The Markets.

Barley.

THE market this week is dull, though sales still continue. There is little change in the local market which is flat.

Oswego reports:—Market unchanged; No. 1 Canada, 64c.; No. 2 Canada, 62c.; No. 2 Milwaukee, 57c. Stocks in store, 210,000 bush. Shipments for the week, 50,000 bush.

Buffalo despatches say the visible supply of barley is 2,750,000 bushels at the close of the week as against 2,265,000 bushels the week previous and 2,106,000 bushels at the close of the first week in October last year, and this does not include quantity in country storehouses held by maltsters, which largely exceeds the amount so held in previous years, according to best obtainable reports. Stockshere were reported at 436,295 bushels, and incoming vessels since report was compiled have increased that quantity by 253,213 bushels, mostly from Chicago. An easier feeling is reported, but the demand does not improve materially. A few small lots of the best were sold at the lowest figures. Canada is dull. Quoted: No. 1 western, 60c.; No. 2, 58c.; sample, 55c. to 57c.; choice Minnesota 60c. to 61c.; State, 57c. to 58c. Chicago cash is steady and quotations steady; choice, 56c.; medium, 54c.; common, 51c. Milwaukee reports 172,257 bushels in store with market steady, and fair shipping and light local demand.

The visible supply is 2,820,000 bush., as compared with 1,569,000 in 1893 and 1,296,000 in 1892.

Hops.

The bottom has practically dropped out of the market, and prices are practically whatever buyers will give. Canadian hops are selling at six, seven, eight and nine cents, and special lots at ten. Foreign hops are correspondingly low.
