ODDS AND ENDS.

The wicked flee. "It seem so much the bitter [illegible] thing couldn't help getting up and missing down all the time." [illegible]

"Remember," said a trading Quaker to his son, "in making thy way in the world a spoonful of oil will go further than a quart of vinegar."

An Illinois boy rubbed arsenic on his teeth, so that he could bite his father [illegible] hauled him over his knee.

The people of Toulouse must be a hard set. A writer speaking of the city says "It is a large town, containing 60,000 inhabitants built entirely of brick."

A Negro insisted that his race was mentioned in the Bible. He said he heard the minister read about how "Nigger Demus wanted to be born again."

Could anything be sweeter than an old darkey's reply to a beautiful young lady who [illegible] to lift over the gutter. "Lor, missus, I's used to lifting barrels of sugar."

Washington Irving once alluded to a man of superior pomposity as "a great man, and, in his own estimation, a man of great weight. When he goes to the West, he thinks the East tips up."

A "[illegible]" Romance.—The following "very most observant" was made in the [illegible] the other day: "Dad, [illegible] the best pint of a cow is just a pint o' good, rich, sweet milk."

"What is heaven's best gift to man?" asked a young lady the other night, smiling sweetly on a pleasant looking young man. "A horse!" replied the young man, with great prudence.

Somebody says that husbands are to blame for most of the miseries of married life. Very likely. But the proposal to abolish husbands does not meet with much favor from the wives, nevertheless.

It is altogether too absurd to say that "man is not perfect." Who is there who has not met with many who were perfect strangers, and some who were perfect rascals, and some who were perfect fools?

A masterly was that given by a stuttering man, when telling a story to some of his friends. "Speak it plainly, man," said one. "I c-can-n't," he answered, [illegible] "stammering mind don't stutter."

"[illegible]," said a father to his son [illegible] when he caught him shaving [illegible] upper lip, [illegible] boys, for they might get [illegible]."

An [illegible] man found [illegible] recently, and [illegible] up [illegible] —Danbury News.

Indian Baked Pudding.—Take two quarts of sweet milk, and boil one quart, and while boiling stir in as much fine Indian meal as will make a very stiff batter; add a teaspoonful of salt, and make very [illegible] molasses. Butter a pan, and pour the remaining quart of milk over it. Cut little bits of butter and put on the top, and bake two hours in a [illegible]. Any person who has [illegible] will think he is [illegible].

Baked Apple Dumplings.—Fifteen [illegible] and a half of flour made [illegible] with three quarters of a pound of lard and a pound of butter [illegible] half pounds of sugar. [illegible] core the apples; fill the holes with sugar, [illegible] cloves, and two very [illegible] pieces of lemon. Wrap each apple in a covering of the pastry; put them in a [illegible] dish; sprinkle with sugar; cut [illegible] pieces of butter into small bits, and [illegible] them in the dish. Then fill in with [illegible] to within half an inch of [illegible] top. Put in the syrup a teaspoonful of cloves, and half as much [illegible]. Put the dish in a hot oven with a cold lid which is gradually heated by putting [illegible]. If the syrup boils away too much, when the dumplings are half done add a little more water, and baste frequently with the syrup to prevent them from burning. Bake two hours and a half.

Catsup Making.—As the season for catsup making is now upon us, those who have not yet finished their winter's supply might try the following recipe, which we have seen highly spoken of: To one peck of ripe tomatoes add one teacup of salt, three tablespoonfuls of black pepper, two do. cloves, two do. allspice; one large red pepper, fresh from the garden; four large onions chopped fine; one teacup of brown sugar; one quart of good vinegar. Pour boiling water on the tomatoes to remove the skins; then cut up in pieces or mash in your fingers; add the above ingredients, and boil two hours in a large porcelain kettle. Add a teacup of celery seed, if liked, and then mash it together in a common colander. Put on the fire again, and let it come to a boil; then bottle while hot, and seal the bottles, although it will keep a long time only corked, without being sealed. Dry all that will not pass through the colander for soup in the winter: but mash all through that will go, as it makes the catsup richer and thicker.

The members of the Austrian Polar Expedition, for whose fate grave fears were felt, have been heard from. They were shipwrecked and took to sleighs, in which they have succeeded, after a long journey, in reaching the Norwegian Island of Wardoe.

Men make steam engines of themselves from morning till night, viceversa, dream of gold. The fearful strain upon the nervous system by thus taxing the mind produces not only Heart Disease, Dyspepsia and Lung Maladies, but is often the direct cause of Aploplexy, Insanity and Suicide. It is very remarkable that during the world's progress discoveries are made suitable to the times. Hardly had man become prepared for speedy stransit when the Railroad and the Steamboat were introduced, the desire for intelligence developed the Telegraph. Coals are usually discovered as wood becomes scarce, and now, when men's minds are being taxed to their utmost in order to secure and enjoy the luxuries of the extravagant age, Fellows' Hypophosphites appears that by artificial means keep up this mental strain to an indefinite extent.

ELECTRICITY.

THOMAS'
Excelsior Eclectric Oil.

Worth Ten Times its Weight in Gold!

Pain cannot stay where it is used. It is the cheapest Medicine ever made. One dose cures common Sore Throat. One bottle has cured Bronchitis. Fifty cents worth has cured an Old Standing Cough. It positively cures Catarrh Asthma and Croup. Fifty cents worth has cured Crick in the Back, and the same quantity Lame Back of eight years standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be sufficient to satisfy the most sceptical. J. Collard, of Sparta, Ont., writes: "Send me [illegible] doz. Dr. Thomas' Eclectric Oil, have sold all I had from you and want more now; its cures are truly wonderful." Wm. Maguire, of Franklin, writes, "I have sold all the agent left, it acts like a charm—it was slow at first but takes splendidly now." H. Cole, of Iona, writes, "Please forward 6 doz. Thomas' Eclectric Oil, I am nearly out; nothing equals it. It is highly recommended by those who have used it." J. Bedford, Thamesville, writes—"Send at once a further supply of Eclectric Oil, I have only one bottle left. I never saw anything sell so well and give such general satisfaction." J. Thompson, Woodford, writes—"Send me some more Eclectric Oil, I have sold entirely out. Nothing takes like it." Miller & Reed, Ulverton, P. Q., write—"The Eclectric Oil is getting a great reputation here, and is daily called for. Send us a further supply without delay." Lamoyne, Gibb & Co., Buckingham, P. Q., write—"Send us one gross Eclectric Oil, we find it to take well."

Sold by all medicine dealers. Price 25 cents.

A PUBLIC CAUTION.

Holloway's Pills and Ointment are neither manufactured nor sold in any part of the United States, although they may be obtained in the B. N. American Provinces.

Each Pot and Box bears the British Government Stamp, with the words, "Holloway's Pills and Ointment, London," engraved thereon.

It has become necessary to make this announcement, because the New York Chemical Company (who pay nobody), finding at last that their name has been so exposed, have assumed the title of "Holloway and Co.," but, even now, no one will buy their medicines direct from them, so that they have made arrangements to supply exclusively the firm of Messrs. Henry and Co. of New York, with their so-called "Holloway's Pills and Ointment."

It is presumed that, from the large connexion Messrs. Henry and Co. have in the British Provinces, the public is very likely to be imposed upon by unscrupulous vendors and others unless they exercise great caution to prevent their being misled, by finding these medicines bearing a stamp with the name of "Holloway and Co., New York," [illegible].

Many respectable [illegible] in the British Provinces [illegible] my medicines direct from [illegible] have very properly suggested [illegible] for the benefit of [illegible] the public, insert their names [illegible] papers, that it may be known [illegible] medicines can be had genuine.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of Vinegar Bitters?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of Vinegar Bitters in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.

The properties of Dr. Walker's Vinegar Bitters are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

Grateful Thousands proclaim Vinegar Bitters the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. Walker's Vinegar Bitters, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with Vinegar Bitters. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional Diseases, Walker's Vinegar Bitters have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of Walker's Vinegar Bitters occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelminitics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

As an evidence of his ability we give below a few of the [illegible]

I desire that the citizens of Toronto and vicinity (to whom I am well known) should know of the wonderful cure that Dr. Ballou performed upon my son, William J. Spears, in this city, on January 16th, 1874. He had a very severe attack of Inflammatory Rheumatism, and was brought home from school at Cobourg in a helpless condition, and was confined to his bed, [illegible] him to the Albion Hotel, suffering indescribable torture, to be treated by Dr. Ballou, having little hope that he would ever be [illegible]. After [illegible] treatment his pain entirely left him, his swollen knees and ankles became [illegible] and in three days he was, and is to this day, as well as he ever was. In any other age such a cure would be considered almost a miracle. If there are any who desire further proof let them come and see.

ACHIBALD SPEARS,

I would cheerfully recommend Dr. Ballou to all my acquaintances, as his services to me were beyond all price, and I had tested the skill of the so-called best physician.

THE SCIENCE OF ACCOUNTS.

DOCTOR JOHNSON, writing on the Science of Accounts, uses the following language, "That science which [illegible] condition of life can render useless, which must contribute to the advantage of all who hope to gain, of all that wish to keep or improve their possessions, of all that desire to be rich, and all that desire to be wise."

The evils resulting from imperfect systems of Bookkeeping are great, and terminate in the insolvency and bankruptcy, not only of those who regulate their accounts by them, but [illegible] imperfect systems of Bookkeeping. [illegible] system of Double Entry, [illegible] troublesome to keep and perplexing to balance. [illegible] Indeed it would seem that [illegible] PARTNERSHIP CONCERNS. [illegible] the BALANCING OF BOOKS. [illegible]

All [illegible] the importance of KEEPING BOOKS simply and correctly, and [illegible] become well-qualified Book-keepers, [illegible] the institutions of our land.
