UNITED STATES TO WARN NATIONS OF WORLD FROM INTERFERING IN MEXICO

Continued From Page One.

petition ought not to prevent politcal friendship.

Mexico City, Oct. 24.—The controversy between the United States and Great Britain appears to be having the effect of convincing the Mexicans that the European nations generally are coming into line with England in opposition to the United States. Under the headline of "Entire Europe is on the Side of Mexico," El Independent says:

"In London everybody is taking note of the possibility of Anglo-American complications. The United States has not taken into account that at the back of England there are many other nations interested in the solution of the Mexican problem. On this line it is known absolutely that three chancelleries are working in perfect accord—namely, those of London, Paris and Berlin. Back of them are the great European alliances and the Anglo-Japanese alliance. It would be neither diplomatic nor prudent to defy these great nations."

El Independent quotes various London newspapers, the following extract being credited to the Daily Graphic:

"If England does not oppose the expansion which is the policy of the North Americans, she will lose the commerce she has with Mexico and Central America. It is certain that the efforts of the Americans are directed to secure a rich oil well and, if possible, the control of the traffic of the Tehuantepec Railway, the victorious rival of the Panama Canal."

Mexico City, Oct. 24.—The Mexican government today gave Nelson O'Shaughnessy, the American charge d'affaires, assurances in regard to the proper treatment of the two brothers of Francisco Madero who were arrested at Monterey and brought to the federal capital on a charge of conspiring against the administration. Mr. O'Shaughnessy took the matter up on instructions from Washington.

Mr. O'Shaughnessy said also that he has received assurances that no harm will come to Rodolfo Reyes, former minister of justice, and Jorge Vera Estanol, former minister of public instructions. The rumors that they had disappeared and were no longer in the penitentiary are without foundation.

Assurance of Peace.

Mexico City, Oct. 24.—There is no intention on the part of the Mexican government to molest General Felix Diaz, acording to Querido Moheno, minister for foreign affairs, who said today that General Diaz was at liberty to come to the capital when he chose.

The fact that General Diaz was officially relieved from his mission to Japan by the foreign office after he had completed his assignment from the War Department in France, relieves him of any charge of insubordination, according to officials here.

The members of the embassy which accompanied General Diaz to Europe on the way to Japan were arrested for disobeying orders the government had sent them to Havana to return to Paris as soon as possible. This was the explanation given by Foreign Minister Moheno today. He said they would be re-embarked for Europe on the next steamer to join Francisco D. La Barra, Mexican minister to France, who is the latest person appointed by the Mexican government to carry out the task of thanking Japan for her participation in the Mexican centennial. Senator Hoheno regarded it as unjust that these men, after spending $45,000 of the money of the Mexican government, should refuse to fulfill the mission entrusted to them.

Waiting for Diaz.

Another crowd, but smaller than yesterday's gathered at the railroad station early this morning to greet General Diaz in case he should arrive from Vera Cruz.

Not only General Diaz, but all the candidates in the field, have received the assurance from Senor Moheno on behalf of President Huerta that they shall have every guarantee of freedom from molestation during the elections on Sunday next.

In a statement to the press today concerning yesterday's meeting of members of the diplomatic corps at the palace it is said to have come to the knowledge of the provisional president that in some of the Mexican states his friends propose to support him for the presidency. This calls forth the following official statement:

"The government can't prevent the provisional president's friends supporting him owing to the lack of time to do so before the elections are held, but while the provisional president appreciates the attitude of his friends he declares once for all that he cannot receive votes, and if through them he should be elected president, such an election would have no effect, as it would be contrary to the constitution."

MANY ATTEND MISSION IN ST. LUKE'S CHURCH

The mission services at St. Luke's are gathering strength and interest as they go. The three o'clock and the children's service at 4 o'clock yesterday were both well attended. There was quite a good gathering at the service of song, which begins a quarter of an hour before the regular 8 o'clock evangelistic service. The preacher was in good form last night. Mr. Newton has a method of presenting the truth all his own.

The subject of his discourse last night was the unanswerable question, which is found in Mark 8—26, "What shall it profit a man if he gain the whole world and lose his own soul."

These words were spoken by our Lord to a young man who had bartered his soul, and apparently was anxious to buy it back. The same question might be asked many today, that have bartered this valuable gift, by living for material things alone. The selling of souls for dollars has a tendency to become a ruling passion, which may in the end carry a man beyond redemption. The preacher pointed out the value of the soul, and distinguished it clearly from the body.

