COMMERCIAL MARKETS.

CANAIDAN LAMBS TOP MARKET.

Chicago, June 15.—Good hogs held all the advance of yesterday, but it was a low market on grassy and common mixed grades, which made up a considerable proportion of the supply. Competition for quality was keen and the $7.80 to $8.05 stuff was badly wanted. The supply was moderate all over the west.

The cattle trade was of small volume. Fresh receipts were mostly Texas stuff, a lot of it coming direct to packers from St. Louis. Prices were about steady.

Live muttons were active and strong to 25c higher, a load of Canadian fed shorn lambs selling at $9.00, a new high point for the year. Shipping lambs sold up to 9.40.

Hogs—Receipts 12,000, steady to strong. Mixed and butchers, $7.25 to 7.90; good heavy, 7.75 to 8.05; rough heavy, 7.30 to 7.70; light, 7.60 to 7.80; pigs, 6.30 to 7.00; bulk, 7.60 to 7.90.

Cattle — Receipts 2,000; steady. Beeves, 5.35 to 7.25; cows and heifers, 2.25 to 6.30; stockers and feeders, 3.75 to 5.50; Texans, 5.25 to 6.10; calves, 6.25 to 8.00.

Sheep—Receipts 10,000; slow. 5.25 to 6.10; lambs, 6.25 to 9.25.

SUN AFFECTS WHEAT MARKET.

Chicago, Ills., June 15.—The bear forces in grain were chock full of fight today and the entire speculative list suffered recessions. The sun smiled down upon Chicago and advices from sections of the great wheat and corn belts told of sunshine as well as of higher temperatures. The grain bear, not unlike the corn field darkey, as well as the growing plants, love the sun, provided it is not of the "scorching" description. The young corn plant has not prospered because of a lack of seasonable temperatures and the warm sun. The wheat that has been cut in parts of Oklahoma and Texas and what is in the shock, has been rained on, and there has been too much moisture in some parts where the wheat is about ready for the harvester. These sections were visited by "old sol" today and the bears sold wheat. There was considerable long wheat to come out and it may be said, without a chance of contradiction, that the selling was led by strong concerns in the southwest. The wheat thrown into the pit was absorbed by some of the best houses in the trade, including S. B. Chapin & Co., Bartlett, Patten, Clement-Curtis. Many of the commission houses had buying orders in hand of the resting kind and these were filled. The selling was led by Logan-Bryan, Finley Barrel, Shearson Hammill and the pit traders. Nearly all the wheat markets of the country suffered losses. At Winnipeg, where "a concern" is being run in the July, there was a pronounced drop. Minneapolis July had a setback of two cents at one time. In the end, July was off ¾c here and the cash business was small at 35,000 bushels. The big millers in the Northwest continue to take wheat from the elevators at Minneapolis, stocks there falling off 525,000 bushels for the past three days and withdrawals today were 226 cars. Contract stocks here decreased 524,000 bushels for the week. Continued favorable weather was reported in Russia, and Roumania and Germany both sent report of beneficial rains and improved outlook for crops. Foreign markets showed but little change, futures at Liverpool being ¼ to ⅜d lower, while spot was unchanged. Paris wheat was unchanged to ⅕c better, and flour was unchanged to ¼c higher; Budapest ⅕c higher. Berlin was unchanged and Buenos Ayres was unchanged to ⅝c higher.

Oats were weak and lower. Country commission houses were on the selling side of the market and cash oats were weak and hard to sell. Crop prospects are ideal.

After the Singer Trust.

Philadelphia, Penn., June 13.—Adolph Segal, so friends of his in this city declare, is preparing to fry the fat out of the Sugar Trust. The settlement forced by George H. Earle, Jr., receiver of the Pennsylvania Sugar Refining Cmopany, has furnished the long sought opportunity to feed to the limit the ancient grudge he bears to the corporation that shut him out of his property in Philadelphia. Segal, it is stated, intends to have every farthing that is coming to him from the American Sugar Refining Company, which put him out of the refining business in this city. That not only means the return of all his stocks and bonds in the refinery, but the $1,000,000 loan pledged on the hotel Majestic and the Pennsylvania's companies share in the profits of the trust during the entire period the Segal refinery has been closed under the vote of the dummy directors of the trust.

