POOR COPY

A Saratoga Co. Miracle.

HELPLESS FOR YEARS AND EXCLUDED FROM HOSPITALS AS INCURABLE.

THE REMARKABLE EXPERIENCE OF CHAS, QUANT AS INVESTIGATED BY AN ALBANY (N. Y.) JOURNAL REPORTER—A STORY OF SURPASSING INTEREST.

(Albany, N. Y. Journal March 4th.)

SARATOGA, March 4th.—For some time past there have been reports here and elsewhere in Saratoga county of a most remarkable—indeed, so remarkable as to be miraculous—cure of a most severe case of locomotor ataxia, or creeping paralysis, simply by the use of a popular remedy known as 'Pink Pills for Pale People,' prepared and put up by Dr. Williams Medical Company, Morristown N. Y. and Brockville Ont. The Story was to the effect that Mr. Chas Quant, of Galaway. who for the last six or eight years has been a great sufferer from creeping paralysis and its attendant ills, and who had become utterly powerless of all self-help, had, by the use of a few box of the Pink Pills for Pale People, been so fully restored to health as to be able to walk about the street without the aid of crutches. The fame of this wonderful, miraculous cure was so great that the Evening Journal reporter thought it worth his while to go to Galaway to call on Mr. Quant, to learn from his lips, and from the observation and testimony of his neighbors, if his alleged cure was a fact or only an unfounded rumor. And so, he drove to Galaway and spent a day and a night there in visiting Mr. Quant, getting his story and interviewing his neighbors and fellow-townsmen. It may be proper to say that Galaway is a pretty little village of about 400 people, delightfully located near the centre of the town of Galaway, in Saratoga county, and about 17 miles from Saratoga Springs. Upon inquiry, the residence of Mr. Charles A. Quant was easily found, for every body seemed to know him, speak well of him and to be overflowing with satisfaction at his wonderful cure and restoration to the activities of enterprising citizenship, for Mr. Quant was born in Galaway and had spent most of his life there. Mr. Quant was found at his pretty home, on a pleasent street nearly opposite the academy. In response to a knock at the door it was opened by a man who, in reply to an inquiry if Mr. Quant lived there and was at home, said: 'I am Mr. Quant. Will you come in?' After a little general and preliminary conversation, and after he had been apprised of the object for which the Journal reporter had called upon him, he, at request, told the story of himself and of his sickness and terrible sufferings, and of the ineffectual treatment he had had, and of his final cure by the use of Dr. Williams Pink Pills for Pale People, and cheerfully gave assent to its use for publication. He said: 'My name is Charles A. Quant. I am 37 years old. I was born in the village of Galaway, and excepting while travelling on business and a little while in Amsterdam, have spent my whole life here. My wife is a native of Ontario. Up to about eight years ago I had never been sick and was then in perfect health. I was fully six feet tall, weighed 180 pounds and was very strong. For 12 years I was a travelling salesman for a piano and organ company and had to do, or at least did do a great deal of heavy lifting, got meals very irregularly and slept in enough 'spare beds' in country houses to freeze any ordinary man to death, or at least give him the rheumatism. About eight years ago I began to feel distress in my stomach and consulted several doctors about it. They all said it was dyspepsia, and for dyspepsia I was treated by various doctors in different places, and took all the patent medicines I could hear of that claimed to be a cure for dyspepsia. But I continued to grow gradually worse for four years. Then I began to have pain in the back and legs and become concious that my legs were getting weak and my step unsteady, and then I staggered when I walked. Having received no benefit from the use of patent medicines, and feeling that I was constantly growing worse, I then, upon advice began the use of electric belts, pads and all the many different kinds of electric applications I could hear of, and spent hundreds of dollars for them but they did me no good. (Here Mr. Quant showed the Journal reporter an electric suit of underwear for which he paid $124.) In the fall of 1888 the doctors advised a change of climate, so I went to Atlanta, Ga., and acted as agent for the Estey Organ Company. While there I took a thorough electric treatment, but it only seemed to aggravate my disease, and the only relief I could get from the sharp and distressing pains was to take morphine. The pain was so intense at times that it seemed as though I could not stand it, and I almost longed for death as the only certain relief. In September of 1888 my legs gave out entirely and my left eye was drawn to one side, so that I had double sight and was dizzy. My trouble so affected my whole nervous system that I had to give up business. Then I returned to New York and went to the Roosevelt hospital, where for four months I was treated by specialists and they pronounced my case locomotor ataxia and incurable. After I had been under treatment by Prof. Starr and Dr. Ware for four months, they told me they had done all they could for me. Then I went to New York hospital on Fifteenth street, where, upon examination they said I was incurable and would not take me in. At the presbyterian hospital they examined me and told me the same thing. In March, 1890, I was taken to St. Peter's hospital in Albany, where Prof. H. H. Hun frankly told my wife my case was hopless; that he could do nothing for me and that she had better take me back home and save my money. But I wanted to make a trial of Prof. Hun's famous skill and I remained under his treatment, for nine weeks but secured no benefit All this time I had been growing worse. I had become entirely paralyzed from my waist down and had partly lost control of my hands. The pain was terrible; my legs felt as though they were freezing and my stomach would not retain food, and I fell away to 120 pounds. In the Albany hospital they put 17 big burns on my back with red hot irons and after a few days they put 14 more burns on and treated me with electricity, but I got worse rather than better: lost control of my bowels and water, and upon advice of the doctor, who said there was no hope for me, I was brought home, where it was thought that death would soon come to relieve me of my sufferings. Last September, while in this helpless and suffering condition, a friend of mine in Hamilton Ont., call my attention to the statement of one John Marshall, whose case had been similar to my own, and had been cured by the use of Dr. Williams' Pink Pills for Pale People.

