DER POWERS GIVEN TO CITY UNDER NEW LAWS

Many Important Changes Made by Recent Legislation of Drury Govt.

Several important changes in municipal legislation made by the Drury Government at the last session of the Legislature, are only now becoming known in city hall circles here as the vast amount of other outstanding measures at that time obscured them.

These changes will become effective here with the election of next year's council. The board of police commissioners will be required to submit its estimates for approval of the council where formerly they had a free hand. The council will have authority to erect war memorials, and to pay for them with debentures without obtaining the consent of the electors, and may also grant aid to patriotic organizations.

May Grant Aid.

Power is also given to municipalities to join the Deep Waterways Association, and to grant aid to the organization. Bylaws may be passed prohibiting traffic in more than one direction on certain streets, and safety zones may be established on streets where street cars are operated. Increased fees for weighing market produce are also permitted. License of second-hand dealers may be restricted to one or more classes of goods instead of being of a general nature.

One of the most important changes deals with the qualifications of candidates for municipal offices. It is now required that such a candidate shall be a householder residing in the municipality, or rated on the last revised assessment roll for land held in his own right sufficient to entitle him to be entered on the voters' list and residing in or within two miles of the municipality, and that he is entered on the voters' list as a voter at municipal elections, and is a British subject, twenty-one years of age, and not otherwise disqualified.

Assessment Changes.

Important changes were made in the assessment act also. The amount of exemption of annual income from personal earnings liable to assessment has been increased to $2,000, where a person is resident in a city, and $1,700 where he is a resident of another municipality and such person is a householder. The amount of exemption for a non-householder has been increased to $1,000 in a city and $800 in any other municipality. A further exemption is made in the case of a non-householder of $200 for each child under 18 years of age dependent on him. To the classes of persons assessable for business assessment at 50 per cent of the assessed value of the premises occupied by them, have been added, contractors, advertising agents, private detectives, employment agents, accountants, assignees, auditors, osteopaths, chiropractors and massagists. The dividends or income from stock held by any person in an incorporated company the income of which is liable to assessment in Ontario, are exempt from taxation.

APPEALS AGAINST COMMISSION RULING SET FOR SEPT. 29

Hearings Will Be Before Cabinet Council.

Ottawa, Sept. 16.—By Canadian Press—Appeals against the recent ruling of the board of railway commissioners increasing railway passenger and freight rates will be heard by the cabinet council at 10 a.m. on Wednesday, September 29. All parties who have sent messages of protest to the government against the board's decision or have intimated a desire to appeal, are today being notified to this effect. It is further intimated that other parties, so desiring, will be given opportunity to present their views.

Generally speaking the grounds taken for appeal to the cabinet are along the lines of those taken by opponents of the rate increases when the case before the railway commissioners

THREE GAMES SERIES OPENS.

Chicago, Sept. 16.—A three-game series that may play a big part in deciding the American League pennant winner, opened here today when the Chicago White Sox met the New York Yankees. The White Sox entered today's contest with a record of only eight games won out of the last 19 played. Dick Kerr, left-hander, was slated to pitch for Chicago against Jack Quinn

ISSUE IS OVERSUBSCRIBED.

London, Sept. 16.—(By the Canadian Associated Press).—The Northcliffe papers issue of eight hundred thousand of eight per cent debentures in the Anglo-Newfoundland paper mills, has been oversubscribed by millions.

MacSWINEY SPENDS BAD NIGHT.

London, Sept. 16.—Terence MacSwiney, lord mayor of Cork, who today began his 35th day of his hunger strike, was much weaker this morning after spending a bad night. Brixton Prison physicians stated MacSwiney had enjoyed less rest than for several nights previously.

WOULD DEVELOP TRADE BETWEEN LONDON AND ERIE

Dr. Charles Gray Here in Interests of International Commerce.

Dr. Charles D. Gray, president of the American-Canadian Deep Waterways Association, was in London today to discuss the deep waterways project with prominent men representing a number of the London business organizations. He also took up the matter of developing trade between this city and Fort Erie, Pa., which is his home.