Spectacular Naval Review.

London, June 12—Delegates to the Imperial press conference today are witnessing at Spithead one of the most spectacular naval shows ever held even in these historic waters. The fleet assembled there for review by the Colonial newspapermen, consists of 44 battleships, 35 submarines and nine auxiliary vessels. The delegates embark on the Volcano and will be taken round the fleet, stationed in four main lines, and as they pass the yards will be manned by British Jack Tars while all the vessels are dressed in honor of the occasion. Other items in the program of the visit to Portsmouth are a visit to the Dreadnought and to H.M.S. Excellent, as the great gunnery and torpedo school at Whale Island is called, and then a drive through the dockyard which covers more ground than any other naval arsenal in the world. Unfortunately it is raining heavily and the weather conditions are very unfavorable for the review of the fleet.

The Massey-Harris Binder has the greatest name of any machine of its class in the entire world. We will prove it

PHILIPPINE NATIVE POLICE MUTINIED

Beseiged Governor of Davao Province and Americans in a Church—Finally Repulsed and Fled.

Manila June 13.—Part of the second company of Native Constabulary, stationed at Davao Mindinao, mutinied on the night of June 6, attacked the company quarters without warning and gained possession of the building before resistence could be offered by a few non-commissioned officers and several loyal members of the company. Governor Walker of Davao province, of which the town of Davao is the capitol, immediately rallied the Americans and such natives as could be trusted in a large church and preparations for defense were hastily made. During the night, windows and doors were barrackaded, loopholes cut, food and water taken into the building and everything made ready to withstand a seige.

At five o'clock in the afternoon the mutineers attacked the church. For three hours the fight raged. A heavy fire was directed against the church and its defenders, but Governor Walker and his small force, replied with such vigor that they discouraged all attempts to storm the place. One report here says that a man named Libby was killed and that four men were injured.

The mutineers retired and evidently expected to wait darkness under cover until a safer and more successful attack could be made on the church. In the meantime the news had reached Haiti ,a town of considerable size 46 miles southeast of Davao. A company of constabulary stationed there hurried to the relief. Their approach caused the disloyal constabulary force to withdraw during the night. Thirty native troopers escaped to the mountains with their arms and equipment. Detachments of the twenty-third infantry reached Davao afterward and quickly succeeded in restoring order. Several columns of troops were sent in pursuit of the mutineers. It is believed here that the mutiny was purely local, resulting from difficulties over food supplies or the carts of the women and the families of the constabulary. It is thought to be confined to members of the one company at Davao.

LANDED BY CABLE

Slavonia Struck Close to Shore and Passengers Landed Safely.

Gibraltar, June 14.—The North German Lloyd steamer Princess arrived this afternoon, having aboard the first class passengers of the Slavonia, which ran ashore on the night of June 10th. The Slavonia which sailed from New York on June 3rd, met fair weather until nearing the Azores when a fog set in. She was under a good head of steam when she struck a rock off Flores Island, called by the natives "The mouth of Hell." The water rushed in and in a credibly short time flooded the hole and reached the engines. The passengers were awakened by the shock and flocked out on the decks. It was then about 2.30 o'clock in the morning. The first and second cabin passengers behaved admriably, but the steerage passengers showed a good deal of excitement. The officers or the ship did everything possible to reassure the passengers and the band was set to playing popular airs. A call for help was sent out by wireless, which was answered by the Princess Irene, but long before her arrival the Slavonia's own boats had landed the passengers. The vessel struck at the foot of a cliff 1,000 feet high and hawsers and blocks had to be used to get the passengers onto the summit of the rocks.

