THE BRITISH PERIODICALS
AND THE
FARMERS' GUIDE.

LEONARD SCOTT & Co,
No. 54, Gold Street, New York,

CONTINUE to publish the four leading British Quarterly Reviews and Blackwood's Magazine, in addition to which they have recently commenced the publication of a valuable Agricultural Work, called

THE FARMERS' GUIDE TO SCIENTIFIC AND PRACTICAL AGRICULTURE."

By Henry Stephens, F. R. S., of Edinburgh, Author of the "Book of the Farm," &c., &c., assisted by John P. Norton, M. A., New Haven, Professor of Scientific Agriculture in Yale College, &c., &c.

This highly valuable Work will comprise two large royal octavo volumes, containing over 1400 pages, with 19 or 20 splendid Steel Engravings, and more than 600 Engravings on Wood, in the highest style of the Art, illustrating almost every implement of husbandry now in use by the best farmers, the best methods of ploughing, planting, hoeing, harvesting, &c., &c., the various domestic animals in their highest perfection; in short, the *pictorial* feature of the book is unique, and will render it of incalculable value to the student of agriculture.

The Work is being published in Semi-Monthly Numbers, of 64 pages each, exclusive of the Steel Engravings, and is sold at 25 cents each, or $5 for the entire Work in Numbers, of which there will be at least 22.

The British Periodicals Re-Published are as follows, viz.:—

The London Quarterly Review, (Conservative.)
The Edinburgh Review, (Whig.)
The North British Review, (Free-Church.)
The Westminster Review, (Liberal.)
AND
Blackwood's Edinburgh Magazine, (Tory.)

Although these Works are distinguished by the political shades above indicated, yet but a small portion of their contents is devoted to politics, or to religious subjects, it is their *literary* character which gives them their chief value, and in that they stand confessedly far above all other journals of their class. *Blackwood*, still under the masterly guidance of *Christopher North*, maintains its ancient celebrity, and is, at this time, unusually attractive. From the serial Works of Bulwer and other literary notables, written for that Magazine, and first appearing in its columns, but a few years back, it has a peculiar interest, and is read in Great Britain and in the United States. Such works as "The Caxtons" and "My New Novel," (both by Bulwer,) "My Peninsular Medal," "The Green Hand," and other serials, of which numerous rival editions are issued by the leading publishers in this country, have to be reprinted by those publishers from the pages of Blackwood, *after it has been issued by Messrs. Scott & Co*, so that Subscribers to the Reprint of that Magazine may always rely on having the *earliest* reading of these fascinating tales.

Have they met the English foe? Why art thou alone, unfollowed? Is it weal, or is it woe?" Like a corpse the grisly warrior looks from out his helm of steel; at no word he speaks in answer, only with his armed heel Chides his weary steed, and onward up the city streets they ride; Fathers, sisters, mothers, children, shrieking, praying by his side. "By the God that made thee, Randolph! tell us what mischance hath come of France! Then he lifts his riven banner, and the sakers voice is dumb."	60 0 0

DR. HALSEY'S GUM-COATED
FOREST PILLS.

THESE PILLS are warranted not to contain any Mercury or Mineral whatever. They purge without griping, nauseating, or weakening; can be taken at any time without hindrance from business, change of diet, or danger of taking cold. They neither have the taste or smell of medicine, and are five times more effectual in the cure of disease than any Pills in use.

For a short time before and since their great and good Pills were first made known to the public, yet thousands have already experienced their good effects. Invalids given over by their Physicians as incurable have found relief, and been restored to sound and vigorous health from their use.

Never has any remedy had more reliable and stronger proofs of its good qualities than Dr. Halsey's Forest Pills. Testimonial after testimonial, showing their great powers of curing in almost every class of disease, have been tendered to us by individuals of undoubted character and respectability. The following testimony is from a respectable and wealthy farmer residing near Utica, New York:—

Utica, Nov. 8, 1845.

