McFarland, have been published in neat phamphlet form for collective use. The Anti-tobacco Society of Saint John with the desire of obtaining such reliable facts on the subject of Tobacco, as would enable every one to judge in regard to its use, offered a prize for the best essay on Tobacco. The three essays now published are the best of all those handed in and the writer of the Introduction bespeaks for the pamphlet, the careful perusal of all into whose hands it may come.

DRAMATIC.

A dramatic season of five nights and matinee will be given in the Institute next week, by the English Artists, Geo. M Wood and Marguerite St. John assisted by their own company. The opening performance will be on Tuesday evening next and the play will be "David Garrick".

The press notices of the playing of Mr. Wood and Miss St. John both English and American, are very complimentary indeed.

Mr. Wood has played the part of "David Garrick" upwards of 1300 nights in London and the principal English theatres. The company's reportoire contains some plays which are entirely new to the good people of this city and there is little doubt that every appearance of the company will be met with a full house.

SLAUGHTER HOUSE COMMISSION.

The secretary's financial statement presented at the meeting of the Slaughter House commission yesterday showed a balance on hand of $299,87.

Applications for license to keep a slaughter house were read from Michael Kane, Lawrence McGrath, Patrick McKenney and John Damery, M. J. Collins, Peter O'Connor, C. F. Black, West Quaco, John Dunn, Musquash, Cudlip Miller, St. Martins. Thomas McGrath asked for a license for a slaughter house to be erected on the Marsh beyond the city line, and some hundreds of yards from the public road. The measurements of the building Mr. McGrath proposes to build will be 60x35 feet, with posts 18 feet and a pitched roof. The killing room will be 20x35 feet and the cooling room 40x35 feet. It will have a cellar the whole size of the building, with an asphalt floor. Water will be obtained from a well in the building. Next fall a refrigerator will be attached to the building.

Mr. Gleeson moved that McGrath Bros be granted permission to erect such slaughter house if they comply with all requirements of the commission in the matter of location, drainage, etc., and that when the requirements are complied with they be granted a license. This motion was seconded and carried unanimously. The condition of the slaughter house was reported satisfactory. On motion the apportionment of licenses was postponed till May 17th, when a meeting will be held for the purpose.

SHIPPING FACILITIES.

What Should be Done to Provide Berths for Steamers Here.

A short time ago Messrs J. DeWolfe Spurr and Robert Cruikshank were appointed a committee of the Board of Trade to examine into the facilities afforded by the port, for the shipment of goods by steamer, and to report on any necessary improvements they could recommend. Mr. Robert Cruikshank was seen today by a representitive of the GAZETTE and, in answer to to inquiries said, that he and Mr. Spurr had been looking into the matter chiefly with a view to the improvement of the facilities for steamers on the Carleton side of the harbor "In my opinion" said Mr. Cruikshank, "we ought to aim to provide at least one berth for a steamer which would be imediately available, and in a place where an increase of accomodation could be readily obtained. The most suitable place for this is at Sand Point. Here the railway people have a frontage on the harbor of 1,600 feet extending towards the beacon, and a wharf 200 feet in length, with a depth of 30 feet at low water. I would propose to extend this wharf, north 90 feet farther, so as to close up the front of Protection street. This would give a length of wharf on the harbor line of 290 feet, which would be quite sufficient for steamers like the Damara. The railway is already completed to the wharf, and all that would be needed for the shipment of freight at Sand Point, would be this slight wharf extension and the building of sufficient warehouses or sheds on the wharf. The wharf might be afterwards extended to the full length of the 1,600 feet owned by the railway company. Right behind this the company have thirteen acres of land, while Carleton owns 30 or 32 lots in the pond. This territory would afford ample room for extensive shipping facilities in connexion with a large deep water wharf, and I think that steps should at once be taken to make it available. When the steamers begin to come here we should be ready for them."

St. Andrews' News.

Simeon Patch, of Snug Harbor, Campobello, was tried before Justices C. E. O. Hatheway and D. F. Campbell, in the office of the former at St. Andrews, on Thursday, 2nd inst., for violation of the Scott Act. The complainant was Henry Whelpley, of Campobello. F. H. Grimmer appeared for the prosecution; M. N Cockburn conducted the defence. The trial resulted in a conviction and imposition of the penalty for a first offence, viz: fifty dollars and costs. Mr. Cockburn applied for a copy of the proceedings and the case may possibly be appealed.

Mr. Thos. Black has commenced work on the front of his store and residence; the old windows on the second and third flats will be taken out and replaced by modern windows; the front will be clapboarded and painted.

Mr. James Storp's store, with its new plate-glass windows and modern internal fittings, presents a very attractive appearance.

WAGG SIGNED THE CONTRACT.

Referring to the letter which A. P. Wagg wrote to a friend in St. John in effect that his engagement to play in Moncton is news to him, the Transcript says: "Wagg was evidently fooling his friend if he wrote this; as he has signed a contract to play in Moncton."

THE TEEMER-GAUDAUR RACES.

