DEATH OF JOHN BABBIT.—John Babbit of Fredericton died very suddenly at his home on Charlotte street yesterday morning of heart disease. He leaves two children, one a girl 13 years old and the other a boy 11 years old. His brothers are George N. Babbit, deputy provincial secretary, D. Lee Babbitt, accountant of the People's bank. Deceased was one of Fredericton's most popular and respected young men.

LIME KILNS.—Mr. Charles Miller's lime kilns at Pokiok and the Portland lime Company's kilns have been shut down for the season. Messrs Stetson, Cutler & Co are opening a new quarry at Pokiok.

WHAT'S THE MATTER?—A few days since it was announced in one of the daily papers that the Carleton open air skating rink would be open this winter. But as yet there have been no preparations made for opening it. The fence around it is in a very dilapidated condition. FIRE.—About 5.30 last evening a large tin lamp was accidently upset in the window of Phillip Grannan's shop on Main street. The oil escaping from the lamp caught fire, and instantly the whole window was enveloped in flames. Water thrown on had no effect in checking the fire. Fortunately Mr. Wm. Farrel, an experienced fireman, happened along, and at the great risk of being burned he knocked the flaming lamp from the window, opened the door and kicked it into the street. A teamster rushed in with a bag with which he quickly beat out the flames in the window. The prompt action of these two men prevented what might have been a very serious fire.

ST. MARTINS SEMINARY.—Very gladdening is the news which comes from the Seminary. The work of the school is going forward very pleasantly and successfully. The attendance is good, there being 81 now on the roll, and others expected after New Year. Best of all, as Bro. Parker sends word in a communication in the church news column, there is a deep religious interest among the students. Miss Wilkinson is winning golden opinions. Dr. Hopper is throwing all his energy and enthusiasm into the work, and Bro. Warren is doing his steady, thorough teaching, and all the other instructors are doing well.—Messenger and Visitor.

THE QUEEN VS. McDONALD.

Continued from First Page.

Had found a few crystals of strychnine in the bottom of the box. Thought they had dropped from the candies. Did not know of any perceptible difference between the American and German strychnine crystals. Had not found any means of detecting a difference between German and American strychnine.

FRANK B. ELLIS,

sworn, testified to having given the Shaw box to Coroner Berryman. He had known McDonald since the day the latter had walked into the Market slip. Had heard McDonald afterwards talking to the doctor at Mr. Geo. H. Barker's residence. McDonald said he had to do this, as he was the prophet Elijah and could have walked across the slip. He could not drown as the bottom came up and kept his head above water. Witness could not say that these were the words, but that was the import.

ROBT. HILL,

a letter carrier, remembered delivering a package at the residence of Rev J L Shaw about Wednesday, Oct 2nd—either on Monday, Tuesday or Wednesday. Described the appearance of the package, which corresponded to the one shown.

JOHN R. MARSHALL,

chief of police, sworn, testified to receiving a box of candies from Dr. M. S. Harding, which he had afterwards given to Coroner Berryman. It was in the same condition then as when he recevied it, and the contents were the same.

The Solicitor-General said that some difficulty was experienced in getting witnesses to remain in court. They came and refused to remain if not examined immediately.

His Honor stated that he would issue bench warrants if witnesses did not appear when summoned, and place them in custody. If, after waiting a reasonable length of time, witnesses did not come, the Solictor-General would be justified in calling on their recognizances.

THOS. L. HAY

testified to having received a box of candies from Rev. J. L. Shaw which he took to Mr. J. V. Ellis.

CHAS. H. FAIRWEATHER,

of Sussex testified to being a druggist of that place. He knew the firm of I. B. Barker & Sons. Had dealt with them for eleven years. The regular course of business with this firm was done by letter order. Witness referred to an invoice and found that on or about the 23rd of August last he had received by freight five pounds of oil tar. He examined the invoice at the time. On this package there was a label. (Label shown, identified as being the label.)

