## WORLD'S LEADING WINNING SIRES

In presenting a classification of the leading stallions in all parts of the world, the international list includes Brazil and Uruguay.

For the third year in succession the champion sire in England fails to secure the premier position in the universal list, which is for the third successive time topped by a sire in Argentina. In becoming world's champion for 1913, Cyllene must hold a unique record, having regard to the fact that he was the leading stallion in 1909 and 1910 in England.

Beyond this outstanding feature, it is not necessary to do more than call attention to the remarkable manner in which St. Simon dominated the sires' list in almost every country in the world. In five countries out of the fourteen, a son of St. Simon is at the top of the list; in one other a grandson fills the same place, and the leaders in two countries are out of daughters of St. Simon. Moreover, Flying Fox and his son, Gouvernant, carried the blood of St. Simon's sister, Angelica.

As regards the largest number of actual winners and races won, the Australasian stallions are almost unapproachable. Their nearest attendant is Star Shoot, whose offsprings have done remarkably well in the United States, where Broomstick's position as chief sire of the year was entirely due to the earnings of Whisk Broom and Nightcliff, which returned from England to the land of their birth. The list follows:

| | |
|---|---|
| Cyllene, by Bona Vista (Argentina) | $200,065 |
| Desmond, by St. Simon (England) | 154,865 |
| Flying Fox, by Orme (France) | 140,830 |
| Ayr Laddie, by Ayrshire (Australia) | 130,700 |
| Ard Patrick, by St. Florian (Germany) | 123,885 |
| Signorino, by Best Man (Italy) | 110,515 |
| Soult, by St. Simon (New Zealand) | 103,425 |
| Tallon, by Fripon (Belgium) | 78,650 |
| Broomstick, by Ben Brush (United States) | 76,010 |
| Gouvernant, by Flying Fox (Austria-Hungary) | 73,805 |
| Darley Dale, by St. Simeon (Russia) | 72,500 |
| Diamond Jubilee, by St. Simon (Uruguay) | 38,780 |
| Greatorex, by Carbine (South Africa) | 32,675 |
| Pericles, by St. Simon (Brazil) | 19,420 |

### WOODSTOCK COLLEGE HOCKEY.

WOODSTOCK, Nov. 18.—Having come thru the rugby season with colors flying, Woodstock College students are now turning their attention towards the hockey season, which is fast approaching. It is the intention of the college to again place a team in the junior series of the O.H.A., and judging by the material which is at the school this year, other teams in this district will have to hustle to come home with the bacon.

With the exception of two men, Gordon in goal, and Sutherland at point, College has all of last year's team ready to take the ice again, when the season opens, and the students claim to have uncovered several stars in the list of new students at the school, which should make it easy to fill up the existing vacancies, and make the last year's players play their prettiest to catch a place on this year's aggregation.

Those of last year's team still at the school are Wallace, Cavanagh, Warren, Shields and Swartzman. Two new men are Willson of Platsville, said to be a very speedy forward; Galbeck of Dunnville, who has had considerable experience in O.H.A. company prior to this year; Cherry, of Keewatin, Ont, and Dunlop of this city, a promising young junior, who has eyes on the goal position.

The members of the College team are all ready in first-class shape, the majority of them having played rugby all fall, but the candidates for the aggregation will go into training immediately and will be ready to meet all comers, when Jack Frost gives the word.

## Montreal Baseball Club May Go Into Liquidation

MONTREAL, Nov. 18.—There is a possibility that the Montreal Baseball Club may go into liquidation. This will be the case it was announced if the lawyers working in settling the various matters cannot come to an agreement. No move has as yet been made regarding the new owners of the club, but it is very likely that everything will be settled within the next two weeks. The statement that the new owners would take control of the club this afternoon is without foundation, according to President Sam Lichtenhein. "We do not know when the change in ownership will take place. It will take place as soon as the lawyers have completed their work and arrived at an agreement, but that is as definite an announcement as I can make," said Mr. Lichtenhein.

## O. J. C. AVERAGES HIGHEST IN MONEY

### J. W. Schorr Leading Winning Owner in Canada, With H. Giddings Second.

Notwithstanding the extraordinary conditions attendant upon the entry of Canada into the war, the Canadian racing season of 1914 was carried thru to a successful conclusion without any curtailment of schedules and the figures of the results of the season show that all records were surpassed insofar as the distribution of money in stakes and purses is concerned. In spite of the worldwide chaotic conditions produced by the war, it is understood that the Canadian season as a whole was attended by satisfactory financial results.

Canadian racing has reached the point where it is able to hold its own in the face of competition from the strongest circuits in the United States for the patronage of important stables. Canadian racing received its greatest impetus when New York racing was suspended in 1911 and 1912. The resumption of racing on the New York tracks seemingly has affected the sport in Canada only to the extent of keeping a few of the leading New York stables from participation. During the season just closed the same high standard prevailed in the conduct of the sport as in preceding years and the patronage was of such a character as to leave no doubt of the tremendous hold racing has taken on the affections of the Canadian sport-loving public.

Dates for the racing of 1915 on the Canadian circuit have not yet been announced, presumably because of the war, but there seems to be no reason to doubt that the sport will be continued next season along the same successful lines that have been prevailing since the Miller law, restricting Canadian meetings to fourteen days annually for each association, went into effect in 1910. In fact, the various organizations yielding allegiance to the Canadian Racing Associations, the virile governing body of Canadian racing, are making elaborate preparations for next season, when for the first time, bookmakers are to give way to the pari-mutuels on all Canadian mile tracks. The physical changes necessary to the carrying out of the new order of things are now going forward at several of the tracks. An exception is the Woodbine track of the Ontario Jockey Club, where the mutuels have been employed with highly satisfactory results for the past two years.

The following tabulation sets forth in a general way the results of the season of 1914 on the various tracks of Canada:

| Track and meeting. | Number races run. | Total distribution. | P.C. of winners 1st choices. |
|---|---|---|---|
| Vancouver | 685 | $145,050 | .41 |

As in former years, the Ontario Jockey Club led all other Canadian racing organizations in the item of average daily distribution. It was by far the best year in this particular that the Canadian turf has ever seen. The figures showing this aspect of the sport the last two years follow:

History repeats itself when John W. Schorr of Memphis, Tenn., distanced all other owners in respect to amount of money won in Canada in stakes and purses. In 1912 Mr. Schorr attained similar distinction. Harry Giddings of Oakville, stands second, as he did in 1913, and H. G. Bedwell, who was fourth last year, advanced one notch this season, exchanging places with Amos Turney, who was third last year and fourth this season. The following tabulation embraces a list of those owners whose horses won $3000 or more on the Canadian tracks during the season:
