Hamilton Happenings

NOTICE TO HAMILTON SUBSCRIBERS.

Subscribers are requested to report any irregularity or delay in the delivery of their copy to Mr. J. S. Scott, agent, at this office, rooms 17 and 19, Arcade Building. Phone 1946.

CITY'S APPLICATION WILL BE MADE AT ONCE

Mayor Will Call Power Committee Together—Man Terribly Injured at Caledonia.

HAMILTON, Sept. 29.—(Special.)—Now that the Morris suit has been dismissed several of the aldermen, including Aldermen Cooper, Wright and Anderson, expressed the opinion that the council should be called together at once and a formal application sent to the hydro-electro power commission for a supply of power. Said Mayor McLaren to-night: "I will try to get a meeting of special power committee either for Thursday or Friday night."

Grant for Elm Street Church.

Rev. Dr. Wilson, Toronto, applied to the Women's Missionary Society of the Methodist Church for the continuation of the grant towards the support of a deaconess in connection with Elmstreet Church. Mrs. Coulthard objected that such a grant was unconstitutional, but Mrs. Carman said that she had seen nice girls jostled in the street near the church by men whose very presence brought a blush of shame to the cheek, and the grant was made. The treasurer reported total receipts of $109,722, as against $89,897 last year. Rev. T. E. Egerton Shore gave an address on the mission work in China and Japan. The society will buy a $7000 home in Vancouver. The expenditure was apportioned as follows: Japan, $35,688; China, $14,018; India, $25,556; French work, $8592.

Fell on Circular Saw.

Alfred Dayton fell on a circular saw in a mill at Caledonia to-day. His right arm was cut off just below the shoulder, and another cut that required 75 stitched runs from under the pit of his left arm, across his back, part of the shoulder being cut off. One leg is also badly cut. He was on the operating table at the City Hospital for three hours, but may recover.

Daniel Culp, Glendale-avenue, Kenwood, fell from the roof of a house on East Barton-street, sustaining a broken arm.

Superintendent Fisher Reticent

When asked about a despatch from St. Thomas that he was retiring from the position of superintendent of the T., H. and B., all Mr. Fisher would say this evening was: "I have nothing to say at present."

Rev. Dr. Mills conducted the prayer meeting at the James-street Baptist Church this evening, but will not give a decision as to the call from the church for a few days.

Col.-Sergt. Nadner was presented with a Morris chair this evening by the members of D. Company, 91st Highlanders.

It is said that the police are investigating a story that the Black Hand agent, who engineered the attempted robbery of Salvator Sanzone, is a Hamilton man, and not a resident of Buffalo, as was first supposed.

Grand Jury Presentment.

In its presentment this afternoon the grand jury recommended a much more severe penalty for carrying firearms and dangerous weapons, on account of the many recent "startling occurrences." The jury also criticized the action of Magistrate Jelfs in sentencing a man 73 years of age to two months imprisonment for what it termed a slight offence, remarking that if a light sentence had been imposed, the city would have been rid of him much sooner. Owing to the limited accommodation, the presentment said that it was impossible to observe the statutes with reference to the confinement of lunatics and untried prisoners. To relieve the congestion at the asylum it is suggested that some of the old people now confined there should be sent to houses of refuge. Chief Justice Meredith suggested that those awaiting trial on the charge of insanity, who were not dangerous, might be kept in a ward at the city hospital.

The chief justice sentenced Joe Lorenzo, who shot at Tom White, to three years in the penitentiary. His lordship said he believed that Lorenzo intended to kill White, and had it not been the jury's recommendation to mercy, the sentence would have been very much heavier.

Quit Work Too Soon.

Thru their application for extra pay for overtime, the discovery was made that the board of health inspectors had been in the habit of quitting work at 4 o'clock in the afternoon during the summer months, when the chairman of the board thought they were on duty until 5 o'clock.

Joseph Shugar, 7 Rosedale-avenue, has been summoned on the charge of selling liquor without a license.

Ex-Ald. Findlay will be a candidate for the board of control.

By a settlement of an action Mrs. E. T. Wright brought against H. G. Wright, Mrs. Wright is given a $55,000 interest in the firm of E. T. Wright & Company. The action of Dr. Borrett, Toronto, against Dr. Guesmer, to set aside the sale of a fruit farm was dismissed.

Harry Thomson, son of George C. Thomson, had his leg broken while playing football.

May Be Absorbed.

It is rumored that the Hamilton Steel & Iron Company will be absorbed by the Canadian steel merger.

