LIVE HOGS BROUGHT $6.25 PER HUNDRED

Hay and Oats Are In Strong Demand On the Local Market.

Today's market was not very large. Live hogs were shipped in considerable numbers at $6 25 per cwt. Dressed pork runs up as high as $8 75 and $9 50, and prices have now attained a fair degree of steadiness.

Hay and oats continue in strong demand. Good hay can be obtained at $16 50 and $17 per ton, although in the past week one or two loads touched the high-water mark at $18.

Dressed meats, outside of pork, are not particularly active or overly satisfactory. Wholesale butchers complain that there is not a very strong demand for their lines.

Eggs are now steady at from 30c to 32c per doz These are now the regular retail prices.

Butter is firm at from 28c to 30c per lb.

Dressed poultry alone is below the mark in the general activity on the local market. An over-supply of poultry on Saturday forced the prices down to some extent. Chickens are now worth only 10c to 11c per lb. dressed, and nice birds can be purchased at 75c per pair.

COMMISSION TAKES UP TRANS-SHIPMENTS

Companies Must Show Why Same Cars Should Not Be Used On Different Roads.

[Canadian Press.]

Ottawa, Ont., Nov. 13. — The transshipment of full cars when handled over more than one railroad has been taken up by the railway commission. The railway companies of Canada are being asked to show why a general order should not be made authorizing the use of the same cars over different roads, and when trans-shipment occurs why the changes should not be paid for by the company rather than the shipper.

Hon. George E. Foster has gone to New York to speak before the Canadian Club of that city.

As a result of alleged furious driving on the part of a driver of a grocery wagon, the 10-year-old son of Fred Bloye, a resident of East London, is laid up at his home with injuries received by being run over by the rig. Young Bloye was crossing at the corner of King and Lyle streets when the accident happened.

A horse attached to a grocery rig was being furiously driven, it is said, down King street, and when the lad tried to cross the driver of the rig was unable to check his horse, with the result that young Bloye was knocked down and run over. He was badly bruised and shaken up, but was able to walk to his home, where he has since been confined.

TOYTOWN WONDERFUL FOR YOUNG AND OLD

A Place of Great Interest To Be Seen at Smallman & Ingram's.

Toytown, the magic palace of the little ones, a place of delight for the young people, and an interesting attraction for the grown-ups, has been instituted in all its splendor and enchantment in the basement of the Smallman & Ingram big store. For the next six weeks it will be the Mecca for all the little folks in London, and even Santa Claus, busy old man as he is, will find time to visit it at frequent intervals. Here can be found everything in the toy line, from the little baby doll to the great big rocking horse. It is a sight for the little folks to remember. For the little girls, and the big girls, too, there are dolls of every description and size. Then there are doll carriages, doll houses and doll clothes, and everything that delights the eye of the little girl with the doll.

For the boys there is everything in the line of mechanical toys that the heart can wish for. Steam engines that really run, flying machines that really fly, and trains that run on tracks and have their own little switches and sidings. Other features are the horses that run on wheels and can be steered wherever you wish to go, and little automobiles with real rubber tires that go fast enough to break the speed limit. These are just a few of the things that can be found in Toytown. Santa Claus has kindly consented to visit the big store every Saturday, and he can be found in Toytown on that day, always eager to meet the little folks. Toytown is very prettily decorated with cedar trees, and a very pretty color scheme of green and red has been reached. The toys are all open to inspection by the little ones, and every little detail is explained by the numerous clerks in charge. Bring the children and spend the afternoon in Toytown. The little folks will enjoy it and the other folks will find plenty to interest them.

SOCIETY OF SODOM

Rev. H. H. Bingham's Sermon on Sunday Evening.

"The Society of Sodom" was the subject of eRv. H. H. Bingham's evening sermon in Talbot Street Baptist Church last night. The ancient Sodom, said Mr. Bingham, was an infamously wicked city, but Sodom is not entirely a city of antiquity. All the Sodoms of the world are not buried beneath the Dead Sea of retribution. Every great modern city has its wealth and its ease, its pleasure and lust, its wickedness and crime.

"It is not my privilege," said the speaker, "to condemn society as a whole. All wealthy people are not wicked. There is much in the social life and culture of society that is admirable. But there are phases of society which must be condemned, steeped as they are in sin and social degradation. I am not a Puritan, but I find much to oppose in the frivolity of present-day amusement. When we consider the large amounts that New York and other large cities spend annually on amusements, we realize how great is the essential misery of human life. The only one who has ar ight to be happy is the one who has found satisfaction in Christ. The soul cannot last until God has filled its life with peace."

Liquid Cough Mixtures Can't Cure Bronchitis

But the Healing Fumes of Catarrhozone, Which Are Breathed to the Furthest Recesses of the Bronchial Tubes, Bring Quick Relief and Sure Cure.

