INTERNATIONAL CLUB'S TROUBLES.

Chatham, Jan. 28. — The executive committee of the International Field Trials Club met at the Rankin House to determine the merits of the protests entered in respect of the divisions at the recent competition. These protests were by W. W. McCain, of Stevensville, Pa.; Hess Millikens, of Leamington, and Secretary Wells, of Detroit, owners of dogs which ran at the trials in the all-aged stakes. The protests were based on the admitted pecuniary obligation of one of the judges, Mr. Ed Warner, of Detroit, to one of the competitors, President Richard Bangham, of Windsor. The decision was in effect that the stakes be paid over as adjudged; that the action of Judge Davidson was above reproach; that they strongly censure the action of President Bangham in not reporting his action in the capias to his fellow-competitors and officers of the club; that they requested the presidents' resignation, and that the action of Judge Warner was open to the strongest censure in accepting the favor and lay himself under obligations to one of the competitors. Mr. Bangham expressed his surprise and regret at the finding, but said he would act promptly on the request of the committee.

The Wolseley Barracks and the Waterloo street hockey teams will play tomorrow at 2 p.m. at the barracks rink.

ATHLETICS.

BOB WON'T SIGN.

Grand Rapids, Mich., Jan. 28.—Regarding the possibility of Fitzsimmons signing the Considine articles to which Corbett has already placed his signature, Martin Julian said: "I understand Bob will be expected to sign at Detroit on Sunday, but he will not. We will entertain Corbett only after he has met Maher. Who is Considine, anyway? He is one of the Corbett gang. We have heard enough of them."

BLOWS.

Homer Selby (Kid McCoy's brother) says that unless Fitzsimmons or Corbett covers his money ($5,000), posted with Richard K. Fox, at the Police Gazette office, New York, within six weeks from Jan. 25, he will claim the heavy-weight championship and defend it.

Tom Davis, of San Francisco, and Herman Fixel, of Meadville, Pa., middle-weights, fought a 15-round draw on Thursday night before the Dunkirk, N. Y., athletic club. It was an even battle from start to finish, and was declared a draw. Gene Lobee, of Buffalo, and Billy McCabe, Toronto, also faught a draw—eight rounds.

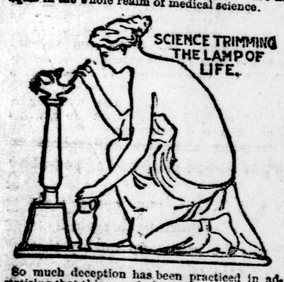
HEALTH AND ENERGY ASSURED. HAPPY MARRIAGE, GOOD TEMPER, LONG LIFE.

In all the world to-day—in all the history of the world—no doctor nor institution has treated and restored so many men as has the famed ERIE MEDICAL CO. of Buffalo, N. Y.

This is due to the fact that the company controls some inventions and discoveries which have no equal in the whole realm of medical science.



So much deception has been practiced in advertising that this grand old company now for the first time makes this startling offer:—

They will send their costly and magically effective appliance and a whole month's course of restorative remedies, positively on trial without expense to any honest and reliable man!

Not a dollar need be advanced—not a penny paid—till results are known to and acknowledged by the patient.

The Erie Medical Company's appliance and remedies have been talked about and written about all over the world, till every man has heard of them.

They restore or create strength, vigor, healthy tissue and new life.

They quickly stop drains on the system that sap the energy.

They cure nervousness, despondency and all the effects of evil habits, excesses, overwork, etc.

They give full strength, development and tone to every portion and organ of the body.

Failure is impossible and age is no barrier.

This "Trial without Expense" offer is limited by the company to a short time, and application must be made at once.

No C. O. D. scheme, no bogus philanthropy nor deception, no exposure—a clean business proposition by a company of high financial and professional standing.

Write to the ERIE MEDICAL COMPANY, BUFFALO, N. Y., and refer to seeing the account of their offer in this paper.

Trolley Lightning.

Woman Nearly Blinded by Burning Out of a Fuse—Panic Caused by a Flash.

Winter Lightning Causes a Panic in Cincinnati.

New York, Jan. 28.—A trolley car of the crosstown line was stopped so suddenly at Bedford avenue and Broadway by the motorman that the fuse blew out with a flash. Ellen Warner, aged 19, was alongside the car, and the flash blinded her and she fell in a faint. It was some time before she was revived, and then it was discovered that her sight had been seriously affected.

Cincinnati, Jan. 28.—During the big storm lightning struck the St. Philomena German Catholic school, where 250 school children and a number of men and women were attending mass. A bolt struck the organ loft, and this was followed by a booming, cracking noise, and the whole building shook violently.

The children screamed, and a mad rush was made for the doors. The men and women joined in the stampede. Several sisters of charity came to the rescue, and after much difficulty quieted the children. No one was seriously hurt.

CAN OF OIL CAUSED $100,000 DAMAGE.

Allentown, Pa., Jan. 27.—A can of kerosene oil exploded in the boiler-house of the Bennville cement mill at Rosendale, eight miles north of Allentown, early this morning, setting fire to the mill and storage house. Both were totally destroyed together with their contents. The loss is estimated at $100,000; fully insured.

NOVA SCOTIA LEGISLATURE.

Halifax, N. S., Jan. 28.—The first session of the new parliament of Nova Scotia was opened yesterday by Lieutenant-Governor Daly. The speech from the throne spoke of the year's general prosperity, and referred to the fact that the output of coal was the largest in the history of the province. A bill for consolidating the unfunded debt of Nova Scotia is among the measures promised. Hon. F. A. Lawrence, Colchester, has been re-elected speaker of the assembly.