Mrs. Brandon, wife of Dr. Brandon, Lancaster, died very suddenly this morning. She was formerly Mrs. Ellis, and was married to Dr. Brandon only a few weeks.

There are 205 pupils enrolled at the Normal School, which opened yesterday.

Daniel Darling, 14 years of age, nephew of Mrs. Cousins, 202 Homewood-avenue, has been miesing for two weeks.

The H., G. & B. service was crippled to-day thru a peculiar mishap. While a train of express cars were being hauled to the city, the door of one flew open, catching and tearing down several poles and the wires.

Eva Taylor, 13 years of age, was assaulted last night on South Wellington-street.

HAMILTON IS FREE OF CATARACT CLUTCH

Continued From Page 1.

newal. The city contends that that is not the effect of the contract, that it is only a contract binding for one year, and a learned judge, who had to pass on the validity of that contract, upheld it, if I understand the case aright, upon the very grounds that it was not open to the objection that it had not received the assent of the ratepayers, because it was a contract not binding beyond one year. Now, it would seem to me an extraordinary proposition if, in that state of things, it is not competent for the council of the City of Hamilton to enter into a contract with the hydro-electric power commission or with any body else that it chooses for a supply of power.

"See what the consequences would be if it were otherwise. The question is not brought to a test for a year or two.

Could Have Tied Things Up.

"Apparently the Cataract company is not suing for its account. If it did sue for it, the question would be immediately raised, and having regard to the course of litigation and the importance for the question, it might be two or three years before final judment would be reached in the case, even if the view of Justice Anglin prevailed as to the effect of the contract. What would be the result? It would be that this corporation would have been tied from getting power from anybody in the meantime, without any right to avail itself of any opportunity that was afforded in the meantime to enter into a contract with somebody else. It seems to me that upon the plainest business principle, as well as according to the law, it was for the council to determine whether it was expedient in the condition of matters which existed to enter into this contract or not, that having in good faith come to thte conclusion, the ratepayers having sanctioned their doing it also, which appears to be an essential to the right of their entering into a contract, this court has no right, no power, no jurisdiction to interfere with the judgment and acts of the council.

"In my opinion the action fails and must be dismissed."

PRESTON REAFFIRMS CHARGES OF FAILURE

Few Canadian Missionaries in Japan Can Speak to People in Their Own Tongue.

"I have heard it said that the church authorities propose to pay no attention to what I say on this question. They say that I don't know what I am talking about. Well I have been to Japan and have studied the missionary question there, while those who have resolved to disregard me have not."

In Trinity Methodist Church last night W. T. R. Preston delivered the foregoing words in the course of an address in which he reiterated his charge that Protestant missions in Japan were a failure.

Some opposition developed last night, a native Methodist preacher of Japan, Z. Ono, affirming that Canadian Methodist missions in his country were a splendid success. The chairman, C. E. Manning, also expressed the opinion that Mr. Preston was too sweeping in saying that the missions were a failure.

Mr. Preston said he did not want the impression to get abroad that he considered Christianity a failure in Japan. He believed that Japan could be evangelized, but only by a native ministry. Many of the missionaries were doing little or no good. Not more than 10 per cent. could address an intelligent audience in the Japanese tongue. Some of them had admitted that they were wasting their time there, and the Japanese Christian body was unanimously in favor of having nearly all of them recalled and the work of evangelizing placed in the hands of native Christians.

"My idea is not new," Mr. Preston affirmed. "I am betraying no confidence when I say that there are on the records of the mission boards of Toronto, Chicago, Westminster and other places statements from returned missionaries which agree with me."

Mr. Manning, in commenting on Mr. Preston's remarks, said that the Canadian Methodist Missionary Board, had long since adopted the very course which Mr. Preston was advocating namely the promotion of a native ministry.

The church had only nine missionaries in Japan and had not sent any out in a number of years.

Mr. Ono said that native Japanese Christians were not preaching the gospel for the money there was in it

Northcliffe Passes Thru.

Lord Northcliffe, the great English publisher, passed thru Toronto last night en route from the west to Newfoundland. Since landing in Canada, about three weeks ago, he has made a tour of Western Canada and also visited the Pacific Coast States as far South as San Francisco. After leaving the coast North Northcliffe came east by a direct route via Chicago. He will return to England after visiting Newfoundland.

Company Censured.

At the inquest into the cause of the death of John Pickering, who died in the Western Hospital on the 24th inst., as a result of being scalded by water escaping from the boiler, the jury last night found that the D. B. Martin Co. of West Toronto were open to censure, as the engineer should have cut off all steam and hot water before the men were allowed to start on the work of repair

York County and Suburbs

SCARBORO FAIR.

