SISLER IS BETTER PLAYER THAN BABE RUTH, SAYS RICKEY

Former Michigan University Boy Can Outplay Him in Any Department.

ST. LOUIS, April 9.—In an epoch of tottering thrones, Babe Ruth, all-around monarch of the diamond, would better be looking after the props of his big empire. For—we have the word of President Branch Rickey of the Cardinals for this—in St. Louis there is one player who can dispossess the Boston marvel and himself assume the title of "most versatile player in the game" with just a little encouragement.

This player, Rickey avers, can outhit, outpitch, outrun and outthink Ruth; he can fill more positions than Babe and play any or all of them better. He has more aggressiveness, more daring, more everything, in short, save salary and reputation. This player is not a member of Rickey's squad, just to prove that his opinion is not mere clever press agency. The only reason this player has not utterly eclipsed Ruth in fame, popularity and salary is that he is a victim of poor exploitation and too great personal modesty.

Sisler—yes, that's the fellow Rickey has in mind. Sisler, a soft-spoken fighter, a velvet pawed tiger when roused, a player whose powers of concentration, according to Rickey, enable him to fill not acceptably, but in masterly style, any new position assigned to him.

In an interview, Rickey explained his optimism regarding Sisler's future. Rickey has the right to discuss Sisler, because he discovered him as a college star at Michigan University, jockeyed him out of the possession of Barney Dreyfuss into the hands of the St. Louis Browns, and then gave him his first big league instruction.

"Babe Ruth fills the public eye," Rickey said, "because not only is he a great pitcher and hitter, but because the fullest use has been made of him to advertise his strength in these two departments. Babe can pitch in world's championship form and clout a home-run over the same fence; he can clean the bases in a pinch, and can bring his heavy artillery into daily play by handling a first base or outfield position acceptably.

"In this respect, however, he does not compare with Sisler. Sisler is as great or a greater pitcher than Ruth. I know this. He showed me his quality in the games in which I employed him—look back at his record if you don't believe this. As a batter and all-round player I leave it to the records to set forth his ability as compared with that of Babe.

"He batted .339 last year to Ruth's .297; he led the league in stealing bases with 40 in an abbreviated season, distancing Cobb and other stars; he was the fourth first baseman in fielding percentage; as an outfielder he showed wonderful promise; his great ground-covering ability, fine throwing arm and daring would make him a star at any position, where Ruth would be merely defensive fillerin, tolerated because of his hitting. Save for the pitching, his superiority to Ruth can't be disputed, and I myself am certain that he is Babe's pitching master.

"Why is it that Ruth is so much more prominent than Sisler? The answer is that Sisler has not been exploited to 50 per cent of his publicity value and not to more than 70 per cent of his playing efficiency, while Ruth has been used on every possible occasion.

"The Browns' immediate need of a first baseman compelled us to use Sisler there. He made so good that his other virtues were forgotten. The management of the Browns has seen fit to be satisfied with the top-notch performance at first base and a wonderful hitting and running ability.

"To me this is a lamentable mistake. Sisler could pitch in turn and pitch the best left-hand ball in the league. With the same team back of him he would win as often or more often than Ruth. On other days he could return to first base or the outfield and do better than Ruth all that pitcher now does to evoke the wonder and plaudits of the mob.

"Sisler to me stands for an opportunity going to waste—opportunity both for the club and for the player. The club is losing a chance to increase its receipts by uplifting another bleacher favorite—a player whose versatility and ability transcends that even of 'The Flying Dutchman,' Hans Wagner, in his palmiest day."

LONDON "Y" JUNIORS PLAY AT WOODSTOCK TOMORROW EVENING

Local Boys Will Go Into the Second Game With a 35-Point Lead.

London "Y" juniors will journey to Woodstock on Friday evening with a 35-point lead to play the second game of a home-and-home series with the Baptist College team in the semi-finals of the O. A. B. A.

The college boys will likely give the London boys a good game on their own floor.

The locals look like real champions, and are anxious to win the trophy this year, making it the third consecutive time, and giving them the right to hold the cup.

The Londoners play well together and are good on long shots. The boys have been carefully trained by coach A. T. Taylor.

A workout will likely be held this evening to get ready for tomorrow night's contest.

