## HIS GAME NEARLY UP.

**Schrader, the Professed Healer, Declined to See The World Representative Yesterday.**

There was a circus in Eastern Toronto, but even this, a drawing card of undisputed power, could not deprive the Beverley-street show of its popularity yesterday. Schrader's patrons poured into the street by all the avenues of approach; they thronged about the house, clamoring for admittance, and the mysterious physician received all who had run the gauntlet—met the manager and two or three assistants at various points in the passage from the front door to the bedroom.

The adherents of this divine healer claim that alms are not solicited, yet it is well known that more unblessed handkerchiefs leave No. 68 than blest, and those persons who have been favored with the touch are all soft-hearted looking individuals, who could be readily "worked." Unfortunately for the alleged worker of miracles, the throngs which wait upon him are almost entirely composed of boys and women, who are out sight-seeing. No cures have been reported yet, at least in Toronto, although there is a rumor to the effect that the stranger cured a New York millionaire of some dread disease a few years back. Schrader has positively refused to see anybody after 8 o'clock.

The World man's reception at 68 last evening would have been more acceptable during the past week, when the days were warm, but on this occasion something less frigid might have done. The young man was astounded at the flow of language which the lady commanded who met him at the door. She called his paper some very naughty names for letting the cat out of the bag and did it in such a rapid way that the scribe's eyes fell and he was glad to observe that she wore slippers.

The reporter learned that the healer had retired, but on enquiring for the manager, who boards at the house of a neighbor, he was there informed that this busy individual was with Schrader and that important matters were being discussed, which would prevent his seeing a reporter.

**New British Official Selected.**

London, Aug. 1.—The creation of an additional Under-Secretary of State for Foreign Affairs has been found necessary. Sir Martin le Marchant Hadsley Gosselin, C.B., who holds the position of Secretary to the British Embassy at Paris, has been selected to fill the office, which will deal exclusively with international questions connected with Africa.

# NERVES

We are employing in the treatment and removal of live nerves a new method discovered by our Dr. Knight. By its use we are enabled to complete in one visit an operation that usually required 48 hours. We remove live nerves without a particle of pain to the patient and without the use of arsenic as applied in the old methods.

## A Deputation Representing $25,000 Waited on the Board of Health.

**Property Subject to Depreciation on Account of the Odor Coming From the Dump, Stroud's Cattle Yards and Various Other Localities—Other News From Hamilton.**

Hamilton, Aug. 1.—(Special.)—A deputation of residents from the northeast portion of the city waited on the Board of Health and protested strongly against odors that came from one or other of the following: The coal oil inlet, Freeman's fertilizing works, Stroud's cattle yards or Lawry's pork-packing factory. The deputation represented $25,000 of real estate, and was headed by J. G. Y. Burkholder, who told of the great inconvenience they were put to and the depreciation to which property was subject through the bad smells. The board stated they would do everything possible to remedy the objectionable state of affairs.

The state of the dump at the north end also came under consideration. The Medical Health Officer recommended that the stuff thrown there be covered with earth every day during the hot weather. Mayor Colquhoun presented a statement from Superintendent Edgar of the city hospital to the effect that a large number of cases of diphtheria during the past ten months were attributable to the uncovered dump and the smell from the Ferguson-avenue interception works. On the motion of Mayor Colquhoun the board resolved to have the dump covered with earth every day during the hot weather.

**Board of Governors Meet.**

A meeting of the Board of Governors of the City Hospital was held this afternoon, and it was decided to enclose the passages from the different sections of the institution. The Medical Board reported that Dr. Griffin was elected chairman and Dr. Glassco secretary of the board.

**An Enterprising Company.**

The Radial Electric Railway is, perhaps, the most enterprising of the suburban roads running out of Hamilton. It will have its line re-tracked as far as the Beach crossing before Civic Holiday—next Monday—when reduced rates will be given. The return fare to Burlington that day will be 15 cents. Much of the success of the road is due to Mr. Clyde Green, the popular manager.

