LOCAL AND OTHER ITEMS.

THIS is Ash Wednesday.

No foreign mails have been received in this city since Saturday last.

A LONDON despatch says Dillon was to start for Australia on Friday last.

SIR CHARLES and Lady Tupper arrived in New York from Brunen, in the steamer *Trave*, on the 1st inst.

P. J. FORAN is offering extraordinary bargains in custom clothing. See his advertisement in another column.

THE appointment of Sir Julian Pauncefort, as British Minister to the United States, is semi-officially confirmed.

THIS being Ash Wednesday, High Mass was celebrated in St. Dunstan's Cathedral at 8 o'clock, and the ashes were distributed to the assembled congregation.

THE *Stanley*, after being thoroughly overhauled, left Georgetown for Pictou on Monday morning last. She did not reach Pictou till ten o'clock yesterday forenoon. She is expected back to Georgetown about noon to-day.

A FIRE at Marthaville, Ont., on the night of the 28th ult., completely destroyed the house occupied by Mrs. Callinan, an elderly lady who resided alone. The remains of Mrs. Callinan were found burnt to a crisp.

A MR. MCCABE, of Lot 49, lost a valuable cow the other day, and the owner, on account of the peculiar manner of her death, examined the animal and found the death was caused by a piece of steel about two inches long, which was imbedded in the lining of the heart.

BUTTERFLIES are still on the go. The latest was a large and lively one caught by Master Michael Clerkin, Byrnes' Road, last week, and who is anxious to have people know of his good fortune. Michael tended it carefully for a few days, but by some misfortune he has lost his much admired prize.—COM.

A LONDON despatch of the 4th inst. says: The rumored conflict between the German gunboat *Olga* and an American man-of-war, telegraphed from Kiel last night, can be traced to no authentic source. In Berlin, up to noon to-day, no official information of such an affair had been received by the Government.

MCLEAN, HEARTZ & Co's store at Souris was nearly being the scene of a conflagration on Wednesday last, caused by the breaking of a lamp. The blind and some articles in the window were soon in a blaze, and, had it not been for the quick action of those present at the time, who conveyed the burning articles to the street, no doubt there would have been a big fire.—*Examiner.*

THREE electric lamps have been placed in St. Dunstan's Cathedral, two in the body of the church, the other in the vestibule, which are an incomparable improvement in the lighting of the building. The inside ones so light the church that one can read in any part of it, while that in the porch sheds a brilliant light, not only on the entrance, but also on the surroundings and approaches of the Cathedral.

MONDAY last, the 4th inst., was inauguration day at Washington. President Harrison and Vice-President Morton were sworn in in the Senate Chamber of the capitol. The city was thronged with people, and the greatest enthusiasm prevailed. It is estimated that not less than a quarter of a million people joined in the cheering which greeted the new President as he passed from the capitol to the White House.

QUITE an animated debate was held by the St. Peter's Bay Debating Club on the 26th ult. The subject for discussion was, "Which has caused the most misery to mankind—the evils of war or those of intemperance." The subject was well and logically debated, all possible points being brought up by the various speakers. The principal debaters were Daniel Morrison, Dr. McDonald, D. Lawson, C. Waye, J. Landrigan, J. Bushy and others.—COM.

THE St. Patrick's Day Celebration, by the Benevolent Irish Society of this city, promises to be unusually successful this year. This Society deserves every encouragement; for over fifty years it has been doing a good work in our midst. In its benevolent work of visiting the poor and sick and burying the dead, it knows no creed or nationality. We therefore trust the celebration will be crowned with every success, so that the members may be encouraged to continue their charitable offices among the afflicted.

IN the proper column of the HERALD, to-day, will be found a notice of the marriage of Mr. David Lewis to Annie G. McCormick, both of Cardigan Bridge. Mr. Lewis is a son of Wm P. Lewis Esq., Collector of Customs, at that place, and is proprietor of extensive marble works. Miss McCormick has for many years, been organist of All Saints Church, and has been a universal favorite in the community of Cardigan. The HERALD extends to the young couple hearty congratulations, and trusts that their wedded life may be one of happiness and prosperity.

