NORRIS AND ROWE'S BIG SHOWS COMING.

One of the grandest and best amusement enterprises in America to-day is the Norris & Rowe's Big Trained Animal Shows which are to give two performances on Tuesday, July 8. Everything good and entertaining in the trained animal business will be seen with this clever exhibition, which is the largest institution of its kind in the country. Prominent among the many new and special features are the performing baby elephants in new acts never before seen in this country. Fargo, the clown of the trio, also performs in a separate act with the clowns. Other novelties are the performing Siberian camels, the rioting lions, and a wonderful troupe of juvenile performers. The performing buffaloes and Prof. Geislers educated seals are also new features. The leading acts of previous years have been retained and improved upon. Roman races and Olympian games and pastimes are new additions to the interesting entertainment. Human and animal clowns keep up a continuous round of merriment, so that taken all in all, the visit of the Norris & Rowe's shows to this city will be one long to be remembered. A grand free street carnival and parade will be given on the morning of the exhibition at which time the entire aggregation of over 500 performing animals will be seen in all their gay trapping.

Decline of Mental and Physical Vigor in in the hot Weather.

Paine's Celery Compound

Renews and Invigorates the Body and Maintains a Strong and Clear Brain.

Thousands of people in whose blood lurk the seeds of disease, decline mentally and physically when the hot weather comes on. They become weak, languid, morose, have loss of memory loss of appetite with wasting of flesh.

For all such, Paine's Celery Compound is an absolute necessity at this time. It is the only remedy approved of by able physicians for purifying and enriching the blood, for feeding and nourishing the nerves, for maintaining digestive vigor, for the building of flesh, tissue and muscle, and for promoting refreshing and healthful sleep.

If your condition of health is not satisfactory; if you are not happy active and vigorous at present, try the virtues of one bottle of Paine's Celery Compound, you will have cause to thank Heaven that such a marvellous recuperator was placed within your reach. The following letter written by Rev. P. Roux, of St. Anne's Church, Montreal, is convincing and comforting:

"I am fully convinced both by personal experience and by the statements of many parishioners intrusted to my care, that the celebrated medicine, Paine's Celery Compound, deserves a high recommendation. I therefore willingly indorse the testimonials already given in its behalf."

TAPS FROM THE WIRES.

Henry E. Wilkins of Cohoes, N.Y., was killed by the exploding of a cannon late Thursday night.

At Seaforth Walter Ruttley, 53 years of age, and demented, cut his throat with a razor and died.

At Cambridge, Mass., Henry F. Kane, formerly a soldier in the Philippines, was murdered on the street Friday morning, as the outcome of a quarrel with an unknown man.

At Trout Creek Charles Slosser lost his life Friday. Deceased and his three sons were peeling bark when a hemlock tree fell and struck Slosser on the head and killed him instantly.

A detachment of Turkish troops recently surrounded a band of Bulgarian brigands at Patili, in the Vilayet of Monastir. Thirty Bulgarians were killed. The remainder were made prisoners.

All Imitations Must Have An Original

HUDSON'S DRY SOAP is the original powder soap.

It was in its maturity before modern soap powders were ever heard of.

For sixty years it has been in constant use in Great Britain, and is well and favorably known throughout this country. It has been tested and tried in every way, shape and form by three generations of housewives.

Age alone doesn't necessarily imply merit, yet no article could stand daily tests for considerably over half a century unless it was doing all that was claimed for it.

HUDSON'S DRY SOAP is especially useful for household purposes for which other and ordinary soaps are objectionable, as for example the washing of plates, jewelry, silver and kitchenware.

Simple, economical and inexpensive.

PRESIDENT CANNOT MOVE

Although He Is Anxious to Intervene in the Miners' Strike.

At This Juncture He Has No Legal Right to Take Any Action—Will Wait For Contingencies and Act If Suitable One Presents Itself—Trio Company's Move to Break the Strike—President Surrounded by Armed Men.

Pittsburg, Pa., July 5.—Half a million persons greeted President Roosevelt in Pittsburg yesterday. President Roosevelt reached the city at 8.45 o'clock, and a President salute of twenty-one guns was fired in his honor. He was escorted to his carriage and almost immediately started for Schenley Park, accompanied by a military escort of 3,000 men. When the head of the military escort reached a position opposite the speaker's stand, it was halted and stood in company front with arms at present. As the President and those in carriages passed in review the music was fairly drowned by the cheering of the multitude of 200,000 people in the stand and occupying vantage points on the amphitheatre-like hillside which rose in front. The Declaration of Independence was read, and then followed the oration of the day by the President.

President Cannot Move.

