POLICY IS GAINING GROUND

Chamberlain and Balfour Working Together, Says London Correspondent.

FISCAL REVISION BECOMES ISSUE

M.P.'s Choosing Phrases for Explaining Reversion of Tories to Protection.

New York, June 21.—The Tribune's London correspondent wires as follows: Mr. Chamberlain's policy not merely holds the field, but is gaining ground. This would not be true if Mr. Balfour were not heartily in accord with it. The two statesmen are working together and understand each other. They have succeeded in keeping the ministry together by a silken ribbon, ornamented with interrogation marks, and since no pressure is put upon anybody it holds well enough. There will be no inquiry respecting the fiscal policy, but as soon as the Unionist free traders are shown to be in the minority the government will be reorganized and Mr. Chamberlain will become Chancellor of the Exchequer.

As long as it was suspected that Mr. Balfour was Mr. Chamberlain's dupe and would ultimately be displaced by the stronger statesman fiscal revision was under a cloud, but now that it is an open secret that Mr. Balfour is fully committed to the new policy and intends to remain Prime Minister and carry it out, recruits are turning up at Westminster. The enthusiastic followers of Mr. Chamberlain are predicting that three-fourths of the Unionists in the House of Commons will pronounce boldly for fiscal reform this week. These expectations are not likely to be fulfilled when constituencies have not been consulted, and need even more time to recover their breath than the members themselves. The straight-out free trade Unionists in the House of Commons probably do not exceed a hundred, but even that number represents as formidable a secession from the party as Mr. Chamberlain himself headed against Mr. Gladstone on the Home Rule question.

Chamberlain Had Reason.

Meanwhile fiscal revision, which was presented originally as a question of taxing imported food, has become an issue of retaliation under Lord Lansdowne's lucid exposition, and covers the taxation of raw material and the protection of manufactured goods. Why Mr. Chamberlain chose the line of greatest resistance is a mystery, but he evidently had some reason for taking up the tariff question at the weakest and most vulnerable point. Certainly if the working people of the United Kingdom will endure the increased cost of food supplies they can stand anything which he may have in reserve. The taxation of food is, however, indispensable in any arrangements which may be made with the colonies, and both Canada and Australia are expected to pay well for it, both in heavy reductions of their own tariffs on British manufactures and in large contributions to imperial defence, by which the budget may be lightened. Here Mr. Chamberlain will have much easier work when he passes from the taxation of food to the defence of the home market against the German manufacturers, with a system of export bounties behind them.

Newcastle-on-Tyne may witness the opening of Mr. Chamberlain's autumnal campaign, but the real battleground is Lancashire, Yorkshire and the Midlands, where both manufacturers and workmen need to be converted from free trade to protection. The middle classes, which have been terribly bled by the income tax during recent years, will probably respond readily enough to any system for restoring the natural proportions of direct and indirect taxation.

Business Disturbed.

The Liberal journals are asserting that business is already unfavorably affected by the disturbance caused by the fiscal proposals, and that the commercial classes will speedily unite in demanding a general election. This is blatant partisanship, as disingenuous as the warning drawn by the Liberal journals and Lord Hugh Cecil from the German elections. The disastrous consequences of increased taxation of food, the facility with which a million recruits for the Socialist party in Germany are transformed from political agitators into rebels against the protective system is a forecaste of what is coming in the next two years in British politics when figures are manipulated so as to prove anything, and directly opposite conclusions are artificially forced from the same columns of statistics. All the signs point to the reopening of the tariff issue all along the line. The Cobden Club has been restored to life and is scattering in the home field tracts originally written for the conversion of America and the Philistine world; members of parliament are reviving reminiscences of political economy and picking and choosing phrases for explaining the reversion of the Tories to protection. So passeth away Mr. Cobden's forecast of the free trade millennium, and Old England coming to her senses profits by the economic experience of America and the remainder of Christendom.

Ladies' Night at Doric Lodge.

Doric Lodge, No. 316, A., F. and A. M. will have a "ladies' night" on Thursday evening. The function will be unique in Masonic circles as the program calls for a reception by the W.M. and officers of the lodge from 7 to 8 p.m., a banquet at 8.30, to be followed by dancing and progressive euchre. The entire suite of rooms in the Temple Building will be open for the guests, and the musical feature will be presented by the best talent in the city, all the performers being ladies. Only the members of Doric and their lady friends will be present, as no invitations have been issued.

