MUST HELP THE CITY PAY.

THE COUNTY AND TOWNSHIP OF YORK MUST AID

In Bearing the Cost of Protecting the C. P. R. Crossings at Bathurst and Dufferin-Streets—Order of the Privy Council Railway Committee Upheld by Mr. Justice Rose—Other Cases at Osgoode Hall—Peremptory Lists.

In Single Court late yesterday afternoon Mr. Justice Rose delivered judgment upon a matter of considerable importance to the City of Toronto and two adjoining municipalities.

Some time ago the Railway Committee of the Privy Council at Ottawa made an order directing the Township of York and the County of York to share with the City of Toronto the cost of maintaining gates for the protection of the Canadian Pacific Railway crossings at Dufferin and Bathurst-streets in this city.

The Township of York and the County of York contended that the Railway Committee had no power to make such an order, and Judge Rose took up the case based upon these objections yesterday. Deputy Attorney General Cartwright appeared for the Ontario Government, Christopher Robinson, Q.C., for the C.P.R., A. B. Aylesworth, Q.C., for the Township of York, and Mr. C. C. Robinson for the county.

At the conclusion of a lengthy argument the Court made known its decision, which was in favor of the railway. Judge Rose held that the Railway Committee was fully within its rights in making the order complained of. Therefore, the Township and County of York must help the City of Toronto bear the expense of protecting the level crossings of the C.P.R. at Bathurst and Dufferin-streets.

Barrister Birnie Safe.

Mr. Justice Rose last evening dismissed the application to disbar Barrister Birnie of Collingwood, the client mentioned in the case declining to prosecute and settling.

Absent For Over 30 Years.

The courts were asked yesterday to declare Frank Kilpatrick of Elora legally dead. He went to the Southern States before the American Civil War and has not been heard of since. His relatives want his estate of $5000 divided up among them. Mr. Justice Rose has directed that advertisements be inserted in the newspapers before Kilpatrick be declared deceased.

Mrs. Barr's Hard Luck.

Some time ago Mrs. Jennie Barr's suit for $5000 for breach of promise of marriage against Enoch J. Rogers of Castlemore was dismissed. Yesterday the Court also dismissed her suit for $1890 wages.

An Alimony Case.

Minnie Holcombe Pearson is suing James Pearson for alimony and $250 expenses in connection with her suit for divorce.

The judgment allowing the Toronto General Trusts Co. to spend $3000 in improving the Crawford estate at Windsor is to be appealed against.

To-Day's Peremptories.

British patents—J. La Londe, heating; W. Chambler, tool, etc., holders or suspenders.

East Toronto Schools.

Inspector Fotheringham completed his half-yearly inspection of the Public schools yesterday and reports a very high state of efficiency in every department.

The inspector regrets that the board has not before this erected a suitable building, more in keeping with the high standard of work done by the teachers.

Principal McMaster is preparing a class for primary examination and a class for Public school leaving an entrance examinations. There is an attendance of over 300 pupils.

Teachers' Executive.

The result of the election of an Executive Committee for the Public School Teachers' Association was given out last night. Out of a dozen candidates these were elected in the order named: Chester Ferrier, Huron-street school; Miss Johnson, Phoebe-street school; A. McMillan, Phoebe-street school; W. Parkinson, Givens-street school, and Miss Semple, Lansdowne school. The ballots for the Advisory Board will be counted next Wednesday night.

Mrs. Warnica's Sad Troubles.

Barrie, April 23.—Mrs. Warnica, the widow of Mr. A. Warnica, who with his son was drowned last fall, has lost two daughters, Ida E., aged 5, and Florence M., aged 8. The girls were ill but a short time, and it is believed they had eaten something poisonous.

Casey, an ex-Fenian, Dead.

Dublin, April 23.—J. S. Casey, an ex-Fenian, who, in 1878, was sentenced to five years' imprisonment for treason, died at Mitchelstown, County Cork, to-day.

YORK TOWNSHIP COUNCIL.

Squibbling Over the New School for Norway—Gas Question and Trolleys.

The special meeting of the Council called yesterday in the rooms at the Arcade dealt with a number of matters of importance.

The Carliss family destitution, due to Mr. Carliss' partial loss of eyesight through an accident, was reported to be relieved. The township came to the rescue and positions were found for two of the members of the family. The Reeve announced that the property of J. Mann near Toronto Junction, which had been sold for $2 through double assessment, had been repurchased for Mr. Mann at a cost of $55.

Squabbling Over the School.