HALF-WAY HOUSE, Sept. 29.—(Special.)—Not even adverse weather conditions sufficed to-day to damp the ardor of the Scarboro farmers and officers of the local fair, and in all respects save attendance the fair was easily the best in the history of the association.

In horses, cattle, sheep and swine, fine arts and dairy products and in short in every department, the number and general excellence of the exhibits was a revelation to everybody.

Some Who Were There.

The heavy rain of the forenoon kept many city votaries of this fine old fair at home, but among scores of others noticed on the grounds were: W. E. Wellington, Dr. McLean, ex-M.P., Capt. T. F. Wallace, M.P., Alexander Doherty, ex-Warden Baird, Simpson Rennie, James Lemon, Thos. Boyes, L. N. Morrison, Reeve Annis and Councillors Paterson, Law and Green of Scarboro, Reeve Haycroft, Whitby Township; W. J. Starke, Robt. Paterson, T. Paterson, George Emperingham, A. McCowan, M.L.A., N. B. Cobbledeck, Charles Brownlee, L. H. Hillary, Arthur Johnston of East Toronto, Wallace W. Thompson, A. J. Reynolds, Frank Weir, Robert Chapman, ex-Reeve Lyman Kennedy, John A. Drake, Geordie Little, S. and T. Railway; Hugh Clarke, T. Shadlock, W. Woods, David Beidam, Wm. Patton of Scarboro Township; Ed Kirk, Robert Ash, John Thomas, James Torrance, Jas. Malcolm, Dr. Armstrong, V.S., Walter Hood and Robert Cox, Markham Township.

Great Show of Horses.

In every class the competition in the horse ring was keen and it is questionable if the show of spring colts has ever been surpassed in the province. A few of the winners were:

Brood mare and foal, agricultural—Martin Bros. 1, W. W. White 2, J. Taylor 3.

Draught team—Gooderham Bros. 1.

Dappled grey team—Robert Simpson Co.'s prize H. Weir.

In the two-year-old draught class, Henry Mason, with a magnificent filly, sired by old McQueen, easily carried off first honors, with George Ley2 and George Emperingham 3.

In the carriage class, J. Brandon 1, J. Clayton 2 and W. Loveless 3.

Farmer's outfit—W. Loveless 1, J. Clayton 2.

Lady drivers—Miss Murray 1, Miss Ley 2, and Mrs. R. Forfar 3.

In the draught colts, spring, the get of Cairndale, Robert Cox of Amber won 1st with a splendid type of the Clydesdale; also first for special.

Some Good Cattle.

In cattle, J. Ashbridge, J. Kennedy and J. H. Lennox were exhibitors. In Ayrshires, Messrs. Hammond and Hammill. In Holsteins, Messrs. J. Weir, Honey, Loveless, Charles Watson and Dix.

In Oxford Downs, J. J. Weir, Frank Weir and John Lowrie made an exhibit which it would be hard to beat.

Poultry interests were represented by J. Lowrie, R. M. Paterson, Hoover and Reesor, J. Brown & Sons and W. G. Rennie.

The show of ladies' work and fine arts was great, while Miss L. Galbraith, Miss Scott, Mrs. W. Doherty, Mrs. A. Mason, Mrs. J. Kennedy, Mrs. R. Martin, Mrs. R. H. Chapman and Mrs. J. S. Beare took prizes.

A feature which added greatly to the pleasure of the afternoon was the splendid music given by the Malvern Band, recently organized.

—Notes of the Fair—

The genial Dave Beldam represented the Conboy Carriage Co.

The Scarboro Railway, under the direction of Supt. Drake, gave an excellent service.

Alex. McCowan, M.L.A., was, as ever, the untiring, courteous secretary.

The society will fall away about $150 in gate receipts. Better luck next time.

Scarboro beats 'em all in good horses.

Officers of the board: Robt. McCowan, hon. president; Geo. C. Chester, hon. president; A. J. Paterson, president; Ed. Mason, 1st vice-president; B. F. Law, 2nd vice-president.

Directors: W. W. Thomson, William Doherty, C. A. Mason, J. Jackson, P. Heron, T. Britton, R. Martin, W. A. Latham, R. Buchanan.

Alex. McCowan, secretary-treasurer.

Auditors: H. Thompson, Wm. Chester

NORTH TORONTO.

Local Real Estate Transfers and General Notes.

NORTH TORONTO, Sept. 29.—(Special.)—The sale of the large block of land to the Melrose Company and the figures quoted have aroused great interest in North Toronto, and the opinion is freely expressed that the northern suburb is entering upon a period of great progress.

