MOTHER AND DAUGHTER.

Affecting Meeting of Empress Frederick and Queen Victoria.

LONDON, Nov. 19.—The royal yacht bearing the Empress Frederick of Germany, her daughters and the Prince of Wales reached Port Victoria this morning. Queen Victoria and the Princesses Louise and Beatrice left Windsor this morning to greet the Empress on landing. They were joined at the Waterloo station of the London and South-eastern railway in London by Count von Hatzfeldt, the German Ambassador. There was only a small crowd at the station on the arrival of the Queen's train, and there was no cheering or uncovering of heads.

The Empress landed shortly after the arrival of the Royal train at Port Victoria. When the greetings were over the whole party proceeded to Windsor. The Queen and Empress met in the yacht's saloon. The scene was affecting.

On the way to Windsor the train stopped at the Waterloo station, and Count von Hatzfeldt alighted. The train was moving on when the Queen remembered that she had omitted to invite him to be her guest at Windsor as she had intended to do. Princess Beatrice therefore called out from the window and the Duke of Cambridge from the platform of the car, "Count von Hatzfeldt, you will accompany us to Windsor?" The Count bowed his assent, but the train had started and he was compelled to take a later one. It is evident that the failure to invite him sooner was an oversight and that no slight was intended.

The curative properties of this wonderful Medical Lake of Washington Territory, U.S., were known to the Indians of the Northwest as far back as they had any tribal history, but only lately has its medicinal qualities been brought before the people this side "The Rockies." To-day fully five thousand people this side London, Ont., rejoice over cures of Dyspepsia, Indigestion, Paralysis, Kidney troubles, Rheumatism, Catarrh, and various diseases of the blood and skin. One dollar package medicated twenty gallons of water. One half dollar bottle medicates eight gallons of water. One box medicated salve 50c, one box medicated toilet soap (two cakes) 50c. One bottle Catarrh snuff 50c. Ask your druggist for Totem of Health Remedies; if he has not got them call at 20 Arcade, Yonge-street. Sold wholesale and retail. 24

The Zanzibar Disturbance.

ZANZIBAR, Nov. 19.—All the ladies of the Magila mission have arrived here safely. They were accompanied by three male members of the mission. The rest of the missionaries remain at Magila with the bishop. The Sultan is ill and has not yet announced the blockade of the coast. Action is therefore still delayed.

The anti-German agitation exhibits signs of extending to all European settlers. The German garrison has again withdrawn from Bagomayo, owing to the prevalence of fever there. The French mission is feeding daily 800 refugees, who have been driven from the town by fear. Merchants absolutely refuse to remain themselves on the coast. An English mission steamer was fired upon yesterday at Saadani.

Messrs. Northrop & Lyman are the proprietors of *Dr. Thomas' Eclectric Oil*, which is now being sold in immense quantities throughout the Dominion. It is welcomed by the suffering invalid everywhere with emotions of delight, because it banishes pain and gives instant relief. This valuable specific for almost every ill that flesh is heir to, is used by the sufferer as the most precious than gold. It is the elixir of life to many a wasted frame. If you have not purchased a bottle, do so at once, and keep it handy for an emergency. Its cheapness, 25 cents per bottle, places it within the reach of all. To the farmer it is indispensable, and it should be in every house.

Colonial Governors.

LONDON, Nov. 19.—Lord Carnarvon writes to The Times deprecating the idea that the colonies should choose their own governors. This, he says, implies the supremacy of the governor by the political party then in power in the Colonial Parliament and the abandonment of those very few rights which now belong to the Crown, and which he honestly believes are mainly in the interest of the colonies, as enabling the Crown to discharge its duties satisfactorily to them. After discussing the question fully, he concludes: "The dispute requires careful handling. We must trust to the temper and good sense of both sides."

As Parmelee's Vegetable Pills contain Mandrake and Dandelion, they cure Liver and Kidney Complaints with unerring certainty. They also contain Roots and Herbs which have specific virtues truly wonderful in their action on the stomach and bowels. Mr. E. A. Calmarous, Shakespeare, writes: "I consider Parmelee's Pills an excellent remedy for biliousness and Derangement of the Liver, having used them myself for some time."