The following players will line up on the London team: "Doc" Cline, captain; Gordon Henderson, Dunc McLean, Earl Arscott, Ginsberg and George Young.

The Woodstock match will be handled by a referee from that city, as Tuesday's game was in charge of Colin Duffield.

TO ADOPT SCHEDULE.

TORONTO, April 9.—A meeting of the International League will be held in Newark on Friday when the schedule will be adopted for the coming season.

The Rangers gave the Nationals a hard race in the second contest and lost out by 15 points. Karrys and Crawford went over the 200 mark in this match.

The Irish Rangers walked away with the last game. It was a clean sweep for the Rangers. The Nationals had 2 points, while the Irishmen came but 7 points from reaching the 1,000 mark. Tom Crawford was high man of the tenpins, with 639 points, and George Karrys was one point behind him.

Many of the Pacific Coast League players were present, as well as representatives of other athletic associations. The services were conducted by Rev. Harold King and Rev. E. A. Henry.

AMERICAN LEAGUE SEASON MAY OPEN EARLY THIS YEAR

Dates Will Likely Be Switched To Benefit Sunday Ball Law.

New York, April 9.—Baseball fans of greater New York are elated today over the prospect of being able to enjoy Sunday games at the Polo grounds in the future.

The passing of the Walker-Malone bill by the state legislature, and the favorable attitude of Governor Smith, has made it practically certain that the bill will become a law, bringing to an end a campaign for Sunday baseball which has been carried on for many years by the baseball heads in the greater city.

As a result of the legislation in favor of Sunday ball it is probable that the American League season here will be opened four days earlier than had been planned, with the Yankees and Red Sox starting off April 19, which comes on Saturday.

Sunday baseball in New York will mean the shattering of attendance records established in any one season here, and will assure the three major league clubs of the metropolis added prosperity, while visiting major league clubs will also benefit.

Judge Francis X. McQuade, now part owner of the Giants, together with Charley Ebbets, John McGraw, and in later years Colonels Ruppert and Huston, have been the prime movers in making the fight for Sunday ball in New York City. Club owners in the International League have also fought for Sunday ball for many years, and it is pointed out that in Binghamton, Syracuse, Buffalo and Rochester Sunday games will put the pastime on a paying basis.

WOODWORTH ROVERS TO BE REORGANIZED AT MEETING TONIGHT

Big Sport Season Expected in St. Thomas This Year.

ST. THOMAS, April 9.—The Woodworth Rovers, one of the city's most famous football teams in the days that have passed and which won considerable fame in outside cities, is to be reorganized. The team was disbanded only after every man had been taken in the Canadian expeditionary forces. It has been out of existence for about three years.

A meeting has been called for Thursday night at the Y. M. C. A. The fate of this famous team will be settled then. St. Thomas' citizens whether interested in football or any other sport are urged to attend for with the revival of one game will come a general revival of sport.

The Great War Veterans, Pere Marquette shops and M. C. R. shops are all ready to begin practicing as soon as weather permits. Baseball and football teams have already been organized among the employees and members of each of these establishments. When all are ready to begin playing there is little doubt but that St. Thomas will have plenty of sport, even though it is only local talent.

GADSBY OF ST. THOMAS WILL HAVE TRY-OUT WITH TORONTO LEAFS

Manager George Gibson Satisfied With Catcher Jack Snyder.

TORONTO, April 9.—The weather this morning was not very promising for the first practice of the Toronto ball club scheduled to take place at the Island Stadium. Manager George Gibson, who arrived yesterday, and Trainer Tommy Daly were on the job bright and early, but the sullen sky and threatening cold weather kept them on the inside looking out. Manager Gibson is very sweet on Catcher Snyder, whom the Toronto club purchased from Brooklyn. "If he fails to make good you can blame me, for I selected him out of the ten catchers offered me by big league teams," he said. Russell Gee, the local catcher, will also get a chance to make the team.

The outfielders who have been ordered to report to Manager Gibson are Westlake, Anderson, Whiteman, Holden, Breckenridge, Morton and Harmon. Breckenridge comes from Beloit, Wis.; Morton from Montreal, and Harmon is from the South Atlantic League. He was overseas with the Canadian troops. Westlake is a local product, Anderson was with the Leafs last year, Whiteman comes back from the Boston Red Sox, and Holden was with Montreal.

