After a considerable discussion a motion was made by Rev. Mr. Hooper and seconded by Canon Smithers that the next meeting of the synod be held on the first Tuesday of November. The motion was carried.

The usual votes of thanks to railways, steamboats, press, church people of St. John, rector, wardens, vestrymen of Trinity church, and all those who had shown hospitality to the visiting clergymen were moved and carried with applause.

Mr. and Mrs. James F. Robertson received the hearty thanks of the delegates for the reception given in their honor last night. The motion was carried with loud applause.

The secretary and assistant secretary were voted the usual salary of $1,000 and $500 respectively.

BUILDING WORK

Tuesday, Nov. 12.

H. E. Beyea, who recently purchased a block of lots in Lancaster with the intention of erecting a large apartment house, began work yesterday with the erection of wooden up-to-date tenement houses on each lot. The houses will be of two stories, with floor space of 25 by 50 feet, with six and a half foot cement basements. They will face on the Sand Cove Road and will be set back fifteen feet from the street line. The contract for the buildings has been awarded to David McPherson, and he commenced work this morning.

F. W. Blizard & Company are planning extensive improvements to their wharf properties in Lower Cove. They now own three adjoining wharves between Charlotte and Sydney streets, the Kerr, the Seely and the Lantalum wharves and these three will be thrown into one. The Kerr wharf practically will be rebuilt with a solid facing of spiles and a strong foundation of spiles.

SUSSEX FARMERS DECIDE TO BOOST MILK PRICES

Meet and Form an Association—Will Ask Five Cents a Can More for the Next Year.

Sussex, Nov. 12—The farmers of Sussex and adjacent districts feel strongly that during the last ten years the advance in the price of milk has not been in proportion to the increase in the cost of production. Wages, they claim, have advanced enormously and the price of feed has doubled, but the price paid for milk has remained almost stationary.

On Saturday evening, Nov. 2, the farmers held a meeting to discuss the situation and to take action in the matter. The outcome was the formation of a Milk Shippers Association and at its meeting on Nov. 9 it was the unanimous decision of the association to demand an advance of five cents per can (eight quarts) on milk and twenty-five cents per can on cream. This advance in price to hold until Sept. 1, 1913.

The following is a list of the farmers: N. W. Eveleigh, Clarence Armstrong, Cyrus Dobson, John Bowser, Edgar Patterson, Albert Bunnell, John W. Patterson, H. H. McIntyre, Jas. H. Jeffries, John Dalling, M. C. W. Kaye, Joseph Gulliver, William Buchanan, Albert Creighton, Robert Shannon, Thomas Reardon, Charles Anderson, James Arnold, Roy A. Stockton, W. J. You may be paid $50 in Cash for improving your walk like this

108 Canadian farmers will receive cash prizes (twelve in each Province) in our big

1912 FARMERS' PRIZE CONTEST

WE held a contest last year in which 36 prizes were offered. This year there will be three times as many prizes (108) and therefore three times as many chances for you to win one of them. You do not have to use a large quantity of cement to win a prize. Many of last year's prize-winners used comparatively little cement.

THE contest is divided into three classes and in only one of these (Class "A") does the amount of cement used count in deciding prize winners. Class "B" is for doing the best concrete work (the size makes no difference). Class "C" is for sending in the best and clearest *description* of how any piece of concrete work was done.

THERE will be four prizes (First, $50; Second, $25; Third, $15; Fourth, $10) in each class in each Province. Thus you have only to compete with other farmers in your own Province, and not with those in all parts of Canada. This gives you the best possible chance to win a $50 prize.

IT COSTS NOTHING TO ENTER—There are absolutely no "strings" to this offer. There is no entry fee or red tape to bother with. You cannot lose, because the improvements you make of concrete in competing for the prizes will be more than worth their cost. We have a book, *"What the Farmer Can Do With Concrete,"* that will give you all the information about the use of concrete you can need. It will be sent to you free when you ask us for complete particulars of the Prize Contest. Ask for particulars to-day. Just say "Send me, free, your book and full particulars of the 1912 Prize Contest," on a post card and mail it *to-day*. Address Publicity Manager,