"Randy" and the Press.

LONDON, Nov. 19.—The Standard regrets that Lord Randolph Churchill differs from it in regard to the Sackville affair. It says: "A knuckling down policy is not the best nor the wisest policy in the face of such notorious and repeated acts of unfriendliness as we have recently experienced at the hands of the United States Government."

The Post renews the agitation in favor of the re-admission of Lord Randolph Churchill to the Cabinet.

An English Medical Authority affirms that the best regime for preserving health may be summed up in the maxim—keep the head cool, the feet warm, and the bowels active." There is a world of wisdom in the observation. Obstinate constipation or costiveness is an exciting cause of other diseases, and, with many persons of sedentary habits or occupations, the inaction of the bowels is a source of constant annoyance, producing piles, prolapse of the rectum, fetula, and various dyspeptic symptoms. All these are warded off and health is maintained by the use of Dr. Pierce's Pleasant Purgative Pellets. 25

Bishop Logue in Trouble.

LONDON, Nov. 19.—It is announced that the Vatican authorities intend to proceed with the utmost sternness against Bishop Logue of Raphoe for presiding at the banquet given in celebration of the release of Father McFadden from prison, and also for permitting McFadden to be absent from his parish for the purpose of making a political tour of England. The case is beginning to resemble that of Dr. McGlynn in New York.

—Caswell, Massey & Co's Emulsion of Cod Liver Oil, with Pepsin and Quinine, is recognized as the best preparation known. Prescribed by the leading physicians. W. A. Dyer & Co., Montreal.

A Russian Protectorate for Corea.

LONDON, Nov. 19.—A special despatch to The Times from Tientsin says that the Chinese Government has learned that a secret treaty has been concluded between Russia and Corea providing for a Russian protectorate of Corea.

A Sugarman's Fortune.

A representative of The Courier, having discovered that one-twentieth of ticket numbered 73,946 which drew the second capital prize of $100,000 in the last drawing of The Louisiana State Lottery Company held Oct. 9, was owned by a man living on North Marvin-street, thought it would be interesting both to himself and the public to look the matter up and find if there was a man upon that street by the name of Charles Joseph Harkins, who was reported to be the lucky individual, and if so, if he had actually received the $5000 of which he was said to have so suddenly become the owner. Much more difficulty was experienced in discovering the whereabouts of the obscure and not at all aristocratic street than in finding Mr. Harkins' residence upon it, and even the man himself. At the top of a three-story brick house Mr. Harkins occupies, with his wife and family, a neatly kept tenement, which betrays that its inhabitants are as comfortable as their circumstances will allow them to be; but that poverty has for many years cast its shadow over the little household is also evident. To no one could a windfall of $5000 have been more welcome. Mr. Harkins received the money through the express company a few days ago and has it now safely deposited to his credit. What he will do with so much money he has not yet decided. His present occupation is that of a laborer in a sugar house on Commercial-street, where he has worked for some time, or since he was employed in similar work in East Boston. Although he has bought tickets in the lottery but once or twice before, he is now thoroughly convinced of the wisdom of buying a ticket at least now and then.—Boston (Mass.) Courier, Nov. 4.

FIREPROOF BUILDING MATERIAL.
Dr. Stephen, an eminent physician of New York, Vice-President of the National Board of Health, and late State Commissioner in Lunacy, after a critical examination of Tyrus Celtic Porous Ware, strongly recommends its use in hospitals, asylums and similar institutions, as "it makes a floor and wall that noise can scarcely penetrate, and capable of taking a finish which will be permeable to air, and may be washed and disinfected."

GRATEFUL—COMFORTING
EPPS'S COCOA.
BREAKFAST.
"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctor's bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Civil Service Gazette.*
Made simply with boiling water or milk. Sold only in packets, by grocers, labelled
