All schools in East Leeds wil close on Thursday and Friday next to afford teachers an opportunity of attending the convention to be held in Brockville.

Wm. Pierce, of Athens, has just completed the brick work on a fine residence for Myles Lockwood, Philipsville. He also had the job of penciling the walls of the Methodist church in the same village.

I am overloaded with Dress Goods. You will find a great stock here. We are selling some choice lines at panic prices—25 pieces heavy double-fold Dress Goods, 23c; 20 pieces all-wool serges, newest shades, 30c.—at G. W. Beach's.

A visit to Charleston lake during the afternoon of one of these warm, bright days is a delightful experience, and a perfect revelation to those who never saw the islands and wooded heights dressed in their autumnal robes. Go before the leaves fall.

On Tuesday last, 26th ult., John Ross was working on a barn in course of erection for Mrs. Elliott, when he fell from the roof and broke his arm. Despite a serious disability, Mr. Ross has always been an industrious citizen and should, and no doubt will, receive substantial aid and sympathy from the people of the village.

Athens is contributing its fair share of visitors to the White City. Last week the following citizens started for Chicago: Mr. and Mrs. Joseph Thompson, Mr. and Mrs. Evertts, Messrs. T. Berney, Nate McVeigh, T. Percival, J. Knapp, Chas. Rowsom, Sheldon Bullis. This week Mr. and Mrs. Irwin Wiltse, Miss B. Loverin, and Messrs. Curzon Lamb and E. Clow leave for the World's Fair.

The Brookfield (Missouri) Gazette of a recent date says; "A. W. McNish and wife returned Friday morning from the world's fair, accompanied by Mr. James F. McNish, grand son of Geo. McNish, who has long been a resident of this vicinity. Mr. McNish is an enthusiastic young photographer and will be employed by O. I. Doan, of this city." Our Lyn readers will be pleased to learn that James F. is safely located in his new home.

The annual meeting of East Leeds Teachers' Institute will be held in the collegiate institute, Brockville, on Thursday and Friday of next week, Oct. 12 and 13. The programme will include an address by President U. J. Flach, B. A., and papers by Mrs. Welford, Miss A. Hutcheson, Wm. Purvis, R. H. Field, J. S. Copeland, B. A., and Geo. Sharman. On Thursday evening, in Victoria Hall, F. J. Brown, of the Delsarte College of Oratory, Toronto, will give a series of readings.

Dr. H. O. Bates, a former well known resident of Leeds Co., writes the Reporter under date of the 30th Sept., "I take this opportunity of writing you, wishing to pay my subscription for the most welcome paper which comes to my office. It keeps me thoroughly conversant with old friends and places dear to days of my childhood. I am wondering every day why we do not see more of the Canadian people from your locality at the World's fair. It is the greatest collection of marvellous curiosities, manufactures, arts, &c. of this centuary. Only one month more and much of it will have been removed. Many will regret if they do not see it—the opportunity of a lifetime." The Dr. is located at 208 South Halsted st., South East corner Van Buren st., where he will no doubt be pleased to have any of his acquaintances call and renew old friendships.

The Cruel Calculi.

Drop a postal card to Mr. George Rose, of Peterborough, and ask him what Membray's Kidney and Liver Cure did for him in relieving him of the intense pain caused by the passage of stone or calculi from the bladder. Hypodermic injections had to be resorted to in order to relieve the agonizing pains at times but the use of Membray's Kidney and Liver Cure enabled the kidneys to wash out the sand and debris from the system, and neutralized the acid formations.

THE FRANKVILLE FAIR

David's Fair a Great Big Success in Every Respect.—Large Increase in Exhibits and Attendance.

Kitley's fall fair, which took place on Wednesday and Thursday of last week, was more than ever a marked success. The weather was all that could be desired, and the farmers and their wives, children, and relatives all took advantage of the weather and the occasion to turn out in large force. Frankville fair is decidedly popular with the people of the surrounding towns and villages and as a consequence large numbers drove out from Athens, Brockville, Smith's Falls, Delta and surrounding country.

