# SAILORS

THE ladies are in love with our sailors for boys. We have a magnificent showing and some novel features among them.

There have been many styles of various kinds introduced for boys, but the Sailor holds its own over all comers and is to-day the most popular suit for small boys whose age is from 4 to 8 years. For Sailors

## FALCONER'S RESIGNATION ACCEPTED BY THE BOARD

### Regret to Lose His Services, But Will Not Hinder Him Accepting New Position.

HALIFAX, N. S., May 30.—(Special.)—The Presbyterian College Board met this morning. Principal Falconer was present and his resignation of the principalship of the college, in view of his decision to accept the offer of the presidency of Toronto University, was laid before the board. The action of the board was that, while greatly regretting to lose his services, nothing would be placed in the way of Dr. Falconer accepting.

The board unanimously nominated Rev. Dr. Magill, one of the professors of Pine Hill College, as Principal Falconer's successor, and Rev. J. W. Falconer, pastor of Fort Massey, to succeed his brother as professor of New Testament exegesis.

The resignation of Principal Falconer will come before the Presbyterian General Assembly, which meets in Montreal next week, and in view of the action of the board it will be accepted. Dr. Falconer leaves Tuesday to attend the meeting of the general assembly, after which he will proceed to Toronto.

## NO DEMONSTRATION NOW.

### Quebec Revelations Put Stop to Welcome.

MONTREAL, May 30.—(Special.)—The grand demonstration promised by the Liberal clubs in honor of Mr. Gouin's home-coming has been declared off, for the present at least.

There can be no doubt of the revelations at Quebec having taken a deep hold upon the public mind of the province and it is exceedingly difficult to meet a Liberal who does not express supreme disgust at the sudden turn of affairs at the ancient capital.

## BOARD OF TRADE NEW MEMBERS

At a meeting of the council of the board of trade yesterday, John B. Hutchins, Gordon Taylor and Horace B. Hunt were elected members. The board accepted an invitation for a trip to Parry Sound by the C. N. R. on June 11.

## DO NOT TREAT SYMPTOMS, GET AT THE CAUSE.

Indigestion, dyspepsia and biliousness surely indicate that there is something wrong with the liver, kidneys and bowels. So-called cures for indigestion do not go to the root of the matter. Remove the cause and the symptoms will disappear. King Palmetto Compound succeeds where everything else fails, because it acts directly on the kidneys, liver and nerves. You are not asked to take these statements on faith. Look at the formula, we print it on the wrapper, and explain it fully in our printed matter, which goes with every bottle. If you are not acquainted with the action of the drugs of which it is composed, ask your physician. He will tell you that Saw Palmetto has wonderful efficacy in regulating the kidneys and that Cascara Sagrada is the best tonic and stimulant for the bowels known to medical science. These are only two of the constituents of King Palmetto Compound, the rest have equal merit. It is not a cure-all, but it will prevent the development of incurable diseases. It will not only relieve but permanently remove the cause of constipation, that foe of health which is responsible for more than half the diseases that afflict the human race. Is your digestion imperfect? Are your bowels irregular? Are you bilious? If so, now is the time to act. Send for a free sample bottle of King Palmetto Compound to-day. Address King Palmetto Company, Bridgeburg, Ont. This medicine is made upon honor and sold upon merit. One dose a day will meet your needs.

Sold and guaranteed by Burgess-Powell Co., 78 Yonge-street, Toronto.

## BOARD OF HEALTH FIND FAULT WITH OIL INLET

### Hackett's Pupils Greeted by a Crowded House—Wandering Tots Found by Police.

HAMILTON, May 30.—(Special.)—At a meeting of the local board of health this evening a report on the Coal Oil inlet situation made by the provincial board of health was presented. The report said that a serious and dangerous nuisance existed. They held the Stroud cattle byres, the Freeman Fertilizer works, the City Disposal Works Sludge and the arm of the inlet responsible, and recommended that the byres and fertilizer works be removed forthwith, the disposal works conducted so that they would not be a nuisance, and the arm of the inlet filled in.

The board will meet next Monday evening to consider what action shall be taken. They will discuss the advisability of starting a high court action to have the alleged nuisances abated, and of applying to the city council for funds necessary to carry on the action.

Two little tots that had wandered away from their homes were picked up by the police this evening.

Nellie McDonald and Maggie Sullivan, Toronto, were committed for trial to-day on the charge of stealing some clothing from their brother-in-law, Ralph O'Brien.

**The Hacket Pupils.**

The entertainment given by the pupils of J. Hackett crowded the Grand Opera house this evening.

This evening a complimentary dinner was tendered to Jos. B. Lawler by his friends at Lovering's. He was presented with a handsome pardor suite. His approaching marriage was what called forth the celebration.

