"THE BLOOD IS THE LIFE."

DR. HALSEY'S FOREST WINE.

"FROM the pure marks and great works, this preparation is now making the favorite medicine among every class of people. Known as the most efficacious remedy for general Debility, Nervous Affections, Constipation, Dyspepsia, Complaints of the Kidneys, Heart, Lungs, and, above all, for Spasms, Costiveness, Cramp in the Stomach and bowels of the Spasmodic nature, generally of the Method Family have experienced and adopted the use of it.

"Dr. L. A. SEANLY, a celebrated Physician, in a letter from Princeton, New Jersey, dated November 16, 1849, declares that he all his experience he had never seen anything to compare with the Forest Wine, and that, in the cases where existing several years and had, at the same time, consulting several Physicians of considerable Publicity and Reputation without effect, it proved in a comparatively short time, a perfect cure. Among the members of the Medical Faculty of New York, who have witnessed the great results of the popular Wine, and recommended it to numerous patients, will be found the names of the celebrated Dr. M. Ty Gurnsey, Dr. S. I. Mott, Dr. L. Martin, Dr. J. R. Manson, and others.

"TESTIMONY of Johnson Burke, a highly respectable citizen of Waverly Place, New York:—

"Dr. G. W. HALSEY:—DEAR SIR,—I esteem the Forest Wine as the King of Medicines. It has done for me in five weeks what three Physicians failed to do in as many years. In 1845, I became a victim of Nervous Heart Disease and Nervous Affections, which have so prevailed on me ever since, until I procured your Forest Wine and Pills, although I had wasted several hundred dollars for medical attendance. During the last two years I was obliged to keep my house nearly all the time, and gave up business in consequence of my ill health. I had nearly lost all hope of recovery, my complaint was of that class under which so many sinks and life has then a burthen. Seeing your Forest Wine advertised I concluded to give it a trial, and before finishing the third bottle I felt like a different person, and was able to resume business again, entirely cured, by taking five bottles. For the benefit of those afflicted with similar complaints you are at liberty to publish this. Yours, &c.,

JOHNSON BURKE, Waverly Place, N. Y.

HERTFORD, Dec. 1, 1847.

DR. HALSEY:—A bottle of your Forest Wine and box of Pills, which I procured of Mr. James Carr, (your Agent for this place,) has done wonders for me. I had been in a state of decline for more than a year, afflicted with a dreadful cough, pain in the breast, general debility, and loss of appetite. I became almost a skeleton, and had been unable to leave my room for more than two months; my friends told me I had the Consumption, and despaired of my recovery. I could not obtain any permanent relief from any medicine I had taken, or my physician, until your Wine and Pills were procured. The first dose of the Pills brought up from my stomach much phlegm and greenish matter, and my stools were perfectly black. I then commenced taking the Forest Wine three times a day, my appetite began to return immediately, my cough left me, and in less than two weeks I was thought well. I now enjoy better health than I ever did before, having increased twenty five pounds in seven weeks. Your Forest Wine and Pills are highly valued in this vicinity, and I owe my recovery entirely to their virtues. Yours, respectfully,

MARTIN CALDWELL.

The following Certificate, voluntarily given by Mr. E. G. Mussey, a respectable and well-known citizen of Cohoes, New York, is in evidence which must remove all doubts of the great efficacy of the Forest Wine in GENERAL DEBILITY, NEURALGIA, AFFECTIONS OF THE SPINE AND KIDNEYS:—

This is to certify, that I have used Dr. Halsey's Forest Wine in my family with the most satisfactory success. My wife was badly afflicted with Neuralgia, affections of the Spine and Kidneys, and general Debility. She found speedy relief, and regained her health, by the use of the Forest Wine.

From my own knowledge of this excellent medicine, I confidently recommend it to the good of others who may be suffering with similar complaints. It is the best medicine with which I am acquainted, and those who are afflicted with the above, or any similar disease, may safely rely on its virtues.

Cohoes, March 6, 1850. E. G. MUSSEY.

More Testimony from Cohoes.

DR. G. W. HALSEY:—DEAR SIR,—My wife last autumn was reduced to a low state of Debility. My family Physician advised her to take your Forest Wine. Accordingly I went to Mr. Terry's, your Agent for this town, and procured a bottle of it, which restored her in a very short time to perfect health.

HENRY DONALDSON.

Cohoes, April 19, 1850.