In this case Mr. Marshal, who is a prominent member of the Royal Templars of Temperance, had after four years of constant treatment by the most eminent Canadian physicians been pronounced incurable, and was paid the $1000 total disability claim allowed by the order in such cases. Some months after Mr. Marshall began a course of treatment with Dr. Williams' Pink Pills, and after taking some 15 boxes was fully restored to health.

I thought I would try them and my wife sent for two boxes of the pills and I took them according to the directions given on the wrapper on each box. For the first few days the cold baths were pretty severe, as I was so very weak, but I continued to follow instructions as to taking the pills and treatment, and even before I had used up the two boxes of pills I began to feel beneficial effects from them. My pains were not so bad; I felt warmer; my head felt better; my food began to relish and agree with me; I could straighten up; the feeling began to come back into my limbs; I began to be able to get about on crutches; my eye came back again as good as ever, and now, after the use of eight boxes of the pills—at a cost of $4 00—see!—I can with the help of a cane only, walk all about the house and yard, can saw wood, and on pleasant days I walk down town. My stomach trouble is gone; I have gained 10 pounds; I feel like a new man and when the spring opens I expect to be able to renew my organ and piano agency. I cannot speak in too high terms of Dr. Williams' Pink Pills for Pale People, as I know they saved my life after all the doctors had given me up as incurable.'

Other citizens of Galaway, seeing the wonderful cure of Mr. Quant by the Pink Pill for Pale People, are using them. Frederick Sexton, a sufferer from rehumatism, said he was finding great benefit from their use, and Mr. Schultz, who who had suffered from chronic dysentery for years said he had taken two boxes of the pills and was already cured.

Mr. Quant had also tried Faith cure, with experts of the treatment in Albany and Greenville, S. C., but with no beneficial results.

A number of the more prominent citizens of Galaway, as Rev. C. E. Herbert, of the Presbyterian church; Prof. James E. Kelly, principal of the academy; John P. and Harvey Crouch, and Frank and Edward Willard, merchants, and many others to whom Mr. Quant and his so miraculous cure by the use of Dr. Williams' Pink Pills for Pale People, are well known, were pleased to have the opportunity of bearing testimony to the high character of Mr. Quant, and of verifying the story of his recovery from the terrible affliction from which he had for so long a time been a sufferer.

Truly, the duty of a physican is not to save life but to heal disease.

The remarkable result from the use of Dr. Williams' Pink Pills in the case of Mr. Quant, induced the reporter to make further enquiries concerning them, and he ascertained that they are not a patent medicine in the sense in which that term is generally used, but a highly scientific preparation, the result of years of study and careful experiment. They have no rival as a blood builder and nerve restorer and have met with unparalleled success in the treatment of such diseases as paralysis, rheumatism, sciatica, St. Vitus' dance, palpitation of the heart, that tired feeling which affects so many, and all diseases depending upon a watery condition of the blood or shattered nerves.

