DO YOU WANT WORK?

The fact that at this season of the year work for the laboring and odd-job man is not so plentiful as at other times has induced the Courier to try and be of service to them, and will, therefore, insert a "Work Wanted" ad free of charge for all such men.

Many people often want help, but do not know where to secure it. By consulting the ads of those wanting jobs they will be able to secure the help they want.

Anyone wanting a job of any kind can have the service of the Courier by calling at the office and making their wants known.

COMING EVENTS

Forecasts:

Southerly winds, rising temperatures, light snowfalls. Thursday, southwest winds and much milder.

Strange Contrast Is Presented

[By Special Wire to The Courier]

VANCOUVER, B.C., Jan. 14. —John Simpson was yesterday awarded one dollar in the Supreme Court for the loss of his wife when the steamer Cheslake went down a year ago off Vananda harbor. This award is in strong contrast to a verdict given in the same court the previous day, when a woman was given $6000 for the loss of her husband in the same disaster.

With the City Police

The sequel to the highway robbery which occurred in Brantford on the 17th of December when Richard Hagen, a visitor from Burford, was robbed, has been long drawn out and a further hearing at the police court this morning was adjourned until Friday.

Thomas Bell, who uses a number of aliases, was again charged with the offence and pleaded not guilty.

The youth, Oles, had stated that prisoner was in the company on the 17th, but Hagen could not remember seeing him, although he distinctly recollected Oles.

Mr. Greenaway, who keeps a second hand store on Dalhousie street, said that Bell came to his place, selling court plaster. He asked aid because he was crippled and showed an arm that had been severely burnt. The following day, prisoner again visited the store and this time he produced a gold watch and offered it for sale. It changed hands and was afterwards identified as belonging to Hagen. The court plaster will have something to say in this case, as Hagen found some court plaster in his pocket, which Bell is alleged to have sold him at the same time, however Hagen's memory does not carry him through Dec. 17th, and thus the plaster might prove what Hagen's mind can't.

It was admitted that defendant peddled court plaster, but he says he does not think he saw plaintiff on the day of the robbery and he denies all knowledge of Oles.

It was decided to have Oles present to testify on this point and to this end the case was adjourned until Friday.

"There is some good British blood in this room to-night, and there will be some good British blood in the court to-morrow," declared a drunk, as he was brought to book last night.

"Yes.', responded the magistrate' "British blood is alright as long as it is not mixed up with bad whiskey."

£5,000 Gift to Town

MAYOR PATTERSON'S INAUGURAL TO COUNCIL

Paris is Pleased With Hydro —Good Year is Looked Forward to in Town.

(From our own Correspondent)

PARIS, Jan. 14.—The inaugural meeting of the new municipal council was held Monday. All the members were present and took the oath of qualification and office.

Mayor Patterson delivered his opening speech as follows:

Gentlemen,—As the chosen representative of the people of Paris, I extend to you all a cordial welcome to this board, and I know that you will each work for what you consider the best interests of the town, without regard to party, class or creed. Our business should be to look after the material interests of the people, their spiritual interests are supposed to be attended to elsewhere.

It will be our duty to help and co-operate with all organizations that exist, having for their object the welfare of the town. I may mention among others the Hydro Light and Water Commissioners, the Board of Education, Library Board, Board of Health, Board of Trade, firemen and band.

There are doubtless other organizations which are entitled to all the help and encouragement we can give them.

It is satisfactory to know that two or three of the most active members of the Board of Trade are also members of this year's council, and I am sure that with these two boards co-operating much benefit must accrue to the town. We also have two members of last year's council, together with Mr Stroud, our Reeve, who has long been recognized as one of the ablest members of the board and also the county council, that we have ever had, and these services should be of great help to the new councillors.

It may be remembered that in my address at the opening of the council last year, I stated that every ratepayer had, as far as it lay in my power, the right to have all reasonable requests granted, particularly mentioning the laying of cement sidewalks and the introduction of water services. I am pleased that in the matter of pavements, every petition sent in during 1913 was granted and the work in every case finished. Some of these petitions had been presented two or three times in former years. But it remained for last year's council to have the work completed. There are still a few parts of the town that require cement walks and these will be attended to as fast as our finances will permit. It is evident, however, that if our roads receive the immediate attention they require, no very great amount of walks can be laid this year unless we issue debentures to cover cost of same

In this connection it may be said that it is without doubt the unanimous opinion of the ratepayers that a start should be made towards the improvement of our highways, and I earnestly hope that some means may be devised whereby this can be done at an early date. The question of paying for permanent improvements by frontage tax, a plan which has been found most satisfactory in other places, is well worthy of our attention.