A FIRE broke out in the P. E. Island Hospital about 10 o'clock on Friday morning last. It caught in the Upper story from a bad flue, and before being discovered it had burnt through the roof and was well under way. Word was telephoned to the Chief of the Fire Department, and a very short time a hose reel was brought up to the building. Unfortunately, some delay was caused by the bursting of the hose, which gave the fire time to develop. As soon as the break in the hose had been remedied and a stream of water had been thrown on the building, the fire was quickly brought under control. The roof of the old wing of the building was badly burned, but the new one was only slightly damaged. There were some seven patients in the hospital at the time: they were removed to adjoining houses. Too building was insured for $2,500, and the furniture for $500.

ANOTHER successful entertainment was given, under the auspices of the League of the Cross, in St. Patrick's Hall, on Wednesday evening last. The overture was played by Mr. Thomas Cullen. Rev. M. J. McMillan was then introduced to the audience. He read a most interesting and instructive paper on the Popes; their labors and their influence on society from the early ages to our own times. His lecture lasted for about three quarters of an hour; it was most attentively listened to, and, at its conclusion, the lecturer was loudly applauded. Mr. Thomas Cullen gave a very interesting reading, bearing on the Temperance question. A laughable Farce was then successfully acted by members of the boys' branch of the League, entitled "Rival Barbers." During this performance the audience were convulsed with laughter. The performance was brought to a close by a splendid tableaux, entitled "The Gambler's Warning."

HORSE TOPICS.

BY TACKHAMMER.

There were some errors of the types in my contribution of last week, such as "woman" for wonder, "Auterale" for Antevalo, etc. The price at which this horse changed hands was $18,000, not $10,000. I must endeavor to be more legible.

The most fashionably-bred trotting horse in the Maritime Provinces, and, probably, in the Dominion, is Preceptor, 5301, owned by Messrs. C. C. Gardiner and B. Hearts. Preceptor is four years old, and was bred by the late J. C. McFerron, Glenvien, Kentucky. In color he is a good chestnut, with four white "stockings" and a stripe. These objectionable markings are not hereditary, but are rather an accident of nature, and may not be transmitted to any great extent. Preceptor's pedigree fairly bristles with turf performers and speed producers. His sire, Nutwood, stands higher in public estimation today, probably, than any other living stallion, if we except, perhaps, Electioneer. He has twenty-five representatives in the 2.30 list, nine of which entered last season, and his own record is 2.18¾. Nutwood is by Belmont, one of the greatest producing sons of Alexander's Abdallah, out of a daughter of Mambrino Chief, and his dam is Miss Russell, by Pilot, jr., dam of the peerless Maud S. Preceptor's dam is by Pancoast, out of a daughter of Hambletonian, 10. Pancoast is the sire of Patron, five-year old record 2.14¼, a half interest in which horse was recently sold by a Canadian gentleman for $15,000. The sire of Pancoast was Woodford Mambrino, the greatest son of Mambrino Chief, and Bicara, his dam, was by Harold, sire of Maud S., 2.08¼, and seventeen others with records below 2.30. Preceptor traces back to Hambletonian, 10, and Mambrino Chief, 11, three times, as well as to Pilot, jr., 12, the greatest of brood mare sires, and Selly's American Star, 14. It will be seen that Preceptor comes of the very best trotting blood, and it is of sufficient strength and volume to land him in the 2.20 list if properly handled for speed. So far no effort whatever has been made to develop his powers in this direction. He has been driven to harness very little; but persons who have seen him on the ice lately report that he gives abundant promise of great speed. His individuality has yet to be tested; but if possessed of individual merit to as great a degree as his rich breeding should warrant, the owners have in Preceptor a grand specimen of the trotting-bred horse.

