I am, yours truly,

W. H. ELLIS. 62n

# A Grand Success.

(Continued from Page 1.)

JAMES WRIGHT & CO.

This old and well-known London firm is making one of the fine and interesting exhibits at the Western Fair. To carriage builders their exhibit is most interesting, as they not only show an endless lot of carriage trimmings of all lines, but in their large warehouse on Dundas and Carling streets and at their Talbot street warehouse the fullest lines of these goods are kept for the purpose of supplying their numerous customers. In all wood materials for carriages this firm is ahead of any other in Western Ontario. The lines of heavy hardware which they handle have grown to immense proportions, which include boiler plates, tubes, bar iron and all lines of steel. Some idea can be formed of the size of the business this firm is doing from the fact that last year their turn-over in iron alone was over 2,000 tons. For enterprise and honorable business methods no house in Canada stands higher than that of James Wright & Co. No wonder that they have met with unbounded success. The members of this substantial firm are Messrs. James Wright and John Bland. Those attending the Western Fair who deal in their lines of goods should call and take a look through their stock.

THE RONALD STEAM FIRE ENGINE WORKS.

This immense exhibit, consisting of a full fire department outfit, village steam fire engine, aerial "Arrow" ladder, 60 feet, village (steel frame) 50 foot extension ladder, truck, swinging collar and harness, hose, reel, etc., carried off the gold medal, and well it might. The outfit was the great attraction, not only in the machinery hall, but in the competition in the horse ring. Councilors and firemen were unanimous in their expressions of praise, and their verdict was they well merit the proud distinction of being pronounced the leaders in fire appliances.

THE HEINTZMAN PIANO.

A brief interview was held yesterday afternoon between Mr. Gerhard Heintzman, the well-known piano manufacturer, of Toronto, and an ADVERTISER reporter, as follows:

Reporter—Good-day, Mr. Heintzman, you are a little late in visiting our Fair.

Mr. Heintzman—Yes. I intended being here Tuesday, but owing to business engagements was compelled to wait until to-day.

R.—How is business with you this season? You are holding your own, I presume, in the face of so much competition?

Mr. H.—Yes, trade has exceeded our most sanguine expectations. We are running day and night. Only last week I closed an order with one firm for 500 pianos.

R.—Well, that sounds like business.

Mr. H.—Yes, and prospects are that we may be compelled shortly to further extend our already commodious premises.

R.—How do you find business in Western Ontario?

Mr. H.—Good. It is steadily increasing. Each sale always brings us one or more orders. Every piano is fully warranted, nothing but the best material is used, and we employ none but the most skilled workmen. It is therefore no wonder that we are kept so busily employed.

R.—Well, you have a good representative in London for this section.

Mr. H.—Yes, our Mr. Hooper is a good man.

R.—Has he had many sales this season?

Mr. H.—Yes, the results have been very——

Just then an old acquaintance of Mr. Heintzman's came up, and the reporter was forced outward by the crowd.

K. D. C. GETS THERE.

The K.D.C. exhibit in the Main Building on the south side is in charge of Mr. C. H. Hicks, who has just returned from a most successful northwestern trip in the interests of this popular family medicine. The stand is brimful of the evidence of the curative properties of the K.D.C. Several large framed signs tell the passing visitor of the powers of this cure. Scientists state that nine-tenths of all diseases are caused by a failure of the stomach to perform its proper functions. The blood cannot be pure when the stomach is not in a healthy condition. K.D.C. cleanses and heals the organ, frees it from poisonous acid and gas, and restores it to a healthy action. Good food well digested makes pure blood. If the blood is pure the body is not so liable to disease. There is a world of importance in this to everyone.

THE FEATHERBONE CORSET.

The Canada Featherbone Company have two magnificent displays of their corsets in the northern and southern corners of the west end of the main building. The improved Featherbone Corset is fast superseding all other makes. Among its many merits are no broken or rusty side steels; no discomfort; great ease, everlasting durability and elegant figure. Featherbone is practically the bone of a feather (or in other words the quill). It is made into a cord after having gone through several processes of manufacture. Scientists say that the quill is practically the same as the bone which is taken from the whale and is equally durable. The only industry of this kind in Canada, is situated in this city, and is carried on by the Canada Featherbone Company, who own and control all the patents.

This company are now devoting their entire energy to the production of corsets corded with featherbone, which are admitted to be the best corsets made in Canada, their Improved All-Featherbone Corset being corded throughout with featherbone (no side steels being used). All ladies desirous of having ease and comfort with their corsets, no broken or rusty side steels, no nasty pressure on the side, should try a pair of these very superior corsets. Since the present company obtained control of the business it has rapidly increased and is steadily increasing, a proof that the public appreciate a good article when they get it. This splendid article is for sale by all first-class drygoods houses in Canada. The building occupied by this company is situated on the west side of Clarence street just south of Dundas street. The two fine displays have been greatly admired by thousands of ladies this week. Don't fail to inspect them, if you have not already done so, before the Fair closes.

