THRASHING MACHINES.

LETTERS PATENT.

TIME AND LABOR SAVED IS MONEY EARNED.

THE subscribers having secured to themselves the exclusive right of manufacturing and vending to others to use within the territory of Upper and Lower Canada, SEVERANCE'S CELEBRATED IMPROVED HORSE POWER & THRASHING MACHINE, one of the most valuable time and labor saving Machines ever devised by human ingenuity, respectfully inform the public, that they have just completed a new and extensive Factory on Wellington Street, extending from Prince to George Street, which gives them more than double the accommodations they had in the old shops, which will hereafter, they trust, enable them to supply the whole farming community of the United Provinces with a machine that will thrash and clean more grain in a day, with less expense and with greater cleanliness, than any other known invention—only requiring two horses.

We beg leave to say to our customers and friends, that we are again prepared to furnish those in want of Thrashing Machines with an article superior even to those heretofore manufactured by us.

Our long experience in making, and the very liberal patronage we have enjoyed in the sale of our Machines, has, together with a constant determination to produce an article that will never fail to excel all others, caused us to watch carefully all the improvements that could be made from time to time, until now we feel confident in saying, that for durability, neatness of work, and amount of it they can do, our Thrashing Machines are unequalled by any in use. And while the grain is threshed clean, and none of it broken or cracked, it is, at the same time, perfectly cleaned, fit for the Mill or any Market.

All orders addressed to us, or our Agent, Wm. Jonsson, will be promptly attended to.

Machines shipped to any part in Canada, and every one warranted to be as good as recommended.

Liberal terms of payment allowed.
B. P. PAIGE & CO.

Whereas, Letters Patent were obtained, bearing date March 4, 1848, on said Machine, the public are cautioned against purchasing, using, or manufacturing any imitation article, as all infringements will be dealt with according to the law of the land.

All genuine Machines will be accompanied by a Deed signed by B. P. Paige, the owner of the right, giving the purchaser the right to use or transfer the same. Without such a Deed, no person will be safe in purchasing or using and Machines.

THE "CANADA HOUSE," AT THE CELEBRATED AND FASHIONABLE WATERING PLACE, IS NOW OPEN FOR THE *RECEPTION OF GUESTS.*

VISITORS may rest assured the arrangements will be such as to insure every satisfaction—and that INVALIDS will be particularly attended to.

TERMS OF BOARD FOR THE SEASON OF 1851:—"FIVE SHILLINGS PER DAY, or FIVE POUNDS PER MONTH.
Caledonia Springs, 2nd June, 1851.

(Extract of a letter from J. J. Lemoine, Esq., of Montreal.)

I beg to state that in July, 1846, I went to the Springs for the purpose of testing your Waters, in a case of the most distressing Rheumatism, from which I had been suffering for several years previous. After remaining at the Springs for about three weeks, and making free use of the Waters, my limbs were entirely relieved from all pain, and my health perfectly restored. Several of my friends, to whom I have recommended the Springs, assure me that they have experienced benefit from the use of their use. I consider the Waters of the Caledonia Springs to be most efficacious in cases of Rheumatism.

To the proprietor of the Caledonia Springs.

Montreal, 4th June, 1851.

Dear Sir,—In compliance with your request, I have much pleasure in giving you my opinion of the extraordinary efficacy of the Waters of the Caledonia Springs, so long and highly appreciated by the Public, based upon the observations of some twenty-five years' experience, and mixed as they have been by a great many patients of mine and others, labouring under Rheumatic affections and the different forms of disease to which the human frame is liable, I consider them invaluable. Few persons, except those who have suffered from this dreadful malady, can justly appreciate their wonderful salutary effects. I have often seen persons martyrs to this disease, (myself for one during ten years,) which baffled all medical skill, both in England and on this Continent, resort to the Caledonia Springs walking on crutches, and others that could not walk at all, worn out by protracted sufferings, and their general health disordered and broken down by consequent and want of exercise, return to their homes free from pain, leaving behind (with unspeakable joy) their crutches, and with health, strength, appetite, and activity perfectly restored. Striking as such results are, the curative action of these Waters, the intermittent and Sulphur Springs in particular, have been almost as efficient in other diseases, such as Lepra, generally called *Salt Rheum*, and other affections of the skin; in a variety of Dyspeptic Complaints, Chronic Affections of the Liver and Kidneys; and I am sure that a great number of those cases that leave the Springs greatly benefitted, but not completely restored, would have been cured by a more extended use of the spa. That these Waters have acted in many diseases as a specific, seems to be generally admitted, and so much respectable testimony to this effect has already been laid before the Public, that to say more would be superfluous. HY. MOUNT, Member of Royal College of Surgeons, London.

