Incorporated by Special Act of Parliament.

CAPITAL.—TWO MILLIONS STERLING.

Unlimited Liability of the Stockholders of the Company.

Subscribed Capital, £1,500,000.

THE 18th Annual General Meeting of this Company was held at Liverpool on the 10th February last, when the following Report of the business of the Company during the past year was submitted:—

"The increase in the Fire Insurance Business must be satisfactory to the Proprietors, as shewing the rapid and safe progress which the Company is making. The receipts for the past year have increased considerably over those of 1852, while the losses have materially diminished.

	1852.	1853.
Receipts,	£98,654	£113 612
Losses,	39,091	42,846
Profits,	£39,563	£70,766

These results show, notwithstanding the very numerous and destructive fires that have occurred both in this country and especially in America, that great caution has been exercised in taking risks, on the part of those on whose judgment the Directors must necessarily in a great measure rely. The reserved surplus fund now amounts to £143,712.