Every sufferer from coughs, colds, bronchitis, and all throat and chest ailments needs a soothing, healing medicine, which goes direct to the breathing organs in the chest and lungs, attacks the trouble at the source, disperses the germs of disease, and cures the ailment thoroughly. And this medicine is Catarrhozone.

The germ-killing, balsamic vapor mixes with the breath, descends through the throat, down the bronchial tubes, and finally reaches the deepest air cells in the lungs. All parts are soothed with rich, pure, medicinal essences, whereas with a syrup the affected parts could not be reached, and harm would result through benumbing the stomach with drugs.

"I have been a chronic sufferer from Catarrh in the nose and throat for over eight years. I think I have spent four hundred dollars trying to get relief. I have spent but six dollars on Catarrhozone, and have been completely cured, and, in fact, have been well for some time. Catarrhozone is the only medicine I have been able to find that would not only give temporary relief, but will always cure permanently. Yours sincerely (Signed), WILLIAM RAGAN, Brockville, Ont."

For absolute, permanent cure use Catarrhozone. Two months' outfit costs $1 00; smaller size, 50c, at all dealers, or the Catarrhozone Company, Buffalo, N. Y., and Kingston, Canada.

FINAL STEP IS TAKEN TO COMPLETE UNION

Agricultural and Ontario Loan Companies Have Joined Hands.

The final step in completing the union of the Agricultural Savings and Loan Company and the Ontario Loan and Debenture Company of this city, was taken at the last meeting of the Provincial Cabinet, when an order-in-council was passed and consented to by Lieutenant-Governor Gibson, approving and confirming the amalgamation. These two companies now therefore stand united under the name of the Ontario Loan and Debenture Company, and the business will hereafter be conducted by the amalgamated company.

It is not expected that the office occupied by the Agricultural at the corner of Dundas and Talbot streets will be closed for some little time, but it is probable that, ultimately, all the business will be concentrated in the more central and convenient offices of the Ontario Loan at the corner of Dundas street and the Market lane, which they have occupied for over 30 years, and which only last year were rearranged and improved into one of the most up-to-date banking offices.

The amalgamated company retains the directors of both the component companies on the board of directors. With the benefit of their experience and mature judgment the company will have the additional advantage of the continuance as its president of Mr. John McClary, whose name throughout Canada stands for stability and commercial enterprise. The management will continue in charge of Mr. A. M. Smart, who will have the assistance of the same officials (including Mr. C. P. Butler) as comprised the staff of the two former companies.

At the Auditorium.

A finished and artistic programme of unusual excellence was presented by Rogers and Grilley, concert entertainers, in the Auditorium, on Saturday night. The harp selections given by Mr. V. V. Rogers were the work of a thorough artist. His imitations on the harp of other musical instruments, and his execution of two entirely different tunes with his right and left hands at the same time, were performed with apparent ease.

Mr. C. T. Grilley, as reader and impersonator, delighted the entire audience. As a story-teller he is particularly fine, and his impersonations of Dickensian characters was a treat not to be missed.

Rogers and Grilley have appeared several times before in this city, and their popularity grows with each succeeding visit. At the men's meeting in the Auditorium they were well received on Sunday afternoon, when an address was given by Mr. John James, of Toronto.

Death of Lieut. F. G. Carty.

The death occurred in Detroit on Wednesday last of Lieut. Frederick Garfield Carty, son of the late Mr. John S. Carty, a former Londoner, who died a year or so ago. Lieut. Carty was a graduate of the Central High School of Detroit, but as a boy went to school in London at Hamilton road school. He was both a wire and wireless telegraph operator, and was attached to the United States Signal Corps, with the rank of lieutenant. He served eighteen months in Alaska, and on the death of his father left the army and went to Detroit to reside at home with his mother, brothers and sisters. On the way to Detroit he took a severe cold, which developed into pleurisy, and later his death followed as a direct result. One brother, Frank O'Byrne Carty, is now a wireless operator on a steamer running between New York and Mexico, and it was impossible for him to attend the funeral. The latter took place to the Church of the Holy Rosary on Woodward avenue on Saturday, where requiem high mass was celebrated, and interment was made in Woodmere Cemetery, Detroit.

SARNIA RADIAL LINE'S JOB WILL BE A VERY LARGE ONE

Construction of a Big Power Dam Will Mean Banking Up of Water, But All Difficulties Will Be Overcome—All the Money Necessary Has Been Subscribed.

The construction of the big power dam for the radial railway between London and Sarnia, which is to be undertaken in the spring at Rock Glen, in the Aux Sauble River, appears to be a very large undertaking, and, according to those who are familiar with the details of the scheme, a very great expenditure will be required before the road commences operations.
