CARTMEN KEPT BUSY.—The city cartmen have been doing quite a business lately, several vessels having arrived with ballast, and two large vessels with cargoes of coal from Sydney for the gas works, besides the number of vessels arriving with cargoes of wood and soft coal for the coal dealers and factories. There are at present about a dozen cargoes of coal in port.

METHODIST S. S. MASS MEETING.—At the mass meeting of the pupils of the Methodist church Sunday schools in the city at the Centenary, yesterday, there were present more than 1500 of the 1997 enrolled. Superintendent J. Mc. G. Hutchings presided. There were addresses by Revds. Messrs Campbell, Dawson, Chappell, and Lodge, and responsive readings and singing by the children.

PARRSBORO NEWS—Quite a stir has lately taken place in the lumber and coal trade both of which business have not been as brisk in the past few years. A large amount of coal has lately been shipped principally to St John but quite a number cargoes have been sent to Nova Scotia and Bay of Fundy ports.

A large fleet of vessels sailed from here last week with deal and coal cargoes. A few large vessels are loading lumber at West bay and the government Steamer Lawsdowne arrived on Friday to load coal for the fog alarms etc. Altogether the out-look for a good season's work is encouraging.

ST. JOHN'S CHURCH SUNDAY SCHOOL.—At St. John's church Sunday school, yesterday, prizes were awarded to those of the pupils who had gained first places at the recent examination. The two first places were obtained by Miss Z. Murray and Miss M. Melick. The third prize was won by H. Armstrong, which he secured from the hands of Lady Tilley. A handsome Teacher's Bible was presented by the rector on behalf of the teachers to R. G. Murray, about to enter the study of law in Halifax, in recognition of his valuable services in the Sunday school. Certificates were issued to several of the pupils who were most successful in their examinations.

SHOT A BEAR.—Yesterday afternoon Mr Wm. Fox, of West End, was driving down the road to the Blacklands off Manawagonish road, when he saw a good sized black bear come out of the bushes and take a look around. Mr. Fox had only a revolver with him, but he gave the bear the benefit of its contents firing three shots into its head. One of the bullets penetrated the brain, killing the bear, which was then brought to Mr. Fox's home, Winslow street. When measured, the animal was found to be five feet nine inches from tip to tip. He is about a year old and weighs about one hundred and fifty pounds. The skin is in very good condition.—Telegraph.

THE STEAMER DAVID WESTERN, is now lying at the Union Line wharf, Indiantown, and presents as fine an appearance as ever she did since she was first placed on the river, and from the amount of work put on her this spring in repairs she must be in as good condition as her looks would lead one to believe.

She has received a new bottom and her deck and gauds have in places been renewed so that it might almost be said that the hull is a new one. The machinery and boilers have been thoroughly overhauled and every thing about her put in first class condition so that she may still retain her good name and be prepared to accommodate the large traffic of this summer of carnivals and exhibitions. The saloons are now being carpeted and it is intended that she shall make her first trip to Fredericton on Wednesday.

The Lansdowne Theatre.

The play for to-night at the Lansdowne theatre is "Our Regiment in which Mr. McDowell plays the part of Capt. Tvarrener. In addition to the strong cast of this very efficient company, the play will be the more interesting from the fact that the band of the 62nd. Fusiliers and a company of the Battalion will be present and take part during the programme. It is safe to say that "Our Regiment" will be produced to-night in a manner superior in every way to any performance ever before given in this city. As everybody will want to see it the house will be crowded and seats should be secured early.

Brevities.

The drinking fountain for the West end has been ordered from New York. It will be made of iron, about 12 feet high and will cost about $350.

Dufferin Council, American Legion of Honor, has sent $20 to James Burns, jr., grand commander of Pennsylvania, for the relief of the Johnstown sufferers.

The police of the north end are endeavoring to put a stop to the scenes which have been enacted on the Douglas road, near the Suspension bridge for years.

THE METHODIST CONFERENCE.

Reports of Committees Heard.

The session opened this morning with the usual exercises, prayer by the Rev. J. S. Allen. The minutes of last session were read and adopted. It was decided that the conference visit Owens Art Gallery on Wednesday afternoon at 2 o'clock.

Brothers Geo. Clarke, Dr Sprague, G W Fisher and John Read, will be given permission to have the conference. Rev. Jas. Crisp, assistant secretary, was given leave absence for as short a time as possible, to return home and marry a couple at Point de Bute.

A telegram was received from the Nova Scotia conference at Liverpool stating that Brother Jas. Stewart had been presented with a gold watch and an address.

The, Rev. W. J. Kirby reported for the Sabbath school committee that they had found it impracticable to print the Sabbath school returns in phamphlet form for distribution but they recommended that they be published in the minutes of the conference.

The memorial committee reported that the Rev. J. S. Phinney was chosen chairman and L. Johnson secretary. They made the following recommendation; that permission be granted to the Grand Lake missions to sell the parsonage property at White's Cove in order to purchase a parsonage property at Young's cove provided the latter is not less than an acre.

