Embrocation has great pleasure in being able to state, that a majority of the most distinguished Physicians of New York constantly recommend this Embrocation in their practice, and from many of them he has received the kindest testimonials of approval and commendation.

THE LAST GRAND DISCOVERY!

ALAS for the poor PLANTAGENET WATER! It has not only to bear its own sins, (if it has any!) but the sins of all other Springs, whether up the river or down the river, whether fresh or salt, sweet or bitter—no matter whether the patient be a rise fisher or a fall fisher, the reputation of the Plantagenet Water. The last discovery comes from Georgian Lake, on Montreal, or rather gets to Georgia by this route. It appears that, by the agency of a most "learned quack," a notable "humbug" has been furnished of the Georgian Spring Waters, which are said to contain all the ingredients found in the Plantagenet—only think the delicious of something one, and a numerous disposition of quantities. On this principle, we take it, a cabbage contains all the ingredients found in a pineapple, with the addition, of course, of something else, and a slight proportion in the quantities! Certain it is that Georgian is not the Plantagenet, and was never yet mistaken for it. If it had been so, it could never have happened that it would have remained for twenty years in hopeless obscurity; in spite of all attempts to pull it into existence? Where is the old analysis too? There was such an analysis, and it might be instructive to see it; have much before was there in that? Perhaps it was the wonderful discovery of iodine which led Mr. Kauri to sell the magnificent establishment at Georgia to Mr. Tucker, Pneumatic, Magnesium, Chlorodine, Sulphuretic Iodine, and all! The fact is, that the new analysis is only a creation of the new agent; a good "How-same" likes to have two strings to his bow, and the famous Plantagenet Spring is a capital mark.

We have paid attention to the annexed certificate of the efficacy of the Plantagenet water in cramps and rheumatism by Captain Elliot, barque *Berkin*, of Aberdeen:—

QUEBEC, 28th Oct., 1851.

MR. A. MARS: Dear Sir,—For the sake of humanity, I cheerfully comply with your request to certify the benefit I derived from the use of your invaluable Plantagenet water. During last winter I suffered severely from Rheumatism, besides I was very subject to excruciating cramps in my legs, both vertures attacking me more or less from time to time, up to my obtaining from you, in June last, a goodly supply of your Plantagenet. Ever since I commenced its use, no pain of either kind has troubled me, and I attribute the entire change to any thing but the use of your water, and I shall take care to deprive you of some of it before I leave Quebec.

JAMES ELLIOT,
Capt. Barque *Berkin*, Aberdeen.

Quebec, 23d Oct., 1851. 419

The PLANTAGENET WATER is Sold Wholesale and Retail, only in one place in Montreal, at the Depot, No. 4, Place d'Armes.

Montreal, October 29, 1851. 477

Analysis of the Water of the Georgian Spring.

I have made a careful quantitative analysis of a quantity of this Water sent me by the Proprietor of the Spring, Captain Mains. It is a Saline Water, containing earthy Chlorids, with portions of Bromids and Iodids, thus resembling the Plantagenet Water, from which it differs chiefly in the presence of a portion of Sulphates, which are not often met with in Waters of this class in the Province. It has a specific gravity of 1008.78 and contains in one pound avoirdupois, the affixed quantities of the following substances:—

	Grains.
Chlorid of Sodium	66.2000
Chlorid of Potassium	.7280
Chlorid of Calcium	.31003
Chlorid of Magnesium	2.45802
Bromid of Magnesium	.02016
Iodid of Magnesium	.01904
Sulphate of Lime	1.35014
Carbonate of Lime	2.08600
Carbonate of Magnesia	2.54016
Carbonate of Iron	Traces
Silica	.14350
	76.87015

T. S. HUNT,
Chemist to the Geological Commission.

Office of the Geological Survey,
Montreal, May 26, 1851.

Having computed T. S. Hunt's, Esq., analysis of the Mineral Water of the Georgian Spring with the analysis made by him of the Plantagenet Spring Water, I may mention that the Water of the Georgian Spring contains all the ingredients found in the Plantagenet, with the addition of Sulphates, which exists however in some respects as to quantity.

I have delayed giving my opinion of the efficacy of the Georgian Water, in order that an opportunity might be afforded me of speaking more confidently of the advantages to be derived from its employment. I have witnessed beneficial results from its use, as an aperient, antacid and diuretic, and also in allaying the distressing gastric derangement attendant upon the early months of pregnancy. I have no doubt that the Georgian Spring Water will be found equally beneficial in the cure of Rheumatism, Scrofula, and Dyspeptic Ailments, as any other Mineral Water met with in the vicinity of this city.

W. E. SCOTT, M. D.,
Attending Physician Montreal General Hospital,
Lecturer on Forensic Medicine University of McGill Coll.