John Teemer had not signed articles for his proposed races with Jake Gaudaur two days ago. The articles forwarded to him for signature propose races of two, three and four miles upon smooth water for $500 a side each race, and fifteen hundred for the best in three. The first race is to be over a course of two miles, and will be rowed June 8, provided Teemer signs the articles; and the course for this event is to be chosen by Gaudaur and named on or before May 20. The loser of this race is to decide whether the second race shall be over a a distance of three or four miles, and Teemer is to name the course on the day the first race is decided. The choice of a course for the third race will be made by toss of a coin on the day the second race is decided. There must not be more than 15 nor less than 10 days' interval between each race. Any gate receipts that may accrue are to be divided in the proportion of 75 per cent. to the winner of the race and 25 per cent. to the loser. But the winner of two races in three takes the entire amount of stakes posted. It is said that Mr. St. John wants a change in the articles, before the contest takes place.

O'CONNOR AND SEARLE.

Searle and Searle's backers apparently are doing all in their power to put O'Connor down. They seem anxious to bring up difficulties in the place of holding a championa race at all. Searle has made a deposit and threatens if O'Connor does not cover it immediately the race will be declared off. But the deposit will be covered all the same and O'Connor will bring home the championship.

Lacrosse.

The Y. M. C. A. club held another meeting last evening and discussed the prospects for the season. The boys are getting uniforms, and the sticks are expected every day. Another match game is on the tapis.

The most interesting thing on the Rosedale grounds yesterday, says the Empire, was to see the youngsters waiting patiently with sticks in hand to play Canada's national game after the exponents of the importation had got through. To quicken the eye, to strengthen the limb, to improve the heart and encourage pluck no better game than lacrosse was ever invented.

The Empire has the correct sentiment and is booming the national game for all it is worth.

Athletic.

Kentville will celebrate the Queen's birthday by professional sports, etc. In throwing the cricket ball, 100 yards, wheelbarrow race, boys under 15, 3 legged race, running high jump, pole vaulting, standing high kick; first prizes of $2.50 and second of $1.50 are offered for each event. For the mile race, prizes of $4 and $2 each; ½ mile, $3 and $1.50; standing broad jump, putting shot, obstacle race, $2.50 and $2 each; tug of war, $10; 100 yards of reel race, $15. Entries close May 20.

KENTVILLE IS EXTRAVAGANT.

Moncton wheelmen have decided to form a bicycle club.

Get organized, Moncton, and come and see us.

The prospects for bicycling in St. John this year are excellent. A large increase in the membership of the club is expected and a meet will be held in the fall. Numerous lovers of the sport from Halifax and surrounding places will be over to compete and old friends from Maine will likely be here as well. There is a good time coming boys.

Macaulay Bros. New Department.

The very great increase in business in the silk and French dress department of the dry goods house of Messrs. Macaulay Bros. & Co. has compelled these gentlemen to establish an additional department in their house for these goods. They have therefore opened a special department on the second (2nd.) floor, for these lines where will always be found in stock, a full supply of parasols, sun shades. China silk Garibaldis, shot and plain satin merveilleux, waists and Garibaldis, and all goods coming under this class. This special department either alone or together with the extra choice and beautiful millinery department of this house will form a great and lasting attraction for the many hundreds of ladies who daily visit the fine store of Messrs. Macaulay Bros. & Co. This enterprising firm with these recent improvements can now fairly claim that they have one of the finest and most extensive dry goods establishments in the lower provinces, and one of the best, personally selected stocks in the Dominion of Canada.

The Magistracy.

The meeting of Thursday, with reference to the magistracy of St. John, is still the leading topic of conversation. Being a private meeting one or two slight errors crept into our report, which, however, was entirely correct as to its spirit and its results. Mr. John McMillan was unable to be present, owing to a business engagement. Mr. Arthur Everitt, who was in the chair, did not ask as reported, if the Attorney General wanted the new city baptized in blood. Those who know Mr. Everitt are aware that had such a remark been made by him, it would not have meant seriously, but would merely have been in the nature of chaff. What Mr. Everitt and the other gentlemen wished to impress upon the Attorney General, was the fact that there was no desire on the part of the people of St. John to remove Mr. Peters, and put Mr. Ritchie in his place, and in this they thoroughly succeeded. Mr. Everett disclaimed any hostility to Mr. Ritchie, and so did the other gentlemen who met the Attorney-General, but they are all agreed in the fact that the people of St. John did not want him for their magistrate. In the course of the meeting the Attorney-General stated, that Mr. Ritchie had not been appointed Police Magistrate, and that, so far as he was aware, he had not been promised the office. As he was leaving St. John yesterday afternoon, Mr. Blair said to a friend:—"I have said to the St. John members this is a local quarrel; settle it among yourselves, and if you can't settle it amicably, why things must remain as they are." As the union act provides that the police magistrate of St. John shall be the magistrate of the new city, and as three of the St. John members are utterly opposed to any change, this decision of the attorney general settles the matter in favor of Mr. Peters, and Mr. Ritchie's friends are now aware of this fact.

Selections from the Poets.

SIR WALTER SCOTT.

Breathes there a man with soul so dead,
Who never to himself hath said:—
"Why doth my wife so fret and frown;
I'll make her smile on me once more;
I'll hie me to Montgomery's store
And buy the dame a brand new gown."
If such there be go mark him well,
In him no dry goods raptures swell,
High though collar, tall his tile,
Boundless his wealth, severe his smile,
Unless he come to number nine
He is no customer of mine.
Despite his collar, hat and pelf
The wretch concentrate all in self.
Living shall forfeit fair renown,
And doubly dying shall go down,
To the vile of dust from whence he sprung
Unwept, unhonored, and unsung.
