R. R. R.

THE PROPHECY FULFILLED.

IN the month of August, 1849, we promised to the world that we would produce a medicine that would instantly stop the most severe pangs of pain, and specedily remove its cause.

We proceeded to Hospitals, and all other Institutions for the reception of the sick; to Physicians, Surgeons, and all Medical Institutions and Bodies, to introduce our Ready Relief for their investigations, and to illustrate its merits and miraculous power over pain upon the patients.

We claimed that it would allay, in a few minutes, the most severe cramps and spasms—it would arrest the progress of fast dread plague, the Cholera—that in a few minutes it would change the hard, knotty, cold, and lifeless body, to warmth, vitality, and vigor.

That in a few minutes it would relieve the most severe pains in the bowels, that in fifteen minutes it would stop all painful and diarrhea discharges, and impart a genial warmth to every organ and secretion of the body; that it would positively relieve the most severe and disagreeable pains of sick and nervous head-ache in fifteen minutes, and effectually cure this distressing complaint.

That it would in an instant mitigate the cruel pangs of Neuralgic pains, and permanently cure the excruciating affection. That it would stop the most alarming toothache in a few seconds.

That it would relieve all Rheumatic pains in fifteen minutes, and cure many Chronic cases of Rheumatism in a few hours.

That it possessed a miraculous soothing and relieving influence over all pains originating from Rheumatic, Neuralgic, Nervous, and Bilious complaints, so that the patient suffering the most excruciating tortures, would feel its soothing influence in a few minutes.

The world was startled at the publication of our discovery. The wise sayings of Medical Science shook their heads in doubt. The sick and afflicted hoped yet, feared that, like other remedies, it would cure quickest on paper. But the practical experience of all those who were suffering with the most excruciating pains, at once determined to try it; the consequence was, that from almost every village, town, city, within 500 miles of New York, we were the daily recipients of orders for our extraordinary remedy. The people tried it and found it good; the most torturing pains were mitigated; weak and feeble victims of Rheumatism, who had been bed-ridden for years, were suddenly relieved from pain and restored to health. So with the sufferers of Neuralgia, Sick and Nervous Head-Ache, Chill Fevers, Diarrhœa, Cramps, Spasms, Cholera Morbus, and, in fact, all painful and distressing Acute complaints, were suddenly relieved from their tortures, and restored to health. Its fame spread from city to city, the people sounded its wonderful virtues far and wide, and we the earth had run its yearly course.

FIVE MILLION BOTTLES WERE SOLD! In every town in Maine, New Hampshire, Vermont, Rhode Island, Massachusetts, Connecticut, New York and Ohio; in Michigan, Wisconsin, Illinois, Indiana, Missouri; the people have tested its merits, and pronounced it a sure and speedy remedy, and a quick antidote for all pains. In New Jersey, Pennsylvania, Virginia, Maryland, Delaware, the Carolinas, Georgia, Alabama, and Louisiana—in every town in each State it has made friends, and proved its efficacy.

TO THOSE WHO KNOW NOTHING OF IT.

If you are unacquainted with the merits of Radway's Ready Relief, and if you reside in either of the States mentioned above, we refer you to the Druggists, to Physicians, and the People. Take a bottle of it to any skilful Physician, let him test it, we will risk its reputation on his opinion.

One drop has frequently cured the most tantalizing Tooth-Ache.

Forty drops, taken three times per day, will cure Sour Stomach.

Sixty drops, taken four times per day, will cure Weakness and Debility.

Ten drops, taken every ten minutes, will cure Diarrhœa.

Thirty drops has, in fifteen minutes, stopped the Sick Head-Ache.

Sixty drops, taken every twenty minutes, has cured Cramps, Spasms, &c.

Forty drops, taken in fifteen minutes, cured Tic Doloreux.

Sixty drops has, in twenty minutes, stopped the pains of Neuralgia.

Thirty drops has, in fifteen minutes, cured Wind on the stomach.

Thirty drops has, in fifteen minutes, cured Cholera Morbus.

One application externally has stopped the most painful Rheumatic affliction, and cured Sprains, Strains, and Spasms.

Three applications has cured the Salt Rheum.

Three applications has cured the Rash and Tetter.