**Committed for Trial.**

John Holcomb, a colored man from Chatham, was committed for trial by Magistrate Jelfs this morning on two charges of pocket picking. P.C. Miller arrested the prisoner, who put his right hand into the pockets of Mrs. Guest and Mrs. Fairbank at the Hamilton Steamboat Company's wharf on Saturday night. Holcomb had to be held while being photographed after the examination. On his person were found loaded dice, and a pocketbook, which it is supposed he stole. "Miss Rose McBride" is written on it.

**Mike Driscoll Wanted.**

The police are looking for Mike Driscoll, a hard man. It is supposed he stole a horse, which was taken from a pasture-field on Saturday afternoon. The animal belonged to W. A. Reeves, baker, and was traded for another plug and $4. William Stuart is the man who made the deal, and he laid the information against Driscoll.

**Will He Be Archbishop?**

Now that Archbishop Walsh is dead, it is rumored that Bishop Dowling, who is the senior bishop in Ontario, will most likely be appointed to fill the vacancy. Bishop Dowling will preach the sermon at Archbishop Walsh's funeral.

In the event of Bishop Dowling's promotion it is likely Mgr. McEvay will be appointed Bishop of Hamilton.

**Minor Matters.**

P.C. Cameron is busy receiving congratulations. It has just leaked out that he was married recently to Miss Minnie Stewart, Erie-avenue.

Mr. J. Scott of the Normal School, Toronto, delivered an address at the convention of the Separate school teachers here to-day.

Donald Stewart, Hunter-street, got one of his arms broken while bicycling in Brantford yesterday.

Thomas Stafford, known as "Bumblebee," has been placed in the Insane Asylum.

Ed Simpson, son of Mr. Simpson, corner of Rebecca and Hughson-streets, has just returned from the Klondike. He intends going back at once.

The Fire Department was called out this evening to extinguish a blaze on the mountain side at the head of Wentworth-street.

Peter Ogden Lodge, I.O.O.F., Toronto, picnicked at Brant House Park to-day, celebrating Emancipation Day. About 300 members and friends were present.

**Jacko Poisoned by Tobacco.**

There was great chattering among the monkeys at Victoria Park on Sunday, it being their manner of showing grief over the death of a comrade. Some thoughtless smoker gave one of the yellow $25 monkeys a cigar to chew and Jacko went at it like a sailor. Later on he began to scream and when his case was looked into he was rubbing his stomach in great style and looking the picture of misery. Medical aid was summoned, but Jacko went into convulsions and died. "Over-indulgence in tobacco at too young an age" was the verdict returned.

**Will Be Brought to Toronto.**

About a year ago Louis Dubois, who carried on a wholesale liquor business in this city, had $90 stolen from him. Suspicion attached to an Italian named Joseph Ferdinand Vezina, who skipped out. Vezina was traced to Chicago, thence to New York, and afterwards to Montreal, where he was arrested yesterday. Detective Burrows will leave this morning to bring him back.

**What Lugsdins' Prove!**

Shorter days—shorter assortments—shorter prices in J. & J. Lugsdin's, 122 Yonge-street, summer hat stocks proves three things—one—season is getting along—two—the firm's styles and qualities have been good sellers—three—the prices have been no millstone to their getting away. Two dollars is a special price quoted on a special lot of specially fine Christy's pearl soft hats, to clear out a case lot of them.

# COL. LEYS THREATENS MUTINY.

**Says He Won't Take His Seat Wednesday if Normal School Site Isn't Chosen.**

At a meeting of the Cabinet yesterday afternoon Mr. Hardy and his colleagues discussed the matter of a site for the new London Normal School. They had two things to help them to make a choice and make it quick. They had the benefit of the Minister of Education's report on the subject, gathered from his recent visit. They also felt the ponderous weight of an ultimatum from Col. Leys, Government member for the riding. It is known that Col. Leys gave it out that the site had to be chosen before Wednesday or he would not take his seat in the Assembly. Mr. Hardy has other supporters threatening to desert and swamp his ship, and the probabilities are, though nothing definite could be learned, that Col. Leys will be conciliated. A London deputation, composed of Messrs. C. D. Johnston, Frank Love and Levi Lewis, accompanied their member to spur the Government to action.