JOHN V. ELLIS

identified the box shown, with its contents, as the one given him by Thos. L. Hay.

CHAS. H. FAIRWEATHER

recalled,—(The Solicitor General offered the label in question in evidence. Mr. Weldon objected, and the objection was sustained until the Solicitor could prove it.)

Cross-examined by Mr. Weldon. Other parcels were received on the day the oil tar was received, Put the date "Aug 23rd," on the label when the detective got it. He could not say at what date previous to August he had ordered oil tar. He knew the latter date as it was then he had received the last bottle. Could not say whether the order for this oil of tar was verbal or written. Mr. Fairweather was asked to stand aslde, and ascertain from Messrs Barker if he had sent them such an order on that date.

Adjourned until 2,15 p. m.

Continued in second edition.

The School Trustees.

At the meeting of the board of school trustees yesterday, several applications for appointment on the teaching staff were received, a few applications for leave of absence, also a few applications for advance of salary. The first were placed on the application book, the second were granted and the third were referred to the committee on teachers and salaries.

A report from M. W. Maher, inspector of buildings, was read, upon the condition of the foundation walls of the Winter street school, with certain recommendations. The thanks of the board were passed Mr. Maher for his report.

Supt. Hayes' monthly report showed the enrollment of pupils to be 6,572, the daily attendance 5,136, percentage 78. The five night schools meet regularly four nights in each week and are fairly well graded. The nominal enrollment in Nov. was nearly 400, the actual enrolement about 302 and the average attendance 150. The monthly cost of operating the schools was in the neighborhood of $120, exclusive of light. The superintendent made some recommendations in regard to one or two sessions in stormy weather; upon requiring Latin in the 7th and 8th standards for all pupils; upon departmental work in certain schools; upon the apointment of regular teachers from the reserve staff; in regard to the duties of principals and upon depriving pupils of recess, etc.

The secretary, Mr. March, reported that the Provincial W. C. T. U. had presented the board, for the use of the teachers, with 51 copies of the Health Primer, which had been apportioned to the several schools. The thanks of the board were passed to the union for their generous gift.

The financial statement submitted by the committee on accounts in every respect corroborted an article on the subject which was published in THE GAZETTE a few weeks since.

The committee on teachers' salaries recommended that $50, per annum be added to the salaries of the principals of the Indiantown, Peel street, Bentley, Madras, St. Peter's, and Winter street schools from January 1st, 1890. They further recommended that the report upon the equalizing of salaries referred to them lie over for further consideration. This report was adopted.

The teaching staff of the city was reappointed for the first term of 1890 with the exception of the following changes: Miss Jessie S. Livingston (new), Indiantown school, vice Miss Jones, resigned; Miss Ella Cairns, from the reserve staff, Winter street school, vice Miss Ward, resigned; Miss Bessie Wilson, from the reserve staff, Albert school, vice Miss Montgomery, resigned; to the reserve staff, Miss Ella Patterson for the Leinster street school and Miss Jane Estey for the Albert school.

C. of E. S. S. Association,

At the annual meeting of the C. of E. S. S. Association, held in Trinity church school room last evening, the report of the secretary, Rev. Mr. Raymond, showed that during the year the association had been very successful in its work.

The reports from the ten schools of the city were then presented as follows: Trinity, St. John's St. James, St. Mary's, St. Luke's, St. Paul's, St. Barnabas Mission, St. Jude's and St. George's The reports showed that the work of the schools had been well sustained. The average attendance was about the same as last year, notwithstanding the falling off during the first portion of the year caused by the prevalence of scarlet fever. The schools coutributed for missionary and other purposes upwards of $1,300.

The officers for the ensuing year were elected as follows: President, Rev. Canon Brigstocke; vice-presidents, the clergymen of the deanery, ex officio, and W M Jarvis, C F Kinnear, A P Tippett, E J Wetmore, Thos. Patton, T B Robinson, E Willis and A H Hanington and Misses Murray, J R Barlow and G Wheeler; secretary treasurer, Rev. W. O. Raymond.

