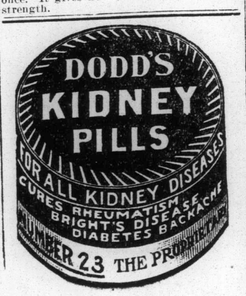
5,000 FACTS ABOUT CANADA

The public will welcome the new issue for 1916 of "5,000 Facts About Canada," the popular and valuable cyclopedia of Canadian dates, compiled by Frank Yeigh of Toronto, the well-known writer and lecturer on the Dominion. No up-to-date and intelligent Canadian can afford to be without this "hardy annual," which is a revelation in concrete form of the wonderful growth of our country in a single year, despite war conditions; indeed, it circulates all over the world, and as such is a splendid advertisement. The chapter of "War Facts" is, by the way, both timely and illuminating. Fifty other chapters are devoted alphabetically to every phase of our national life, from Agriculture to the Yukon, while several sketch maps are of high value. Copies may be had from newsdealers or by sending 25c to the Canadian Facts Pub. Co., 588 Huron Street, Toronto, Canada.

STRENGTH comes from well digested and thoroughly assimilated food. Hood's Sarsaparilla tones the digestive organs, and thus builds up the strength. If you are getting "run down," begin taking Hood's at once. It gives nerve, mental and digestive strength.



REGISTRATION FOR PROVINCE TO BE ASKED

Deputation Will Wait Shortly on Premier Hearst.

By Special Wire to the Courier.

Toronto, March 16.—A deputation of leading citizens of the Province of Ontario will shortly wait on Premier Hearst and ask that an act be passed providing for a complete registration of all persons in the province, male and female, between the ages of 15 and 55, excepting those enrolled in the expeditionary forces.

The object of the registration is to find out the resources of the province in men fit for military and other service and its entire resources in workers.

There is another end in view, and that is that this province may not be drained of its workers after it has completed its quota of the 500,000 men Canada is contributing for war service abroad. Ontario's share yet to be raised of this total is 87,000.

The act which the deputation will ask to have submitted provides that the provincial secretary shall be the central registration authority, and the councils of all cities, towns, townships and villages shall be local registration authorities for the respective areas or may delegate this power. The returns are to be compiled and such information as the central registration authority requires furnished to the central office.

GETTING ATMOSPHERE FOR POTASH AND PERLMUTTER,

The utmost fidelity to detail marks the production of "Potash and Perlmutter," the dramatization of Montague Glass' famous stories that Manager A. H. Woods presents at the Grand Opera House, on Thursday March 16, direct from its second year at the Cohan Theatre, New York. Scenic artists, carpenters, property men and electricians spent weeks in the cloak and suit centres of New York before beginning work on the production while similar visits were made by the various members of the company under guidance of the stage director Hugh Ford in order to secure the absolute "atmosphere." And it must be remembered that all the work was doubled by the fact that the action of the play carries Mr. Glass' heroes and their associates from the "sweatshop" district of New York to the Fifth Avenue district, each with its own innumerable peculiarities. Strenuous as the work was, however, the artists and mechanics agreed that the experience was the most interesting in their lives and the result of all this painstaking effort lent much to the tremendous success of this play.