Germany Got the Coin

Caracas, Venezuela, June 21.—The German government was yesterday paid the $60,000 as stipulated in part liquidation of the German claims against Venezuela.

POWERFUL.

A Pure Food Drink Has Great Sustaining Power.

The sustaining power of Postum Coffee when properly cooked is greater than most people imagine, and it is well illustrated in the story told by a young Texas woman, who says: "I almost lived on Postum Cereal Coffee for over a month, and there was over a week I did not eat anything at all, but just drank the food drink Postum, and yet I grew stronger and gained weight.

"Our family physician examined Postum and decided to use it altogether in place of coffee. We all think it has no equal as a nourishment for the sick for beside being pleasant to the taste it is so strengthening. My father and mother have always been coffee drinkers and suffered all kinds of troubles from the coffee until about a year ago a neighbor was praising Postum and mother decided to try it.

"They improved at once and have drunk Postum ever since and mother, who used to be bothered with nervousness and sleeplessness particularly, is in splendid health now. She says the change came entirely from drinking Postum and leaving off coffee." Name given by Postum Co., Battle Creek, Mich.

A Wonderful Medicine.

Beecham's Pills

FOR ALL

Bilious and Nervous Disorders,

Sick Headache, Constipation, Wind and Pains in Stomach, Impaired Digestion, Disordered Liver and Female Ailments.

NEW COMPANIES INCORPORATED.

Two City Educational Concerns Get Charters.

According to this week's Ontario Gazette, the government has been pleased to confirm by supplementary letters patent the bylaw of the King Edward Hotel Company, Limited, providing for an increase of the capital stock of the company from $500,000 to $1,000,000. The Ferrin Plow Company of Smith's Falls, Limited, may increase their stock from $60,000 to $100,000.

Incorporation has been granted to the Ramy Lake Pulp and Paper Co., Limited, capital to be $500,000, provisional directors to be Hon. G. E. Foster, William Blackwood, manufacturer, Winnipeg; William Alfred Preston, capitalist, Mine Centre, Ont., and William James Elliott, barrister, Toronto. The Central Business College of Toronto is authorized to issue stock to the amount of $150,000, provisional directors being W. H. Shaw, principal; Alexander Kennedy and Phineas McIntosh, teachers, and Arthur Sprott, secretary. John Joseph Seitz, manager of the United Typewriter Company, is one of the applicants for a charter. A charter is also granted to Margaret Taylor Scott and Annie Florence Merrick, principals; Matilda Clara Elliott and John Catto, merchant for the Branksome Hall Ladies' College Co., Limited, of Toronto, capital $40,000. The Crosby Company, Limited, of Point Edward is incorporated to deal in machinery and metal goods, with a capital of $250,000. Other charters granted are: Hermina Mining Company, Limited, of Sault Ste. Marie, capital $500,000; Niagara Falls Driving Park Association, Limited, of Niagara Falls, capital $2500; Canadian Underskirts Company, Limited, of Toronto, capital $40,000; The Iron Ox Remedy Co., Limited, of Walkerville, capital $100,000; Canada Felting Company, Limited, of St. Jacobs, capital $50,000; Algoma Builders' Supplies Company, Limited, of Port Arthur, capital $40,000; Hiawatha Navigation Company of Sault Ste. Marie, capital $25,000; Central Business College of Toronto, Limited, capital $100,000; Rainy Lake Pulp and Paper Co., Limited, of Toronto, with a capital of $500,000; Barrie Shoe Co., of Barrie, capital $40,000; the Westport Electric Light Company of Westport, capital $40,000; The Municipal World, Limited, of St. Thomas, capital $40,000; St. Agnes School, Limited, of Belleville, capital of $20,000.

The following licenses have been granted: The Eagle Copper Company, capital $50,000; the Rochester Germicide Company of New York, capital of $15,000; William Clapperton & Co., Limited, of England, capital of $4500.