Every fall, for several years back, I have had much sickness in my family of Bilious Disorders, and Ague and Fever. In the month of April, two or my sons were taken at the same time with Bilious Fever. In former seasons, when sickness occurred in my family, I had always employed a Physician. But at this time having two boxes of your Forest Pills in the house, I concluded to try them. I gave to each of the sick six Pills, and four hours after I gave them three Pills more. They soon operated, bringing away much black and green matter. On the following day the fever had left them, and they both recovered without any more medicine. Since this time I have always kept your Pills at hand, and in all cases of sickness we have used them with the most happy results.

Dr. G. W. Halsey. Isa S. Hoosmer.

Reader!!!—If you wish to be cured of a medicine which does not contain that lurking poison, Calomel or Mercury, and purchase Dr. Halsey's GUM-COATED FOREST PILLS, and avoid all others.

If you desire a mild and gentle purgative, which neither nauseates nor gives rise to griping, seek for *Halsey's Pills.*

If you would have the most concentrated, as well as the best compound *Sarsaparilla Extract* in the world for purifying the blood, obtain *Dr. Halsey's Pills.*

If you do not wish to fail a victim to dangerous illness, and be subjected to a Physician's bill of 20 or 50 dollars, take a dose of *Dr. Halsey's Pills* as soon as unfavorable symptoms are experienced.

If you would have a Medicine which does not leave the bowels costive, but gives strength instead of weakness, procure *Halsey's Pills*, and avoid Salts and Castor Oil and all common Purgatives.

Parents, if you wish your families to continue in good health, keep a box of *Halsey's Pills* in your house.

Ladies, *Dr. Halsey's Pills* are mild and perfectly harmless, and well adapted to the peculiar delicacy of your constitutions. Procure them.

Travellers and Mariners, before undertaking long voyages, provide yourselves with *Dr. Halsey's Pills*, as a sailegnard against sickness.

Almost every day we receive Certificates are received from persons of the highest respectability bearing testimony to the great efficacy of

DR. HALSEY'S FOREST WINE AND PILLS!

Certificate of Mr. John Crawford, No. 546, Pearl Street, New York.

This is to certify, that on Thursday, June 16, I was attacked with violent spasmodic pains in the stomach, attended with high fever and great thirst. So violent was the pain that I could not sit up. I took a dose of Dr. Halsey's Pills and three half wine-glasses of the Forest Wine, which gave me immediate relief, and on the following day I was able to attend to my business, although I continued the use of the Wine. The good effects I experienced from the Wine and Pills, induced me to try them on my son, who had been wasting away with ill-health and bad cough for nearly a year, and tears were entertained that he was first declining into Consumption. I am happy to say that he has recovered entirely, through the use of your excellent remedies. I gave him one Pill every night, and a little more than a tea spoon full of the Wine three times a day. My own experience, and what I have heard others say who have been benefitted by your remedies, gives me the most entire confidence in recommending them to the public. Very respectfully,

J. Crawford, 546, Pearl-street, N. Y.

Hear the testimony of Dr. J. F. Dodge, a celebrated Physician, residing at 264, Hudson Street, New York:—

I have great pleasure in testifying to the virtues of Dr. Halsey's Forest Wine as a remedy against general decline of health, weakness, and consumptive habits. In a number of instances I have administered it with entire satisfaction, and have used it with great success in my family for various complaints. My daughter had been a very sickly child, health for more than fifteen months—she was very weak, had a dry ugly cough, and was fast declining, so much so that I began to consider her in a almost hopeless condition; nothing gave her any relief until I procured for her Dr. Halsey's Forest Wine. She improved greatly by the use of the first bottle, and, on finishing the third bottle, she was restored to good health. She is delighted with the Forest Wine, and appears to enjoy the most perfect form of health, every symptom of her complaint having disappeared. I am pleased to have recommended the Forest Wine; as I believe it to be a most valuable medicine, well deserving the attention of the Medical faculty as well as those labouring under disease. J. F. Dodge, M. D., 264, Hudson-st., N. Y.