GODERICH ORGAN COMPANY.

The display made this year at the Fair by the above company has been much admired, and draws crowds to see it. The following is what the Toronto Globe has to say of them: The interest in the transposing organ shown by the Goderich Organ Company continues. The company have this valuable patent for Canada and have already booked over 50 orders from the leading dealers in various parts of the Province. Persons who are looking for an organ might as well have the best. All reliable dealers handle the instruments of this firm. The criticisms are not always favorable, but good musicians consider it the finest thing yet out in organs. Its simplicity surprises every one. This company has made a departure from the old-fashioned lines shown by other makers and are now producing some of the finest organs in Canada, both in style and tone. They are alive to the wants of the musical public, and their beautiful piano-cased organs and their chapel organ in solid oak are fit to adorn any home. They use the best material and are only making high-grade goods. They have disposed of their stock on exhibition and taken a good number of orders from dealers in all parts of the country who have called on them.

Plans and specifications to be seen at the aforesaid office.

J. B. COOK, Chairman No. 2 Committee Board of Education.

A. ORMSBY GRAYDON, Architect. 651

## FOR PROHIBITION.

### Outline of the Plan of Campaign

**Proposed By the Dominion Council of the Alliance.**

MONTREAL, Sept. 22.—The Dominion Council of the Alliance for the Suppression of the Liquor Traffic met here to-day. Senator Vedal in the chair. At the morning session the principal business was the presentation of the report of the executive committee, which made the following recommendations:

Looking back over what has been accomplished, looking forward over the great work yet to be done, and carefully considering what are the wisest and most hopeful lines of action on which all friends of prohibition may unitedly advance, your executive committee respectfully submit the following:

1. That the plan adopted and action taken in reference to the Royal Commission be followed out as far as the executive finds itself able to do so.

2. That other friends in every province be urged to avil themselves speedily of the advantages offered them by the Scott Act and other forms of local option legislation.

3. That other provinces be strongly urged to follow the example of Manitoba in applying at once to their respective legislatures for the taking of a direct vote on the question of total prohibition and for immediate effective prohibitory legislation if such voting shows that the people favor such legislation.

4. That our workers in every province be urged to press the organization of the prohibition electorate in every municipality on lines already laid down in the view of important local option, plebiscite and electoral work ahead of us.

## THE WORLD OF LABOR.

**Homesteaders Invoke the Law Against the Carnegie Bosses.**

PITTSBURG, Pa., Sept. 22.—Burgess McLuckie, of Homestead, went before Alderman King this afternoon and laid informations against Chairman H. C. Frick, Vice-Chairman Leishnan, Secretary Lovejoy, Superintendent Potter and Messrs. Curry and Childs—all of the Carnegie Steel Company, charging them with aggravated riot and conspiracy. Secretary Lovejoy was arrested and warrants were issued for the others.

HOMESTEAD, Pa., Sept. 22.—The action of the grand jury in returning true bills in 169 Homestead cases has caused a sensation here not unmixed with apprehension. There is a lively scramble to prove alabis and establish other sufficient grounds for defense. The advisory board has not been dissolved in consequence of the conspiracy suits, in fact several new members were added this morning.

NOTES.

Unless the demands of the Brewers' Union are conceded by the boss brewers of Chicago a general strike will begin within a week.

A Cedar Rapids, Ia., dispatch says: "Chief Ramsay, of the Brotherhood of Railway Telegraphers, now claims to have assurances from the Burlington, Cedar Rapids and Northern trainmen that they will accept train orders 'only from honorable men.' This, Ramsay infers, means men of the Order of Railway Telegraphers, and he considers it a great factor in favor of the strikers."

## PRINCE OF WALES.

The first Prince of Wales was Edward II., who, having been born at Caernarvon Castle, on 25th April, 1284, was called Caernarvon. Immediately after his birth, his father presented him to the Welsh barons as their future sovereign, and exclaimed, "Eieh Dyn"; literally in English, "This is your man"; but signifying, "This is your king."

It is hardly necessary to present Harvard Bronchial Syrup to the people of Canada as the King of Cough remedies. Its valuable properties are already well known in every section of our country. All classes of people have used it, and all pronounce it superior to any now on the market.

The effects of Harvard Bronchial Syrup are almost instantaneous. As soon as the first dose is taken, relief is experienced, and the cure is rapid. With other remedies, the working of a cure is a long and tedious undertaking, and very often results in failure.

We strongly advise every reader of this paper to procure a bottle at once, if there is a case of sore throat, cough, hoarseness, or enlargement of the tonsils. In the home, an expenditure of twenty-five cents will produce great good.

**Identified.**

DORCHESTER, Ont., Sept. 22.—The man found on the track supposed to have been killed by falling off a train two miles east of here last evening has been indentified as R. McAllister, of Norwich, Ont. An inquest is now going on.