Washington, July 5.—The President said yesterday that he had yet found no means whereby he could intervene in the coal strike. The President has had before him for several days the report of Labor Commissioner Carroll D. Wright.

It is stated on good authority that Mr. Wright had informed the President that there is at this time no warrant for the interference of the Chief Executive. The President, nevertheless, is anxious to find a way, and it is hinted that Colonel Wright has pointed out to the President the contingencies under which he may act and that the President will watch the situation daily with the avowed purpose of taking a hand when the contingencies arise.

Move to Break the Strike.

Wilkes-Barre, Pa., July 5.—Ten per cent. to all its workers was the advance given by the Erie Coal Company yesterday, and this plan, it is understood, will be followed by all other companies, there being an agreement to this effect. The increase, officially termed a "bonus," is a reward to men faithful to the company and an incentive to strikers to apply for work.

The plan was proposed by the coal carrying companies as one of the several they have for breaking the strike, and coming when there is much unrest among the men it bears out the hint given by operators of some aggressive move after the 4th of July.

RAIDED A POLICY SHOP.

One Hundred and Ten Men Found in a Montreal Joint.

Montreal, July 5.—Yesterday afternoon, Chief of Detectives Carpenter, Sub-Chief of Police Campeau and ten detectives raided the premises of La Compagnie du Cyclorama de Jerusalem, and seized all the paraphernalia for what is considered by the authorities to be an ordinary policy outfit. Messrs. John Darley and Casimir Beaudry were summoned to appear before the recorder this morning, and will be charged with being the managers of the company. About one hundred and ten men were found on the premises.

FIFTEEN PERSONS KILLED.

Frightful Trolley Accident Mars Fourth of July Celebration.

Schenectady, N.Y., July 5.—A despatch from Gloversville says that 15 were killed and 29 were injured last night in a wreck on Fonda, Johnstown and Gloversville Railroad, three miles from that city. As it was the Fourth of July, the cars were crowded with pleasure seekers, many of them prominent men. City Recorder Frank C. Wood of Gloversville had his back broken, and is in a very critical condition.

Gypsies Hold the Road.

Ottawa, July 5.—An extraordinary state of things on the Government canal reserve, three miles from the postoffice, is reported yesterday, and is being investigated. A gang of Roumanian gypsies has camped on the reserve near Dow's Lake, close to the road to Hog's Back, which is much used by citizens and a favorite drive. Information is given by well-known respectable citizens that the gypsies placed a rope across the road last night, stopped carriages and demanded money, in some cases dragging young men and women from carriages and threatening them with violence until they paid for their liberty.

To Recognize Purity.

Adulteration has grown to such a fine art, that it is almost impossible for a woman now-a-days to detect the false from the true; but a chemical analysis will always detect adulteration. Prof. W. Hodgson Ellis, Official Analyst to the Dominion Government, after a number of analyses, reports that "Sunlight Soap is a pure and well-made soap." Try Sunlight Soap—Octagon Bar—next wash day, and you will see that Prof. Ellis is right. No one should know better than he. 210

ARRESTED, THEN RELEASED.

Neil McLean Has Troubles With Sheriff About Osborne Hotel.

Hamilton, July 5.—There has been a great deal of excitement around the Osborne Hotel yesterday. Yesterday afternoon Sheriff's Officer Stewart arrested on a capias Neil McLean, who has been in possession of the hotel for the past week. Hazell & Sons had the capias issued for an old account of $800 and a new one of $96. Later a settlement was affected, and McLean was released. He was soon in charge of the officer again. Alexander Patterson of the Royal Hotel being the plaintiff. Late last night McLean is in charge of a cheriff's officer and Detective Coulter. Allegations have been made and it was likely that before morning there would be important developments. McLean's trunks were seized at the G.T.R. station Thursday night, and, it is stated, he had made preparations to leave the city.

William Goddard, 20 years of age, a laborer, lost his life by drowning Friday at noon, in the Don. He walked in too deep water, and as he couldn't swim, was drowned. He boarded at Todmorden.

Miss Elizabeth Hesselman, Treasurer of the Neenah, Wis., Schiller Club, Tells How Lydia E. Pinkham's Vegetable Compound Stopped Her Monthly Suffering and Improved Her General Health.

"DEAR MRS. PINKHAM:—I was always a healthy girl until about a year ago when I caught a severe cold coming home from a party. For months after that I was very irregular and suffered severe pains for a day or two. I lost flesh and strength, and became alarmed. My mother procured a bottle of **Lydia E. Pinkham's Vegetable Compound** for me, and I began to take it faithfully. I soon found that my general health improved, and within a couple of months I became regular to a day, and suffered no further pain, and several of my friends have been helped through its use since."—ELIZABETH HESSELMAN, 129 First St., Neenah, Wis.