**Government Caucus To-Day.**

Very few of the M.L.A.'s had arrived in the city yesterday, but they are expected to flock in to-day, when a Government caucus will take the form of a luncheon at the Buildings.

**John Craig to Be Here.**

Mr. John Craig, M.L.A. for East Wellington, whose illness it was thought would preclude his attendance, will, it is expected, be in his seat, very much to the Premier's joy.

**How Long Will It Last?**

Mr. Whitney declines to speak his views either as to the length of the session or as to the probable subject of a first division in the chamber. Mr. Hardy believes, and has instructed his henchmen to believe, that the session will last three weeks at the outside. Col. Clarke, the veteran clerk of the House, can read the signs fairly well, and he also shares this view. But then he can't read Opposition minds.

**Q. O. R. to Escort His Honor.**

The opening of the House to-morrow will be comparatively a tame affair. Mr. Hardy is discarding the general run of frills, but a detachment composed of 100 men and the band of the Queen's Own Rifles is to form a guard of honor to Lieut.-Governor Mowat, when he issues forth to formally open the session.

**London Old Boys' Outing.**

The final meeting of the London Old Boys was encouragingly large and their excursion will certainly be an uncommon success. The trip home will be taken on the Saturday preceeding Civic Holiday. The train leaves the Union at 7.30 a.m., and accompanying the excursionists will be the Queen's Own Brass and Bugle Bands and the Royal Foresters' Fife and Drum Band. The tickets will be good for Friday afternoon, Saturday and Sunday, and are being sold at $1. The sports' committees have arranged a game of baseball between the once famous Tecumsehs of London and a picked team from the Boys, under the captaincy of J. J. Ward, ex-president of the Canadian Baseball Association. A bowling match will also be a popular feature of the day's entertainment. Alf. S. Wigmore, captain of the Canada Baseball Club, will lead the Old Boys. The Mayor of London will read the visitors an address of welcome, and the London citizens have arranged a good program.

**The Secretary's Trip.**

Miss Bambridge, general secreary of the Y. W. C. Guild, returned Saturday evening from a two weeks' visit to Northfield, Mass. While away Miss Bambridge attended the conference of the Y. W. C. A., which continued for 10 days. The meeting was held in one of the Ladies' Seminaries and was presided over by Mr. Dwight L. Moody, the well-known evangelist. "The country is delightful," said the secretary, "and is filled with institutions where young women are given a splendid opportunity to procure an excellent education." At the gospel meeting Sunday afternoon Miss Bambridge delivered an interesting address on her trip.

**Customs Receipts at London.**

London, Aug. 1.—The work of the customs officials has increased a great deal of late. The returns for the month of July show that the duty entered at the port of London has amounted to considerably more than double the duty in July, 1896, and is a very large increase over the same month last year. The figures are as follows:

| | |
|---|---|
| July, 1896 | $30,473 05 |
| July, 1897 | 49,181 54 |
| July, 1898 | 84,258 27 |

Increase of July, 1898, over July, 1897, $36,076.73, and over July, 1896, $53,585.22.

## Some Peculiar Bookkeeping in West Zorra Township.

**An Apparent Deficit in the Accounts—Something of Interest to All Municipalities—Mistakes Were Made, But in About Every Case the Effect Was Against the Township.**

Woodstock, Aug. 1.—(Special.)—A sensation has been caused here and throughout the whole of the County of Oxford by the report of the provincial auditor in regard to an investigation into the financial affairs of the Township of West Zorra. Early this year a petition was circulated in West Zorra asking the Provincial Government for an investigation and an audit. Provincial Auditor J. B. Laing undertook the investigation and audit asked for, and, after visiting the locality, appointed F. H. Macpherson, C.A., of his staff, to do the work.