The following appointments to be notary public have been made: John F. MacGillivray of Rat Portage, Alexander C. Hill of Ottawa and Hamnet P. Hill, Ottawa.

Freight Rates in B.C.

Vancouver, B.C., June 21.—Fourth Vice-President Bosworth of the C.P.R. and party left for the east on Saturday afternoon's Imperial Limited. Yesterday morning Mr. Bosworth had an interview with a committee of local wholesale merchants regarding freight rates to the interior and to northwest points. The merchants contend that a discrimination was made in favor of Winnipeg, which practically shut them out of business. Mr. Bosworth promised to consider the matter and give a reply in the course of thirty days, but pointed out that haulage thru the mountains was more expensive than on prairie; and also that the company had to bring many empty cars out, as movement of freight was heavier from the west than from the east. General Manager McNicoll of the C.P.R. is expected here on Thursday next.

To Adjust Inter-Union Bickerings.

Washington, June 21.—The Executive Council of the American Federation of Labor have decided to invite representatives of the Carriage and Wagon Workers and Brotherhood of Painters and Decorators to confer at Lafayette, Ind., in July, for the adjustment of their controversy. In regard to the controversy between the United Brotherhood of Carpenters and Joiners of America and the Amalgamated Society of Carpenters and Joiners, the Council decided that President Gompers notify the officers of both to arrange for a meeting on or before July 27 for the purpose of carrying into effect the decision of the New Orleans Convention in this dispute.

Tackling a Big Proposition.

Washington, June 21.—President Roosevelt received three callers Saturday, who, if they should return to their native country, might be held liable to the penalty for high treason. They were Chinamen—Prof. Leong Kai Chek, vice-president of the Chinese Reform Association; Pow Chee, secretary of the same organization; and Charles Yih Yen, president of the branch association in Canada. They are endeavoring to create a sentiment among Chinamen thruout the world, including people in their native country, for the establishment in China of a constitutional monarchy. They desired simply to pay their respects to President Roosevelt.

Lightning Killed 6 Men.

Cambridge, Ohio, June 21.—Lightning struck a hut stored with 3000 pounds of dynamite at the new mines now being opened near Senecaville, 12 miles from here, yesterday during a storm, killing six men and injuring a score of others, besides ruining the mine shaft. The men were scattered over a radius of 100 feet.

Saved Children From Fire.

Tweed, June 21.—Ben Fisher, a farmer, living about three miles from this place, had his house and contents burned this morning. He arose early to milk, leaving his children in bed, when he discovered fire. He ran to the house just in time to save his children. Mr. Fisher's wife died very suddenly about two weeks ago.

AT OSGOODE HALL.

Validity of a Will Upheld—Return of Eli Hyman Commission.

John H. McMillan of Gore Bay sued the Orillia Export Lumber Company for $308.68, and the company counterclaimed for $800. The trouble arose over a consignment of lumber, and was heard by Mr. Justice Street at Sault Ste. Marie in December last, when both claims were dismissed, excepting an amount of $154.93, due by the company to James Hinden, who assigned it to the plaintiff. The defendants paid this amount into the bank to the credit of Hinden, and claimed they had not received notice of the assignment. The trial judge in his decision given on Saturday upholds this contention and dismisses this portion of the claim also. It is without prejudice to the plaintiff to bring another suit for the $154.93, if he should find it necessary to recover the money.

Angus McFayden of the Township of Fenelon died on Sept. 14, 1902. His wife, to whom he had been married 40 years, predeceased him, and there were no offspring from the union. In 1884 he had made a will leaving his property to a stepdaughter, Miss Jamieson, but on Sept. 2 last he had another will prepared by Dr. Grant of Woodville. By this testament, he bequeathed his farm and most of his other property to John D. McFayden, known as John Gooseleg, who was instructed to pay $100 to the Presbyterian Church at Glenarm. Three sisters of deceased, Mary and Sarah McFayden and Flora McLean disputed the validity of the last will, and Mr. Justice MacMahon tried the case at Lindsay last week. By his decision handed out on Saturday, the will is declared valid, and to have been made without any undue influence on the part of the legatee.