With this object in view, he and members of the chamber of commerce visited Port Stanley in the morning and inspected the harbor facilities there. Dr. Gray was impressed with the agricultural development of the surrounding district, and was confident that a large trade in the products could be developed between Port Stanley and Fort Erie by means of fast boats.

Fast Service.

Fruits and vegetables from the Canadian fields could be placed on the breakfast tables of Philadelphia and other Pennsylvania cities a few hours after they had been gathered. The American city could reciprocate by supplying Canada with spawn from the hatcheries at Erie.

Millions of dollars worth of grain elevators, warehouses and other business properties in Erie were tied up by the war, and that city is now endeavoring to get them in use again. They believe that London, through Port Stanley, can aid them considerably in this.

Referring to the principal object of his visit, the deep waterways plan, Dr. Gray, in an interview with The Advertiser, said that the organization of which he was the head existed for bringing home to the layman the tremendous value of the Great Lakes system. Its development will mean that 9,755 ships of 23-foot draft will be able to sail to the head of the lakes, while others of still larger size will be able to make the journey.

Plan Is Feasible.

"All those who have studied the situation admit that it is practicable. There is no question that Canada will support it. Although it has but one-tenth the population of the United States, it is ten times as enthusiastic about the plan," he said.

"The United States Government, however, has to be convinced of its value, but there is no doubt of its ultimate support. Seventeen states already are pledged to support it, and soon this number will be increased to 32. It is not true that the project is being opposed by New York State. It is being opposed by some elements in that state, notably the Irish politicians, who are rabidly against anything connected with the British Commonwealth."

Picks Harding to Win.

Dr. Gray made the prediction that Harding would be the next president of the republic, and as he is pledged to the waterways plan, it will receive active support from that source. Cox is also pledged to it, so, whatever the outcome of the elections, the project will not suffer.

He did not view the outlook for the coming winter in an optimistic manner. "Canada and the United States will freeze this winter because of the coal miners and the coal speculators," he asserted. "That will do more to further deep waterways than anything that could happen. Fulfillment of the scheme will mean the release of 700,000,000 tons of coal and its by-products which are now used by the railroads. It will also take away the job of the professional radical agitator who is opposing the plan for that reason. The majority of labor is in favor of it, but we have not sought the support of Gompers or other labor leaders, because it is not needed."

Was Born Here.

Interest was added to Dr. Gray's visit by reason of his romantic connection with London more than half a century ago. During the American civil war he was born in the Tecumseh Hotel, where he is staying during his present visit. His parents were sympathizers with the cause of the Southern Confederacy, a fact which necessitated their removal to British territory in order to secure their safety.

While a mere boy, Dr. Gray deserted his home temporarily. He returned to London at 12 years of age. "I had a limited capital," he said, "and I wrote my parents that I had set up here as a merchant. I was selling papers at the Grand Trunk depot. Later the proprietor of this hotel advanced me sufficient capital to commence business as a news agent on the trains, and that was the real beginning of my business career."

CONDUCTORS AND BRAKEMEN TO GET INCREASE IN WAGES

Two Hundred Men in London Affected by New Ruling.

Two hundred conductors, trainmen, yardmen, baggagemen and switchmen working in and out of London on the G. T. R., will be affected by the new scale of wages awarded recently to the employees of that road, according to Thomas Kelly of this city, general secretary of the Brotherhood of Railway Trainmen for the G. T. R. System. Mr. Kelly returned at noon today from Montreal, where the officials of the company discussed the application of the award with the officials of the organization.

The following is the scale of increases for the different classes: For freight conductors and brakemen $1.04 increase for every 100 miles; passenger conductors, trainmen and baggagemen a flat increase of $30 a month; yardmen $1.48 for an 8-hour day; yard foremen an increase from $5.33 to $6.96, and switchmen an increase of $1.04 for eight hours.

The schedule is to go into effect immediately and the back pay for four months will be paid as soon as the work can be done.

SAYS FIREMEN DO NOT WORK 8-HOUR SHIFTS

Captain Mitchell Takes Exception to Statements in Local Paper.