Three applications has cured the Piles and Blind Piles.

Six applications has cured the Erysipelas.

Three applications has cured the most general Swelling, Sore Inflammation, in twenty-four hours, cured Curved Spine.

One application, in 15 minutes, cured the Lumbago.

SOLEMN TRUTH.

Reader, do not reject the statements on account of the above assertions, we state only what it has done, what we know it will do. Therefore, if you suffer pain, give it a trial, and you never let go, you will become a firm friend of our quick and ready remedy.

Price of Radway's Ready Relief, 50 and 25 cents per bottle.

BEAUTY.

Complexion richly tinted with the bloom of health,
Cheeks that vie with the fairest, delicately mottled—
Soft and sweet as the fragrant rose—
Teeth as sound and white as ivory,
Breath of a sweetest fragrance, and lips of coral tint,
With flowing ringlets and glossy locks,
Luxuriant tresses falling gracefully o'er the swan-like neck.

No dark repulsive spots, to mar the pleasing picture.
Or to cast shadows over beauty's matchless master piece,

RADWAY'S MEDICATED SOAP,

Composed of the most delicious, rare and fragrant gums, Of extracts, oils, and costly essences—
Of flowers, roots, herbs, and mineral plants,
Possessing wonderous virtues over skin diseases.
TO THE COMPLEXION IT IMPARTS BEAUTY,
By cleansing the skin from all eruptive matter,
Makes clean the pores, gives action to the capillaries,
By which all poisonous humors are expelled—
And a healthy action to the skin restored.
To the teeth, it gives whiteness and prevents decay,
It makes the skin soft, sweet and smooth,
Transforms the most repulsive, and disfigured visage,
To a clear and beautiful complexion.

RADWAY'S CIRCASSIAN BALM.

Imparts nourishment to the hair.—
Makes it strong, glossy, rich and luxuriant,
Cleanses the scalp from dandruff,—gives action to the cellae.
Fastens the hair upon the scalp, and forces it to grow—
Lake grass to a barren soil, it makes it rich and productive—
To dress the hair makes it smooth and glossy,—
Strong and beautiful, &c.

Radway's Circassian Balm is the "ne plus ultra."

DR. SHERWOOD'S GALVANIC EMBROCATION.

NEW YORK.

THIS GALVANIC EMBROCATION is an unparalleled remedy for the Cure of Rheumatism, Acute or Chronic, seated in the Head, Joints or Limbs, The Dropsy and Gout, in its worst forms, Palsy, Fits, Scrofula or King's Evil, Spinal and Hip Complaints, Stiffness of the Joints, Lumbago, Neuralgia, Chilblains, Fever Sores, Salt Rheum, Ring Worms, White Swellings, Diseases of the Skin, Lumpsplus, Goitre or Thick Neck. It is likewise highly recommended in the most confirmed cases of Scrofula and Scrofulous Affections of the Neck, Affections of the Spine, Mercurial Affections, &c., &c., &c.

It is now generally admitted, by the learned and scientific, that the mysterious power called Galvanism or Magnetism is in fact the principle of Vitality or Life, and that disease in many of its most painful forms is entirely owing to the absence of this Galvanic or Magnetic power in its healthy proportions. If, then, we can readily supply this wondrous power, when it is thus deficient, we can successfully combat disease; and this has been fully and perfectly attained by this most wonderful scientific discovery, of combining Magnetism or Galvanism with a Fluid which has cost the inventor of this remedy years of study and labor.

There is not an intelligent Physician, who has kept pace with the progress of science, that does not readily approve of the use of the Magnetic power in various diseases, and there is scarcely a Medical Journal, either in this country or Europe, which makes its appearance, without the statement of various cases, showing some new effects of these wonderful agents, or corroborating previous experience of their beneficial use. The inventor of the Galvanic Embrocation has had the pleasure in being able to state, that a majority of the most distinguished physicians of New York constantly recommend this Embrocation in their practice, and from many of them he has received the kindest testimonials of approval and commendation.

