TO STEPHEN K. FOSTER, ESQ.

SIR,—A Committee appointed by the Protectionists and their friends, to select and nominate a Candidate, who should receive the support of that Body at the approaching Election of a member to represent the City of Saint John in the Provincial Legislature, have met accordingly, and have agreed to nominate you; and we respectfully request that you will, in accordance with our wishes, allow yourself to be put in nomination by us, as a candidate for the representation of this City.

EDWARD JACK, Sec'y to Committee.
St. John, N. B., Nov. 4, 1851.

ST. JOHN, N. B., November 5, 1851.

SIR,—I have very great pleasure in accepting the Nomination of the Protectionists and their friends, as a Candidate for the Representation of the City of Saint John in the Provincial Legislature, and will be most happy to receive the support of that Body at the approaching Election. I am, sir, yours, most truly,

STEPHEN K. FOSTER.

To Edward Jack, Esq., Sec'y to Committee.

To the Freemen and Freeholders of the City of Saint John.

GENTLEMEN,—

AT the solicitation of a very large and influential body of my fellow citizens, I have consented to be put in nomination as a Candidate at the approaching election of a Member to represent the City of Saint John in the Provincial Legislature.

As this is my first appearance on the political stage, it is necessary that I should make known my principles.

I am a Protectionist, and the unflinching advocate of the working man.

I believe that the future prosperity of our country depends, in a very great degree, upon giving every encouragement to our Industrial Classes, whether engaged in Shipbuilding, Agriculture, Manufactures, or the Fisheries. To the promotion of these great Interests I shall devote all the energies I possess.

All necessary articles of consumption, which we cannot raise or manufacture, I would admit at the lowest possible rates of Duty for Revenue.

All raw material for manufacturing purposes I would admit duty free, that the labour of our own people may be employed.

Education I believe to be the foundation of a country's advancement; as its citizens become intelligent, its progress accelerates. A system of Common Schools, founded upon the contributions of all classes, and open to all classes, will also insure general intelligence. I shall, therefore, advocate the most liberal encouragement to Common Schools, and give my earnest endeavors to establish a system, which, by making all bear the burden, will make all desirous to share the benefit.

The question of Railways which has been agitating the minds of our community for some time past, is a subject in which, though I have felt a deep interest, I have taken no public part; but I shall be prepared to give every aid to those great measures now under discussion, which a prudent consideration of the resources of the Province would justify, and you may rest assured I shall oppose any plan for their accomplishment, which shall involve direct taxation, or peril in any way the commercial prosperity of the country.

With reference to our present Government I shall consider it my duty to look to the measures brought forward—not to the men who compose it—when these measures are such as in my opinion will promote the welfare of our common country, they shall receive my warmest support—when otherwise—my unhesitating opposition. I believe it to be my duty to look to the public welfare, not to the particular individuals who may constitute the Government for the time being.

GENTLEMEN—

These are my principles. Should you think me worthy of your confidence and support at the approaching election, and choose me as your Representative in the Provincial Legislature, I shall use [illegible] of our country.

I am, Gentlemen,
Yours very truly,
STEPHEN K. FOSTER.

October 21.

To the Electors of the City and County of Saint John.

GENTLEMEN,—

I AM induced to offer myself as a Candidate for your suffrages at the ensuing Election, to fill one of the vacancies caused by the late resignations, and while asking your support and confidence on this occasion will briefly state my political views.

I have ever advocated the cause of Protection, believing *that* to be one of the greatest means of advancing the interests and prosperity of this Province, and would consider it my duty, should I be Elected, to give such encouragement to Home Manufactures, as would guarantee the Mechanic against foreign importations, and so to frame our Tariff, that the necessary Revenue should be raised chiefly from articles of Luxury, while raw material and all articles of necessary consumption should be admitted, nearly, if not entirely, duty free; also to advocate a Reciprocal Free Trade throughout the North American Colonies.

With regard to the subject of Education, I would suggest a more extensive system, as well as a complete revision of the School Acts, and am of opinion that a moderate system of direct Taxation for this purpose would be best calculated to effect the necessary improvement.

The interests of our Fishermen require that Protection and encouragement should be given them, either in the shape of Bounties, or in some such other judicious manner, as would enable them not only to embark in their branch of business more extensively, but also place them in a position to compete with those of the neighbouring States.

On the question of Rail Roads, I would say that I consider their construction, a work of much importance to the Province, and would be disposed to give such encouragement thereto as our means would admit—but would not advocate any scheme which I thought would entail direct taxation on this Province.

I would endeavour to promote the Agricultural interests of the Country, by every possible means in my power, keeping in view the improvement of the Roads and Bridges, as well as affording to the farmer a suitable Protection against any Foreign Tariff.

You have now, Gentlemen, before you a brief sketch of my political views;—should you approve of them, and see fit to elect me as one of your Representatives in the Provincial Assembly, I will endeavour to take care of your Interests, to the best of my abilities, faithfully and independently.

I remain, Gentlemen,
Yours, respectfully,
JOHN F. GODARD.

St. John, November 8, 1851.

To the Electors of the City and County of Saint John.

GENTLEMEN—

I have been nominated as a candidate for the seat in the House of Assembly, now vacant for the County of Saint John by the resignation of the Honorable Charles Simonds. I pledge myself, in case of being elected, to further, to the best of my ability and judgment, the interests of the Province. I do not belong to that class of men who think that, because things are well as they now are, that they should always remain so, but to those whose object is improvement in their position, and whose motto is Progression when exercised with discretion and judgment.

Schools, Railways, Vote by ballot, and Protection, appear to be the objects which at present agitate the public mind.

Our School System is not sufficient to meet the energies of our people, nor is it creditable to the resources and standing of our Province.

It is admitted that Railways are necessary to our advancement, and they must be constructed with an economy and judgment that, while general good is the result, individually the people will not suffer.

I declare myself to be a strong advocate for Vote by Ballot and a proper Registration of Votes, fully believing that to be the surest mode of effecting honest and impartial returns of our Representatives.

I would also advocate the extension of the city of a fair value [illegible] of Leasehold Property.

I am a supporter of fair liberal Protection, and profess to be a Reformer. As far as the present Government are concerned, I will not pledge myself to act with them or oppose them. If their measures are good, they will receive my support; if the reverse, my opposition. In all matters pertaining to the good of the country, I will exercise my own discretion.

In conclusion, I have to say, that, if I am honored by being returned as your Representative, no effort will be offered by me without [illegible] and that will stand on the floor of the House elected by the free, unbought, unbiassed voice of my fellow people.

I remain, Gentlemen,
Your ready servant,
B. DWYER KINNEAR.