The Princess Irene, which reached the Slavonia late on Tuesday evening, embarked the saloon passengers early the following morning. They are unanimous in praising the coolness and the kindness shown by the captain, the officers and the crew of the wrecked steamer. All the passengers with the exception of six are still on the Princess Irene and expect to go to Naples.

John Mitchell of Milwaukee son of the former Senator, describing the accident said that he was awakened about 2.30 o'clock by a great crash. There was much commotion when he reached the deck but when the officers explained the situation the passengers became calm. Breakfast was served as usual and the orchestra kept on playing for several hours. After breakfast an officer went ashore to make arrangements for landing. The Slavonia lay only a short distance off Flores Island. No difficulty was met in transferring the passengers to land, and they remained there until the Princess Irene took them off the following morning. No one was injured. According to Mr. Mitchell a steerage passenger attempted to commit suicide but did not succeed.

Midnight Boxing Bout.

London, June 14.—Lord Lonsdale tonight gave the last official functions in connectie with the horse show. It took the curious form of a series of boxig bouts at the national sporting club beginning at midnight. His Lordship asked all the directors of the show and all army officers of the various countries competing for the King's cup to meet him at the club at midnight. Early in the afternoon the sporting Earl sent messengers with invitations to San Langford and Jimmy Britt to appear before the club in an exhibition bout. Langford was in Paris, but Britt weighed in and went three rounds with Jim Stiles. It was easy for Britt as he was in training fo rthe Summer bout. It was the first boxing exhibition that some of the officers had ever seen.

Died From Lockjaw.

Oshawa, Ont., June 14—Allan Douglas, the only son of Mr. and Mrs. R. J. Mackie, aged 10 years, is died from jockjaw, the result of a scratched knee.

SEVEN VILLAGES IN RUINS

Fifty-four Bodies Recovered from the Wreckage of French Towss.

MORE TOWNS JARRED.

Paris, June 14—Three new earthquakes yesterday swept the country from Rivervar to Loire. The disturbance was chiefly noticeable in the mountain regions where several deaths are reported to have occurred. At Bergenon, five minutes before the shock, the electrics went out, the church bell rang violently, and water in wells and fountains grew hot. The inhabitants had to flee into the open.

At Feniny the coming earthquake was announced by thunderous reverberations in the adjacent mines, followed by an explosion of fire damp. Fortunately the mines were empty on account of the Sunday holiday. The seisimographic machines did not record the disturbances until the exact moment of the shock. Authorities at the Paris observatory said this morning there is no reason for predicting either that there will be new shocks or that the earthquakes had come to an end. It is only said that the planet this year seemed unusually unstable, and that the same region of France, which was visited by a disaster in 1887 was that most liable to suffer. Meanwhile details coming from the scattered hamlets of the province show the serious character of the catastrophe. Seven villages lying in the valleys of a small mountain range called Alpines, were wholly destroyed. These were Rognes, Lambese, Ct. Canutt, Faquilles, Puyhdsainte, Reparte, verignon and Pelisanne.

The villages were reduced to ruins, practically at the same moment of the shock recorded by the clock of the Bourse in Marseilles, which struck the quarter after nine and stopped. Latest reports received state that 54 bodies have been recovered. The inhabitants of the seven villages are camping in the fields and there is great suffering among them as the temperature has fallen abruptly with cold winds and rains which are devastating the grain fields and vineyards. Supplies, tents and train loads of bread and meat are being rushed from the nearest centres. The damage to property will run into millions of dollars. The government will meet all needs and France will accept no outside aid.

ANOTHER FEUD REVIVED

Two Mississippi Men Shot and Three Wounded.

