This bewitching maid is all ready for Easter Sunday with her natty tri-color hat and dainty over-blouse, both of which are French creations of the moment. LAWSUIT OVER SUSSEX ESTATE

Sussex, Mar. 30.—A big lawsuit is promised here within a short time when Chief of Police McLeod will demand that his interests in the Bole estate be determined. Mr. McLeod purchased the interest of Allan Bole and some time ago, when the property was to be sold for taxes, paid to the town of Sussex, the amount due. There are many heirs to the estate, and a number who hold deeds and action will be taken to determine the ownership of the entire estate. The heirs are scattered over Canada and the United States, and will be made parties to the suit. Involved in the action are some valuable lots in the heart of the business section of the town and several residential sites.

Sussex is to have a live board of trade if present plans are carried out. Nearly 100 citizens have expressed a desire that the old board be revived and Mayor Eveleigh has been asked to call a public meeting to arrange matters. Coupled with the proposal to form the board of trade is a proposal to enter upon an active campaign to make Sussex a residential town. It is thought that if suitable homes are provided with modern conveniences, many commercial travellers will be induced to live here. Sussex has a particularly fine school system, rents are low and taxes very reasonable. With these inducements and a splendid railway service, it is felt that such a movement will bear fruit. Every effort will be made to form a building society and start construction on homes as the demand arises.

There was a great sale of pure bred Ayrshires at Maple Grove Farm, M. H. Parlee, proprietor, yesterday. Many came from distant points to purchase from this herd, which won the silver trophy at Halifax last year for the best dairy herd at the exhibition. Splendid prices were realized and 36 animals, many of which were calves, sold for over $2,800. The highest price realized was for Spruce Grove Senorita, a four year old cow, which was knocked down for $205. Other animals followed close to this price. Maple Grove Katheel, 11 months old, brought $70.

PROBING NEW YORK POLICE

Investigation Commenced Yesterday into Charges that Vice and Crime are Rampant--Police Commissioner on Stand.

New York, March 30.—The grand jury began an investigation today in the charges brought by Magistrate Corrigan that vice and crime are rampant in the city.

Commissioner Cropsey, head of the police department, was the first witness called. He was examined with reference to the physical condition of the force, its state of discipline, his methods of administration and the difficulties that surround his task. Before the investigation runs its course, it is probable that all the deputy commissioners and many inspectors and captains will also be called to testify.

Do your baking with flour made exclusively of the HIGH-GRADE constituents of the HARD-WHEAT berry

Have you ever baked with flour made exclusively of the high-grade constituents of the hard wheat berry? If you haven't, now is the time to try PURITY Flour.

Only the cream of the Manitoba hard wheat—the best wheat in the world—is used for PURITY Flour. More than that, only a portion of the flour milled from this wheat goes into the sacks and barrels branded PURITY.

PURITY Flour consists exclusively of the high-grade constituents or portions of the Manitoba hard wheat berry.

Every wheat berry has both low-grade and high-grade constituents which are separated during our process of milling. So exact is our process that it entirely eliminates all the low-grade portions from the flour which is finally branded PURITY.

The greater strength of PURITY Flour makes it go farther in the baking. With it you can make more loaves to the sack or barrel than you have ever succeeded in doing before. The loaves will be more nutritious, too, because they contain the high-quality gluten, starch, phosphates and other muscle-building and blood-enriching elements of the hard wheat berry.

Naturally flour that consists exclusively of the high-grade constituents of the best hard wheat has greater strength and nutriment, superior color, more delicate flavor.

If you'll just try to realize fully what it means to your cooking-reputation you'll soon be using PURITY Flour.

Of course, PURITY Flour will cost you a few cents more than lower-grade hard wheat flour or soft wheat flour.

But PURITY is very economical because it makes "More bread and better bread." The cost per loaf is no more than when using weaker flour, and the food value is much greater.

Tell your grocer you are in a hurry to try PURITY Flour. He will supply you promptly.

When you see the batch of beautiful snow-white loaves, with their soft, evenly-textured crumb and dainty golden-brown crust, you'll be proud of your success with PURITY Flour. When you taste and enjoy the superb flavor of such high-class bread you'll be prouder still.

If you don't want to buy a large sack or barrel, you can get a small bag. PURITY is packed in 7, 14, 24, 49 and 98 pound sacks. Also in barrels and half-barrels.

Make certain the PURITY trademark is on the sack or barrel you buy, for that is your guide to the strong, reliable, high-quality flour that makes