A Slight Tangle.

A Ruling That Would Have Upset the Chairmanship

Of the Sewerage Committee—But It Is Revoked in Time—Ald. Douglass Wants James Wallace Made a Sewer Inspector.

Ald. Cooper presided at the sewerage committee last night and found that a chairmanship was not a bed of roses. Unconsciously he made a ruling that would have voided his own election, but he finally revoked it at a vigorous cue from his friends.

The tangle arose over Ald. Douglass' motion to appoint James Wallace as sewer inspector in place of Samuel Baker, who was appointed at the last meeting.

"That's very wrong," said Ald. Dreaney.

Ald. Belton—Yes, we had trouble over such matters the other night.

Robert Pritchard seconded Ald. Douglass' motion.

Ald. Dreaney—It will take a two-thirds vote to reconsider the matter.

"If Ald. Douglass wants to do that he will have to give a notice of motion," said Ald. Carrothers.

Ald. Cooper ruled Ald. Douglass' motion in order, because at the last meeting of the committee Dr. Campbell and R. Pritchard, the board of health representatives, were not present.

Ald. Greenlees—Then, to be consistent, you will have to rule that everything done at the last meeting was irregular.

Ald. Cooper looked perplexed and surprised.

Ald. Belton did not see why the matter should be reconsidered. They had selected two of the best men on the list at the last meeting.

Dr. Campbell pointed out that he and Mr. Pritchard had not been appointed members when the last meeting of the committee was held, and therefore No. 2 committee was the sewerage committee then. There was no rule of the council requiring two additional persons to be on the committee. It was merely optional with the council. "Mr. Baker is not one of the inspectors," added Dr. Campbell, "because the chairman now rules that the last meeting was irregular."

Ald. Dreaney—Then the chairman was irregularly elected.

"Certainly," replied two or three members.

This was a bombshell at Ald. Cooper. Mayor Wilson suggested that as there was a good deal of dissatisfaction, Ald. Douglass allow his motion to stand as a notice of motion.

Ald. Dreaney and Belton moved that no action be taken.

Ald. Douglass finally consented to let his motion stand as a notice to be considered later, and Ald. Cooper withdrew his ruling.

When the committee began business about 9 p.m., after the board of works finished, R. Pritchard said he was not going to wait until 9 or 10 o'clock, when his notice read 8 o'clock.

"It's the usual course," said Ald. Cooper.

"I don't care what the usual course is," said the newcomer.

Some discussion arose over the payment of the sewer inspectors on the south sections, Messrs. Wm. Nutkins and J. Bryan. Mr. Bryan had contracted to act as inspector for $2 per day upon tile work. Mr. Nutkins contracted for 33⅓ cents per hour, or $3 per day, for inspecting the brick portion of a sewer. When he finished the brick part he was instructed to continue inspecting the tile part. Nothing more was said about wages, and Mr. Nutkins understood that he was to continue at the union rate, 33⅓ cents.

Ald. Cooper said Mr. Nutkins was not entitled to 33⅓ cents on the tile sewer.

Mr. Pritchard moved that Messrs. Bryan and Nutkins both get 33⅓ cents.

In reply to Ald. Douglass, Mr. Nutkins said Mr. Bryan was not a union man like himself, but was as good a workman as he (Nutkins).

Ald. Carrothers said Mr. Nutkins no doubt thought he was working for 33⅓ cents, and he should have it.

Ald. Greenlees did not feel like making a present to Mr. Bryan, who had agreed to work for $2 a day. Mr. Nutkins' case was different.

Ald. Carrothers—If Mr. Pritchard will move to make a donation to Mr. Bryan he is at liberty to do so.

Mayor Wilson moved that Mr. Nutkins get the amount he was entitled to—33⅓ cents an hour. Carried, on the understanding that Mr. Nutkins would receive only $2 per day after Jan. 19.

Mr. Pritchard wished to move an amendment that both men get only $2 a day, but was ruled out of order. "I didn't know there was to be any particular class to be favored here," he said. Mr. Pritchard then left the room, and the remaining business was quickly disposed of.

Contractor Brown wrote the engineer that he would be able to start the north end sewer in about two weeks, and would work steadily until April 1, and then wait a month for the spring thaw to finish.

The engineer complained of the slowness of the sewer work under the L. and P. S. R. track on South street. The manager of the Lake Erie and Detroit River Railway had stopped the work until supports had been placed under the track. The engineer said he had written Contractor Wade that unless he made better progress and secured proper appliances, the work would be taken out of his hands.

On Ald. Carrothers' motion Mr. Wade will be given a chance to finish his contract provided he makes reasonable progress.

There were present: Ald. Cooper (chairman), Mayor Wilson, Ald. Carrothers, Belton, Greenlees, Douglass; Dreaney, Dr. Cl. T. Campbell and R. Pritchard.

Heroic Act.

California Soldier Saves Seven Men From Death

By His Wonderful Nerve and Presence of Mind During the Firing of a Salute.

San Francisco, Jan. 28.—Battery I, of the regular army, has a hero in Pte. John M. Jones, a native of Rogersville, Tenn. On jubilee day he saved seven men from instant death at the Lime Point fort. A squad of seven was firing a salute, 50 pounds of powder inclosed in a wooden bag being the charge.

One load did not discharge and the officer ordered it pulled out of the cannon. This was done, and as the bag dropped to the ground it was seen that one corner of it was ignited. In an instant the powder would have caught.

With one bound Pte. Jones was beside the smoldering bag, and with his bare hands he rolled and smothered the burning wool before it could ignite the powder, and to make sure he plastered some damp earth into the singed edges.