The Kingston Heat, Light and Power Company are appealing to the Privy Council in the matter of the purchase of their plant by the City of Kingston. The arbitrators refused to allow the company anything for their franchise, and in this were upheld by the late Mr. Justice Lount and the Court of Appeal. About half a million was allowed for the plant and the franchise was valued at $80,000, but the courts say the city should not pay that amount for what they gave away for nothing.

Edward Blake will not appear for the Lord's Day Alliance before the Privy Council on the appeal now pending regarding the violation of the Sabbath. Mr. Blake is very busy preparing his brief for the Alaska Commission, and A. E. O'Meara will argue the case for the Alliance. J. A. Paterson, K.C., will appear on behalf of the provincial government.

The Dominion Bank entered an action on Saturday against Charles B. Jacks of this city to recover $1105 on a note made in 1897 by the Athenaeum Club.

An application will be made before the Master-in-Ordinary this week for the appointment of a permanent liquidator for the Atlas Loan Company, and for the usual order necessary for the winding up of an estate.

Thomas Hodgins, Master-in-Ordinary, will sit to-morrow to take further evidence in the Hyman case, if he arrives home to-day, as expected. Mr. Hodgins is returning via Winnipeg and C.P.R. steamer to Owen Sound. The evidence taken in San Francisco was concerning the claim of the widow, who states she was married to Eli Hyman in Poland forty years ago, and of her daughter, Mrs. Wertheimer. A dozen witnesses were called in support of her contention.

CHANGE IN TIME JUNE 14.

To New York and Philadelphia via Grand Trunk and Lehigh Valley

Day train, "Black Diamond Express," leave Toronto 8.00 a.m. daily. Fare only $10.60. Toronto to New York. Fast New York Night Express, 6.00 p.m. daily. Dining car and Pullman sleeper. Late Night Express for New York, 11.20 p.m. For tickets and Pullman, call at G. T. R. City or Station Ticket Office. ed

Excellent Train Service to Highlands of Ontario.

The Grand Trunk is the only line which reaches the popular Summer Resort Region, known as the "Highlands of Ontario."

Fast Express leaves Toronto 12.05 a.m. daily for Muskoka Wharf, connecting with steamers for Royal Muskoka Hotel and principal ports on lakes, also to Huntsville and North Bay. This train carries Pullman sleeper to Muskoka Wharf and North Bay.

Muskoka Express leaves Toronto 10.45 a.m. daily except Sunday for Muskoka Wharf, connecting with steamers for all ports on lakes, carrying parlor car.

Express leaves Toronto 11.30 a.m. daily except Sunday for Penetang, Huntsville, Burk's Falls, connecting at Huntsville with steamers for ports on Lake of Bays. This train carries parlor car to Penetang and cafe parlor car to Huntsville and Burk's Falls.

The Muskoka Lakes, Lake of Bays and Georgian Bay district are noted for the healthy and refreshing climate, up-to-date hotels. For full information and illustrated literature apply to Grand Trunk City Ticket Office, northwest corner King and Yonge-streets. ed

Cheap Excursion to Denver.

The Wabash will sell round trip tickets to Denver, Col., at less than the one-way first-class fare. Tickets on sale July 6th, 7th and 8th, good to return any time before Aug. 31st, 1903. Passengers going via Detroit and over the great Wabash line can go via Chicago and Omaha, return through Kansas City and St. Louis without extra charge.—This will give passengers the opportunity to see the great World's Fair Buildings at St. Louis. Special excursions from Denver to all points in Colorado and California.

For full particulars, address J. A. Richardson, District Passenger Agent, northeast corner of King and Yonge-streets, Toronto. 136

An Attractive Program.

At Hanlan's Point this week the vaudeville bill should prove very attractive as a number of performers who have never been seen here before will take part in the free entertainment. Cliffe Dane is a monologist with a fund of funny stories. Hughes and Burns will offer a new sketch. Schaffer, Stillman and Schaffer, in a novel musical act. Chatham Sisters in songs and dances. These all come well recommended from eastern cities. Ely and Harvey's sketch is said to be very amusing.

New Railway for Yukon.

Chicago, June 21.—The contract has been awarded to a Chicago company for building and equipping 413 miles of the new Alaska Central Railway from Resurrection Bay north thru the Cooke Inlet country and up the Sustina Valley to the Tanana River 160 miles above its junction with the Yukon. The construction company is made up of Illinois, Michigan and Ohio capitalists.