The Hamilton Scientific Association held a meeting this evening to make arrangements for the celebration of the association's semi-centennial. The following officers were elected—R. J. Hill, President; Wm. Atchison, J. M. Williams, Vice-Presidents; S. A. Morgan, Corresponding Secretary; J. F. Ballard, Recording Secretary; P. L. Scriven, Treasurer; Col. C. C. Grant, Curator.

Alfred Blough was arrested this evening at the request of the Toronto authorities. The local police have no particulars of the charge.

**Strike on Hand.**

The city officials fear that the laborers will strike for more pay Friday. The matter of increasing their wages was left in the hands of City Engineer Barrow.

Edwd. J. Von Gal, president of a hat concern, is looking for a site for a Canadian branch.

After the succession duties and law costs are paid there will only be about $16,000 of the estate of $20,000 left by the late Robert Ferris to "heirs in Canada and England." The following have proved their claims and will inherit $4000 each: Emma Pugsley and Jane Leathern, England; Lewis E. Lee and William Parsons.

The Y.M.C.A. authorities admit many articles and small sums of money have been stolen from clothes in the lockers of the institution.

The stove moulders have signed an agreement until March, 1909. It provides for a minimum wage of $2.90 and is an increase of 25 per cent. over the scale, agreed upon several years ago.

Joseph Brezna, 21 East Wood-street, has asked the police to locate his wife and money, which, he claims, have disappeared with another man.

**The London Trip.**

Your nomination for a free trip to London, Eng., and Paris should be sent to your friends; ask them to nominate you. Nominating blanks in The Toronto World, Agent W. Harvey, 75 James-street North, where full particulars can be obtained.

Harry Smith, the mysterious young man who admitted that he stole 750 feet of feed wire from the H., G. and B., was sent down for three years. Archie Peace was acquitted of the charge of cutting and wounding Andy Lewis.

The master painters have refused to meet their striking employes, who will hold a benefit concert on Friday, June 7th.

**Kingston Old Boys.**

A successful open meeting of the Kingston Old Boys' Association was held last night in the Dominion Business College parlor, with the president, G. W. Gaden, in the chair.

A gold and enamel button of the design of a Martello tower was adopted for the use of members.

Hon Justice Britton delivered an address, and J. M. Sherlock, Miss Florence McRae and Thomas Gillen contributed to the program. George B. SSweetnam outlined a unique plan to perpetuate the annual excursion to Kingston, at a nominal fare, so reasonable, he said, that the poorest may attend. He also hinted that the Kingston Old Boys would soon entertain representatives of every other Old Boys' Association in Toronto.

**Ottawa River High.**

OTTAWA, May 30.—(Special.)—The water in the Ottawa River has reached the highest mark in 38 years and it is stated that there is a quantity of snow still in the mountain region which may cause the river to rise a couple more feet.

## SEAMEN GO ON STRIKE DELAY GLASGOW LINERS

### Demand For Advance in Wages Refused by the Employers.

GLASGOW, May 30.—The seamen's strike here has reached an acute stage. The employers refuse to recognize the men's unions and have taken no notice of the demands for an advance in wages.

The Atlantic liners due to sail June 1 for New York or Canada have not yet secured crews.

The ship owners are calling a conference of representatives of the various maritime nations to meet in London and devise means for defence against the unions.

## BANKRUPT HAS $5100.

### Knoxville Jeweler Would Return, But Attorneys Object.

George Kern, alias Thomas, held by the city police for extradition to Knoxville, Tenn., on charges of perjury and concealing of funds in bankruptcy proceedings, is now held on a warrant sworn out by Detective Mackie, charging him with being a fugitive from justice.

Further investigation by the detectives has developed the fact that he has standing to his credit in the Bank of Commerce, in addition to the original deposit of $600, the sum of $4500. This sum was transferred from the third National Bank of Baltimore, Md.

Kern said to Judge Winchester, who ordered the holding of this money yesterday, that he is willing to return to Knoxville, but is advised by his attorney to fight extradition.

Inspector Duncan received a wire from the U. S. marshal at Baltimore yesterday, asking him to hold Kern until sent for. A man will come at once.

## MRS. W. T. STEWART VERY ILL

### Improvement Was Shown Last Night, However, in Condition of Patient.

The condition of Mrs. Stewart, wife of ex-Ald. W. T. Stewart, whose illness as a result of ptomaine poisoning nearly two weeks ago has assumed a very serious phase, was somewhat improved late last night, and it is believed that, should she survive during the day, the patient will have fair chances of recovery.

A week ago last Saturday Mr. Stewart, Mrs. Stewart and others of the family were taken violently ill after partaking of canned tomatoes. Mrs. Stewart has been confined to her room and the bursting of a blood vessel in her head has been followed by partial paralysis.