DR. HALSEY'S FOREST WINE.

THE discovery of the FOREST WINE is the greatest blessing of the age. Put up in Quart Bottles, a single bottle of which does more good, and goes farther in the cure of Disease, than ten bottles of any Sarsaparilla in use, and warranted to cure without any unpleasant or weakening effect.

The method by which all Sarsaparillas, and other similar medicines are prepared, is by boiling the Roots or Plants to obtain the strength. They medicinal virtues are thus principally evaporated and destroyed.

It is not to be wondered at then, that ten and even twenty bottles of some Sarsaparillas are sometimes taken without any perceptible benefit. Not so with the Forest Wine! By the invention of a wonderful chemical apparatus, a perfect wine is produced without heating; retaining, at the same time, all the primitive healing properties of the vegetable substances of which it is compounded, thus rendering the Forest Wine the most efficient medicine the world ever produced, and at the same time the most agreeable.

NERVOUS DISORDERS

Are diseases of the mind as well as of the body, are usually brought on by some other affliction, and are most common to persons of delicate constitutions and sensitive minds. Low spirits, melancholy, frightful dreams, and painful apprehensions of evil on the slightest occasion, usually accompany nervous disorders. The Forest Wine and Pills are a specific remedy in these complaints.

PHILADELPHIA, Sept. 7, 1846.

Dear Sir,—Your Forest Wine and Pills have cured my wife of a dreadful Nervous disorder, with which she was troubled upwards of three years. She was almost wasted away. She was frequently disturbed in her sleep by frightful dreams, awaking quite exhausted and nervous, and at times labouring under the delusion that something dreadful was about to happen to her. By the use of one bottle of the Wine, and two of the Pills, she is now in perfect health. She has regained her flesh and color, and enjoys society as well as ever.

Dr. G. W. Halsey. J. C. Palding.

GENERAL DEBILITY, EMACIATION, WASTING OF THE BODY, &c.

Many persons are afflicted with some one of the above complaints, without being able to trace any particular cause, and therefore delay the use of the proper remedy until they are in a dangerous condition. These disorders are often characterized by a sense of sinking, or entire exhaustion after exercise. Some experience sleeplessness, loss of appetite, nervous fluttering of the countenance, or palpitation of the heart, or like symptoms. The Forest Wine and Pills are those which have ever attended the use of the Forest Wine and Pills, in every species of debility, is conclusive evidence of its happy results in this class of ailments. Many have resorted to these medicines as an *ultimatum*, and been speedily cured. For Nervous Disorders and Debility, the Wine and Pills are taken according to the directions on the label.

AGUE AND FEVER, OR CHILLS,

Are caused by the miasmatic effluvia arising from marshes, decayed vegetables, and low damp situations. In Fever and Ague, the Forest Wine and Pills are a sovereign remedy. When they have been taken agreeably to the directions, we have never known them to fail in effecting a complete cure. In the first place, take a large dose of the Forest Pills in time, that their operations may subside before the return chill. The stomach being now well cleansed, take three or four large doses of the Wine, at intervals of half an hour, commencing about two hours before the period for the chill to return. This breaks the ague, after which the Wine should be continued in small doses to restore strength. See directions round the bottle.

DR. HALSEY'S GUM-COATED FOREST PILLS

Are an important adjunct to the Forest Wine. They are coated with pure gum arabic as a lavorion for when Dr. Halsey has received the only patent ever granted on Pills by the Government of the United States.

The Forest Wine and Gum-coated Forest Pills unite in accomplishing the same great end, the Purification of the Blood, and restoration of the Stomach and Bowels.

The Forest Wine and Pills are recommended as an efficient and certain cure in the following complaints:—Dyspepsia, Dislike of Exercise, Loss of Appetite, Pain in the Kidneys, Incipient Consumption, Decline of general Health, and Female Weakness, for which is a Sovereign Remedy; Languishess, Night Sweats, Nervous Diarrhea, Loss of Appetite, Low Spirits, and want of Nervous Energy; Ague and Fever, which it never fails to cure; Scrofula, Erysipelas, Jaundice, Unhealthy Color of the Skin, Weakly and Impaired State of the Constitution.

