RUMORS BUSY IN WHEAT PIT

European Complications and Talk of Crop Damage Caused Flurry.

CHICAGO, April 29.—Wheat displayed nervousness today under several conflicting influences and a net loss of ¼c to ½c was recorded. Corn suffered a net decline of a shade to ¼c, but oats finished ⅛c to ¼c up and provisions made a net advance of 2½c to 10c.

Weakness at the close of wheat trading came on profit-taking that followed a bulge, caused by reports that Austria was moving troops to engage Montenegro by renewed talk of damage from chinch bugs and hessian fly in the southwest, and by sales of 305,000 bushels of wheat for storage.

Reports of the imminence of a general strike at Rosario, an important wheat handling city of Argentine, had also helped the early upturn.