Montreal, August 12th, 1851. 443

MR. W. E. BOWMAN:

SIR,—With pleasure I give you my opinion of the Georgian Spring Water, of which you are Agent. Being induced by its superior qualities, as shown me in the Analysis furnished me by T. S. Hunt, Esq., Chemist to the Geological Commission, to give it a fair trial in many cases, both in my public and private practice, and I have not been disappointed in the result. I have found it one of the most valuable of Mineral Waters that I have ever prescribed. I consider it highly advantageous in most cases of Rheumatism, Dyspepsia, and many other diseases requiring Tonics, Aperients, or Laxatives. In Constipation of the Bowels, caused by Sedentary Habits or Old Age, it will be found extremely useful, and if judiciously administered, it is likewise a most valuable remedy for many diseases incident to women. I have also noticed many instances in my experiment in allaying the inordinate thirst of Fevers, producing beneficial results from its Tonic and Laxative action, and I have no doubt that it will be found equally useful in removing and assuaging that extreme thirst in hot weather, which, by gratifying with ordinary drinks, so debilitates and enervates people generally. Yours, &c.

P. MUNRO, M. D.,
Chief Physician to the Hotel Dieu Hospital, Lecturer on Surgery, "School of Medicine and Surgery," Consulting Physician to the Lying-in Hospital, (St. Pelagie.)

Caledonia Springs, 2nd June, 1851.

[Extract of a letter from P. J. Lacroix, Esq., of Montreal.]

I beg to state that on July, 1840, I went to the Springs, for the purpose of testing their efficacy in a case of the most violent Rheumatism, under which I had been suffering for several years previous. After remaining at the Springs for about three weeks, and making free use of the Waters, my limbs were entirely relieved from all pain, and my health perfectly restored. Several of my friends, to whom I have recommended the Springs, assure me that they have experienced immediate relief from their use. I consider the Waters of the Caledonia Springs to be most efficacious in cases of Rheumatism.

To the proprietor of the Caledonia Springs.

MONTREAL, 4th June, 1851.

DEAR SIR,—In compliance with your request, I have much pleasure in giving you my opinion of the extraordinary efficacy of the Waters of the Caledonia Springs, so long and highly appreciated by the Public, based upon the observations of some twenty-five years' experience, and tested as they have been by a great many patients of nine and others, laboring under Rheumatic affections and the different forms of disease to which the human frame is liable, I consider them invaluable. Few persons, except those who have suffered from this dreadful malady, can justly appreciate their wonderful salutary effects. I have often seen persons martyrs to this disease, (myself for one during many years,) who had baffled all medical skill, both in England and on this Continent, resort to the Caledonia Springs walking on crutches, and others that could not walk at all, worn out by protracted sufferings, and their general health disordered and broken down by confinement and want of exercise, return to their homes free from pain, leaving behind (with inexpressible joy) their crutches, and with health, strength, appetite, and activity perfectly restored. Striking as such results are, the curative action of these Waters, the intermittent and Sulphur Springs in particular, have been almost as efficient in other diseases, such as Lepra, generally called *Scaly Skin*, and other affections of the skin; in a variety of Dyspeptic Complaints, Chronic Affections of the Liver and Kidneys; and in fact, in a great number of those cases that leave the Springs greatly benefitted, but not completely restored, would have been cured by a more extended use of the Waters. The Waters have acted in many diseases as a specific, seems to be generally admitted, and so much respectable testimony to this effect has already been laid before the Public, that to say more would be superfluous.

H. MOUAT,
Member of Royal College of Surgeons, London.

To John L. Wilkinson, Esq.,
Proprietor of the Caledonia Springs.

MONTREAL, 12th December, 1842.

DEAR SIR,—I have to state that I consider the use of the Caledonia Waters a very valuable curative agent in the treatment of many forms of disease. Circumstances enable me to grant you a favorable Certificate with more confidence than perhaps I may of many other Patents tested the efficacy, and derived great benefit from the use, of the Caledonia Waters. Of all diseases that have come under my notice, in which a perseverING use of the Baths and Waters promises the most beneficial results, Chronic Rheumatism ranks the first. Many of the cures in this disease have been truly astonishing. I met with a case last summer, where the individual, a German peasant, had been suffering severely for more than nine months; she was literally crippled, and could only hobble about on crutches, and could only walk a few steps with great pain and difficulty. After a residence of six weeks at the Springs, she returned free from pain, and strong enough to walk a considerable distance without fatigue. I have also found the Waters useful in Dyspepsia and Liver Complaints, in Chlorosis, Secondary Syphilis, and some of the forms of Cutaneous Disease.

In conclusion, allow me to add, from a personal visit to your Establishment, that (independently of the advantages afforded by the Waters) the great outlay you have been put to in the improvement of the place, and the unwearied care and attention which you bestow to the comfort and convenience of your Boarders, justly entitled you to a large share of public patronage and support.

I remain, dear Sir, yours very truly,

GEORGE W. CAMPBELL, A. M., M. D.,
Lecturer on Surgery, McGill College.

To the Proprietor of the Caledonia Springs.

