DOMESTIC MANUFACTURES.—The attention of those who are able to furnish the article, is called to the advertisement of Mr. Everitt, in our columns, for a supply of oak and ash logs, suitable for making hay-rakes and other agricultural implements, which he intends to supply in sufficient quantities to meet the demands of the whole Province.

ANOTHER.—It is not generally known that Mr. J. Kingston, has established a Power Loom Factory at Geary, County Sunbury, where, he states in an advertisement, that he is prepared to manufacture cottons, twills, &c., equal to any thing of the kind now imported.

We are rejoiced to know of these manufactories springing up among us, and not only hope that they will be well patronised by every person who has the prosperity of this young country at heart, but that our Legislature will extend to them all appropriate encouragement; and that on foreign articles, such as can be manufactured among us, a similar duty may be exacted as the like articles are subjected from this Province. This is true reciprocity. England, by protecting her merchants, artizans, and agriculturists, became wealthy. The United States prosper well under their prohibitory protective system; and we are of opinion it will likewise be a capital panacea for nearly all complaints in this Province.

SUDDEN DEATH.—On the 15th instant, Mr. John Johnson, of the Parish of Woodville, County King came to his death by suffocation in his cellar while putting out fire, which was caused by a candle coming in contact with straw around potatoes.—His aged wife went to bring some snow, and on returning found him prostrate and cold; she remained alone with him all night, not being able to alarm the neighbours on account of her advanced age and the storm which prevailed. He was a native of Scotland, and in his early years followed the sea; his brother was Captain of a vessel belonging to this port, and which was lost twenty-five years ago on Grand Manan, with all on board.—His aged partner is truly a subject of sympathy, and we trust a kind Providence will soothe her declining days. Mr. Johnston was aged 72.—Telegraph.

IN THE SUPREME COURT.—*Hilary Term.*—CHAS. S. SAYRE, Gentleman, Student at Law, having produced the necessary Certificates; is admitted, sworn and enrolled an Attorney of this Honorable Court.

☞ *Holloway's Pills, a Safe and Certain Cure for Coughs, Colds, and Asthmatical Complaints.*—The Autumnal quarter is the one when coughs, colds, and wheezing on the chest are more prevalent; such are the properties of Holloway's Pills, that if taken at the commencement of the attack the virulence of the disease is very much abated, so that the patient suffers little or no inconvenience, but if neglected, it frequently occurs that the foundation of incurable disorders is laid; therefore those who are liable to attacks of this nature are particularly recommended to try these valuable pills.

The Boston Mercantile Journal gives the following notice of the most popular remedy of the day

Wild Cherry Balsam.

We speak in praise of Wistar's Balsam of Wild Cherry, because we believe from our own knowledge of the article that it is one of the best in the market for the complaints for which it is recommended.

This medicine, coming from such a respectable source, and carefully prepared by an experienced and skilful physician, is received by the public with confidence. Its efficacy has been proved in many obdurate cases of disease, and its fame has rapidly extended. It has been extensively used in every part of the country, particularly in the middle and Northern States; and strong testimony from intelligent and highly respectable persons, has been adduced in favour of its merits as a remedy for colds and coughs, affections of the chest, diseased liver, &c. &c.

THE GENUINE AND ORIGINAL

Wistar's Balsam of Wild Cherry,

on account of its great popularity has been extensively counterfeited in Philadelphia, and some thousand bottles of the spurious imitation thrown into the market and extensively circulated.

EXAMINE CLOSE BEFORE PURCHASING!