To John L. Wilkinson, Esq., Proprietor of the Caledonia Springs.

Montreal, 13th December, 1849.

Dear Sir,—I have to state that I consider the use of the Caledonia Waters a very valuable curative agent in the treatment of many forms of disease. Circumstances enable me to grant you a favorable Certificate with more than usual propriety, many of my own Patients tested the efficacy, and derived great benefit from the use, of the Waters. Of all diseases that have come under my notice, in which a preserving use of the Baths and Waters promises the most beneficial results, Chronic Rheumatism ranks the first. Many of the cures in this disease have been truly astonishing. I met with a case last summer, where the individual, a delicate female, had been suffering so cruelly for more than nine months; she had completely lost the use of her hands, and could only walk a few steps with great pain and difficulty. After a residence of six weeks at the Springs, she returned free from pain, and strong enough to walk a considerable distance without fatigue. I have also found the Waters useful in Dyspepsia and Urinary Complaints, in Chlorosis, Secondary Syphilis, and some of the forms of Cutaneous Disease.

In conclusion, allow me to add, from a personal visit to your Establishment, that (independently of the acknowledged virtues of the Waters) the great outlay you have made in the improvement of the Springs, and the unwearied care and attention which you bestow to the comfort and convenience of your Boarders, justly entitled you to a large share of public patronage and support.

I remain, dear Sir, yours very truly, GEORGE W. CAMPBELL, A.M., M.D., Lecturer on Surgery, McGill College.

To the Proprietor of the Caledonia Springs.

Montreal, December 8th, 1849.

Sir,—I beg to state that I consider the Caledonia Waters efficacious in cases of Dyspepsia, Chronic Rheumatism, or where the constitution has been impaired by the injudicious use of Mercury, and ill-treated Syphilis; I would also add, in certain Cutaneous Diseases. I have frequently recommended their use in the above complaints, and witnessed their good effects. I hope that the benefits that are derivable from these waters may not be lost to society by the indiscriminate and almost universal use they have been lately put to, and like the fate of many of our other excellent remedies, fall into unmerited disrepute.

I have never visited the Establishment, but I have often heard it most favorably spoken of.

I am, Sir, your obedient servant, JAMES CRAWFORD, M.D.

To the Proprietor of the Caledonia Springs.

☞ A FRESH SUPPLY of the above WATERS has been received at the Depot, which can be had at the Country, or sent to order to any address in town or country. Price of the Water very moderate. 363

SAMUEL S. WOOD.
Rectory, Three Rivers, May 12, 1851. 364

☞ The Rev. James Tate, latterly Canon Residentiary of St. Paul's Cathedral, in addition to many other contributions to the cause of literature, was the author of Hermione Restitutus, of an Introduction to Greek Metres, and of a Continuous History of St. Paul, works all favorably known to men of learning.

Out of a small number of pupils, compared with that which actually issues from the great public schools of England, a large proportion distinguished and advanced themselves during their Academical Course, or in after walks of life. Since he commenced his tuition, he has had upwards of twenty of them, from twelve to fifteen obtained fellowships at the University; among whom were Dr. Bennet, Bishop of the Falkland Islands, Rev. Dr. Peacock, Dean of Ely, Archdeacon Thorp, Rev. Dr. Musgrave, and the Archbishop of York.