☞ A FRESH SUPPLY of the above WATERS has been received at the Depot, which can be had in all quantities, by any person at any address in town or country. Price of the Water very moderate. 363

SCROFULOUS AFFECTIONS, &c.

In all those distressing Complaints, for which there is no question regarding the efficacy of this Medicine, an eminent Physician of this city writes as follows:—

Dr. Sherwood's Galvanic Embrocation, I regard as the most efficacious of all remedies in Scrofulous affections. One of my children, a daughter of 5 years old, was afflicted with a very inveterate and protracted Scrofulous affection, which had continued its ravages nearly two years, various remedies were tried but without effect. The disease exhibited itself in several deep-seated sores the discharge from which was acrimonious and very fetid. At this crisis, I commenced the treatment with Dr. Sherwood's Galvanic Embrocation, the only remedy used in connection, was a decoction of Sarsaparilla, which was continued for three months and a complete cure was effected. 255

PEARCE'S WATER FILTERS,
NO. 114, *WALL STREET, NEW YORK.*

THE Public are respectfully informed, that WATER FILTERS, the most approved construction, are kept constantly on hand at the above Establishment.

New York, August 10, 1851. 412

R. R. R.
THE PROPHECY FULFILLED.

IN the month of August, 1848, we promised to the world that we would produce a medicine that would instantly stop the most severe pangs of pain, and speedily remove its cause.

We proposed to Hospitals, and all other Institutions for the reception of the sick; to Physicians, Surgeons, and all Medical Institutions and Bodies, to introduce our Ready Relief for their investigations, and to illustrate its merits and marvellous power over pain upon the patients.

We claimed that it would allay, in a few minutes, the most severe Cramps and Spasms—it would arrest the progress of that dread plague, the Cholera—that in a few minutes it would change the hard, hot, cold, and blue less body, to warmth, vitality, and vigor.

That in a few minutes it would relieve the most severe pains in the bowels, that in fifteen minutes it would stop all painful and diarrhœa discharges, and impart a genial warmth to every organ and secretion of the body; that it would positively relieve the most severe and disagreeable pains of sick and nervous head-ache in fifteen minutes, and effectually cure this distressing complaint.

That it would in an instant mitigate the cruel pangs of Neuralgic pains, and permanently cure this excruciating affection. That it would stop the most tormenting toothache in a few seconds.

That it would relieve all Rheumatic pains in fifteen minutes, and cure many Chronic cases of Rheumatism in a few hours.

That it possessed a miraculous soothing and relieving influence over all pains originating from Rheumatic, Neuralgic, Nervous, and Bilious complaints, and that the patient suffering the most excruciating tortures, would feel its soothing influence in a few minutes.

The world was startled at the publication of our discovery. The wise savans of Medical Science shook their heads in doubt. The sick and afflicted hoped yet, feared that, like other remedies, it would cure quicker on paper than by practical experiments; thousands who were suffering with the most excruciating pains, at once determined to try it; the consequence was, that from all sections of the country, towns, cities, villages, and 30 miles of New York, we were the daily recipients of orders for our extraordinary remedy. People tried it and found it good; the sufferers experiencing pain, were mitigated; weak and feeble victims of Rheumatism, who had been bedridden for years, were suddenly relieved from pain and restored to health. So with the sufferers of Neuralgia, Sick and Nervous Head-Ache, Chill Fever, Diarrhœa, Cramps, Spasms, Cholera Morbus, and, in fact, all painful and distressing Acute complaints, were suddenly relieved from the tortures, and restored to health. Its fame spread from city to city, the people sounded its wonderful virtues far and wide, and ere the earth had run its yearly course,

TWO MILLION BOTTLES WERE SOLD!

In every town in Maine, New Hampshire, Vermont, Rhode Island, Massachusetts, Connecticut, New York, and Ohio; in Michigan, Wisconsin, Illinois, Indiana, Missouri; the people have tested its merits, and pronounced it a safeguard against disease, and a quick antidote for all pains. In New Jersey, Pennsylvania, Virginia, Maryland, Delaware, the Carolinas, Georgia, Alabama, and Louisiana—in every town in each State it has made friends, and proved its efficacy.

TO THOSE WHO DO NOT KNOW OF IT.

If you are unacquainted with the merits of Radway's Ready Relief, and if you are in either of the States mentioned above, we refer you to the Druggists, to Physicians, and the People. Take a bottle of it to any skilful Physician, let him test it, we will rest its reputation on his opinion.

Our drug has frequently cured the most tantalizing Tooth-Ache.

Forty drops, taken three times per day, will cure Sour Stomach.

Sixty drops, taken four times per day, will cure Weakness and Debility.

Ten drops, taken every ten minutes, will cure Diarrhœa.

Thirty drops has, in fifteen minutes, stopped the Sick Head-Ache.

Sixty drops, taken every twenty minutes, has cured Cramps, Spasms, &c.

Thirty