TO THE LADIES.

Nothing in the world is more absurd than the custom of using paints, chalks, &c., to improve the countenance. True beauty and loveliness accompany the highest perfection of health, which again invariably follows the purest STATE OF THE BLOOD. What artificial appearances equal that vivid expression of countenance which emanates from blooming health! What paints compare with the crimson-colored blood rushing in brilliant Arterial Jets through the veins, and giving life to the skin. What charms are more captivating than those of nature, in her highest perfection of health? Let Dr. Halsey's Forest Wine supply the place of all cosmetics. The use of this excellent Wine for a short time creates pure rich blood, which, in its healthy circulation, permeates the minutest fibres that verge toward the surface of the skin, causing all unhealthy pimples and blotches to disappear, imparting a vival, rosy color to the skin, and brilliancy to the eyes. *THIS IS NATURAL BEAUTY.*

In consequence of the many imitations, Dr. Halsey has many testimonials from ladies of the most respectable standing in society.

IMPORTANT TESTIMONIALS.

Copy of a Letter from "Colonel Hawker," (the well-known Author on "Guns and Shooting.")

Longparish House, near Winchester, Hants, October 21, 1846.

Sir,—I cannot resist informing you of the extraordinary effect I have experienced by taking only a few of your LOZENGES. I had a cough for several weeks, that defied all the Balsams and Syrups I could take, and yet I got completely rid of it by taking about half a small box of your Lozenges, which I find are the only ones that relieve me enough without derranging the stomach or digestive organs.

I am, Sir, your humble servant,
P. HAWKER.

To Mr. Keating, 79, St. Paul's Church Yard.

William Street, East India Road, Poplar New Town, Nov. 8, 1849.

Sir,—I conceive that it is my duty to bear testimony of a proper sympathy for the afflicted, by informing you of the very decided and extraordinary relief which I have obtained from the use of your Cough Lozenges. I have for the last four years been afflicted with a distressing cough, with difficulty of breathing. Accidentally hearing of your Cough Lozenges, I purchased a 2s. 9d. tin of your Agent, Mr. Kynsey, Medical Institution, Christ Street, Poplar New Town, by which I am now perfectly cured, and beg to return many thanks, and am,

Sir, your obedient servant,
CHARLES WOOD.

Church Street,
Folkstone, November 22, 1848.

Sir,—Having been troubled with a very bad cough for the last eight months, I applied to Mr. Hammon, Chemist of this town, for some relief; he recommended me your "COUGH LOZENGES," which, I am happy to say, cured me in a week. I beg most cordially to recommend them, and beg you will not hesitate to make the better public; *such a valuable remedy cannot be too well recommended.* I have the honor to be,

Sir, your obedient humble servant,

Halifax, N. S., August 15, 1846.

Sir,—In mentioning the receipt of your letter, with second consignment of Lozenges, by the "Racer," we are gratified in being able to inform you that they have given very general satisfaction here, having proved singularly efficacious in the removal of COUGHS AND COLDS, of which the increasing demand is a sufficient evidence. We shall, probably, require for the Winter a further supply of Keating's COUGH LOZENGES, for which you can forward at first convenience by one of the Cunard Steamers, via Liverpool, viâ Boston.

With pleasure I assert, that the use of Smith's Exterminator, has entirely cleared my premises of Rats, including Cockroaches, Beetles, and Rats, in and about my premises; which was effected without any inconvenience.

C. F. Baillargeon, Pte.

Quebec, 7th March, 1848.

My premises have been infested with Rats for several years, and I have tried various means to rid myself of this troublesome and offensive vermin, but without success. Having been strongly recommended Smith's Exterminator, I have much pleasure in testifying to its efficacy, having found it perfectly successful in the total destruction of the Rats with which my premises abounded, and that without the slightest inconvenience.