Fast Train to Brantford.

Passengers can leave Toronto at 9.00 a.m. daily, except Sunday, via the Grand Trunk Fast Express and arrive in Brantford at 10.45 a.m., making connection for St. Thomas. New express leaves Brantford 1.15 p.m. daily, except Sunday. For tickets and all information apply at Grand Trunk City Ticket Office, northwest corner King and Yonge-streets.

The Parkdale Church School.

The closing exercises and distribution of prizes of the Parkdale Church School will take place at the Masonic Hall, corner of West Queen-street and Dowling-avenue, Friday evening next at 8.15. Invitations have been issued by the lady principal.

Barley-Malt
Best Hops
No Corn

One reason for the superiority of the Anheuser-Busch brews is, they contain *no corn*, an ingredient that cheapens the cost of brewing and injures the quality of the beer. The mark of purity—

TORONTO HOME COMERS FESTIVAL JULY 1ST TO 4TH 1903

The acceptances of the Board of Trade's invitation to the Home Comers' Festival are pouring in by the hundreds every day, and the crowd of visitors promises to be greater than the most roseate expectations. Interesting correspondence crops up in various ways.

Rear Admiral Walton of the United States navy, writing from Annapolis, Md., says: "The Board of Trade is to be congratulated on its happy inspiration to bring back to Toronto its wanderers and to warm their hearts by its hospitality. I wish its members greater and continued prosperity, and the home comers all success and happiness."

W. Weston of Denver, Col., writes: "I used to shoot snipe on the Garrison Common and duck and plover on the Island when John Hanlan was Island Constable and his and Davy Ward's fishing shanty and the lighthouse were the only buildings on it. In '69 I had the distinguished honor of blowing up a house on Church-street in celebration of the Queen's birthday, and at various times came very near blowing up various other people, myself included. These incidents were attributable to the high spirits pertaining to Canadian youth, and in a measure to the ardent variety, for the fine quality of which Canada is so pre-eminently distinguished.

"But I am helping to build a Northwestern railway myself, and if you have any more immigrants than you can handle pass them on to me."

THE ROBERT SIMPSON CO., LIMITED

On account of overcrowding at the Robert Simpson Company's store, and the requirement of more selling space, the company has purchased the old Canada Cycle building at the corner of Bay and Front-streets for use as a factory and storage warehouse. Mr. Wood, the manager, refuses to say positively that the building has been purchased, but admits that on account of the intended appropriation of the present store room floor as a salesroom, negotiations have been going on with the owners of the Canada Cycle building for some time past.

A general moving upward is intended, that is, the dress goods, etc., from the ground floor are to be moved up to the first floor. The mantles are to be removed to the second floor and will take up the whole flat. In order to make way for this the curtain and carpet department will have to go up to the fourth floor and in order to find room for the restaurant it will be necessary to get rid of the $150,000 worth of stock piled up on the top floor, which has heretofore been used as a storeroom.

In order to accomplish this as speedily as possible a general slaughtering of prices has been decided on, and rare opportunities for bargains are undoubtedly being presented. The prices of some very fine originals in the art department are to be cut in half. The prices of furniture, carpets, curtains, dress goods, clothing and the innumerable smallwares of the store are to be ruthlessly sacrificed to the plans for the occupation of the top floor. A splendid opportunity is offered for the furnishing of summer cottages, boarding houses, hotels, etc., at such prices as have seldom been seen before.

EMPEROR WILLIAM'S PROPHECY.

Hamburg, June 21.—Emperor William, at a dinner given last evening in connection with the unveiling of a memorial to William the Great, proposed a toast in which he recalled the tasks undertaken and accomplished by William the Great, and appealed to the German people to approach their allotted tasks without asking whether they were difficult or easy or how they should be solved. "Germany," he said, "will advance along the paths of enlightenment, brightness and practical Christianity, and will become a blessing to humanity, a pledge of peace and a marvel to all other countries."

DECLINING A BAD EXAMPLE.