Captain John Mitchell of the central fire station is irate over a statement appearing in a local weekly publication to the effect that city firemen work on eight-hour shifts and are satisfied with this working period.

"The city firemen work on 10 and 14 hour shifts," he informed The Advertiser today. "That is to say, one platoon works 14, while the other works 10 hours, thus completing a 24-hour day. The platoons alternate shifts every two weeks, one shift working 24 hours at a period during the change over. The new legislation grants us one day off in seven, as we work Sundays. The police work in 8-hour shifts, but there is absolutely no truth in the statement that the city firemen are employed for a similar period."

Miss Florence Egglestone returned today after spending some weeks on the lake boats.

SEPTEMBER WEDDINGS

DALE—PHILLIPS.

A very quiet but pretty wedding took place on Wednesday afternoon at the home of the bride's mother, 121 Tecumseh avenue, when Miss Mabel E. Phillips was united in marriage to Mr. William Oscar Dale, the Rev. J. T. C. Morris officiating. Only the immediate relatives of the bride and groom were present to witness the ceremony. Mr. and Mrs. Dale left yesterday for the United States, where they will spend a brief honeymoon, and on their return they will take up their residence at 123 Tecumseh avenue.

WILLS—CROCKETT.

An interesting wedding was that which took place on Wednesday morning at St. Paul's Cathedral, when Helen May, daughter of Mr. and Mrs. John Crockett of Cromwell street, became the bride of Robert Henry Wills of this city. After the ceremony, which was quietly performed, the Rev. C. W. Foreman officiating, the young couple left for New York and other American cities. The bride traveled in a pretty suit of navy serge, with large hat of panne velvet, and wore a corsage of Richmond roses. On their return Mr. and Mrs. Wills will reside on Richmond street.

HARVEY—MORDEN.

A wedding of interest to London people is that which was held on Tuesday, September 7, at the Homedale Baptist Church, Flint, Mich., when Miss Effie Lavina Morden, formerly of London, was united in marriage to Rev. Charles William Harvey. The ceremony, which was a very quiet one, was conducted by Rev. George M. Vercoe.

FITZPATRICK—CUNNINGHAM.

Strathroy, Sept. 16.—Edward Fitzpatrick of Detroit, and Miss Aileen Cunningham, of Wiarton, were married at All Saints' Church here yesterday, Rev. Father Quinlan officiating. Miss Kathleen Cunningham, sister of the bride, was bridesmaid, and Frank Fitzpatrick groomsman. The bride is a graduate nurse of the Strathroy Hospital. Mr. and Mrs. Fitzpatrick will reside in Detroit.

BUSHFIELD—MORENZ.

Stratford, Sept. 15.—A very pretty wedding took place at the home of the bride's parents, Mr. and Mrs. Wm. F. Morenz, this afternoon, when their youngest daughter, Gertrude, was united in marriage to William Bushfield. Rev. W. H. Brege officiated. The young couple were attended by Miss Freda Morenz, sister of the bride, and Leslie Bushfield of Sarnia, brother of the groom. Mr. and Mrs. Bushfield will reside in the city.

ROSE—McKELLAR.

Cameron Rose and Evelyn McKellar, both of Poplar Hill, were united in marriage at the Nairn manse by Rev. A. Rintoul on Wednesday. The witnesses to the pledges were Misses Isabel Rose and Jessie McIntyre. The young couple will reside in Poplar Hill

WIDDIS—HUMPHREY.

Stratford, Sept. 16.—A pretty house wedding took place at noon Wednesday at the home of John A. Humphrey when their daughter, Marvel Nea, was united in marriage to Albert C. Widdis, of the G. T. R. The bride was attended by Miss Irma Cooper, while J. G. Hagarty assisted the groom. The wedding march was played by Miss Hazel Humphrey, sister of the bride. Rev. J. E. Holmes tied the nuptial knot.

PRIDEAUX—UREN.