Dr. Williams' Pink Pills are also a specific for troubles peculiar to females, such as suppressions, irregularities, and all forms of weakness. They build up the blood and restore the glow of health to pale or sallow checks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of whatever nature.

On further inquiry the writer found that these pills are manufactured by The Dr. Williams' Medical Co., Brockville, Ont., and Morristown, N. Y., and are sold in boxes, (never in bulk by the hundred) at 50 cents a box, or six boxes for $2.50, and may be had at all druggists or direct by mail from Dr. Williams' Medical Co., from either address. The price at which these pills is sold makes a course of treatment comparatively inexpensive as compared with other remedies, or medical treatment.

It Leads The Leaders.

The foremost medicine of the day, Burdock Blood Bitters, is a purely vegetable compound possessing perfect regulating powers over all the organs of the system and controling their secretions. It so purifies the blood that it cures all blood humors and diseases from a common pimple to the worst scrofulous sore, and this combined with its unrivalled regulating, cleansing and purifying influence on the secretions of the liver, kidneys, bowels, and skin, renders it unequalled as a cure for all diseases of the skin. From one to two bottles will cure boils, pimples, blotches, nettle rash, scurf, tetter, and all the simple forms of skin disease. From two to four bottles will cure salt rheum or eczema, shingles, erysipelas, ulcers, abscesses, running sores, and all skin eruptions. It is noticeable that sufferers from skin diseases are nearly always aggravated by intolerable itching, but this quickly subsides on the removal of the disease by B. B. B. Passing on to graver yet prevalent diseases such as scrofulous swellings, humors and scrofula, we have undoubted proof that from three to six bottles used internally and by outward application (diluted if the skin is broken) to the affected parts, will effect a cure. The great mission of B. B. B. is to regulate the liver, kidneys, bowels and blood, to correct acidity and wrong action of the stomach and to open the sluice-ways of the system to carry off all clogged and impure secretions, allowing nature thus to aid recovery and remove without fail bad blood, liver complaint, biliousness, dyspepsia, sick headache, dropsy, rheumatism, and every species of disease arising from disorder of the liver, kidneys, bowels, stomach and blood.

We guarantee every bottle of B B. B. Should any person be dissatisfied after using the *first* bottle we will refund the money on application, personally or by letter. We will also be glad to send testimonials and information proving the effects of B. B. B. in the above-named diseases on application to T. MILBURN & Co., Toronto, Ont.

Miramichi Advance.

Beginning with the issue of November 6th, 1890, when the ADVANCE entered upon its

Seventeenth Year of Publication!

The publisher made an important change in the terms on which the paper is furnished to Subscribers. These include

1st. Strict adherence to the system of cash in advance for all subscriptions.

2nd. The reduction of the price of the paper to

One Dollar a Year!

It is to be particularly understood that all outstanding subscription accounts due after November 6th, 1890, are to be settled on the old terms, viz., $2 per year, the advertised credit rate.

I have made special arrangements with the

WEEKLY TELEGRAPH OF ST JOHN

AND THE

FAMILY HERALD AND WEEKLY STAR

of Montreal by which I will furnish either of those papers and the

"ADVANCE"

TOGETHER AT

One Dollar and Sixty Cents a Year!

I have made the foregoing changes in the business of the ADVANCE for two reasons.

The first is because many patrons who have been given credit, have abused the privilege to such an extent as to make the business of publishing the paper a non-paying one, and it is necessary, in my own interest and that of those who do pay, that I should no longer continue to furnish the ADVANCE to those non-paying subscribers.

The second reason is that I wish to meet the competition of the city weeklies, which are made up from the type of the dailies and, therefore, cost little for production in comparison with a local paper like the ADVANCE, the type of which must be set up especially for it.

Having published the ADVANCE for sixteen years, and endeavored to make it a creditable representative of Miramichi and North Shore enterprise—a paper which may be taken into any household without fear that it has catered to sensationalism at the sacrifice of that cleanliness of matter, which is too often neglected by the press of the day—I have reason to hope the foregoing announcement will meet with general approval and be the means of largely increasing the circulation and influence of the paper.
