FLORIDA FACTS

THE FLORIDA GRAPEFRUIT and Orange Crop last season was 21,791 cars, valued at $25,732,540, with better prospects for next.
FLORIDA ALSO PRODUCED 5,602 cars of Watermelons, 6,220 cars of Potatoes, 1,690 cars of Lettuce, 4,486 cars of Tomatoes, 2,135 cars of Celery, 1,628 cars of Cabbage, and 4,436 cars of mixed vegetables, all shipped in the winter months.
THE INCREASE IN ACREAGE in all crops in the United States from 1912 to 1918 was 16 per cent.; the increase in acreage in all crops in Florida from 1912 to 1918 was 63 per cent., or nearly four times as much as the increase in the United States.
THE INCREASE IN VALUE of all crops in the United States from 1912 to 1918 was 31 per cent.; the increase in value of all crops in Florida in the same six years was 121 per cent., or nearly four times the increase in total value of all crops in the United States.
FLORIDA'S POPULATION has increased 30 per cent. in five years; 73 per cent. of the farmers in Florida own their homes and the total amount of farm mortgages is less than 2 per cent. of the value of farm property in the State.
FLORIDA HAS SPENT more money per capita in building good roads than any other state in the union; has a total of 9,224 miles of improved roads and is building more. Polk County has over 300 miles of asphalt country roads.
IN NO OTHER PART OF FLORIDA can one see so many well-kept, continuous productive orange and grapefruit groves; nowhere else in Florida can be found so many plantings so close together and nowhere else can be found so many beautiful grove homes as seen in Polk County.
LAKELAND HIGHLANDS, among the hills and lakes of Polk County, has the largest grapefruit groves in the world—over 3,500 acres. It is the most picturesque and productive part of Florida; grove owners in this district are making as much as $1,000 an acre from their groves.
I STILL HAVE SOME desirable locations for sale, and will gladly accompany any interested parties to Florida to show what I believe the best agricultural investment proposition in America today.
CALL OR WRITE for full particulars—nothing to sell you here—you must go to Florida and convince yourself before buying.

PLAIN WORDS FOR LABOR EXTREMISTS

Secretary of French Union Ridicules Such Plans as Four-Hour Day.

Paris, Sept. 19.—A. Merriham, secretary of the Metal Workers' Union, created a sensation at the labor federation convention in Lyons yesterday by denouncing "the wave of immorality which threatens to submerge all classes of society—the working class more than any other."

M. Merriham, who is one of the socialists who conferred with the German socialists at Zimmerwald, Switzerland, during the war, and who formerly was one of the most aggressive labor leaders in France, took the floor to defend the executive committee of the federation against criticisms by the extremists for the fiasco which marked the proposed general strike of July 21 last.

He ridiculed the pretensions of extremists in labor organizations who talked of such plans as a four-hour day, and said what organized labor needed was to get to work.

"You talk of a revolutionary situation," he said, "but left to itself the proletariat could accomplish nothing. The war has sharpened all appetites and provoked all sorts of covetousness in all circles, even among the workers. Idealism has foundered under base material preoccupations.

"Money is everything and no one wants anything but money. We must save the working class from that wave of immorality."

M. Merriham's speech made a deep impression on the delegates, which was evidenced in a great ovation as he left the platform.

DEFER EXECUTION OF PIERRE LENOIR

Frenchman Convicted of Treason Was Respited at the Last Minute.

Paris, Sept. 19.—Announcement was made at 8.45 o'clock this morning of the postponement of the execution of Pierre Lenoir, who was tried with Senator Humbert and others on a charge of communicating military intelligence to the enemy, and who was to have faced the firing squad at dawn today.

The neighborhood of Vincennes Woods, where the execution was to have taken place, was put under a strong guard of soldiers from the 18th Artillery Regiment at 5.30 a'clock this morning. A short time afterward, Major Cromier, commander of the troops at Fort Vincennes, and M. Raux, prefect of police, arrived, and a firing squad from the 26th Unmounted Chasseurs took up position. At 6.10 o'clock two automobiles left the fort and drove rapidly in the direction of the execution grounds, and men and women going to work, seeing the soldiers, remarked: "It is all over for Lenoir," but at 6.45 o'clock it was learned that the execution was delayed for a short time.

The military justice, a party of lawyers, and a chaplain went to Lenoir's cell at 6.30 o'clock, finding the condemned man very calm.

"My father taught me not to fear death," he said, "and I shall die courageously. I love France and never betrayed my country."

Asked if he had any communication to make to the party, Lenoir replied: "At the moment of death, I repeat what I have always vainly asked—to be confronted with Joseph Caillaux."

Lenoir then argued that the action of the court had shown that his case and that of M. Caillaux were connected. Lenoir's lawyer then demanded that his request to be confronted with M. Caillaux be communicated to the under secretary of military justice. This was done, and the order to postpone the execution was received two hours later.

When he heard that he was not to be executed this morning, Lenoir said: "Before God, and man, I swear I am no traitor."

SAY RUMANIANS TAKE EVERYTHING

Great Number of Locomotives Reported to Have Been Removed.

Budapest, Thursday, Sept. 18.—Reports indicate the continued withdrawal of the Rumanians, who are taking with them almost everything movable on which they can lay their hands. It is learned from the lines that they have been seizing jewelry from women and children and confiscating live stock, fodder and agricultural implements.

What appears to be the gravest aspect of the situation, however, is the great number of locomotives and cars the Rumanians have taken away, practically stripping the country of the means of railway transportation. They have also seized an enormous amount of artillery, ammunition, airplanes and other military material.

PRESTON IS PLANNING RECREATION GROUNDS

Special to The Toronto World.

Galt, Sept. 19.—Since the building, if it remained standing, would be a hindrance in carrying out the plans for the improvement to Speed Park, Preston Parks Board has purchased the old rink, used since the new arena was built by the curlers, for the sum of $2720. They will resell the building, which must be removed. The parks board plans to build a memorial gate at the entrance where the rink now stands, and also to construct a two-mile motor drive thru the park, with additional bridle paths, which will give Preston a recreation ground and beauty spot to be proud of.

Condition of German Exchange Due to Artificial Credit

Berlin, Sept. 19.—The serious condition of German exchange is chiefly due to the increase in artificial credit caused by the large issue of bank notes and bills, The Lokal Anzeiger quotes a representative of the finance ministry as declaring. Increased taxation would be necessary, he said. Meanwhile, and that very soon, the finance ministry intended to issue a loan.

The official reiterated the complaint that the entente was admitting quantities of goods in violation of import prohibition.

MARRIED IN KITCHENER.

Kitchener, Ont., Sept. 19.—Miss Mary Robertson of this city became the bride of Mr. Joseph B. Nolan, the ceremony being performed by Rev. A. L. Zinger at St. Mary's Roman Catholic Church this morning. The attending couple were John Nolan and Mary Nolan, brother and sister of the groom. After a honeymoon Mr. and Mrs. Nolan will reside in Kitchener.