St. Thomas, Sept. 16.—The wedding was solemnized last evening at the Central Methodist parsonage, by Rev. G. W. Henderson, of William Prideaux, formerly librarian of the public library in Camborne, Cornwall, England, and Myrtle E. Uren of Camborne. Mr. and Mrs. F. Roberts, 63 Wilson avenue, were the attendants. Mr. and Mrs. Prideaux will reside at 38 Maple street.

TUPPER—PEARSON.

Mitchell, Sept. 16.—The marriage was solemnized at Trinity Church on Wednesday by Rev. W. H. Robarts, of Agnes Martha Pearson, daughter of Mrs. R. H. Pearson, 187 Church street, Stratford, and George W. Tupper of Cleveland, Ohio. Mr. and Mrs. Tupper will take up residence in Cleveland.

ZAVITZ—MACDOUGALL.

Alvin James Zavitz and Maria J. MacDougall, both of Brooke Township, were married last evening by Rev. A. C. Bingham at his home, 89 Anderson avenue. They were unattended, and following a honeymoon trip will reside in Brooke.

OFF THE RAILS

DID YOU SEE HIS VEST?

Bill Sneath, poet and baggageman on the London, Huron and Bruce, was a visitor at the Western Fair yesterday. Enough said. Because of the heavy crowds coming down the London, Huron and Bruce, two engines have been put on the trains, both coming and going.

COMING IN BY AUTO.

Although all special trains run by both the C. P. R. and G. T. R. have been fairly well patronized by the out-of-town visitors to the Western Fair, the crowds coming into the city by train are small compared with those of other years, according to local railway officials. Yesterday only 183 people came on the special from the east, and 85 from the west, on the G. T. R., but today hundreds are crowding all the trains. The C. P. R. reports that it handled a fair crowd today, but a small one compared with last year

CAR WAS DERAILED.

The Sarnia branch of the G. T. R. was tied up for two hours on Wednesday, when a freight car was derailed at Kingscourt Junction at 2 a.m. The auxiliary from London cleared up the trouble.

ORDERED FROM STATION.

War is being waged on girls who wear clothing that verges on the indecent, and who use the local railway stations as a place to display their fineries, or rather lack of it, by the officials of the travelers' aid department of the Y. W. C. A. On Monday a young thing who was not wearing a skirt which came up to the standard, and who was masked behind a fraction of an inch of face-dressing, was ordered from the G. T. R. station when she could not show a ticket. Among other things which are tabooed by the guardians of the public morals are skirts which are drawn in closely immediately below the knees by means of elastic.

HAS LEFT HOSPITAL.

B. S. Murray, route agent for the Canadian Pacific Express Company in the London district, has almost completely recovered from the injuries he received in an automobile accident one month ago. Mr. Murray has left the hospital, and has been out walking on several occasions.

Continued From Page One

ADVISES LABOR

work of their respective organizations.

The clause in the report of the committee on legislation and law recommended for adoption which aimed to reduce the delegates from the different affiliated bodies, which was under discussion when the convention adjourned yesterday afternoon, was defeated after a brief discussion this morning.

Delegate William Varley of Toronto resumed the debate on the resolution to reduce membership when the convention reconvened, taking exception to that part of it which fixed the number of delegates the same for all trades and labor councils and favored leaving the constitution as it is for the present congress at least. The congress voted down both amendments to the resolution and also voted non-concurrence in the resolution, notwithstanding the recommendation of the committee that it be concurred in, and the constitution as regards membership. It was decided to suspend the regular order of business of the convention at 10 o'clock tomorrow morning to elect officers. Chairman E. W. Kennedy, Niagara Falls, Ont., then presented the report of the committee on audits, showing assets of $35,107.82, with no liabilities.

American Delegate Speaks.

The regular order of business was then suspended to hear fraternal delegates, and the first speaker was D. J. Shea of Kentucky, representing the American Federation of Labor. He said they were confronted in the United States with the Americanization plan or open shop, and it was a most vital question. After the signing of the armistice, the moneyed interests decided to control congress. While the workers were busy celebrating the armistice, the moneyed interests stated in their aims and the workers found they could not get through any legislation they sought as the moneyed interests had secured the election of representatives of their views. The only things that the present United States Congress had done was to pass the Cummings bills, legislation not in harmony with the tenets of organized labor.