These services will be continued on Sunday at the regular hours. A special feature of the Sunday service will be a mass meeting at 4 o'clock, for men only, when the Bishop of the diocese will be present and will speak. Special music will also be rendered.

THE STOCK COMPANY'S NEW OFFERING

"Merely Mary Ann" to Be Produced Next Week at The Opera House.

Next week will be Miss Brandt's week at the Opera House where she will depict the character of "Mary Ann" made famous by Eleanor Robson. The pathetic little heart tragedy of the guileless ignorant girl, with her pitiful devotion to an ideal, makes one of the most delightful love stories ever told. Merely Mary Ann is an English farmer's daughter left at the age of thirteen without parents, friends or a home. Her only assets are a canary bird and a wicked brother who has gone to America. The vicar of her family parish appoints himself her guardian and as is the custom she was bound. She becomes the slavey of a lodging house keeper, made to do the wash, manual labor and taught nothing, not even the Queen's English. At seventeen she is attractive, wholesome and possessing a soul that rises far above her sordid surroundings. Into the lodging house and incidentally into Mary Ann's heart came Lancelot, an impecunious English composer. Unused to kindness from anyone, Mary Ann responds to Loncelot's attentions as a flower turns to the sun. Under the magic of his piano composing she becomes a dream chld describing to him the green country, the trees, the flowers, the birds that his music awakens in her memory.

A wonderful fortune of half a million dollars left by the ne'er do well brother in America, makes an opportune appearance through the vicar. Lancelot gives up Mary Ann because of her money and she returns to London with the vicar to be received with open arms by society. Lancelot parted from his "good angel" realizes that she has been his inspiration in all his writings. Love works the miracle of making him as nearly a man as such people ever become. The smoldering spark of genius becomes a clear steady fire and he writes an opera entitled "Maid Marian" that makes him famous. He and Mary Ann, unknown to him as a refined and cultured woman, meet again, and Lancelot not recognizing the slavey of other days, falls in love with her. Mary Ann finally reveals herself to him and the love that had waxed in the years of privation still glows, and of course, all ends well.

Mr. Meharry, who has become so very popular during the three weeks he has been in St. John, will add another brilliant characterization by his performance of Lancelot, a part in which he particularly excels. The other favorites of the company will be cast in congenial roles. Matinees will be given Wednesday and Saturday. Popular prices. Best seats twenty-five cents.

LAXATIVE FOR OLD PEOPLE—"CASCARETS"

Salts, calomel, pills, act on the bowels like pepper acts on the nostrils.

Get a 10-cent box now.

Most old people must give to the bowels some regular help else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.

SONG FROM "DRAKE."

Now the purple night is past,
Now the moon more faintly glows,
Dawn has through thy casement cast
Roses on thy breast, a rose;
Now the kisses are all done,
Now the world awakes anew,
Now the charmed hour is gone,
Let not love go, too.

When old winter, creeping nigh,
Sprinkles raven hair and white,
Dims the brightly glancing eye,
Laughs away the dancing light,
Roses may forget their sun,
Lilies may forget their dew,
Beauties perish, one by one,
Let not love go, too.

Palaces and towers of pride
Crumble year by year away;
Creeds like robes are laid aside,
Even our very tombs decay!
When the all-conquering moth and rust
Gnaw the goodly garment through
When the dust returns to dust,
Let not love go, too.

Kingdoms melt away like snow,
Gods are spent like wasting flames,
Hardly the new peoples know
Their divine thrice-worshipped names!
At the last great hour of all,
When Thou makest all things new,
Father, hear Thy children call,
Let not love go, too.

—Alfred Noyes.

Joseph Stackhouse Injured.

As the result of an accident on the stage of the Opera House yesterday afternoon, Joseph Stackhouse, house stage manager, received injuries which may confine him to the house for some time, if, indeed, they do not prove very serious. Mr. Stackhouse, in company with other stage hands, was engaged in moving scenery when a pole he was using as a temporary support broke and the mass of scenery toppled over and fell upon him. Medical assistance was summoned and he was at once taken to his home. Last evening he was reported to be resting easily. While the extent of his injuries has not yet been determined it is feared he was hurt internally, in which case his condition will be the more serious. Mr. Stackhouse has many friends, all of whom will extend best wishes for his speedy recovery.

