At the regular meeting of the Hospital Trust, held at the City Hall yesterday, there were present: R. Lewis (chairman), C. F. Complin, Jos. Gilmour, T. H. Purdom and Medical Superintendent J. D. Balfour.

There are now 55 patients in the hospital.

Accounts to the amount of $854 44 were passed.

After some discussion the following motion was carried unanimously: By T. H. Purdom, seconded by C. F. Cemplin, "That in view of the demand for increased accommodation for private patients in the hospital and the necessity of a new laboratory and operating room, that Messrs. Moore & Henry be requested to make plans and estimates for a new laboratory and for a separate building for private patients and ascertain the probable cost thereof, and that application be made to the City Council for funds necessary to complete these objects."

THE ANNUAL REPORT.

The annual report was presented. Six hundred and fifty-four patients were treated during the year—336 males and 318 females. There were 19 births and 52 deaths. The average stay of parients in the institution was 30.97 days; the collective stay of adults, 19,902 days; collective stay of infants, 355 days; total, 20,257 days. One thousand persons who were not inmates of the institution received relief during the year. The dormitory capacity of the institution was 85 beds; of these 75 were made up.

The religion of the 654 patients was classified as follows: Protestants, any denomination, 568 (293 males and 275 females); Roman Catholics, 71 (37 males and 34 females); unknown religions, 15. In nationality 377 were Canadians, 141 English, 61 Irish, 36 Scotch, 19 American and 20 belonging to other countries. Four hundred and seventy-five were received from the city, 98 from the county, 55 from the Province, 11 from the United States and 15 from other countries.

The average cost of patient per day in 1892-1893 was $1 09; for the last year it was 88 cents—a gratifying reduction. The receipts totalled $18,282 47, and were apportioned as follows: Ontario Government, $5,138 60; city of London, $7,107 37; county of Middlesex, $2,063 04; from paying patients, $3,518 68; from endowments, $454 78.

HARD TIMES IN FRANCE.

A Large Number of Laborers Cannot Find Employment.

WASHINGTON, Oct. 12.—That the American workingman has not been the only sufferer from hard times is made apparent by a report to the State Department from Stephen H. Ingell, United States commercial agent at Roubadi, France. He says that the figures of the central labor bureau at Paris show that the labor situation throughout France on Aug. 15 last appeared to be that a large number of workmen and laborers were without emdloyment, only a small portion of those who have for some time been in enforced idleness having resumed their occupations. From 645 labor unions, with a membership of 129,235, reporting to the central office, it appeared that 14.4 per cent of the laborers were without work. Of these unions 53 report the situation as worse than last year. In the agricultural districts 67 per cent of the laborers were without employment, and in the wine districts of Cher and Herault this percentage was increased to 75 and 80 per cent respectively, the crisis resulting from the low price of wine. The report gives in detail the percentage of the unemployed in every trade, and makes a most startling showing of the extent of industrial depression in France.

MONEY FLOWING IN.

The United States Treasury is Now in a Flourishing Condition.

WASHINGTON, Oct. 12.—The receipts and expenditures of the treasury continue to show a healthy condition, as appears from the statement for the first ten days of the month. The receipts today are over a million, and of this $670,000 were from customs. The indications are that receipts from this source will continue to grow under the operations of the new tariff. This is one of the many proofs of the great revival of business. The McKinley law created a deficiency from the day it was passed. The excess of expenditures so far during the fiscal year—since July—are only $2,000,000, while for the same time last year the deficiency was over $20,000. In addition, the gold reserve is gradually increasing. A cheerful air pervades the treasury, which is in striking contrast with the gloom prevailing last year, when the officials were wrestling with a bankrupt treasury left by the Harrison Administration.

GRIT AND GALL.

A Boy Who Made $2,250,000 in Eight Years.

MOBILE, Ala., Oct. 12.—H. C. Moore, formerly of Corinth, Miss., has just reached here from Egypt. Eight years ago he left Mississippi a penniless and inexperienced youth, possessing nothing but grit and love of adventure.

He returns a multi-millionaire. He made three trips entirely around the world after leaving his native State, and finally settled in South Africa.

He drove a trade with an African king for two tracts of mineral land of 70 square miles each at a nominal price. Last spring he sold one of them to the British South African Mining Co. for $1,000,000 cash. He has just sold the other to an English syndicate for $1,250,000 and is en route to England to close the deal. He will take two of his Alabama nieces, Misses Coffee and Moore, with him. He gave them $50,000 each as a present to-day.

UNCLE SAM'S PENSIONERS

Were Paid $139,804,461 05 During the Year—The List Grows Longer.

WASHINGTON, D. C., Oct. 12.—The report of the commissioner of pensions for the fiscal year ending June 30, 1894, states that the number of pensioners on the rolls June 30, 1893, was 966,012. During the year 39,085 new pensioners were added to the rolls and 2,398 previously dropped were restored, while 37,951 have been dropped for death and other causes, and on June 30, 1894, the number of pensioners upon the rolls were 969,544.

The number of pension certificates issued during the year was 80,123, and 132,873 claims were rejected.

The amount paid for pensions during the year was $139,804,461 05, leaving a balance of $25,205,712 65 of the appropriation. Much dishonesty and fraud, mainly attributed to unscrupulous claim agents was uncovered, and there were 194 convictions within the year for pension frauds, perjuries and forgeries.

New York Politics Mixed.

NEW YORK, Oct. 12.—Political matters in the metropolis, already in a state of chaos, are becoming more and more disorganized every hour until now none of the leaders, even the stalwart old Tammany Hall, is able to say accurately where he or his associates stand.

Russell Sage Wriggles Out.

NEW YORK, Oct. 12.—In the suit of Wm. R. Laidlaw against Russell Sage, brought to recover damages from Sage, growing out of the explosion of a dynamite bomb in the latter's office, in which Laidlaw, who shielded Sage and was badly hurt, recovered a verdict, the general term of the Supreme Court today reversed the judgment of the lower court and ordered a new trial.

The Great Stamp Steal.

WASHINGTON, Oct. 12.—The stamp robbery at the Bureau of Engraving and Printing, discovered yesterday, turns out to be much larger than at first suspected. Instead of one package containing 50,000 2-cent stamps, it is now believed that 200,000 and possibly 250,000 stamps of various denominations are missing. The stealing has been going on for 30 days, and seems to have been the result of a plot.