Natchez, Miss., June 15.—Dr. A. M. Newman, chancery clerk of Franklin county, who was acquit'ed in that county on the charge of killing Cornelius Pritchard on April 26, was shot and instantly killed today in Meadville. Sikes Reynolds, a young man who happened to be near Newman's buggy, was also killed, and three men were injured. The shooting is an outgrowth of the Newman-Pritchard feud that has continued in Franklin county for some years. After the acquittal of Newman and the release of his two sons on light bail feeling ran high. Today as Dr. Newman was riding past the Butler building, a two-storey structure, a volley of shots were fired at him by persons in the building. Dr. Newman was killed outright. His two sons, Herbert and Lenox, ran to his assistance and were wounded, the latter receiving what is believed to be a fatal wound. Herbert Applewhite, a lawyer, was shot in the leg. He was one of the bystanders who were wounded as Pritchard was killed. A man named Boyd, who was a witness against Newman, is this evening being sought after. Company H Third Regiment of Brookhaven, arrived at five o'clock. District Attorney Wallace accompanied the troops. Colonel Baker and two companies from Natchez were ordered to go to the scene.

The Ladies Entertained in Montreal.

Montreal, June 13—The 180 delegates from all parts of the world to the biennial congress of the International Council of Women, to be held in Toronto this week, leave for the latter city on Tuesday after three days' of strenuous entertainment here. They have been the guests of the city council at a drive over Mount Royal and of McGill university at a reception. Today there was no official program but a large number visited Christ Church cathedral, where a special sermon was preached by Rev. Dr. Symonds. At the McGill reception the Countess of Aberdeen spoke of the pleasure it gave her to again visit Canada, and emphasized the spirit of union among women of all nations which was such a feature at the present moment. Tomorrow the party will be the guests of Professor and Mrs. Robertson at MacDonald college, St. Anne de Bellevue, and will shoot the Lachine rapids as the guests of the city.

Laborer Injured.

Sault Ste. Marie, June 14.—Mike Buster, a laborer, suffered serious injury this morning while at work at the movable dam on the Canadian canal. He was struck on the head by a steel beam, fracturing his skull, and was taken to the hospital, where it is reported he has small chance of recovery.

Swimmer Drowned.

Berlin, Ont., June 12.—Harry Huehnergard, the 14-year old son of J. W. Huehnergard, was drowned in Grand River. The lad, who was in a boat with three other boys, dived into the river. He was not missed until two hours after, when his clothes were found still lying on the bank.

The players of the 101st football team are requested to be at the Exhibition Grounds at 7.30 p.m. sharp tonight, to play a practice match with the Norwoods.

BANDITS HELD UP COLORADO MINERS

Got Away With $40,000 Worth of Gold—One Man Arrested on Suspicion.

Telluride, Col., June 13.—Holding five men and two women helpless under the muzzles of revolvers, three masked men yesterday morning secured $40,000 in gold from the bunkhouse of the Nellie Mine on Bear Creek, and made their escape after a running fight, during which several shots were fired and one of the horses ridden by the bandits was wounded. The hold-up was the most daring which has occurred in the San Juan country for years. The men were evidently familiar with conditions at the mine, and apparently knew that a clean-up recently had been made, as they were specific in their demands, and departed immediately after securing the amalgamated and high grade ore. Fred Zannetti, a former employee of the mine, was arrested late in the day in Telluride and is being held pending an investigation. The police allege that a mask similar to those worn by the bandits was found in Zannetti's room. Sleeping in the bunkhouse were Joseph Kent, manager of the mine; Al. Fillmore, shift boss; Angus McDonald and Adolph Obern, miners; Mr. and Mrs. James Morras and Mrs. Daniel Dunlap. The bandits entered the bunkhouse without making any attempt to move quietly. One of them, who was apparently familiar with the arrangements, walked unhesitatingly to the switch and turned on the electric light. When the sleepers awoke they found themselves gazing into the barrels of six guns, each man holding two and covering every occupant of the room. Telling everyone in the bunkhouse to remain in their beds, the spokesman demanded the amalgamated culled ore, and realizing that resistance was useless Kent told the man where the ore was hidden, and one of the robbers went after the booty. After warning the five men that if they were pursued or an alarm was sounded immediately after their departure that they would shoot, and shoot to kill, the bandit half rolled and half slid down a deep cut to where they had left their horses. Although he was unarmed, Kent immediately started on the trail of the robbers, and he came upon them while they were dividing their booty preparatory to mounting. Two of the robbers opened fire, but they were apparently unused to firearmy, as the net damage done by the 12 or more shots was the wounding of one of their own horses. Kent beat a retreat, and the robbers hastily rode away. While mounted men were hunting over the mountains in the vicinity of Telluride, the sheriff arrested Zannetti in a local lodging house. He denies any knowledge of the crime. Posses are still out searching for the bandits.