Will Elect Cox.

Mr. Shea stated that a rubber company in Akron, Ohio, shortly after the signing of the armistice, had closed down their plant, throwing 29,000 employees earning 90c to $1.10 per hour out of work, and shortly afterwards opened an employment bureau re-engaging them at 40c an hour. This sort of thing was going on all through the United States. There had been a great deal of criticism of the United States, because it had not yet joined the league of nations, but he predicted that the workers would elect Governor James Cox, who had never failed to meet the requests of labor, and who would see that the United States entered the League of Nations.

SPECIAL N. Y. ELECTIONS.

New York, Sept. 16.—Special elections were held in Greater New York today to fill vacancies in the State Assembly caused by the expulsion of five Socialist members last spring. They were found guilty of disloyalty after a long trial. All five are seeking re-election today, and are opposed by fusion candidates.

REVIVAL OF BOXING.

New York, Sept. 18.—The state boxing commission appointed under the new law, which permits 15-round bouts in New York, opened offices today and began preliminary work on the revival of the sport. The first bout will be between Johnny Dundee and Joe Welling.

HUNGARY HAS BIG DEFICIT.

Budapest, Sept. 16.—Hungary's budget shows a deficit of ten billion kroner. It will be met by a levy on capital, and a foreign loan, according to a Government announcement

ASSASSINS TO BE HANGED.

Budapest, Sept. 16.—Two men have been convicted of the assassination of Count Stephen Tisza, who was shot and killed November 1, 1918, and have been sentenced to be hanged. Others implicated in the plot have been given prison terms.

LOCAL NEWS

—It was stated in error Wednesday that T. Hodkinson was responsible for the present pleasing condition of the city parks. E. E. Graham is the parks superintendent, and it is his supervision which has brought the parks into notice as the city's principal beauty spots.

'CHANGE CLOSED.—Owing to the big explosion which partially wrecked J. P. Morgan's offices in Wall Street, New York, the New York stock exchange closed at noon today.

BANK CLEARINGS.—The bank clearings for this week exceed those of the corresponding week in 1919 by $342,514, when the figures were $3,075,961. This week they totalled $3,418,475.

PRESENTED WITH JEWEL.—J. D. Dewar, who has sold his farm and moved from Lobo to Strathroy, was presented with 32nd degree jewel of the Scottish rite by his friends and neighbors.

SUING FOR $986.—Gibbons, Harper & Braden, acting for the McClary Manufacturing Company of this city, have issued a writ in the supreme court here against the Cleveland-Erieau Steamspip Company of Port Stanley for $986.26, the price of goods sold and delivered to defendants.

HONOR GEO. STEVENSON—George Stevenson, well known for many years in business and social circles of London was presented with a handsome traveling bag last night by a number of his intimate friends. Mr. Stevenson leaves shortly for Detroit where he will reside for a number of years.

DANCE HALL PLANNED.—It is understood that London will again have a place in which to dance. The closing of the "Winter Garden" last spring seemed to take with it all prospect of a gay winter for terpsichorean devotees, but now rumor says that the old Majestic Theatre is to be converted into a dance hall.

HOUSING EXHIBIT.—The housing commission has entered an exhibit at the Western Fair. Among the things shown are plans and pictures of houses completed and sold, and others being erected. F. B. Lavender, the commission's business agent, is in charge of the exhibit, and is there to give out information.

DAMAGE SLIGHT.—Although the electrical storm which struck London last night was severe, no heavy damage was reported by the telegraph companies. C. H. Beard, manager of the Bell Telephone Company, stated today that between 50 and 75 telephones were put out of commission in the city. The storm was too high to affect the lines. No fires occurred in the city during the storm, which appeared to be more severe to the southeast of the city.

DEATHS AND FUNERALS

FUNERAL OF MRS. J. DOWSWELL.