The testimony of upwards of three hundred individuals, some of whom were afflicted with dreadful disorders, and considered incurable, may be seen at Dr. Halsey's principal Office. The following are some of their residing in this city:—

Mr. Ant. S. Smith, 167, Prince Street, Office in Wall Street, was long severely afflicted with a disease of the kidneys and bladder. The best medical skill answered no purpose. He tried the Forest Wine, and it met his case, and he was completely cured by the use of four bottles and a box of the Forest Pills.

Mr. Jacob Bell, Merchant, in Pearl Street, was for four years a martyr to severe Rheumatic Pains, for four years and no relief until he tried the Forest Wine and Pills, and recovered by taking six bottles and less than a box of the Pills.

Mr. Jacob Bell, Merchant, in Pearl Street, was very striking in the case of the Hon. S. I. Brown, of Virginia, who was cured in a few hours' time of a severe attack of Bilious Diarrhea and general prostration of Bodily Energy. On the arrival of the gentleman in New York in March, he was so weak and nervous, from the effects of his illness, that he could not write, and required assistance to enable him to walk to his apartment. The Wine was sent for, and he recovered by the use of less than a bottle of the Wine and a single dose of the Pills.

The Forest Wine and Pills are recommended as an efficient and certain cure in all the following complaints:—

Dyspepsia, Habitual Costiveness, Liver Complaint, Jaundice, Piles, Obstinate Headache, Bilious Disorders, Pimples, Blotches and unhealthy Color of the Skin, Jaundice, Fever and Fever, Self Abuse, Impotence, Complaints incident only to Females, Languishing Weakness, Night-Sweats, Nervous Disorders, General Ill Health and impaired state of the Constitution.

ST. LEON AND CARLTON SPRINGS.

Montreal, June 5, 1850.

For the past twelve months the Mineral Waters of St. Leon and Carlton Springs have been formed a favorite beverage at this table. The use of these waters has proved beneficial to the health of my family, and I have no hesitation in recommending them to the community at large. Cold, they are a most delicious beverage, and when heated, they form an excellent tonic, for constitutional use, in dyspepsia.

Plantagenet Water.

When first applied to by Mr. Lawrence, for my opinion of the "Plantagenet Water," I could only state that I had found it useful, as a mild aperient, and a most excellent expectorant, from the effect of its utility in various diseases, as chronic and acute rheumatism, derangement of the stomach, liver, and bowels, particularly where accompanied with urinary deposits, and in some cases, even the Water will be found extremely useful, and for the derangement of the stomach and bowels, which generally accompany pregnancy, I have found it preferable to all other remedies.

Having enjoyed my opinion until many years of experience of the Water had satisfied me of its value, I have the less hesitation in strongly recommending it to the profession and the public, in the above affections, as the profession and the public, in the above affections, as the Water will prove decidedly superior to all the other Mineral Waters of Canada; and as a beverage in hot weather, I may state, in conclusion, that I recommend this Water to the members of my own family, and have always kept a supply in the house, since I became personally acquainted with its valuable qualities.

HUMAN HAIR.—HYPERION FLUID.—This is a compound, not admirably adapted to the diseases of the hair, and has the particular merit of being perfectly free from vegetable ingredients, so that it can be used by persons who have a delicate or sensitive skin, without the slightest injurious effect. It is also a perfect specific for nervous headaches, and in cases of premature baldness, it will, in a short time they will shed, and stimulate luxuriant growth. Gentlemen who prefer using it, will find it the most cool and refreshing preparation for the whiskers, and it is the most elegant and delightful dressing for the hair, and should be in use of the principal appendage to every lady's and gentleman's toilet.

SCROFULOUS AFFECTIONS, &c.

In all these distressing and prevalent cases, there is no question regarding the efficacy of this Medicine, an eminent Physician of this city, writes as follows:—

Dr. Sherwood's Galvanic Embrocation, I regard as the most efficacious of all remedies in Scrofulous affections. One of my children, a daughter of 8 years old, was afflicted with a very inveterate and protracted Scrofulous affection, which had continued for nearly two years, various remedies were tried but without effect.—The best medical skill in several despondent moments. The disease then, which was pertinacious and severe, yielded to the Embrocation, and in a short time with field. At this critical Sherwood's Embrocation—the only remedy used in connection, was a decoction of Sarsaparilla, which soon conquered the disease, and a complete cure was effected.