HUMAN HAIR.—HYPERION FLUID.—This is a composition admirably adapted to the diseases of the hair, and has the particular merit of being prepared purely from vegetable ingredients, so that its application is perfectly safe. How often do we perceive young persons with hair inurigrey, or affected with baldness, arising from inflammation of the skin of the head, caused by severe study, violent grief, and other mental afflictions. By a liberal use of the Hyperion, in a short time they will find, to their delight, a complete change will have taken place in the action of the skin, and a rich and luxuriant growth of hair, of its original color, will shortly follow. Its effects in cleansing the hair from scurf and dandruff are also truly wonderful. The Hyperion should be one of the principal appendages to every lady's and gentleman's toilet.—See *Advertisement.* 193

SCROFULOUS AFFECTIONS, &c.

In all these distressing and prevalent diseases, there is no question regarding the efficacy of Sherwood's Sarsaparilla. One of our physicians, writes as follows:—

Dr. Sherwood's Greek Embrocation, I regard as the most efficacious of all remedies in Scrofulous affections. One of my children, a daughter of 5 years old, was afflicted with a very inveterate and protracted Scrofulous affection, which had continued its ravages nearly two years, various remedies were tried but without effect.—The disease exhibited itself in several deep-seated sores the discharge from which was acrimonious and very fœtid. At this crisis, I commenced the treatment with Dr Sherwood's Galvanic Embrocation—the only remedy used in connection, was a decoction of Sarsaparilla, which soon conquered the disease, and a complete cure was effected. 222.

THE BRITISH PERIODICALS

AND THE

FARMERS' GUIDE.

LEONARD SCOTT & Co.,
No. 54, Gold Street, New York,

CONTINUE to publish the four leading British Quarterly Reviews and Blackwood's Magazine; in addition to which they have recently commenced the publication of a valuable Agricultural Work, called

"THE FARMERS' GUIDE TO SCIENTIFIC AND PRACTICAL AGRICULTURE."

By Henry Stephens, F. R. S., of Edinburgh, Author of "the Book of the Farm," &c., &c., assisted by John E. Norton, M. A., New Haven, Professor of Scientific Agriculture in Yale College, &c., &c.

This highly valuable Work will comprise two large octavo volumes, containing over 1450 pages, with 18 or 20 splendid Steel Engravings, and more than 600 Engravings on Wood, in the first style of the Art, illustrating almost every implement of husbandry now in use by the best farmers, the best methods of ploughing, planting, haying, harvesting, &c., &c., the various domestic animals in their highest perfection; in short, the *personal* interest of the book is unique, and will render it of inestimable value to the student of agriculture.

The Work is being published in Semi-Monthly Numbers, of 64 pages each, exclusive of the Steel Engravings, and is sold at 25 cents each, or $5 for the entire Work in Numbers, of which there will be at least 22.

The British Periodicals Re-Published are as follows, viz:—

The London Quarterly Review, (Conservative,)
The Edinburgh Review, (Whig,)
The North British Review, (Free-Church,)
The Westminster Review, (Liberal,)

AND

Blackwood's Edinburgh Magazine, (Tory.)

Although these Works are distinguished by the political shades above indicated, yet but a small portion of their contents is devoted to political subjects. It is their literary character which gives them their chief value, and it is that they stand coolly, for above all other journals of their class, *Aloof from the Strife of Tongues*, the masterly guidance of *Christopher North*, maintains its ancient celebrity, and is, at this time, eminently attractive, from the series of Works of Bulwer and other literary notables, written for that Magazine, and first appearing in its columns both in Great Britain and in the United States. Such works as "The Caxtons" and "My New Novel," (both by Bulwer,) "My Brother's Wife," "The Green Hand," and other serials, of which numerous rival editions are issued by the Booksellers in this country, have to be reprinted by those publishers from the pages of Blackwood, *after it has been issued by Messrs. Scott & Co.*, so that Subscribers to the Reprint of that Magazine may always rely on having the *earliest* reading of these fascinating tales.

Edinburgh, Views of Edinburgh, T. Dodes, by Thos. Jones Barker..... £120 0 0
"Round him rush the people crying, 'Tell us all, oh tell us true!'
Where now they when we went to battle, Randolph, Murray, sworn to you?
Where are they, our brothers, children? Have they met the English foe?
Why art thou silent, unfollowed? Is it weal, or is it woe?
Like a corpse the grisly warrior looks from out his helm of steel;
At its word he speaks in answer, only with his armed heel—
Chides his weary steed, and onward up the city streets rides he—
Fathers, sisters, mothers, children, shrieking, praying by his side,
"By the God that made thee, Randolph! tell us what misfortune hath come?"
Then in a hollow voice the banner, and the saker's voice is dumb."

