THE ARMY.—*War Office, Jan.* 21.—38th Foot.—John Frederick Clinton Boyle, Gent., to be Ensign, without purchase, vice Gordon, promoted.

Lieut. Col. J. Doyle O'Brien, whose death was lately announced, is succeeded as Deputy Quarter Master General at Barbados, by Capt. and Brevet Major O'Halloran, of the 69th.

The ships Progress and Poictiers are to convey the 26th Cameronians from Gibraltar to Barbados, and the 34th from Barbados to Halifax. It is reported that the latter regiment will relieve the 72d in New-Brunswick.

DEATH OF A WHOLE FAMILY FROM GLANDERS.—A whole family, named Uncles, residing at Maughero, near Lisadell, have been swept away by glanders. The father purchased a horse some time back at a fair in Mayo, infected with this distemper; he soon afterwards took the disease from the beast, then his wife and four children caught it, and they all died in great agony. We have heard that two girls, living at a place called Windy Gap, about two miles from this town, have also been lost by this dreadful disorder. If the magistrates have the power, they ought to direct all horses having the glanders to be instantly shot.—*Sligo Champion.*

At a recent meeting of the Edinburgh Bible Society, Lord Panmure, (late Mr. Fox Maule,) announced his retirement from public life, stating that in all probability his voice would be heard little for the future in public, and then only in defence of Protestantism and the Protestant Bible.

The King of Prussia is just now having a dwelling-house erected for the Protestant Bishop of Jerusalem.

The Boston *Commonwealth* says, that a French invasion of England would be like a bantam cock's invasion of a bee-hive.

BEAUTIFUL EXTRACT.—The largest of all cemeteries is the sea, and its slumberers sleep without monuments. All other grave-yards show some symbol of distinction between the great and small, the rich and poor; but in the ocean cemetery the king and the clown, the prince and the peasant, are alike undistinguished. The same waves roll over all—the same requiem, by the minstrelsy of the ocean, is sung in their honor. Over their remains the same storms beat and the same sun shines, and there, unmarked, will sleep until awakened by the same trump, when the sea shall give up its dead.

From the Christian Visitor.

☞ Our beloved Sister Very is again called to drink the bitter cup. The stern hand of death has claimed her infant child. It died after a lingering illness, on the 14th inst. It was a most interesting relic of its sainted father—a promising and lovely flower: but it was cut down and withered, and the grave hides it from human vision. The mother's tears oft times bedewed its cheeks, as she sent the fervent prayer to Heaven, "*God bless my fatherless babe.*" It was cradled on a bosom which was the birth-place of many a heaving sigh, such as the widow's heart only can understand; and while thus cradled, the Saviour was preparing it to bloom, not in a world cursed by the desolating power of transgression; but in that garden of blessedness and glory, where the poisonous breath of sin can never come. What a blissful meeting between the glorified father and his angelic child! We tender to our afflicted Sister our *warmest, deepest sympathies*, in this season of renewed trial, and we earnestly pray that *gracious heaven* may grant her abundant consolation amid those *gloomy hours of solitude*, which have fallen to her lot.

Here is Your Remedy!
HOLLOWAY'S OINTMENT.

A MOST MIRACULOUS CURE OF BAD LEGS, AFTER 15 YEARS' SUFFERING.

Extract of a Letter from Mrs. William Galpin, of 70, St. Mary's Street, Weymouth, dated May 15th, 1851.

To Professor HOLLOWAY,

SIR,—At the age of 13 my wife (who is now 61) caught a violent cold, which settled in her legs, and ever since that time they have been more or less sore, and greatly inflamed. Her agonies were distracting, and for months together she was deprived entirely of rest and sleep. Every remedy that medical men advised was tried, but without effect; her health suffered severely, and the state of her legs was terrible. I had often read your Advertisements and advised her to try your Pills and Ointment; and as a last resource, after every other remedy had proved useless, she consented to do so. She commenced using them, and, strange to relate, is now in good health. Her legs are painless, without seam or scars, and she is sound and undisturbed. Could you have witnessed the sufferings of my wife during the last 15 years, you would join them with her present enjoyment of health, and indeed feel delighted in having been the means of alleviating the sufferings of a fellow creature.

(Signed) WILLIAM GALPIN.

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG, OF THIRTY YEARS' STANDING.

Copy of a Letter from Mr. William Abbs, [illegible]ner of Gas Works, of Rushcliffe, near Huddersfield, dated May 31st 1851.

To Professor HOLLOWAY,

SIR,—I suffered for a period of thirty years from a bad leg, the result of two or three different accidents at Gas Works, accompanied by scorbutic symptoms. I had recourse to a variety of medical advice, without deriving any benefit, and was even told that the leg must be amputated, yet, in opposition to that opinion, your Pills and Ointment have effected a complete cure in so short a time, that few who had not witnessed it would credit the fact.

(Signed) WILLIAM ABBS.

The truth of this statement can be verified by Mr. W. P. [illegible] England, Chemist, 13 Market [illegible] Huddersfield.

A DREADFUL BAD BREAST HEALED IN ONE MONTH.

Extract of a Letter from Mr. [illegible] Hopeson, Farmer, of Penshurst, Kent, dated [illegible] 1850.

To Professor HOLLOWAY,

DEAR SIR,—My wife had suffered from Bad Breast, for more than six months, and during the whole period had the best medical attendance, but all to no use. Having before healed an awful wound in my own leg by your unrivalled medicine, I determined again to use your Pills and Ointment, and therefore gave them a trial in her case, and fortunate it was I did so, for in less than a month a perfect cure was effected, and the benefit that various other branches of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends. (Signed) FREDERICK TURNER.

A WONDERFUL CURE OF A DANGEROUS SWELLING OF THE KNEE.

Copy of a Letter from John Forfar, an Agriculturist, residing at Newborough, near Hexham, May 15, 1850

To Professor HOLLOWAY.

SIR,—I was afflicted with a swelling on each side of the leg, rather above the knee, for nearly two years, which increased to a great size. I had the advice of three eminent surgeons here, and was an inmate of the Newcastle Infirmary for four weeks. After various modes of treatment had been tried, I was discharged as incurable. Having heard so much of your Pills and Ointment, I determined to try them, and in less than a month I was completely cured. What is more remarkable I was engaged twelve hours a day in the hay harvest, and although I have followed my laborious occupation throughout the winter, I have had no return whatever of my complaint. (Signed) JOHN FORFAR.

AN INFLAMMATION IN THE SIDE PERFECTLY CURED.

Copy of a Letter from Mr. Francis Arnot, of Breahouse, Lothian Road, Edinburgh, dated April 29th, 1851.

To Professor HOLLOWAY.

SIR,—For more than twenty years my wife has been subject, from time to time, to attacks of inflammation in the side, for which she was bled and blistered to a great extent, still the pain could not be removed. About four years ago she saw, in the papers, the wonderful cures effected by your Pills and Ointment, and thought she would give them a trial. To her great astonishment and delight she got immediate relief from their use