Much sympathy is being shown by the many friends of Mr. Stewart, and many anxious enquiries are being made at the home, 148 Morse-street, where Mrs. Stewart is being attended by Dr. Brown. Owing to her severe illness Mr. Stewart has not been carried forward his vigorous campaign in the first ward by-election, the his friends, who have rallied to his support, are working loyally in his behalf.

## NATION MUST CONTINUE

Continued from Page 1.

we must do our tasks with the thoroness with which they did theirs.

"Great social and industrial problems confront us, and their solution demands on our part unfaltering courage, and yet a wise, good-natured self-restraint; so that on the one hand we shall neither be daunted by difficulties nor fooled by those who would seek to persuade us that the difficulties are insuperable; while on the other hand we are not misled into showing either rashness or vindictiveness.

"One great problem that we have before us is to preserve the rights of property; and these can only be preserved if we remember that they are in less jeopardy from the socialist and the anarchist than from the predatory man of wealth. It has become evident that to refuse to invoke the power of the nation to restrain the wrongs committed by the man of great wealth who does evil, is not only to neglect the interests of the public, but is to neglect the interests of the man of means who acts honorably by his fellows.

**The Crime of the Cunning.**

"THE POWER OF THE NATION MUST BE EXERCISED TO STOP CRIMES OF CUNNING NO LESS THAN CRIMES OF VIOLENCE. There can be no halt in the course we have deliberately elected to pursue, the policy of assenting the right of the nation, so far as it has the power to supervise and control the business use of wealth, especially in its corporate form.

"To-day I wish to say a word about the first and most important feature of this task, the control of the common carriers, doing an interstate business; a control absolutely vested in the nation, while in so far as the common carriers also transport the mails, it is in my opinion subject to federal control, under the clause of the constitution granting to the national government power to establish post roads, and therefore, by necessary implication, power to take all action necessary in order to keep them at the highest point of efficiency.

"Every federal law dealing with corporations or with railroads that has been put upon the statute books during the last six years has been a step in advance in the right direction. Such additional legislation as that for which I have asked in the past, and especially that for which I asked in my message at the opening of the last session of congress, is not merely in the interest of the public, but most emphatically in the interest of every honest railroad manager, and of all investors or would-be investors in railway securities.

**Power of Supervision.**

"There must be vested in the federal government a full power of supervision and control over the railways doing interstate business; a power in many respects analogous to and as complete as that the government exercises over the national banks. It must possess the power to exercise supervision over the future issuance of stocks and bonds, either thru a national incorporation (which I should prefer), or in some similar fashion, such supervision to include the frank publicity of everything which would-be investors and the public at large have a right to know.

"THE FEDERAL GOVERNMENT WILL THUS BE ABLE TO PREVENT ALL OVERCAPITALIZATION IN THE FUTURE; to prevent any man hereafter from plundering others by loading railway properties with obligations and pocketing the money instead of spending it in improvements and in legitimate corporate purposes; and any man acting in such fashion should be held to a criminal accountability.

"It should be declared contrary to public policy henceforth to allow railroads to devote their capital to anything but the transportation business, certainly not to the hazards of speculation. For the very reason that we desire to favor the honest railroad manager, we should seek to discourage the activities of the man whose only concern with railroads is to manipulate their stocks.

**Railroad Policy.**

"Railroads should not be prohibited from acquiring connecting lines by acquiring stocks, bonds or other securities of such lines; but it is already well settled as contrary to public policy to allow railroads to acquire control of parallel and competing lines of transportation.

"Subject to first giving to the government the power of supervision and control which I have advocated above, the law should be amended so that railroads may be permitted and encouraged to make traffic agreements, when these are in the interest of the general public, as well as of the railroad corporations making them. These agreements should, of course, be made public in the minutest detail, and should be subject to securing the previous assent of the interstate commerce commission.

"The movement to regulate railways by law has come to stay. The people of this country have made up their minds—and wisely made up their minds—to exercise a closer control over all kinds of public-service corporations, including railways.

"The great need of the hour, from the standpoint of the general public, of the producer, consumer and shipper, alike, is the need for better transportation facilities, for additional tracks, additional terminals and improvements in the actual handling of the railroads; and all this with the least possible delay. Ample, safe and rapid transportation facilities are even more necessary than cheap transportation.

"The prime need is for the investment of money which will provide better terminal facilities, additional tracks, and a greater number of cars and locomotives, while at the same time securing, if possible, better wages and shorter hours for the employes.

**Rate Regulation.**

"There must be just and reasonable regulation of rates, but any arbitrary and unthinking movement to cut them down may be equivalent to putting a complete stop to the effort to provide better transportation."