Mississippi Jail Better Than Chicago

Jackson, Miss., June 14—After having been convicted on a minor felony charge and sentenced to a three year term in the penitentiary in this place, Dan Scott was dug out of jail at Cleveland, Miss., before an officer could get there to convey him to the state farm and fled to Chicago. Nothing was heard from the man until Sheriff E. H. Wray was surprised by the receipt of a letter from Chicago, in which the escaped prisoner stated that he would rather be in the Mississippi penitentiary than in Chicago with freedom. He asked that the sheriff send for him. The sheriff says that the man is not worth the cost of transportation. Unless the penitentiary authorities take the matter up, it is believed that the man will remain "sentenced to Chicago."

Boy's Eye Ruined.

London, June 14—Roy Rough, aged 11, was struck in the left eye at school by a pen being whirled around by another boy. He will lose his sight. The pen was filled with ink and it is feared personage may develop, necessitating the removal of the eyeball.

U. S. Men Buy Canadian Timber.

St. Johns, N.B., June 14—It is reported that Adams, Burns & Co., of Bathurst, have sold their big lumber property in Gloucester county, to American interests, for $250,000. The property comprises 400 square miles of timber lund, a mill and other adjuncts.

Lightning Does Damage.

MBrockville, Ont., June 14—During a heavy thunder storm this morning lightning destroyed the large barn of Ned Manley Fields, in South Augusta. Lightning also struck the Methodist church at Mallerytown and the steeple is wrecked.

Orillia to Improve.

Orillia, Ont., June 14—Four debenture bylaws were carried today by good majorities. The immediate expenditure will be between $75,000 and $85,000, divided as follows: Sewage disposal works, $55,000; concrete sidewalks, $15,000; park improvements, $20,000; town library, $12,000.

Political Strike in St. Petersburg.

St. Petersburg, June 15.—A general strike of the electrical and cart employes of St. Petersburg began yesterday. The men demand an increase in pay. The strike has a political basis and was arranged by the social democrats to test their strength.

Australians Beaten.

London, June 14—In the second test match which opened today at Lords, England made 269 in their first innings, the Australians having scored 17 without the loss of a wicket at the close of the day's play.

The Massey-Harris Floating Elevator Binder can handle crops where others fail.

CANADIAN TRADE HEALTHY.

Wholesale and Retail Business Satisfactory.

New York, June 12.—Bradstreet's state of trade today says:

Cool, wet weather has retarded crop cultivation in some sections and dulled retail trade throughout wide areas but on the other hand has furnished a plentiful supply of moisture to the wheat, oats, hay and corn making with possible good future conditions, especially warm sunshine for later favorable crop progress and to his extent enchancing trade prospects for next fall and winter. While advices as to retail trade, therefore, are of below normal operations, optimism as the future is no less marked than of late, although a certain measure of conservatism rules purchases, pending clearer views of crop progress and out-turn.

Reports from leading industries are on the whole, favorable, so far as booking of future orders is concerned. Reports as to collections share the irregularity noted in general distributive trade varying from slow to good in different sections.

Stock prices have moved irregularly with less activity and an easier undercurrent as to strength. Money s stiffening and higher rates are looked for. Foreign trade reports are not materially different. Railway traffic is expanding, there are fewer idle cars and earnings comparisons are very favorable when contrasted with the same period of last year.