Dresden, Sept. 15.—The body of the late Jennie Dowswell, widow of John Dowswell of Hamilton, formerly a resident of Dresden, was brought here for burial on Monday. The funeral took place from the Pere Marquette station, the service being conducted by Rev. J. H. Osterhout of the Methodist Church. Mrs. Dowswell is survived by two sons, Roy of Montreal, Percy of Hamilton; one daughter, Miss Lillie of Vassar; three brothers, Thomas French, Chatham; John French, town, and Harry J. French, Camden; and three sisters, Mrs. T. Ritchie, town; Mrs. E. Wicks, Camden, and Mrs. Learn, Vassar, Mich.

BURIAL AT ST. PETER'S.

The funeral of Mrs. Elizabeth Joyce, who died on Tuesday, was held this morning from her residence on the Pipe Line road to St. Martin's Church. Requiem high mass was sung at 9 o'clock by Rev. Father Forster. Interment was made in St. Peter's Cemetery. The pallbearers were C. Stinchcombe, H. Johnson, J. Stinchcombe, A. Frank, and T. and W. McGrenere.

TORONTO STOCK EXCHANGE.

Toronto, Sept. 16.—Trading on the stock exchange was at its lowest ebb in months, only listed issues being dealt in and seven unlisted stocks. Brompton sold up to 79, but closed 1 point lower, while McIntyre reacted to 202. Other price changes were insignificant.

LIVE STOCK.

East Buffalo, N.Y., Sept. 16.—Cattle—Receipts, 298; good strong, butchers lower.

Hogs—Receipts, 2,400; pigs 50c higher, others 10c to 25c higher; heavy, $18@18 25; yorkers, $18 35@18 50; mixed, 18 25@18 40; do, light, $17 50@18 50; stags, $9@11.

Sheep and Lambs—Receipts, 1,600; steady; lambs, $6@15; yearlings, $6@10; wethers, $7 50@8; ewes, $3@7; mixed sheep, $7@7 50.

Chicago, Sept. 16.—Cattle—Receipts, 14,000; good and choice steers steady to strong; top, $18 25; others slow but steady; butcher stock mostly steady; canners and cutters strong to higher; bulls steady to stronger; bulk of bolognas, $6@7, closing steady; choice vealers, $18; heavy cattle, $6@12; stockers and feeders steady; range cattle receipts very light.

Hogs—Receipts, 16,000; mostly 10c to 14c higher than yesterday's average; top, $17 50; bulk of light and butchers, $16 75@17 45; bulk of packing sows, $15 75@16; pigs mostly 50c higher.

Sheep—Receipts, 20,000; fat sheep and native lambs mostly 25c lower; practical top native lambs, $13 75 to packers; no fat range lambs sold early; feeders steady; best feeding lambs, $13 60@13 75.

BUTTER AND EGGS.

Chicago, Sept. 16.—Butter—Unsettled; creamery, 43@56c.

Eggs—Unsettled; receipts, 6,272 cases; at mark, cases included, 48@49½c.

NEW YORK STOCK EXCHANGE.

New York, Sept. 16—Wall Street, 10:30 a.m.—Reversing yesterday's early movement, oils and minor rails were the prominent features at the outset of today's stock market session. Price changes were uneven but mainly higher. Pan-American Petroleum rose almost 2 points, Shell Transport 1, and Mexican Petroleum, Texas Company, Middle States and Invincible Oils made additional advances. St. Louis and Southwestern preferred and Southern Railway preferred gained 1 point each, with a 2-point advance for New Orleans, Texas and Mexico. Union Pacific was heavy at the opening, but soon recovered. Early exchange rates on London were firm.

Noon.—Shippings, steels, equipments, tobaccos and sugars were included in the active buying movement of the morning. Mercantile Marine common, United Fruit and Atlantic-Gulf rose 2 to 4 points, Bethlehem, Crucible, Vanadium, Republic and Replogle Steels 1 to 4, Stromberg Carburetor 3, American Sugar 2, Baldwin Locomotive 1½, Sumatra Tobacco 3, Tobacco Products 2½, and American Woolen 2¼. Oils and rails for the most part increased their early gains, and leading rails and other coolers showed marked strength. Call money opened at 7 per cent, and foreign remittances, excepting rates to Germany, continued to strengthen.