The report was handed down to-day, and it shows that the period covered by the audit is six years, from Jan. 1, 1892, to Dec. 31, 1897.

From Jan., 1892, to March, 1894, George Innes, now of Woodstock, was clerk and treasurer. He was succeeded in both offices by E. L. Sutherland, one of the most widely-known men in the locality.

The auditor, referring to the method of bookkeeping followed by both these men, affirms that neither of them kept a cash book. They had made entries from the papers held as vouchers directly from the ledger. Where no vouchers were available the entries, especially the receipts, had been apparently made from memory. As a result, there are, to put it as mildly as possible, irregularities.

When Mr. Innes was in office the auditor finds errors chiefly against the township, making a total now due to the municipality of $460.21. The auditor, however, is inclined to the belief that bad bookkeeping and carelessness on the part of Mr. Innes in keeping his own funds and those of the township are the causes of the mistakes. He does not think there was any fraudulent intent, and it is understood that Mr. Innes is quite willing to make the deficiency good.

E. L. Sutherland, the present clerk and treasurer, who assumed the offices in 1894, has, the report says, had errors each year, chiefly against the township, until the amount of the deficiency at the end of 1897, about which time the investigation began, was $977.94, more than was reported by the treasurer. Some of the items will require considerable explanation.

Since Jan. 1 a statement has been prepared up to June 1, 1898, from which it appears that the amount of the deficiency has been reduced to $230.02.

Some of the errors may have been the result of bad bookkeeping, and may afford reasonable ground for dispute, but at the same time the matter is creating much comment for miles around.

The auditor's report also contains some interesting reading regarding the purchase of a road roller, and it practically charges Mr. Sutherland with getting $50 commission from the Sawyer-Massey Company of Hamilton. Another interesting item is the letting of a printing contract, on which it is also alleged that Mr. Sutherland received a commission.

The matter has created the most widespread interest throughout the district, and it is possible that similar investigations will be made in other townships, if only to institute a regular system of keeping the books.

## MARQUIS OF SALISBURY

**Replies to Earl of Kimberley and Defends the Government in Regard to Chinese Question.**

London, Aug. 1.—In the House of Lords the Marquis of Salisbury, the Premier, discussed the Chinese question, replying to the Earl of Kimberley, the Liberal leader, who sharply attacked the Government for "permitting the rivals of Great Britain to out-manoeuvre them in the matter of railway and other concessions."

Lord Salisbury declared that no British capitalists were attempting to build railways in China, and he certainly should not advocate the building or subsidizing of railways there by the British Government. He repealed the instructions given to Sir Claude Macdonald, the British Minister at Pekin, which had been outlined in the House of Commons by Mr. Curzon, and added:

"We are willing to repeal that and stake all upon it."

**No Negotiations in Progress.**

In the House of Commons to-day, the Parliamentary Secretary of the Foreign Office, Mr. George N. Curzon, answering a question, said there were no negotiations in progress between Great Britain and the United States in regard to the Philippine Islands, and that no information had reached Her Majesty's Government in support of the statement that Germany had made, or was making, an attempt to acquire the island of Luzon.

Continuing, Mr. Curzon said the Government was aware that the future of the Philippine Islands was causing anxiety in Australia, and, he further remarked, the matter will, of course, receive the Government's close attention.

**Dan Mann in Winnipeg.**

Winnipeg, Aug. 1.—Mr. D. D. Mann is at the Manitoba, returning from spending a week in the Port Arthur district, where he went over the proposed route of the first 25 miles of the Ontario and Rainy Lake Railway with the chief engineer. It is stated that work on this piece of the road will be started in a few days.

**The P. H. O. and Rat Portage.**

Dr. Bryce has returned from Rat Portage, where he has been adjusting a little difficulty over bad sanitation, which had resulted in cases of typhoid fever. The town is putting in a waterworks system and of late the wells had been neglected.