The Toronto pitching squad will include Heck, Aichele, Peterson and Justin of the 1918 Leafs, Hanson of St. John, N.B., and Queen of Bayonne, N.J., a southpaw recommended to the Toronto club by the men who discovered "Tommy" Thompson. Manager Gibson is angling for a southern college pitcher who he considers to be a wonder. "You've heard all about these second Mathewsons, but this big lad is surely another 'Big Six,'" said the manager. "He pitched sensational ball in college games throughout the far southwest last season and did not lose a game. He is twenty years of age, a right-hander, and weighs 185 pounds."

The Toronto infield will be selected from Onslow, Wagner, Gonzales and Purtell of last season's team, and Gadsby of St. Thomas and Busse of Cleveland. Manager Gibson has the promise of a couple of likely players from major league clubs, and is of the opinion that when the season opens the Leafs will have a strong combination, although possibly they may be shy on condition.

The Leafs will do all their training work in Toronto. When the weather is favorable the squad will work from 10 o'clock in the morning until 4 in the afternoon. Manager Gibson believes that better results are secured in that manner than by working for a couple of hours in the morning, "knocking off" with the dinner bell and resuming in the afternoon. Should rainy weather interfere with the preparation of the team, the pitchers at least will work indoors, perhaps on the dirt floor at the repository.

CITY FOOTBALL LEAGUE TO BE FORMED AT WOODSTOCK

WOODSTOCK, April 9.—At a meeting of the Woodstock football club tonight it was decided to go ahead and organize a city league. Already four or five clubs have signified their intentions of joining, and complete organization will take place net week. C. O. Tatham was appointed official delegate of the club to the annual meeting of the U. F. A. in Stratford Good Friday, while James Gunn, second vice-president, and E. A. Rea, a member of the U. F. A. executive, will also attend. R. L. Smith was elected permanent secretary of the club. It was decided to play league games in Victoria Park as in other years.

LORNE AVENUE SCHOOL DEFEATS ST. GEORGE'S

Lorne avenue public school baseball team defeated St. George's by the score of 7 to 6 at the Lorne avenue grounds yesterday afternoon.

Wallace pitched an excellent game for the winners, while Billington showed up well for St. George's.

STRATFORD JUVENILES LOSE TO HAMILTON

STRATFORD, April 9.—Inability of the locals to find the basket, coupled with the absence of McDowell, who was declared over age, were responsible for the defeat of the Stratford juveniles in the O. B. A. game against Hamilton at Guelph last night, according to officers who accompanied the team. The score was 38 to 22 for Hamilton.

The winners will now meet the Toronto playgrounds team in the finals.

Hamilton and Stratford teams were evenly matched so far as play was concerned, but the locals were off in shooting.

FOR WOMEN IN THEIR "FORTIES"

System Needs a Bracing Nerve Aid.

Somewhere between the ages of forty and fifty years, every woman's system has to undergo important functional changes that are seldom understood and rarely prepared for. Few realize that during this changing time they are subject to many physical and mental trials that will tax their nerves and strength to the breaking point, and may easily leave them semi-invalids and nervous wrecks.

To the woman whose nervous system is already weakened, this period is doubly dangerous, as in this condition she is more easily affected by disorders which her now overtaxed organs are unable to throw off. Women during this changing age need and must have some quick acting and harmless remedy that, taken into their systems, will strengthen and invigorate their overworked nerve cells and help them to stand up under the trying strain.

Wonderfully effective results are given in such conditions by the simple use of Ferro-Peptine, a skillful combination of six of the best vitalizing elements known to modern chemistry. These little tablets contain no dangerous habit-forming drugs, and are entirely harmless in their action, but they act quickly to build up and strengthen the entire nervous system by feeding directly to the tired, devitalized nerve cells, in artificial form, the very necessary elements of which nature is depriving them.

If your nerves are worn out, if you have lost confidence, feel blue, are despondent and all tired out, Ferro-Peptine will help you at once. The Standard Drug Company and other leading druggists in this vicinity sell them with the positive guarantee that they must produce the beneficial results expected or the money paid for them will be refunded.