With pleasure I assert, that the use of Smith's Exterminator was attended with the most satisfactory results. Cockroaches, Beetles, and Rats, in and about my premises; which was effected without any inconvenience.

C. F. BAILLARGEON, Pte.

Quebec, 7th March, 1849.

My premises have been infested with Rats for several years, and I have tried various means to rid myself of the annoyance, without success. Having been lately recommended Smith's Exterminator, I have much pleasure in testifying that its use has been perfectly successful in the total destruction of the Rats with which my place abounded, and that without the least inconvenience.

BENJAMIN HART.

Montreal, November 22, 1848.

I hereby certify, that by using Smith's Exterminator I has perfectly exterminated the Cockroaches, Beetles, Crickets, and such like disgusting insects, which were bonore very numerous.

S. VILLENEUVE,
Director of Montreal College.

Montreal, April 20, 1848.

From the Rev. B. Davis, D. D., Minister of the Baptist Church, Montreal.

I most willingly bear testimony to the good effects of Smith's Exterminator. I found my present dwelling over-run with Beetles; the nuisance had commence to my effects to state it until this preparation was applied. One Box has sufficed to exterminate the insects almost entirely from the house. Similar cases of success have occurred in my neighborhood.

IMPORTANT TESTIMONIALS.

Copy of a Letter from "Colonel Hamilton," to the well known Actor on "Gems and Shooting."!

{ Longparish House, near Whitchurch,
Hants, October 21, 1846.

SIR,—I cannot resist informing you of the extraordinary effect I have experienced by taking only a few of your LOZENGES. I had a cough for several weeks just ended all that had been prescribed for me; and yet I got completely rid of it by taking about half a small box of your Lozenges, which I find are the only cure that relieve the cough without derranging the stomach or digestive organs.

I am, Sir, your humble servant,
P. HAWKER.

To Mr. Keating, 79, St. Paul's Church Yard.

{ William Street, East India Road,
{ Poplar New Town, Nov. 8, 1849.

SIR,—I conceive that it is merely the manifestation of a grateful mind for the sufferers, by informing you of the very decided and extraordinary relief which I have obtained from the use of your Cough Lozenges. I have for the last four years been afflicted with a distressing cough, with a difficulty of breathing. Apprehensive lest the usual term of a cough should, as formerly, prove so tedious, I procured a few of your Lozenges, and, to my great relief, I found the first dose afford me very great ease, and I persevered in the use of them, which I am now perfectly cured, and beg to return many thanks, and am,

Your obedient Servant,
CHARLES WOOD.

Thos. Keating, Esq.

SIR,—Having been incapacitated from my duties for the last eight months, I applied to Mr. Hammon, Chemist, of this town, for some remedy, and he recommended my "COUGH LOZENGES;" which, I am happy to say, cured me in a week. I lay it most cordially to recommend them, and I am at the Public service, if a letter public; *such a valuable remedy cannot be too well recommended.* I have the honor to be,

Sir, your obedient humble servant,

SIR,—In mentioning the receipt of your letter, with second consignment of Lozenges, by the "Rocket," we are gratified in being able to inform you that they have given very great satisfaction here, (having proved wonderfully efficacious in the removal of COUGHS AND COLDS,) of which the increasing demand is a sufficient evidence. We shall, probably, before the Spring Winter is further supply of FORTY OR FIFTY DOZENS, which you can forward at your convenience by one of the Coastal Steamers, via Liverpool, for

SELF-PRESERVATION:

A MEDICAL LECTURE ON THE PHYSIOLOGY OF MARRIAGE, and DISORDERS OF YOUTH and MATURITY, usually acquired at an early period of life, which eventuate the physical and mental powers, diminish and enfeeble the natural feelings, and exhaust the energetic Man of Social and Domestic Happiness. Treatment of Nervous Debility and Indigestion, whether arising from inner causes or from the Influence of Tropical Climates; Local and Constitutional Weakness, Syphilis, and Cutaneous Eruptions, developed from Indiscretion.—with Forty Colored Engravings, illustrating the Anatomy, Physiology, and Diseases of the Reproductive Organs, showing their Appearances, uses and functions, and the various injuries that are produced in them.