The sale of a residence on Woodward-avenue by Richard I. Livingstone to Bernard Mash is reported. The price paid is said to be $5100, and is regarded as a splendid investment.

Waddington & Grundy are suing to recover from Miss Humberstone the amount of commission on the sale by the former on the $24,000 farm bought by John Firstbrook.

Robert Pinder has disposed of his property on Yonge-street, and will shortly remove to the 2nd concession of West York, where he has purchased the Dunn property. Mr. Pinder will engage in farming.

John Atkinson has bought the store at Bedford Park, where he has for some time been engaged in business. Mr. Atkinson will remodel and otherwise improve the building.

Some criticisms of the action of the town council in holding the sewerage meeting of next Friday night behind closed doors is heard around town. The meeting is the outcome of the motion introduced by Councillors Burnaby and Howe, and will be attended by T. Aird Murray, C.E. The conference is being held with the view of clearing up any technical difficulties which may still exist in the mind of some of the council.

The sale of the store formerly owned by Benjamin Sinclair near the corner of St. Clair-avenue and Yonge-street to Mr. Hardy of P. Higgins & Son, is confirmed. Mr. Hardy will continue to conduct a grocery store, and D. C. Murray, the present tenant, will remove shortly to the handsome new store nearly completed, immediately south of St. Clair-avenue, on Yonge-street. The consideration is $12 000.

The Dominion Bank, which last spring acquired the corner south of the Sinclair property, will, before long, erect a bank building in keeping with this rapidly growing district.

WEST TORONTO.

WEST TORONTO, Sept. 29.—Great interest was aroused to-day over the new assessment papers. West Toronto had a rate of 26 mills, while the city's is 18 1-2, not including local improvements. Under the new wassessment the owner of a single house pays the same taxes for the land, but much more on the house. For instance, a former assessment of $1500 on a house is now raise dto over $2000.

Orald Wilson Jones of Uxbridge died at a friend's house on Weston-road, where he had been visiting for a couple of months.

NEWMARKET.

NEWMARKET, Sept. 29.—Secretary William Keith to-night reports that the entries to date are larger than at any time last year, live stock included. There are 30 horses here in readiness for to-morrow's trotting events, while everything points to a record crowd. The Metropolitan Railway is giving a special service.

CONSTANT USE . . . .

DON'T GET LOST IN CROWD BE A LEADER OF OTHERS

Aim of University, Says President Falconer, is to Produce Intellectual Democracy.

"The aim of a university," said President Falconer in his opening address to the students yesterday afternoon, "should be to produce an intellectual democracy. The only man who can become a leader of others is he who has attained a more steady view of the eternal order without him than the average man.

"City life is a life of sameness, of imitators, the throng, too often overpowering the individual. The aim of the university is to prevent the individual being lost in the multitude. Our effort is to comprehend that of which the life without the university is only the partial expression, to learn the why of things.

"You will find a multitude within the university as without. Think what the qualities of a multitude are, how quickly opinions are formed. Both multitudes are slaves to prejudice.

"How commonplace we become in a multitude. Thus is opportunity given to those who say that which will startle us, merely because it startles us, to the man whose stock-in-trade is not what he says but how he says it.

"Morals are not an exact science, but there is a bright centre in a somewhat vague periphery. You must be careful to distinguish the fixed star in the moral heaven from the wandering meteor. What we need in this university life is a larger fringe of educated reflecting opinion."

He commended the standard set in athletics. Toronto University ought to show to other universities the true line between the misuse and the use of the athletic life. There should be adherence to "the real honorable rules of the game."

He referred to the new buildings and extensions now nearing completion, and the additions to the teaching staff.

Nine or ten members of the staff had attended the British Association meeting in Winnipeg.

Reference was also made to the academic celebrations he had attended in Europe, the Darwin centenary at Cambridge, the 350th anniversary of the foundation of the University of Geneva and the 500th anniversary of Leipsic University. One could not fail in these to be struck with a sense of the commonwealth of learning. The same type of man had founded Cambridge, Geneva and Leipsic, and the reputation of their founders was not formed on national prejudice, nor did they excite it. There was a great hope for the future in this.

Accident Fakers Sentenced.

MONTREAL, Sept. 29.—To-day was sentence day in the court of King's bench. Nicolo Delgrasset was given 10 years for the attempted murder of a countryman.

The men who were implicated in the big conspiracy to defraud public utility companies by faking up accidents, were also sentenced. Aloff got five years, Shykofsky two and a half years, and Calisoff one year.