A deputation of School Trustees Mills, Fogg and Prest of S.S. 20, Norway, asked the Council to issue debentures of $4000 for 20 years for erecting a new school building. Mr. W. Over, an opposing ratepayer, said that the last meeting of the ratepayers, at which the question of the school building had come up, was illegal through not being representative. The Trustees further had ignored the petition of some 20 ratepayers, calling for a meeting to erect the school upon another site. Trustee Fogg retorted that the resolution for a new building on the present site had been moved by Mr. Over himself. In answer to the query of Mr. Maclean why the petition of the ratepayers who had rights under the statute and now wished to reconsider the question had been ignored, Mr. Fogg said the Trustees didn't want to be dictated to. Mr. Over said he had made a mistake in voting for the resolution and now wished to rectify it. Trustee Mills acknowledged that no resolution had been passed authorizing the board to ask for the issuing of debentures and in view of this fact and that a petition had been presented to the school inspector asking him to call a meeting to discuss the change of the school site, Council referred the matter to the Township Solicitor.

The Gas Question.

In the matter of the gas lighting of the Kingston-road through Norway, Reeve Hill explained that the delay was due to the unwillingness of the Council to sign an agreement with the gas company whereby, in case the lighting by the district was not carried out to the satisfaction of the company, it would assume the undertaking and charge the district at any figure that it pleased. The Reeve was authorized to induce the company to modify the offending clause.

Toronto Railway Extensions.

The request of the Toronto Street Railway Company for another year's time in which to extend the Scarboro line to Dawes-road, Coleman, was laid over until next meeting. In the discussion which ensued the question came up of the granting to the company of the requested right of way along Queen-street to Victoria Park. The Council were opposed to making the concession unless a guarantee were given by the company that the Dawes-road line, promised under Mr. Dingman's regime, would be completed within a reasonable time. Deputy Reeve Lucas said that the residents of Little York who took stock in the venture had been swindled in the affair and the township did not get $100 worth of taxes alone the Victoria Park route.

It was the opinion of the Council that the extension of a track from Broadview-avenue to Little York would be an admirable venture.

Auditors F. Dunbar and Spencer Over received $45 cash on account for work on the audit of the township books and G. C. Moore $65 for services in connection with the tax sales.

Council adjourned at 4.30 to inspect the Rosedale bridge in connection with the proposed running of cars across it.

Canadian Institute.

The annual meeting of the historical section took place last night at the Institute. Mr. J. Gibbs Ridout presided. Mr. J. C. Hamilton was elected chairman for the ensuing year. Mr. Thomas E. Champion was re-elected secretary for the third time. The secretary reported that the average attendance at the section meetings had been 13. A vote of thanks was passed to the retiring chairman, Mr. O. A. Howland, M.L.A., for his services. The section will not meet again until October.

BLACK AND COLORED DRESS STUFFS

A trio of economies. Not one of these stuffs but should fairly be more, not one but will give excellent service.

At 25c yard, nine colorings in a 50-inch small pattern tweed. The price yesterday was 50c yard.

At 50c yard, seven shades in Covert Cloths, 44 in. wide, beautiful finish; the usual 75c quality.

At $1.25 yard, elegant new designs in Black Crepons. They're the $1.75 qualities, but the man who owned them wasn't posted.

The days are all too short for millinery buyers. New styles coming to hand each week from the fashion centres make the stock interesting. You'll not know of the goodness of qualities, the just right styles and low prices unless you come and see.

Growing sales indicate that we have the right things in Ladies' Wraps, and the prices are never questioned.

If you test values you'll approve of our desire to secure your trade.

TRADE IN CANADA.

R. G. Dun & Co. say: The heavy floods reported from so many sections of the Province of Quebec, with serious attending loss, have interfered materially with trade and traffic, and Montreal houses report the distribution of goods as slow for the season, and even less active than a week ago. As might be expected, payments are indifferent. The demand for sugars and teas from jobbers is very light; in the former line quotations remain unchanged. With regard to teas, some claim that goods can be bought at rather easier prices. In dry goods the movement is moderate; retail trade has been affected by cooler weather. Hide dealers report a lack of enquiry from tanners, and another decline of a full cent has been established this week. Leather remains dull, and no very great improvement is anticipated until active cutting is begun by shoe manufacturers on fall stock. The spring sorting business in boots and shoes has been disappointing. The annual Leipsig fair is now in progress, and advices so far received here do not indicate any recovery in the prices of raw furs. Quite a little activity is shown in cottons, which are moving out of store quite briskly in moderate lots, and stocks will likely be pretty well absorbed by the time new supplies by first vessels are available.

Business in wholesale departments at Toronto is fair, with an increasing number of sorting-up orders for seasonable goods. Prospects are said to have improved, but there is apparently little foundation for the brighter outlook. At least there will be a great deal of uncertainty in commercial matters until after the elections. All classes of merchandise and produce are comparatively low in prices, owing to plentiful supplies or the lack of consumptive demand. The buying is from hand-to-mouth. The grocery trade is slightly better, but the long-expected advance in sugars is still delayed. Hardware and metals unchanged in prices, with a fair demand for seasonable goods. Leather is dull and hides unchanged.

TIPS FROM WALL-STREET.

The market closed weak. The feature was the break in Tobacco.