BY SAMUEL LA'MERT, M. D.,

No. 37, Bedford Square, London,

Doctor of Medicine, Member of the Royal College of Surgeons of Edinburgh, Licentiate of Apothecaries' Hall, London, Honorary Member of the London Hospital Medical Society, &c.

This Work contains an accurate and complete account of the Anatomy, Physiology of the Reproductive Organs, and of their relative conditions in health and disease. Nor are there the sole contents of the Work: the means of escape, as well as the nature of the danger, are pointed out in clear and intelligible language. It deservedly requires the closest attention and study, for what subject can be of more import than the preservation of health, the source of all mental affections of which every man should be possessed. It unfortunately happens that the secret vestiges of a secret indulgence and vicious habits, whether acquired in early life, or from the follies of advanced age, while suffering from their inevitable consequences, induce nervous debility, and require a qualified physician for relief. Shame and the dread so frequently attendant on ignorance, that these complaints are beyond the reach of art, alike restrict him, and prevent the application of assistance where alone it can be procured. In acting thus, he forgets that accurate discrimination in ascertaining the causes of disease, sympathy with the sufferer, prudence and secrecy, constitute characterize the intelligent and practical physician, and to the medical man, who can show by his possession of the requisite legal qualification, that he is entitled to extensive and respect in his professional position, the utmost confidence should be extended. In LA'MERT has obtained the highest medical honors, as his diplomas testify, and the great extent of his practice for many years, is a guarantee for his professional experience, which has reference almost solely to the treatment of these diseases.

The Work may be had in Montreal, of BENJAMIN DAWSON; in St. Johns, of H. Caten & Co., price 5s. 6d. Sterling; Halifax, Messrs. Morton & Co.

DR. HALSEY'S GUM-COATED FOREST PILLS.

THESE PILLS are warranted not to contain any Mercury or Mineral whatever. They purge without griping, nauseating, or weakening; can be taken at any time without hinderance from business, change of diet, or danger of taking cold. They neither have the taste or smell of medicine, and are five times more effectual in the cure of disease than any Pills in use.

But a short time has elapsed since the great and good Pills were first made known to the public, yet thousands have already experienced their good effects. Invalids given over by their Physicians as incurable have found relief, and been restored to sound and vigorous health from their use.

Never has any remedy had more reliable and stronger proofs of its good qualities than Dr. Halsey's Forest Pills.

Testimonial after testimonial, showing their great powers of curing in almost every class of disease, have been received by us by mail, and published in the Newspapers, illustrating almost every implement of husbandry now in use by the best farmers, the best methods of ploughing, planting, haying, harvesting, &c., &c., the various domestic animals in their highest perfection; in short, the *personal* interest of the book is unique, and will render it of inestimable value to the student of agriculture.

The Work is being published in Semi-Monthly Numbers, of 64 pages each, exclusive of the Steel Engravings, and is sold at 25 cents each, or $5 for the entire Work in Numbers, of which there will be at least 22.

The British Periodicals Re-Published are as follows, viz:—

The London Quarterly Review, (Conservative,)
The Edinburgh Review, (Whig,)
The North British Review, (Free-Church,)
The Westminster Review, (Liberal,)

AND

Blackwood's Edinburgh Magazine, (Tory.)

Although these Works are distinguished by the political shades above indicated, yet but a small portion of their contents is devoted to political subjects. It is their literary character which gives them their chief value, and it is that they stand coolly, for above all other journals of their class, *Aloof from the Strife of Tongues*, the masterly guidance of *Christopher North*, maintains its ancient celebrity, and is, at this time, eminently attractive, from the series of Works of Bulwer and other literary notables, written for that Magazine, and first appearing in its columns both in Great Britain and in the United States. Such works as "The Caxtons" and "My New Novel," (both by Bulwer,) "My Brother's Wife," "The Green Hand," and other serials, of which numerous rival