Some complaints have been made as to the manner in which the street watering has been done, fault being found that the residential streets are not as well watered as our business streets. I may point out that there is this difference between the two, whereas the residential streets are assessed only three cents per foot, the business streets are taxed ten cents. In some places it is claimed that better results are obtained by oiling the streets than by watering them.. This matter also is worthy of our attention.

A word in regard to the natural gas question. In reply to my protest against the offensive odor, I am pleased to say that I have been assured that preparations are already under way whereby the gas used in Paris will be purified. Mr. Lee, the local manager, is doing everything in his power to have the matter made satisfactory.

Another matter that should engage your attention is the question of a building by-law. In view of the large number of buildings that have recently been erected and the large amount of building in contemplation, this should be attended to without delay.

Just a word in regard to the Hydro Electric and Water Commission. The public have now an opportunity of seeing the splendid services rendered by the Commission during the past two or three years. We have now one of the best lighted towns in Canada and the people are unanimous in their expression of approval at the manner in which the commission have carried out their plans. The main streets and bridges will also be lighted as soon as the style of permanent lighting has been agreed upon. In the meantime they will be fixed up temporarily with 125 candle power lamps. A number of other lights will be installed where needed.

I am pleased to be able to inform you that thirteen new services were installed and turned on, on Saturday last, two days after the power had been turned on, in the town and a number of others will be installed this week.

The Commissioners have engaged a canvasser to solicit orders for Hydro service. We are now in a position to offer cheap power to industries looking for locations, and a determined and united effort will be made this year to have more manufacturers locate in Paris.

There has also been a larger number of water services installed during the past year, than formerly, work on same having been kept up until December.

There has been a temporary cessation of work on the new railway, but I am informed on good authority that the stoppage is only temporary, and that the road will be pushed to a successful conclusion at an early date.

In selecting the chairmen for the different committees this year, I trust that care will be taken to select the members who are best qualified for the work. Let us all boom, busy Paris.

Reeve Stroud congratulated Mayor Patterson upon his return to office by acclamation. He was glad to see so many new faces at the board and hoped they would be an improvement one some we had had in the past.

It was moved by Reeve Stroud, seconded by Ald. Stewart that Dr. Burt be reappointed to the Library Board for a further period of three years.

Deputy Reeve Evans moved, seconded by Ald. Pitts that the council meet at 8 p.m. on the last Monday of each month. Reeve Stroud preferred 4 p.m., but as practically all the members were in favor of the evening session, he withdrew his objections

Messrs. Evans and Pitts moved that Messrs. J. S. Armitage, James Smiley and J. R. Inksater be appointed to the board of health for 1914. Carried.

On motion of Messrs. Evans and Sayles, the Mayor, Reeve Deputy and Ald. Pitts and Rehder, were appointed a committee to strike the standing committees for the year.

The council met again in the afternoon when the following standing committees were announced:—

Assessment— Rehder, Reeve Deputy, Sayles and Stewart.

Police—Mayor, Reeve and Deputy.

Charity and Printing—Evans, Sayles, Pitts, Reynolds and Stewart.

Fire—Rehder, Sinclair, Reynolds, Sayles and Stewart.

Grounds and Cemetery.— Evans, Sinclair, Rehder, Sayles and Stewart.

Streets, Sidewalks and Bridges — Pitts, Rehder Stroud, Sinclair and Reynolds.

Finance— Stroud Evans, Stewart, Reynolds and Pitts.

Court of Revision— Mayor, Reeve, Deputy, Rehder and Sinclair.

The Medical Health Officer presented his report which was read and adopted. He blamed the gas for a number of cases of sickness and asked that the council do something in the matter. The Mayor assured him it would be purified.

It was reported that a new hydro lamp had already been broken on the back road to the station and it was decided that a reward of $25.00 be offered for information leading to the conviction of the guilty parties either in this case or upon any future occasion.

As the Bank of Commerce will handle the money for the hydro electric commission the general funds of the council will be divided between the Bank of Montreal and the Bank of Hamilton, unless one gives a better rate than the other.

The matter of appointing an assessor will be taken up at the next council meeting.

Board of Works.

A speical meeting of the board of works will be held to-night in reference to the provision of work for the unemployed.

Commercial Building, Brantford, Solicitor for the Administrator.

Relief is Sought

The lack of work and the extreme cold weather are responsible for parties appealing to the relief officer for assistance, who heretofore this winter, and probably never in their lives, have asked for assistance. The relief officer has numerous callers each day. Although provisions are frequently asked for, fuel is most in demand.

Sir James Whitney was reported weaker at his hotel in New York.