Business failures for the week ending with June 10, were 190, against 189 last week, 253 in the like week of 1908, 161 in 1907, 170 in 1906 and 175 in 1905.

In Canada—Canadian trade in general is in healthy condition. Business at wholesale is satisfactory and retail trade is good. Wheat crop conditions are favorable. Business failures for the week terminating with Thursday number 22 which compared with 29 last week and 24 in the like week of 1908.

Bank clearings at 13 cities for the week ending with Thursday aggregate $101,200,000. 3 per cent. under last week but 30 per cent. over last year.

REBELS KILL THOUASNDS

Mounted Forces Sweep the Country Committing Fiendish Outrages.

St. Petersburg, June 14—Despatches received today from Astaria, Transcaucasia, say that the massacres by raiders in the Ardebil district of the province of Azerbaijan, Persia, are stil raging with undiminished fury, and that conservative estimates have placed the number of men, women and children slain at 5,000. Many thousands of others have been wounded, and many of these will die. For more than 48 hours Persian rebel forces have been engaged in the frightful work of slaughter, torture, pillage and incendiarism. Numbering about 12,000 well armed and mounted men, they are sweeping over the district destroying and leaving behind a hideous train of death, suffering and ruin. The massacres are said to be due to the fact that Azerbaijan province is intensely loyal to the shah and the old order of things. A large part of the shah's troops have come from this province and the ferocity shown in this raid by the rebels is the result, it is said, of the cruelties practiced in rebel districts by the shah's soldiers. Although there was no organized force in the province to resist the rebels, the villagers in many places made a desperate ght against the rebels hordes and hundreds of the invaders were slain in the battles. This resistance only made the raiders more merciless. They divided into bands of about 3,000 each. Any one of these bands was far too strong for any force of the villagers. They gave no quarter, but killed for the mere lust of killing, the dispatches say. Women were made the victims of indignities and outrage and then shot to death or slain with swords. Little children were killed, while the men who had fought against the attackers were slowly tortured to death. Many were thrown alive into burning houses.

Toronto Council Busy.

Toronto, June 14—The city council showed itself in earnest in its campaign fo ran improved gas meter and better system of inspection by voting to appoint an expert investigator. The latter will collect all available evidence to back up the application to be made to the Dominion parliament for legislation that will compel the use of the best class of meter which will reduce the limit to 3 per cent. of over-recording the amount of gas consumed, and provide a more effective mode of test. The council voted also to appoint an expert to gather information to back up the city's application to the Dominion Railway commission for uniform telephone rates.

More Taxes for Germany.

Berlin, June 14.—The government has submitted to the Bundsrath a supplementary tax bill designed to yield $35,000,000 in taxes on inheritances, fire insurance policies, stocks, bonds, deeds and checks; Chancellor Von Buelow is to make a speech in the Reischstag on the question of taxation, and it is hoped that Parliament will pass the tax bills and adjourn on July 1st.

Valuable Cargo Reaches Victoria.

Victoria, June 12.—Replacing the steamer, Iyo Maru, now transferred to the European route of the Nippon Yusen Kaisha, the steamer Ceylon, of the Nippon Yusen Kaisha, Capt. Pyne arrived this afternoon with 2,395 tons of general freight, including 11,530 cases of new tea from Keelung and Chimizu.

Auto Blew Up.

St. Thomas, Ont., June 14—Edwin Smith, a former resident of Glanworth, Ont., was killed at Seattle, Wash., when his automobile was blown to pieces. Smith became a millionaire in the west by inventing an iron chink used in salmon factories.

MONTREAL POLICE AFTER MURDERER

Russian Killed and Body Thrown Into River—Landlord Has Disappeared From House in Which Murdered Man Lived.