I hereby certify, that by using Smith's Exterminator it has perfectly succeeded in driving the College Premises of Cockroaches, Crickets, and such like disgusting Insects, which were before very numerous.

S. Villeneuve,
Director of Montreal College.

Montreal, April 20, 1848.

From the Rev. B. Davis, D. D., Minister of the Baptist Church, Montreal.

I most willingly bear testimony to the good effects of Smith's Exterminator. I found my present dwelling overrun with Beetles; the nuisance bid defiance to all other means, but the simple preparation was applied. One Box has sufficed to exterminate the insects almost entirely from the house. Similar cases of success have had been reported to me.

SELF-PRESERVATION:

A MEDICAL LIBRARY, OR THE PHYSIOLOGY OF MARRIAGE, and DISORDERS OF YOUTH and MATURITY, usually acquired at an early period of life, which ruin the physical and mental powers, diminish and enfeeble the natural feelings, and exhaust the energies of Manhood—with practical observations on the Treatment of Nervous Debility and Impotence, whether arising from those causes, close study, or the Influence of Tropical Climates, Mercurial Salivations, Nervous Weakness, Syphilis, and all diseases and Derangements resulting from Dissipation—with Forty Colored Engravings, illustrating the Anatomy, Physiology, and Diseases of the Reproductive Organs, explaining their structures, uses and functions, and the various injuries that are produced in them.

BY SAMUEL LA'MERT, M. D.,
No. 27, Bedford Square, London.

Doctor of Medicine, Matriculated Member of the University of Edinburgh, Licentiate of Apothecaries' Hall, London, Honorary Member of the London Hospital Medical Society, &c.

This Work contains an accurate and complete account of the Anatomy and Physiology of the Reproductive Organs, and of their relative conditions in health and disease. Not are these the sole contents of the Work: the means of escape, as well as the nature of the danger, are pointed out in clear and intelligible language. It deservedly requires the closest attention and study, for what subject can be of more import than that the preservation of health, and of the physical capabilities of which every man should be possessed. It unfortunately happens that the unhappy victim of excessive indulgence and vicious habits, whether acquired in early life, or from the follies of advanced age, while suffering from their inevitable consequences, unwisely entertains a fear of applying to a qualified physician for relief. Shame and the dread so frequently, but erroneously, entertained, that these complaints are beyond the skill of the medical man, restrain him, and prevent the seeking for assistance where alone it can be obtained. In addition thus to forgets the accurate discrimination in ascertaining the causes of disease, sympathy wounds the sufferer, and, above all, secrecy, invariably and indelibly pimples and blotches is disappeared, imparting a vival, rosy color to the skin, and brilliancy to the eyes. *THIS IS NATURAL BEAUTY.*

In consequence of the many imitations, Dr. Halsey has many testimonials from ladies of the most respectable standing in society.

THE LAST GRAND DISCOVERY!

ALAS for the poor PLANTAGENET WATER!—It has not only to bear its own sins, (if it has any,) but the sins of all other Springs, whether up the river or down the river, whether fresh or salt, sweet or bitter,—no matter where,—they must all rise into fame on the reputation of the Plantagenet Water. The last discovery comes from Georgia Lake, on Montreal, or rather gets in Georgia by this route. It appears that, for the agency of a most "learned pundit," a notable "analysis" has been furnished of the Georgian Spring Waters, which are said to "contain all the ingredients found in the Plantagenet," only with the addition of something else, and a marvelous disproportion of quantities. On this principle, we take it, a cabbage contains all the ingredients found in a pineapple, with the addition, of course, of *something else*, and a slight disproportion in the *quantities!* Certain it is that Georgian is not the Plantagenet, and was never yet mistaken for it. If it had been so, it could never have happened that it would have remained for twenty years in hopeless obscurity, in spite of all attempts to pull it into existence? Where is the old analysis too? There was such an analysis, and it might be instructive to see it; how much refine was there in this? Perhaps it was the *wonderful discovery* of the chemist who led Mr. Rain to the *magnificent establishment