That permission be given to the trustees of Queen Square church to sell a certain property recently purchased should they deem it desirable.

3. That permission be granted to the Florenceville church to sell part of the Florenceville church lot.

4. That permission be granted to the trustees of the St. Stephen circuit to sell certain lands in connection with the church property.

5. That a memorial from the Shediac circuit requesting a change of circuit bounds be refered to the station committee.

6. That the memorial from P. E. I. district referring to the Biddeford circuit as to mistake in income be referred to the station committee.

7. That permission be granted for the sale of old churches at Sturgeon, appointment, Montagu mission and also at Bideford. Numbers 1. 2. 3. 4 and 5 were adopted and numbers 6 and 7 were laid on the table.

A recommendation of the station committee, in regard to the formation of a new mission at St. Stephen, was received.

Rev. L. S. Johnson handed in the report of the committee for the children's fund.

Bro. E. Evans expressing a desire to be relieved of the office of treasurer of the fund it was decided that Rev. Job Shenton be appointed treasurer, in connection with John E. Irvine as lay treasurer.

Bro. Pickles presented a claim for five children, and the president having ruled that his claim was valid their names were entered upon the book.

Resolved, that the treasurer be authorized to borrow the amount necessary to meet all expenses for the past year.

A memorial received from the Fredericton circuit to so arrange the assessment as to place it on an equality with other circuits of the same financial ability was deferred until the next session of the committee. The report after some discussion was received.

The Rev. W. W. Brewer read an extract from the Halifax Herald which reflected on the conference and on one of the brothers but though it was bitter in spirit it was stingless because untrue. He asked that the matter be not allowed to rest. Mr. Daniel said that if they wished to give the papers notoriety they would take action in the matter but it would be better to do nothing about it. They decided not to notice it.

Rev. M. R. Knight reported for the contingent fund committee. The receipts were:

St. John District	$58.36
Fredericton	57.06
Hillsboro	16.00
Sackville	41.24

The session than adjourned to meet at two o'clock.

At the Mechanic's Institute.

The Hyer Sisters, so well known throughout the United States as vocalists will open tonight at the Institute for a season of three night and a matinee in their play entitled "Out of Bondage." The play depicts slave life as it was before the war and changes that followed the emancipation proclamation. It is full of fun and such clever performers should produce a first class preformance. The company carries its own scenery and its brass band makes a daily parade.

An evening of a very pleasant description is assured to all who attend the production of "Out of Bondage" which was written expressly for the Hyer Sisters.

Why He Can Smile.

An editorial in the Sauk Rapids, Minn. Sentinel says: We apologize for mistakes made in all former issues and say they were inexcusable, as all an editor has to do is to hunt news, and clean the rollers, and set type, and clean the floor, and per short items, and fold papers, and write wrappers, and make the paste, and mail the papers, and talk to visitors, and distribute type, and carry water, and saw wood, and read the proofs, and correct the mistakes, and hunt the shears to write editorials, and dodge the bills, and dun delinquents and take cussing from the whole force, and tell our subscribers we need money.

We say that we've no business to make mistakes while attending to these little matters, and getting our living on gopher tail soup flavored with imagination, and wearing old shoes and no collar, and a patch on our pants, obliged to turn a smiling countenance to the man who tells us our paper isn't worth one dollar anyhow, and that he could make a better one with his eyes shut.

SPIRIT OF THE TIMES.

THE NATIONAL LEAGUE.

The best game of the season was witnessed at Pittsburg Saturday in which Boston defeated the home team in the innings by a score of 1 to 0. Boston downed Pittsburg again in the afternoon. The games Saturday were:

At Pittsburg, Boston 1, Pittsburg 0. Batteries—Clarkson and Bennett; Morris and Carroll.

(Second game) Boston 4, Pittsburg 3, Batteries—Sowders and Ganzell; Galvin and Fields.

At Cleveland, Cleveland 8, New York 6. Batteries—O'Brien and Zimmer; Welch and Ewing.

At Chicago, Chicago 5, Philadelphia 1. Batteries—Tener and Farrell; Buffington and Clements.

At Indianapolis, Indianpolis 10, Washington 3. Batteries—Russie and Myers; Ferson and Mack.

THEY THINK IT IS NONSENSE.

The utter nonsense of having such a thing as a sacrifice column was illustrated by Thursday's games. There was one such hit on either side at Pittsburg, none in Chicago, none in Indianapolis and two in Cleveland, a total of four for the day. Some papers lampoon the Boston papers for not scoring according to the rules. The rules call for the scoring of this class of hit in a separate colum, and the Boston papers are about the only ones in the country that recognize this fact. It is a waste of space. Hits of this discription belong in the summary. The scorers know what belongs in their papers, and what the public wants, a great deal better than a lot of magnates do who do not know how to score themselves.—Boston Herald.

