MOFFATS
Life Pills and Phœnix Bitters.

These Medicines have now been before the public for a period of FIFTEEN YEARS, and during that time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

IN MANY THOUSANDS

of certificated instances, they have even succeeded in cases from the very verge of an untimely grave, after all the deceptive nostrums of the day had entirely failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than calumnious to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor, that they were indebted for their name.

Unlike the host of pernicious quackeries which hold of vegetable ingredients, the **LIFE MEDICINES** are purely and solely vegetable; and contain neither **Mercury**, nor **Antimony**, nor **Arsenic**, nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the general pretenders to medical science; and were never before administered in so happily efficacious a combination.

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them; and to remove the hardened faces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind to produce habitual Costiveness, with all its train of evils, or sudden Diarrhœa with its imminent dangers. This fact is well known to all regular anatomists who examine the human bowels after death; and hence the prejudice of those well-informed men against the quack medicines of this age. The second effect of the **VEGETABLE LIFE MEDICINES** is to cleanse the kidneys and the bladder; and by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, relieves every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

The following are among the distressing variety of human diseases in which the **VEGETABLE LIFE MEDICINES** are well known to be infallible:

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind; **FLATULENCY**, *Loss of Appetite, Heartburn, Headache, Restlessness, Ill-temper, Anxiety, Languor*, and *Melancholy*, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

Costiveness, by cleansing the whole length of the intestines with a solvent process, and without violence: all violent purges leave the bowels costive within two days.

Diarrhœa and Cholera, by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the lubricative secretion of the mucous membrane.

Fevers of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in such cases, and the thorough solution of all intestinal obstruction in others.

The Life Medicines have been known to cure **RHEUMATISM** permanently in three weeks, and GOUT in half that time, by removing local inflammation from the muscles and ligaments of the joints.

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder: they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of GRAVEL.

Also **Worms**, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

Asthma and Consumption, by relieving the air-vessels of the lungs from the mucous which every slight cold will occasion, and which, if not removed, becomes hardened, and produces these dreadful diseases.

Scurvy, Ulcers, and Inveterate Sores, by the perfect purity which these **LIFE MEDICINES** give to the blood, and all the humors.

Scorbutic Eruptions and Bad Complexions, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of SALT RHEUM, and a striking improvement in the clearness of the skin. **COMMON COLDS and INFLUENZA** will always be cured by one dose, or by two even in the worst cases.

PILES, As a remedy for this most distressing and obstinate malady, the **VEGETABLE LIFE MEDICINES** deserve a distinct and emphatic recommendation. It is well known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of twenty-five years; and that he tried in vain every remedy prescribed within the whole compass of the *Materia Medica*. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

FEVER AND AGUE.

For this scourge of the western country these Medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED.

Bilious Fevers and Liver Complaints.

General Debility, Loss of Appetite, and Diseases of Females—these medicines have been used with the most beneficial results in cases of this description:—Kiwe's Evil, and Scrofula, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. Nervous Debility, Nervous Complaints of all kinds, Palpitation of the Heart, Painter's Colic, are speedily cured.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these Medicines a perfect cure; as they never fail to eradicate from the system all the effects of Mercury infinitely sooner than the most powerful preparations of Sarsaparilla. A single trial will place them beyond the reach of competition, in the estimation of every patient.

BE CAREFUL OF COUNTERFEITS.

Several have lately been discovered, and their nefarious authors arrested, both in the city of New York and abroad.

A BEAUTIFUL PICTURE.

A NEW LABEL—STEEL ENGRAVING.

To protect the public against purchasing counterfeits of Radway's Chinese Medicated Soap, R. G. Radway, the celebrated Chemist of New York, has at a great expense engaged the services of one of the first artists of steel engraving in America, and will on the first of April, 1850, issue Radway's Medicated Soap in its new label. It is a beautiful and *elegant* engraving, representing two female figures of *beauty* and *beauty*, reclining on a tablet and scroll work, on which are the words *RADWAY'S MEDICATED SOAP* in illuminated letters. On the opposite side of the tablet is the facsimile signature of R. G. Radway. The design is neat, chaste, artistic, and elegantly executed.

THE VIRTUES OF THE SOAP

are also improved, the high popularity which this excellent soap has attained for its superiority over all others for Toilet, Medicinal, and Shaving purposes, has impelled us to strive and improve upon its pristine excellence, and we satisfied on its already unsurpassed merit. We have now entered into arrangements for the importation direct from our correspondents in Constantinople in Turkey, and Canton in China, for our several years, some balsams, and extracts of rare medicinal virtues, which we use in the manufacture of Radway's Soap, instead of receiving them from third parties, so that now we have the satisfaction of knowing that the highly medicinal and balsamic properties of our Soap are pure and unadulterated.

AS A BEAUTIFIER OF THE SKIN

It surpasses everything of the kind in the world, it removes Redness, Pimples, Blotches, Pustules, Tetters, Rash, It cures Itch, Rheum, Ring Worm, Sore Heads, Sores, Pustular Eruptions, It imparts health to the skin, and beauty to the complexion. As a Nursery and Toilet Soap, it is beyond the reach of rivalry, and for Shaving purposes it is the best in use. ☞ PROFESSOR BARRY'S TRICOPHEROUS OR MEDICATED COMPOUND—Infallible for preserving, invigorating, and beautifying the Hair, removing Scurf, Dandruff, and all affections of the Scalp, and curing Eruptions on the Skin, Diseases of the Glands, Moisture and Inflammation of the Skin, Chilblains, Sunburns, Insect Stings, &c., &c. With this preparation "there is no such word as fail." The first journals in America, medical men of the highest eminence, prominent clergymen of all denominations, and ladies have used it for years in their dressing-rooms and nurseries, adopt, with one accord, that for imparting vigor, gloss, luxuriance, and curl to the hair, preventing scurf and dandruff, healing wounds, curing contusions, sprains, stings, &c., and restoring the delicate of the skin, the glands and the nerves, to a state of equal energy, the results of compounds advertised by the political press, or used in private practice. In change, as well as efficacy, Barry's Tricopherous is unrivalled. The immense cost of the whole hair to be cut, induced the inventor to supply it at retail at twenty-five cents per bottle, which is from fifty to one hundred per cent. less than the price of any other preparation for the hair now in use. The scientific treatise on the Hair and the Skin, contains valuable directions for the culture and preservation of Nature's choicest ornament, to which every lady is exclusively, is also worth the money.

The affinity between the membranes which constitute the skin, and the hair which draws its nutriment from this triple envelope, is very close. All the pores of the skin contribute to the life of the hair. If the pores of the scalp are clogged, or if the blood and other fluids do not circulate freely through the small vessels which feed the roots with nutriment, the life to the fibres, the results are scurf, dandruff, shedding of the hair, premature decay and baldness of the epidermis, and cutis beneath, as the case may be; but if the blood be healthful and free with the Tricopherous, and the torpid vessels, recovering their activity, will annihilate the disease. Eruptions on the face, and other affections of the skin, and affections of the skin and of the nature of moisture, and integument, are cured by the use of the author, as the Tricopherous has its specific action, and is a sovereign tissue and tonic of those organs. It is a sovereign remedy.