BARNES & MURRAY.

Dry Goods Store, Charlotte Street.

Of the several young firms that have started in the Dry Goods business within the last couple of years, few have met with the success, that the proprietors of what has been called the Pretty Store, have attained. This success is due to the thorough knowledge of their business that these two enterprising young men have; from the fact that they run a *bone fide* cash business and also that they are always to the front in placing before their patrons every late novelty to be found in the large range of goods that now comprises the necessary stock in trade of the modern first-class dry goods house. Those of the fair sex who are now busily preparing the many pretty trifles to be given away at the coming season to their friends and relations would do well to inspect the large assortment of novelties for fancy work of every kind to be found on the counters of this establishment.

Husbands and fathers who are thinking of the annual gifts to their near relations will find many a useful present on the well filled shelves—for there is no more acceptable present, than a handsome dress, jacket or ulster.

Gentlemen whose stock of personal requirements such as shirts, collars, ties, gloves, underclothing etc. has run low can be accommodated from a large range of goods that covers all the latest London and American novelties, this class of goods being made a specialty of.

Fresh goods from the best markets, all personally selected, are arriving daily, which are unpacked with all possible despatch and placed on the counters at once and shown with pleasure by the employes, whether to buyers or only onlookers. All that is necessary for a pleasant and profitable visit to be made to this complete establishment is a well-filled purse, which will be exchanged for tasty goods that will give the best of satisfaction and first-class value for the outlay.

Theatrical.

A more complete and effective rendering of the great drama, Roger-la-honte, was given to a good house last night by the Wood-St. John company, than on its first presentation. It was a pleasure to recognize the face and voice of Mr. Geo. Elton, who has again joined the company. When last here this gentleman's clever work pleased everyone, and his nice, distinct articulation and pleasing voice are just as marked now as then. He assumed the role of the Judge last night.

This drama, Roger la Honte is now being played in New York by Wm. Terriss and his English Company with marked success and is a popular bill wherever produced.

Roger la honte will be given for the last time this evening and those who have not yet seen it should avail themselves of the opportunity thus afforded them.

Tomorrow evening the bill will be the side splitting comedy, "The Magistrate." The performance will be under the patronage of Lt. Col. Blaine and the officers of the 62nd battalion. The band of the battalion will also be present and play some choice selections. "The Magistrate" is said to be more comical than "The Private Secretary" and its production will no doubt assure a crowded house.

Police Court.

Stephen Kierstead drunk on Charlotte street was allowed to go.

Lewis Richards an Englishman was brought to the station last night by officer Rowley. He was found by the officer in a camp back of Lily lake where he has been living for upwards of 6 weeks. When brought before the magistrate this morning Richards stated that he has been in the province for about 7 months and came here from Moncton; he has been unable to obtain any employment and has occupied the camp living on whatever food he could get. The magistrate declared him a common vagrant and remanded him until he made some inquiries. The magistrate referred to the number of beggars who were around the streets and said that they should be arrested by the police.

Timothy Cronin pleaded guilty to-day for selling liquor after hours and was fined $20. He says that there were a number of people in his store after hours and he told them he would not sell them any liquor but he says they got the liquor, without any profit to him. He did not intend to violate the law.

The whole is valued at $150,000. Most of it was from Portland.

The second of the series of entertainments by the Y. P. A. of St. John's church was given last evening and was quite numerously attended.

An officer of the Royal Engineers, who is somewhat of a curio hunter, brought an antiquated looking desk at an auction room in Halifax a short time ago, and after getting it home proceeded to have it renovated when the discovery was made that it had been a presentation from the citizens of Halifax to the Duke of Kent, which must have been more than 90 years ago. He sent it to England and by last mail received $1,000 for it.

Pilot George Beebe reports Dec 7th, 10 miles SE of Highlands, passed a vessel's mast standing upright and about 10 feet out of the water, apparently attached to a sunken wreck.