[Reported by Jones, Easton, McCallum Company for The Advertiser.]

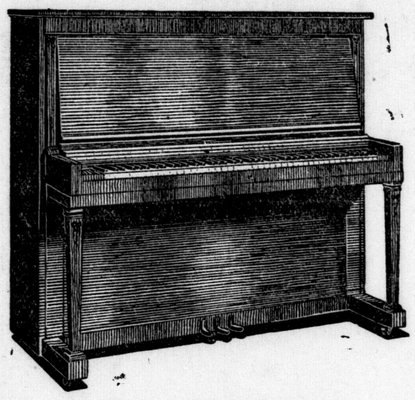
Music Makes the Home

THERE'S probably nothing that contributes more to the happiness of the home than good music—and a good musical instrument. If your taste inclines to a piano, it should be a NORDHEIMER, Canada's most popular piano. If the reproduction of the great artists' voices, the world-renown bands, or the dance music of the best orchestras appeal most, then a phonograph—the Aeolian-Vocalion should be in your home.



THE LANSDOWNE-NORDHEIMER.

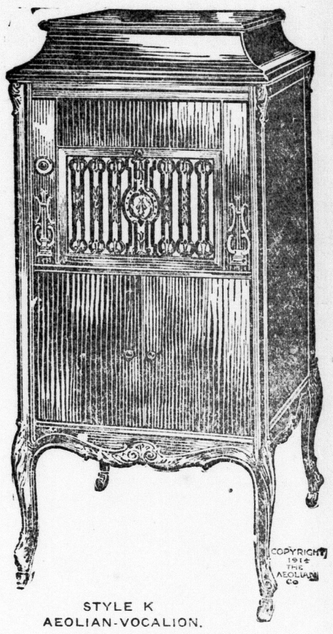
Nordheimer Pianos

The Nordheimer has for years been Canada's standard instrument — dependable in tone, style and finish. Fully guaranteed and sold on the one-price principle.

The Nordheimer service is a feature of the business, and one that is thoroughly appreciated by thousands of customers.

Aeolian-Vocalion Phonographs

All those who are good judges of music acknowledge the Aeolian-Vocalion is pre-eminent in tone—it almost sells itself. This instrument is equipped with the wonderful Graduola, by which the music is easily changed to loud or soft, as best suited to the size of the room or the humor of the operator.



STYLE K AEOLIAN-VOCALION.

Co'onial Phonographs

All Colonials are equipped with the latest universal tone-arm for playing all makes of records.

Vocalion and Columbia Records

See our exhibits in Main Building at the Fair. Pianos—Main Floor. Phonographs—Upstairs.

ITALIAN PREMIER IS MAKING EFFORTS TO EFFECT COMPROMISE

Giolitti Urges Moderation in Conference Between Men and Employers.

Turin, Italy, Sept. 16.—Conciliation and moderation are being urged by Premier Giolitti in conference with workmen and employers in the hope that a compromise which will satisfy both sides of the Italian metal workers' conflict may be reached. A section of the employers has suggested it might accept intervention in the management of factories, and representatives of the workmen have asked if this intervention would be exercised by the state in the interests of the men.

Circulation of automobiles and motor lorries has been prohibited in the district of Biella, one of the most important industrial centres of Piedmont, the authorities claiming that this step is in the interest of public order. Signor Barberis, Socialist, has visited plants in this city and inspected machine guns in possession of the workmen occupying them. He is credited with saying that the bourgeoise power is tottering.

MINERS HESITATE ON CALLING STRIKE TO COMMENCE SEPT. 25

Large Number Have Failed To Give Walkout Notices.

London, Sept. 16.—Indications that leaders of the Miners' Federation have some misgivings relative to calling a strike on September 25 are found in the announcement that a full conference of delegates from every mining district in