Black Pilot, owned by Mr. George A. Dockendorff, North River, is the fastest trotting stallion in the Lower Provinces, as well as the most valuable non-standard horse. So soon as Pilot knocks a quarter of a second off his present record of 2.30½, he will be eligible for registration in Wallace's Trotting Register. This he will undoubtedly do next season, if placed in proper hands, for it is generally conceded that his present record, which he obtained in the stallion race at Halifax last September, when he achieved an easy victory over all competitors, is no measure of his speed. Pilot is an excellent type of the trotter, and he is greatly admired on the track for his pure, frictionless gait. Black Pilot was sired by All Right; his dam was sired by McInnis Pony, and his grand dam was a daughter of imported Saladin. This may not be regarded as fashionable breeding, but it is good—exceptionably good;—nevertheless, All Right, in the face of opportunities that are very limited, is giving evidence of being a positive sire of speed; and it is well known that the old Saladin, though running bred, sired trotters, while McInnis Pony was a trotter himself, and a sire of trotters. The Saladin and Pony blood in Pilot's dam is backed up by that of Roncesvalles and Revenge, the whole, when mingled with that of All Right, forming a combination that is well exemplified in Black Pilot—a combination that ensures speed, backed up with staying power. Very few of Black Pilot's get are nearing maturity in this Province, as he made two or three seasons off the Island during his first years in the stud. One of his fillies, with very little preparation, won first place in the race for two-year olds on the Summerside track last fall. Mr. Dockendorff is also the owner of Robbie Lee, a full brother of Black Pilot. He gives evidence of speed, but has as yet not been educated for the turf. Messrs. Geo. and Charles Dockendorff also own several other specimens of young trotting-bred stock, which will, no doubt, be heard from in the future.

Mr. John O'Ronaghan is not pleased with my notice of that excellent old horse, Abdallah Messenger. Mr. O'Ronaghan writes that Abdallah is standard by breeding, as well as through his progeny. As Abdallah was not registered until after Bijou's entry to the 2.30 list, it would appear as if Mr. O'Ronaghan himself was for several years ignorant of the fact that his horse was eligible for registration. Be this as it may, I have to assure Mr. O'Ronaghan that I have no desire whatever to do his horse an injustice. I recognize the fact—and publicly stated it—that Mr. O'Ronaghan has a good horse; but if I dealt in detail with the get of every stallion I undertook to review, I would fill column after column of the HERALD. There is no doubt that Abdallah Messenger has sired several trotters, but, so far, Bijou, 2.24¼, is the only one, if I mistake not, that is recorded in the 2.30 list. Within the past two years Mr. O'Ronaghan has been investigating the pedigree of Abdallah Messenger, and finds that he is a combination of Clay, Messenger and Morgan blood—a combination that is producing good results for the horse-breeders of this Province.

At the Woodland Auction Sale, Lexington, Ky., the stallion Bell Boy, three-year old record 2.19¼, was sold for $51,000, the purchaser being Mr. J. H. Clark, of Genesee Valley Stud, New York. This is the highest price ever paid in America for a horse of any class.

GENERAL NEWS.

RAILWAY ACCIDENT.

A railway accident occurred on the Southern Divison of the Grand Trunk Railway, at St. George, near Paris, Ont., on the 28th inst., which is the theme of much public discussion. The bridge was never suspected of being unsound. It was an iron one of trestle work on stone piers and the general opinion is that a broken axle caused the destruction. Nine persons were killed and a large number severely injured.

PRIME MINISTER CRISPI RESIGNS.

A despatch from Rome, dated 28th inst., says: Prime Minister Crispi has resigned in order to avoid an inevitable hostile vote on the Government measure providing for additional taxation. Such vote would have rendered it difficult for Crispi to form a new cabinet. It is expected that King Humbert will ask Crispi to re-form the Ministry. Several present members of the Cabinet will be retained and others chosen from the part of the left.

PATRIOTIC LEAGUE SUPPRESSION.

A Paris despatch of the 28th inst., says the Government has decided to suppress the Patriotic League. Several arrests have already been made on the allegation that they were disrespectful to a commissary of police. It is believed that the suppression of the Patriotic League is the first of a series of steps to suppress Boulangerism under the pretext of discovering the organization of the League. The Chamber of Deputies adopted an expression of friendly sentiments towards Russia.

CARD OF THANKS.

The members of the St. Dunstan's College Glee and Dramatic Clubs take this opportunity of thanking those of their friends in Pownal who entertained them in such right royal style on the occasion of their visit to Mount Stewart. They are also ever so much obliged to James Ross, Esq., who kindly allowed them the use of his excellent organ.

W. G. BURKE, Sec'y.

Local and Special News.

Mr. Ross, a Canadian, has taken a contract to build 700 miles of railroad in Chili for $20,000,000.

The Bank of England building, in London, covers eight acres and employs one thousand persons.