Montreal, June 14—Local detectives are at work running down the murderers of John Lavorensky, a Russian whose body was found floating in the river opposite Dominion park, Sunday. The body was identified at the morgue tonight by a friend of the victim, who told the police that Lavorensky had been killed during a quarrel in a Russian boarding house of Forsythe street, ten days ago, and at night his body was carried to the river front and thrown in. When, today, the autopsy revealed the fact that the man was dead before he went into the water, the police started to investigate with the result that two Russians from the boarding house were arrested and tonight a hunt is being made for the proprietor of the house, who is supposed to be responsible for the tragedy.

Silver at Cut Knife Creek.

Battleford, Sask., June 12.—Mrs. Ford, a widow, residing twenty-five miles west of here, was in town yesterday filing on a mining claim. Certificates of assay of five samples of silver ore submitted by her showed silver varying from $7 to $9.98 to the ton. Mrs. Ford, whose husband was a miner, shows considerable knowledge of the subject and declares that similar samples of "float" ore may be found over a wide area in the Cut Knife district. There was mild excitement here when the discovery was made known.

Beer Dances Tabooed.

Regina, Sask., June 13.—The license department has prosecuted Adam Huber, who has been selling tickets for dances printed in German, where beer was the chief feature, the tickets costing 75 cents. Magistrate Trant held this an infringement of the provincial license law and imposed a fine of $50 and costs.

LOST

LOST—ONE CHESTNUT MARE FROM here two weeks ago. $5 reward for information of her or $10 for her return. White strip on face, three white feet, branded on shoulder H. Had halter on; weight about 1,000 lbs; 10 years old. Joseph Stiffle's Farm, Morinville.

BOOKLET FREE AND INQUIRIES carefully answered; sunshiny, mild climate and profitable opportunities for young men with small capital. Address Vancouver Island Development League room, C 36 Law Chambers bldg., Victoria, B.C.

ESTATE OF THE LATE BENJAMIN BURLAND.

ADMINISTRATOR'S SALE.

The undersigned Auctioneer has received instructions to sell by Public Auction at his rooms in the

CITY OF WETASKIWIN,

ON SATURDAY, THE 26th DAY OF JUNE, 1909.

At the hour of two o'clock in the afternoon. The South East quarter of Section numbered twenty-four (24) township numbered forty-nine (49) range numbered twelve (12) West of the Fourth Meridian in the Province of Alberta. This land is four (4) miles from Gilpin Post Office, and about ten (10) miles from two of the stations on the Grand Trunk Railway. There are some buildings on it. The land is rolling and about one hundred (100) acres can be broken. About seventen (17) acres have been broken and about seven (7) acres fenced, also there is a good hay flat on the quarter and a twenty-four-foot curbed well on the place. It is partially fenced. It contains one hundred and sixty (160) acres more or less.

The lands will be put up for sale subject to a reserve bid. Ten per cent. of the purchase price to be paid the Auctioneer at the time of sale and the balance within thirty (30) days after without interest.

The purchaser will have to sign agreement attached to the conditions of sale.

For particulars of conditions of sale and other information apply to M. E. O'Brien, Solicitor for the Administrator, Wetaskiwin, Alberta, or to

GEO. L. OWEN,
Auctioneer, Wetaskiwin.

M. E. O'Brien, Solicitor for Administrator, Wetaskiwin.

TO LAND BUYERS

And Investors—Don't Miss These

Pembina Land Bargains, G.T.P. bridge, Entwistle, Alta. A choice block of above 8 acres, river frontage, cash and terms—adjoining C.N.R. survey, 10 minutes from Hotel Pembina. A choice block about 1 acre, two good buildings on, near bridge. Lot in town, next to hotel, with buildings on, cheap. Also sawmill. Choice and cheap lots in all localities of the town. Write for terms to

A. W. ARNUP,
Auctioneer, Valuer, Real Estate Agent, Agencies for The West Markets Solicited. Entwistle, Pembina, G.T.P., Bridge, Alta.