London sold St. Paul.

Schepp sold Sugar Trust.

Tobacco scrip is quoted at 74 to 75.

The most active stocks to-day were: Sugar, 30,900 shares; Tobacco 27,200, St. Paul 15,200, R.I. 8700, W.U. 4000, U.P. 9100, J.C. 1300, N.Q. 1900, Reading 5100, Mo. P. 11,700, L. & N. 3000, Burlington 21,700, Atchison 4300, C. Gas 3300, Distillers 20,300, Manhattan 1000, G.E. 2500, Wheeling 1500.

McIntyre & Wardwell send the following despatch to their branch office in Toronto: The sharp break in Tobacco in the last half hour affected the whole list, checked the rising tendency and gave a lower and unsteady closing to the market. Fears of an injunction of the dividend is given as reason for the break in Tobacco. The Republicans in the United States Senate have decided to work for an adjournment of Congress before May 18. Washington advices indicate that the Pacific Railroad funding bill will not pass. It is said the assessments of the old Distillers Company have turned out more valuable than expected. The new securities will not be issued till the receivership is terminated. Leather advanced on buying induced by report of an improvement in the trade. Though market closed lower, the tone is still very strong and the market broadens daily.

CHICAGO GOSSIP.

Henry A. King & Co., 12 King-street east, received the following despatch to-day from Chicago:

Wheat ruled steady at the opening, but considerable strength developed later in the session. The worst feature of the situation is the apathy of exporters on the decline, the main reason for this being the excellent outlook for crops all over Europe. The weather and general crop conditions are more favorable, especially in the Southwest. Reports from Missouri say that about 23 per cent. of the acreage has been plowed in the southwestern part. Price Current report was considered bullish and was the medium of good buying and covering of shorts. Market closed strong. We think it a good time to buy wheat.

Corn and oats quiet and without feature.

Provisions steady, with some element of strength. Cudahy was a buyer, and local packers moderate sellers.

McIntyre & Wardwell (John J. Dixon) received the following despatch to-day from their branch office in Chicago:

There was a decided relaxation in pressure to sell wheat this morning. The news being considered more favorable to holders, and the Price Current stating not much improvement was noted in certain localities of winter wheat country, rather made the trading element change their tactics, and they made good workers on the long side. The Northwest news there was considered, and it stimulated good buying, inasmuch as orders were received from that country to buy wheat in considerable volume. The closing was firm at around best prices of the day. Despatches were received from reliable Minneapolis houses, stating that many complaints were coming in of delayed seeding operations, owing to continued wet weather. The complaints were mostly from the Red River Valley, and some were to the effect that even if the weather did become favorable, the ground was in such a condition that seeding could not commence prior to May 1. Cables were steady, and New York reported some buying for foreign account, but no export business. Cash demand here was also very poor. Charters were made for 40,000 bush wheat. Northwest receipts are running just about the same as they have been for two weeks. The situation does not look very strong to us, but if the weather continues bad in the Northwest it may cause further advance.

Provisions—Market opened lower on larger receipts of hogs. The strength of wheat later caused a rally, and packers were buyers of May pork, lard and ribs. Country commission houses were changing long May to July and Sept. Market closed strong at near top prices.

MONTREAL LIVE STOCK.

Montreal, April 23.—Business still continues to be confined solely to the buying and selling of cattle to meet local requirements, there being as yet no inquiry for export. Trade, both in cattle and small meats, continues fairly active, receipts good and prices steady. This morning at the Eastern Abattoir Market about 500 head of cattle, 700 calves, 100 sheep and 50 spring lambs came in.

Last Monday's values ruled in most cases, and, as a good general demand was shown, the volume of business transacted was fairly large. The range of prices to-day for common rough animals to best butchers' beeves was from 2c to 3¾c per lb., live weight. Spring lambs brought from $2 to $4 a head, and sheep sold at 4c per lb. The range for calves was a wide one, from $1 to $10 each being asked, according to size and quality. Following was the general range of quotations:

Cattle—Butchers', choice, per lb., 3½c to 3¾c, live weight; do., medium to fair, do., 3c to 3¼c, do.; do., do., culls, do., 2c to 2½c, do.

Calves—Good to choice, $7 to $10; common to fair, $1 to $6. Spring lambs—Common to good, $2 to $4. Sheep—Common to good, 4c per lb., live weight.

COTTON MARKETS.

At Liverpool cotton is firm at 4⅜d.

New York, April 23.—Cotton—Spots higher; sales, 400 bales; Uplands, 8 1-16c; Gulf, 8 5-16c. Futures steady; sales, 190,000 bales; April 7.82, May 7.83, June 7.86, July 7.84, Aug. 7.82.

GRATEFUL—COMFORTING.
EPPS'S COCOA
BREAKFAST—SUPPER.
"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided for our breakfast and supper a delicately-flavored beverage, which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.