The recent visit of the Duke of Cambridge to Spain, was to inspect Gibraltar and Malta and have them fortified to their utmost.

The Paris Exhibitin will cost $10,000,000.

TO THE DEAF.—A person cured of Deafness and noises in the head of 23 years' standing by a simple remedy, will send a description of it FREE to any person who applies to NICHOLSON, 177 McDougal Street, New York.

The Duke of Edinburgh has resigned the command of the British Naval Squadron in the Mediterranean.

FITS.—All Fits stopped free by Dr. Kline's Great Nerve Restorer. No Fits after first day's use. Marvelous cures. Treatise and $2 trial bottle free to Fit cases. Send to Dr. Kline, 931 Arch Street, Philadelphia, Pennsylvania. Oct. 24, 1888.—1y

Lord Brassey says that American shipbuilders excel in originality.

NOTHING LIKE IT.—"I was troubled with liver complaint for a good many years, but was cured by one bottle of Burdock Blood Bitters. I have never found any medicine to help me like B. B. B. in fact one bottle made a complete cure." W. J. West, Parkhill, Ont.

One hundred million pounds sterling is to be expended on the British Navy.

COMMON CROUP is often fatal when not remedied in time. Leslie S. Nicholson, 19 Wellesley Avenue, Toronto, says: "As a quick cure for croup, colds, sore throat, chilblains, etc., I can recommend Hagyard's Yellow Oil." It is a sure cure. Directions accompany each bottle.

The obstacles between the Pope and the Czar have been removed and four bishops will be appointed for Poland at the next consistory.

PARTLY GAVE UP.—"In the year 1885 I coughed for six months, and having unsuccessfully tried many remedies, I partly gave up, thinking I had consumption. At last I tried Hagyard's Pectoral Balsam, less than one bottle of which cured me, leaving me as well as ever I was." Henry W. Carns, Wabash, Ont.

Stanley, the explorer, says he will capture Khartoum and subdue the Soudan before returning home.

HEALTH FAILS FAST.—I was swollen from head to foot from dropsy of 6 months' standing, and my health was failing fast, but after taking one bottle of Burdock Blood Bitters, I am quite well, and think there is no medicine equal to B. B. B., and to it I remain a true friend." Joseph Herie, Linwood, Ont.

Twenty big warships, fifty cruisers and torpedo boats are to be built for the British Navy with the utmost possible speed.

A HIGH VALUATION.—"If there was only one bottle of Hagyard's Yellow Oil in Manitoba, I would give one hundred dollars for it," writes Philip Brant, of Montcalm, Manitoba, after having used it for a severe wound and for frozen fingers, with, as he says, "astonishing good results."

The British Navy is getting equipped with all possible haste.

A DREADFUL DOOM.—To be unable to satisfy hunger without being distressed by heartburn, indigestion, sick stomach, dizziness or faintness, seems a dreadful doom. All who suffer thus, will find prompt relief and permanent cure in Burdock Blood Bitters. B. B. B. *positively cures* dyspepsia in any form.

Remember that Ayer's Cherry Pectoral has no equal as a specific for colds, coughs, and all affections of the throat and lungs. For nearly half a century it has been in greater demand than any other remedy for pulmonary complaints. All druggists have it for sale.

Haul out your manure now and get it out of the way before spring. By so doing the manure will be in better condition for the crops.

Avoid Appearances.—A worthy gentleman having an unusually red nose, was long suspected of being a tippler on the sly, by those not well acquainted with his strictly temperate habits. His unfortunate disfigurement was readily cured by the use of Ayer's Sarsaparilla.

for which I believe it to be the greatest medicine in the world."—James Miller, Caraway, N. C.

"My wife had a distressing cough, with pains in the side and breast. We tried various medicines, but none did her any good until I got a bottle of Ayer's Cherry Pectoral which has cured her. A neighbor, Mrs. Glenn, had the measles, and the cough was relieved by the use of Ayer's Cherry Pectoral. I have no hesitation in recommending this medicine."—Robert Horton, Foreman *Headlight*, Morrillton, Ark.

"Ayer's Cherry Pectoral cured me of a severe cold which had settled on my lungs. My wife says the Pectoral helps her more than any other medicine she ever used."—Enos Clark, Mt. Liberty, Kansas.