Johannesburg, June 20. — An agitation is on foot to stop "commemoration dinners," such as the Reformers' Dinner, the Ladysmith Dinner, the Mafeking Dinner, etc.

Old residents who have smarted for years at the Majuba Day celebrations of the Boers are anxious to deal with our late enemy in the spirit they themselves would have desired under the old regime.

Drowned From a Canoe.

Peterboro, June 20.—Another sad canoe fatality occurred here yesterday afternoon on the Little Lake. Innes Hamilton, the youngest son of Peter Hamilton, of the Peter Hamilton Manufacturing Company, while out sailing, was in some manner upset from the canoe and drowned before assistance could reach him. The body was recovered about 9.30 last evening.

ARE YOU THE MAN YOU OUGHT TO BE?

Are You as Strong as You Look? Or Have You Weak Nerves, Failing or Lost Vital Power, Waste of Strength, Varicocele, Poor Memory, Dull and Stupid Feelings, Lost Ambition, Weak Back and General Breaking Down?

Have you doctored without benefit? Is your stomach ruined from drugs and your money wasted? Are you tired of trying useless remedies? Then come to me. I have a positive and certain cure for you in

Dr. McLaughlin's Electric Belt.

You put it on when you go to bed, and sleep peacefully under the influence of its warming, vitalizing power. You awake full of ambition, with a healthy desire to tackle your day's work. Each day you gain new life from it, and soon begin to feel yourself a man among men. Each symptom of your trouble gradually disappears, strength takes the place of weakness and your life is made happy by the restoration of your old health and vigor.

WORKED A MIRACLE.

DR. MCLAUGHLIN,
Dear Sir: I have to thank you very much for your Electric Belt. This time last year I was not able to do any work on my large farm; now I am able to turn out and guide the men. I was so overcome with heart disease that I could not walk. I am seventy-four on the 28th of this month, and you know at my time of life you cannot make me over again, but your Belt has worked a miracle on me. I had faith in your treatment from the first, and believed all you said to me about my case, and I assure you, sir, I will do my best to make known, with pen and tongue, the good quality of your electrical treatment. If you like you can make use of my name before the public. I am your obedient servant, **JAMES JOHNSTON, J.P., Ottawa City Postoffice.**

I believe in finding the cause of all such troubles and removing it. If it is in the stomach I restore the power there; if in the nerve system I build up the nerve force; in the kidneys, in the blood or the organs of generation, I find the cause and supply to the body the needed help, and after I have removed the cause nature will cure the disease.

Too many physicians make a mistake of treating the condition and overlooking the cause. If a heart is weak they stimulate it with drugs when they ought to devote their treatment to building up the stomach, which is the real cause of the heart failure. Every time the heart is stimulated by a drug its vitality is strained, and one day it will simply stop short.

Tell me where you live and I will send you the name of a man in your own town I have cured.

To any man or woman who will give me reasonable security I will send the Belt with all the necessary attachments suitable for their case, and they can

PAY WHEN CURED.

READ WITH CARE. Every patient wearing Dr. McLaughlin's Electric Belt receives free until cured the advice of a physician who understands his case. Positively the only electric appliance offered to the public which has a practical physician in attendance.

READ MY BOOK—I have published a beautifully illustrated 80-page book which should be in the hands of every young, middle-aged or old man who suffers from pain or weakness. I will send it, closely sealed, free for the asking; also symptom blanks, and will give free advice by mail. It is better to call when you can and have a free test of my wonderful Belt at my office.

DR. M. O. McLAUGHLIN, 130 Yonge St., Toronto, Ont.

FED PARIS GREEN TO COWS.

Family Feud Near Windsor Assumes a Serious Phase.

Windsor, June 21.—What is believed to be the latest episode in a family feud extending back for years in Tecumseh Village resulted in an information laid before Magistrate Cheyne in Windsor by James W. Hawkins against Eva St. Louis, daughter of Joseph St. Louis, a neighbor, living on the Tecumseh road six and a half miles from Windsor. She is charged with feeding paris green to cattle belonging to the former.