THROWN OUT.

The Thistles and Portlands play the the third league game to-morrow.

The Machinists of Harris' foundry challenge the Actives of Winter street to a game July 1st.

The Young Mistletoes challenge the Young Stars to a game, Thursday.

The Young Emeralds accept the challenge of the Young Franklins to a game July 1st at Seely's field.

There are some twenty-seven games booked for July 1st in this city, and there are only about half a dozen places where a match of ball can be played. There will be lots of fun, and considerable blood shed, that day, when the different cranks meet.

Not to speak of the difficulty which will be experienced in finding room to play, further trouble will arise through the fact that some of the clubs have unthinking accepted several challenges for one and the same date, namely the first of July, and they're bound to keep their schedule if, they "take it out' in gore.

The Agusta base ball club are negotiating for the services of the Amherst battery of the college club, and will probably be successful.

Morrill has the record. He put out just two men at first base in the Indianapolis game of Thursday. This is the smallest number put out in that position in a contest this season at that point.

John W. Guthrie, of Bangor, is to play on the Shamrocks this season. The club will open the season July 1st., with Kelly and Donovan as a battery.

Small, the third baseman of the States Islands, about whom there was so much talk because he concealed a potato under his arm and put it on the base runner in a game at the Polo grounds, for which his resignation was requested is still playing on the team.

Lacrosse.

The Montreal Witness begins its description of the late match games of lacrosse between the Montrealers and Shamrocks with the following:

Talk about excitement—talk about the passion and intensity of old-time struggles when the mob swarmed over the grounds and rivalries found vent in appeals to force! Talk about cheers, groans hissed Why, that crowd on Saturday at the Cote St. Antoine grounds just howled itself hoarse and weak. It beat the record. It fairly trembled with passion and when all was over it was manifestly suffering from a rush of blood to the head. It yelled with joy and groaned with despair. It hissed with wrath. That crowd was variously computed at five, six and eight thousand. It was exceedingly well dressed, but it loosened its shirt collar and roared like a coal heaver. The Shamrock partisans were in force even on the grand stand, the south fence went solid for the boys in green. The south fence thumped with voice and boots. The crowd boy took off his canteen, and, in a voice choked with ardor and tobacco, screamed, "Give it to him, Mike," "Sock it to him, Tansey." The grand stand roared, "Go to, Archie," "Good boy, Cleg," That's yours, Tommy," Shoot, Hodgson, shoot." The tension was as unhealthy as it was enormous, and when it was all over and the Montrealers had won one of those victories which just escape being defeats, the relief was inexpressible. Everybody shook hands with everybody else and said, "What a game!"

The struggle was one of the severest ever witnessed. In those fearful shocks against the fences, those protracted contests round goals, in which the mud-covered figures were blent in a wreath-mass, those scrimmages in tne water which covered the contestants with opaque clouds of sprry, there was the suggestion of the Titanic. The boys fell in all directions. They slid through the mud, tumbled over each other in the water; a push precipitated a catastrophe in which half a dozen would be piled on the top of one another. The crowd, witnessed these mishaps in the light of the grotesque, screamed with laugater. The boys were wet through, covered with mud, and injured more or less—but they made a Montreal holiday.

DROP SHOTS.

A number of the boys are thinking of going to St. Stephen July 1st. to play an exhibition game.

The Unions practice in Carleton this evening. The Unions have lately had a valuable addition to their forces in the shape of the Blood-hounds of that place.

Cricket.

Rain Saturday again put an end to the game at the athletic grounds. As it was the old members had been retired for 186 runs, of which Carmichael contributed 62—leaving his wicket by request. The other team, composed of members 25 years of age, did not get to bat.

The greatest bargain of the age. Celebrated Asbestos pipes at 25cts each; nothing like them ever offered; sold only at Louis Green's 59 King street.

An Aged Murderess.

WASHINGTON, Ind., June 24.—On November 12, 1888, Richard O. Allen, an aged farmer, was found tied to a tree near his house with his throat cut from ear to ear.

It was thought to be a case of suicide. A few days ago, while laboring under religious excitement, the 70-year-old widow of the dead man confessed to two colored servants that she had committed the crime. She said she and her husband had trouble as to who was the rightful owner of the farm and she gave her husband morphine in his tea. Allen fell asleep; she then tied a rope around his body, and making several slashes at his throat with a knife, half severed his head from the body. She then dragged the body to a tree and tied it there.

THE CELEBRATED HAVELOCK MINERAL SPRING WATER.

The Water from this Spring has long had a local reputation as a remedy for various forms of disease and derangement of the system. The following is one of many testimonials received by the Proprietor.

HAVELOCK, N. B.
June 8th, 1889.

I have been for a number of years suffering from "Salt Rheum," but could find no relief until I used water from your MINERAL SPRING. Since then I have steadily improved, and would heartily recommend it to persons suffering from a similiar disease.