## HAPPENINGS OF A DAY.

**Items of Passing Interest Gathered in and Around this Busy City.**

Patrick Gorman, a York-street dive-keeper, was arrested by Inspector Stephen yesterday, charged with disorderly conduct.

The colored people of the city celebrated Emancipation Day in various ways yesterday. A jolly crowd of the brethren visited Burlington Beach.

John Flatman of North Toronto was before Magistrate Ellis yesterday, charged with stealing a set of harness from John Armmour. The case was dismissed.

Effie Bell, 150 Victoria-street, was arrested by P.C. Armstrong last night charged with stealing a watch chain, two rings and five dollars from Henry Hervan.

G. V. Maclean, M.D., of Toronto University, now a student in the Graduate School of Harvard, Cambridge, has been awarded a scholarship in the Jefferson Physical Laboratory.

William Dagg, 381 Berkeley-street, was arrested last night on a warrant charging him with obtaining $150 by false pretences from W. J. Urquhart, a druggist at Gerrard and Yonge-streets.

The charge of fraud preferred by Mrs. Rolston of East Toronto against Alice Law and Archibald Hunter was further adjourned yesterday by Magistrate Wingfield until to-morrow afternoon.

The late Mrs. George Pepper left real estate valued at $11,700, but mortgaged for $6550. The property is willed to Mr. Pepper in trust for the daughters, Myrtle and Alma, save 18 Russell-street, which goes to a sister, Florence Elliot.

The Board of the Y.W.C. Guild met yesterday afternoon at the Island cottage, "Summerholm," with Mrs. Elias Rogers in the chair. The number of boarders at present is 35, which necessitated the pitching of a tent to make accommodation.

Mr. William A. Vickery was elected last night as a delegate to the Trades and Labor Congress, to be held at Winnipeg, Sept. 13, by the Printing Pressmen's Union in Richmond Hall. The report of the annual picnic to Long Branch showed the affair to have been a big success. Arrangements were also made for the Labor Day parade.

MARTIN THORN,
The murderer of Guldensuppe, who was electrocuted at Sing-Sing yesterday.

**Bird Fanciers Meet.**

The Toronto Canary and Cage-Bird Society met in Forum Hall last night, when preparations were made for the exhibit at the Industrial Fair. A silver cup, donated by the members, will be presented to the member who captures the most points in the cage-bird competition. Reports on the exhibition held July 9 showed the amount received for entries to be $6.30, there being 63 entries. Special prizes, donated by Messrs. J. Park, W. Broadbank, R. Gore and W. H. Naylor, were presented to the following as the best specimens on exhibition: Scotch fancy class, J. Goggins; Norwich class, H. Way; Crested class, R. Gore; Lizard class, H. Way, and W. Steven most points.

**Growth of the British Navy.**

London, Aug. 1.—The rapid growth of the British navy is well illustrated by an official return just issued, giving the numbers of officers and men now serving on the ships. Below are the totals of the various branches for 1878, 1888 and 1898:

| | April 1, 1878. | April 1, 1888. | April 1, 1898. |
|---|---|---|---|
| Executive .... | 27,911 | 28,232 | 44,336 |
| Engineering ... | 5,627 | 8,536 | 22,239 |
| Other branches .... | 8,508 | 8,914 | 11,816 |
| Royal Marines .... | 55,773 | 58,529 | 95,540 |
| Grand total ..... | 97,819 | 104,211 | 173,981 |

**James Fitzgerald Killed.**

Rat Portage, Ont., Aug. 1.—James Fitzgerald, at one time a prominent lawyer, was killed while passing a bridge on the C. P. R. track between Keewatin and Rat Portage. He thought there was lots of room for the train to clear him, but he was struck by the engine and hurled to the ground below. He was aged 58 and leaves a widow and six children.

**Band Concert in the East End.**

Leslieville Grove was thronged last evening by a very large crowd on the occasion of the first band concert ever given in this park. The Metropolitan Band, under the leadership of Charles A. Welsman, rendered a delightful program, which was heartily enjoyed.