A warrant was issued at noon by Chief Willis and placed in the hands of a constable. The cattle showed signs of illness, and before the arrival of a veterinary surgeon, suffered convulsions, altho none died. Later, Hawkins and his own family, consisting of his son, two daughters and wife, were seized with cramps. Several families in Walkerville who bought milk from Hawkins also experienced the same sickness. The constable and Hawkins suspected that poison had been placed within reach of the cattle, and upon investigation found quantities of salt mixed with paris green spread along the roadside between the two farms.

FIERCE FIGHT IN MONTREAL.

Montreal, June 20.—As the result of a fierce fight between a crowd of white and colored men on the road about half way between Montreal and Back River to-day, several of the combatants are now in a critical condition, and two or three of them may die. The fight lasted for fully half an hour, and knives and bludgeons were freely used. The white men seem to have got the worst of the battle, as two of them had to be taken to the hospital, and two others to their homes on St. Denis-street. William Dilaire of Park-avenue, was taken to the Royal Victoria Hospital, where no fewer than eighteen stitches had to be put in one of the most severe of the cuts. The other white man, Lazone Poulin, who was also taken to the hospital, has a serious cut on the head, inflicted probably with a bludgeon or a piece of a fence rail. In the battle on the road, knives, bludgeons in the shape of fence rails; in fact, everything the combatants could lay their hands on, were used. None of the colored men were seriously injured.

FEARS A CAR STRIKE.

Des Moines, Ia., June 20.—Governor Cummins, upon receipts of advices that a crisis was approaching in the street railway strike at Dubuque, issued orders today to mobilize three additional companies of militia at that point.

SCHWAB DENYING.

New York, June 20.—Charles M. Schwab to-night denied the reiterated report that he was to resign as president of the United States Steel Corporation. "It is absolutely false," said Mr. Schwab. "These rumors, so often put forth, are really not worthy the dignity of a further denial."

Big Railway Shake-Up Denied.

Detroit, June 21.—Henry B. Ledyard, president of the Michigan Central Railroad, was asked about the truth of the rumors that there was to be a reorganization of the system of railroads controlled by the New York Central interests, which included his own retirement from the presidency of the Michigan Central and the shifting of the general offices of the line to Cleveland. He said: "There is not a word of truth in them."

Salmon Fishers on Strike.

Vancouver, B.C., June 21.—Fishermen held a meeting at New Westminster Saturday and decided not to fish unless canners concede to their demands. They will institute a thoro patron system at once. They claim to have Japanese fishermen with them, but, despite assertion, large numbers of Japanese fishermen are daily leaving for Stevenson, the fishing centre.

DR. J. COLLIS BROWNE'S CHLORODYNE

Vice-Chancellor Sir W. Page Wood stated publicly in court that Dr. J. Collis Browne was undoubtedly the inventor of Chlorodyne, that the whole story of the defendant, Freeman, was deliberately untrue, and he regretted to say it had been sworn to.—Times, July 13, 1894.

DR. J. COLLIS BROWNE'S CHLORODYNE.—The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport that he had received information to the effect that the only remedy in any service in cholera was Chlorodyne.—See Lancet, Dec. 31, 1864.

DR. J. COLLIS BROWNE'S CHLORODYNE is prescribed by scores of orthodox practitioners. Of course, it would not be thus singularly popular did it not supply a want and fill a place.—Medical Times, Jan. 12, 1866.

DR. J. COLLIS BROWNE'S CHLORODYNE, the best and most certain remedy in coughs, colds, asthma, consumption, neuralgia, rheumatism, etc.

DR. J. COLLIS BROWNE'S CHLORODYNE is a certain cure for cholera, dysentery, diarrhoea, colic, etc.

Caution: None genuine without the words: "Dr. J. Collis Browne's Chlorodyne," on the government stamp. Overwhelming medical testimony accompanies each bottle. Sole manufacturers, J. T. Davenport, Ltd., London. Sold in bottles at 1s. 1½d., 2s. 9d., 4s. 6d.

YONGE AND DELAIDE.

Frisco to Gotham by Auto.

San Francisco, June 20.—E. T. Fetch of Jefferson, O., and M. C. Krarup of New York left here to-day in a 12 horse-power single cylinder gasoline motor car with the intention of traveling to New York. The trip is undertaken to demonstrate what an automobile of moderate power can do over mountain and desert roads of the worst description.