Mr. and Mrs. E. J. Hieatt and J. W. Howard returned on Thursday from Boston and New York where they spent an enjoyable two weeks' vacation.

Mrs. G. O. Gates, of Truro, is visiting her niece, Mrs. C. Winter Brown, Carmarthen street.

Smoke of Herbs For Catarrh

A Simple, Safe, Reliable Way and It Costs Nothing to Try.

This prepartion of herbs, leaves, flowers and berries (containing no tobacco or habit-forming drugs) is either smoked in an ordinary clean pipe or smoking tube, and by drawing the medicated smoke into the mouth and inhaling into the lungs or sending it out through the nostrils in a perfectly natural way, the worst case of Catarrh can be eradicated.

It is not unpleasant to use, and at the same time it is entirely harmless, and can be used by man, woman or child.

Just as Catarrh is contracted by breathing cold or dust and germ-laden air, just so this balmy antiseptic smoking remedy goes to all the effected parts of the air passages of the head, nose, throat and lungs. It can readily be seen why the ordinary treatments, such as sprays, ointments, salves, liquid or tablet medicines fail—they do not and can not reach all the effected parts.

If you have catarrh of the nose, throat or lungs, choking, stopped-up feeling, colds catarrhal headaches; if you are given to hawking and spitting this simple but scientific treatment should cure you.

An illustrated book which goes thoroughly into the whole question of the cause, cure and prevention of catarrh will, upon request, be sent you by Dr. J.W. Blosser, 208 Spadina Ave., Toronto, Canada.

He will also, mail you five days' free treatment. You will at once see that it is a wonderful remedy, and as it only costs one dollar for the regular treatment, it is within the reach of everyone. It is not necessary to send any money—simply send your name and address and the booklet and free trial package will be mailed you immediately.

ASKS AN AMENDMENT TO CRIMINAL CODE

Ottawa, Oct. 24.—T. Albert Moore, secretary of the civil service organizaton of the allied churches had an interview this afternoon with Hon. C. J. Doherty, Minister of Justice, respecting an amendment to the criminal code. At the last session the House passed an amendment making it a criminal offence for any employer to seduce an employee but the Senate rejected this and left the act as it was, with the result that only employers in factories are liable to prosecution for the offence. Mr. Moore stated that there was a widespread feeling against the Senate's action and urged that the amendment be re-introduced. Hon. Mr. Doherty promised that it will be considered.

The criminal code has been amended considerably in recent years and the intention is to revise and consolidate it, but it will hardly be done next session.

Go Pimples—Come Beauty

This is What Happens When Stuart's Calcium Wafers Are Used to Cleanse the Blood of all Impurities and the Skin of Eruptions.

If you want a beautiful complexion stop using cosmetics, salves, lotions, etc. They simply plaster the pores and prevent them from doing their natural and normal duties. If you stopped up all the pores you would actually die in a few days.

"Not a Pimple or Other Skin Eruption Left—I Used Stuart's Calcium Wafers."

There is no sense in being longer humiliated by having to appear in public—a face that makes strangers stare and your friends ashamed. Stuart's Calcium Wafers will drive all blemishes away and make your face a welcome instead of an unwelcome sight. You'll no longer be a slave to pimples, acne, blackheads, liver spots, boils, eczema, tetter or any skin eruption.

Nowadays, when you see a real beauty, the chances are Stuart's Calcium Wafers wrought that wonderful change. It takes only a short time, even with very bad complexions—the kind that are disfigured with rash, eczema, boils, blotches and liver spots.

Stuart's Calcium Wafers cause the skin pores to breathe out impurities. The lungs burn up a great amount but Nature imposes upon the skin the larger burden. Every tick of the clock means work, work, work for these wonderful Wafers. And every instant new skin is forming, impurities become less and less, the pores are reinvigorated, and soon such a thing as a pimple, blackhead or any other eruption is impossible. You marvel at the change.

The soft, rosy tint love-taps the cheeks; the neck, shoulders and arms show the health of youthful skin—in fact, you just can't help having a beautiful complexion if you use Stuart's Calcium Wafers.

They are put up in convenient form to carry with you, are very palatable and are sold by druggists everywhere, at 50 cents a box.

Cheerful.