BOGLE'S HYPERION FLUID,

FOR RESTORING PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate, from the Mayor of New Orleans, many of the most distinguished Physicians of the Union, will show the estimation in which it is held by the scientific and intelligent in that City.

NEW ORLEANS, Feb. 15, 1847.

MR. WM. BOGLE.—Sir,—The Hyperion invented by you, for the hair, has been extensively used in my family, and they give it the decided preference over all other compositions of the kind. It is perfectly free from the bile, and about the delicate skin of infants, without any injurious effect, which can be predicated of many well-known patented nostrums.

WIRELOW LEWIS, Mayor.

It is an indispensable article for the Ladies, as it keeps the hair free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,

A COMPOUND FOR SHAVING.

This delicately article is totally different and far superior to anything yet invented for shaving. The base of it is derived from the Amole, or soap plant, of California, which is quite used by the natives of that country for washing, and for the use of shaving cakes, so harmless to the skin, is said of the use of shaving cakes, so harmless to the skin, is avoided, for vegetable and detergent properties have the which does not dry on the face. It is a decided luxury to be shaved with this incomparable soap. It is done up in a elegant style, calculated either for the dressing case of the fashion conscious, or the toilet of the most fastidious connoisseur.

BALDNESS CURED.

The following is from Reverend F. Barrett, Saratoga Street, East Boston.

BOSTON, Feb. 6, 1851.

Mr. William Bogle:—Dear Sir:—For several years past my wife has been troubled with baldness on the Crown of the head, about six or seven inches in circumference. After repeated failures of other so-called remedies, and the expenditure of considerable money, I was induced to try your Hyperion, which I did, for the purpose of restoring her hair only two bottles, and that very irregularly; and the result has exceeded my expectations. I am convinced that the use of the bottle would have been accelerated. I am, Sir, yours respectfully, SUMNER F. BARRETT.

REDUCED RATES OF PREMIUM—HALF CREDIT RATES OF PREMIUM.

THE great and decided success which has attended this Institution, has induced the Directors to REDUCE the RATES originally required in British North America, to the ordinary European Rates. The result of such Reduction is to enable parties to avail themselves of the important benefits to Life Assurance at much lower *Rates of Premium* than those of any other Assurance Company! amongst hundreds in Canada.

The Directors have also resolved to extend to British North America the advantages afforded by the HALF CREDIT RATES of PREMIUM which have been so highly approved, and are so generally adopted by Policy Holders in the United Kingdom. The most liberal conditions are likewise offered to the Assured in the limits to which they may proceed by sea or land, to other parts of North America without affecting their Interest in their respective Policies.

THIS GALVANIC EMBROCATION is an unparalleled remedy for the Cure of Rheumatism, Agues or Chronic, seated in the Head, Joints or Limbs. The Determined and Gout, in its worst forms, Palsy, Fits, Scrofula or King's Evil, Spinal and Hip C. m. ints, Stiffness of the Joints, Lumbago, Neuralgia, Chilblains, Fever Sores, Salt Rheum, Ring, Worms, White Swellings, Sore Throat, Stiff Joints, Contracted Sinews, Gelive or Thick Legs. It is thus the most highly recommended in the most confirmed cases of Scrofula and Scrofulous Affections of the Neck, Affections of the Spine, Mercurial Affections, &c., &c., &c.

It is now generally admitted, by the learned and scientific, that the Galvanic power called *Galvanism* or *Magnetism* is in fact the principle of Vitality or Life, and that disease in many of its most painful forms is referable to the absence of this Galvanic or Magnetic power in its healthy proportions. If, then, we can readily supply this very vital power, where it is the deficient agent, we can successfully combat the disease, and in this fully and practically proved by this wonderful scientific discovery of combining Magnetism or Galvanism with a Fluid which has cost the inventor of this remedy years of study and labor.

There is not an intelligent Physician, who has kept pace with the progress of science, that does not readily perceive of the use of the Magnetic power in various diseases, and there is scarcely a Medical Journal, either in this country or Europe, which does not contain, in its pages, the details of curious cases, showing some new effects of these wonderful agents, or corroborating previous experiences of their beneficial aid. The Faculty of the Colleges of Medicine, Surgeons, and in fact, in fact, the great majority of the most distinguished Physicians of New York constantly recommend this Preparation in their practice, and from many of them he has received the highest testimonials of approval and commendation.