Many of the farmers were surprised in seeing such a fine display of stock on the grounds the first day, as this fair has not been noted in the past for any very large or choice collection of animals. Although a number of new pens had been put up since last exhibition, the number was far too small, and several additional pens had to be extemporized after the animals were on the ground. We are pleased to be able to announce on behalf of the management that before another exhibition takes place they will have new and commodious cattle, sheep, swine and poultry sheds erected, and will also be able to show the stock to those visiting the fair on the second day. Another very important improvement very much needed, is the driving track. At present it is not in as good condition as it should be, being very rough and uneven. This, too, will be remedied before next fair. A large wing was added to the exhibition building last year, but if the exhibits continue to increase in like proportion to this year, they will soon have to put on large additions to accommodate the exhibits.

On the lower flat of the main building the grain, roots, fruit and vegetables were exhibited. The display was large and the quality excellent. The butter, cheese and dairy products were there in large numbers, while the display of honey made by F. L. Moore, W. D. Livingston and Wm. G. Lee was very large and fine. Each of these gentlemen did a large retail business in honey, nearly half a ton having changed hands or was contracted for during the fair.

On the upper flat the ladies had their products in large quantities. Quilts and fancy work, paintings and artificial paper work took up large space and was carefully scanned and favorably commented on by large crowds who constantly thronged that part of the buildings.

Out on the grounds the usual quantity of agricultural implements were shown. A sulky plow exhibited by H. B. Brown, Addison, received more than the usual amount of attention. In these days of labor-saving machinery, it is not very hard work to convince the progressive farmer that a sulky plow is a very necessary adjunct to a well conducted farming outfit. Geo. P. McNish, Lyn, had a very cheap and handy cast sugar furnace front and grate on exhibition. As the season for building and repairing sugar furnaces is at hand, these castings should be examined by every one who runs a large sugar bush.

THE SECOND DAY.

opened bright and clear, and at an early hour the grounds were alive with bustling activity. Fakirs were there with their oily tongues to beguile the unwary into parting with their hard-earned dimes and dollars, and one hard working farmer of Kitley is said to now mourn the loss of nearly $100 in a vain attempt to get something for nothing. In the horse ring the number of horses was quite large, but there seemed to be a falling off in the quality of the double and single driving horses, although there were a few really fine horses on exhibition Shortly after noon an exciting game of football took place between the Harlem and Athens clubs, which was won by the Athens club.

In the foot race, E. Bresee got 1st, C. Randolph 2nd, and C. Nash 3rd prize.

Smoking race, E. Thomas, R. Jakes and C. Thornhill.

Wheelbarrow race, Frank Fowler, C. Thomas and E. Bresee.

Barrel race, C. Randolph, E. Thomas and E. Bresee.

Sack race, E. Bresee, F. Fowler and C. Thomas.

These sports caused any amount of merriment, all being kept in good humor by the antics of the contestants.

As before stated, the race track was in poor condition, consequently no time was given. The heats were as follows:—

The prosperity of the fair is, perhaps, best measured by the receipts, and through the kindness of the secretary we are able to give the following figures, which are said to be under rather than over the exact amounts: gate receipts, $300; new members, $56; horse-tickets, grocery and fakirs, $35; making a total of $380, about $80 more that last year.

The success of the Frankville fair can be truly attributed to the zeal and hard work of the officers and directors, but especially to D. Dowsley, the genial president, who was conspicuous on every point of the ground in a Prince Albert coat and Greeley castor. We regret that our kodak failed to procure us a good picture of the "man of all men" among the Kitley Blues, so we do the next best thing, and present our readers with a correct picture of the president as he looks "after the fair is over, after the work is done."

The energetic secretary is justly entitled to his meed of praise, for no one knows better than the writer of the amount of pluck, perseverance and forbearance it is necessary to possess to be a good secretary of an agricultural society. W. D. Livingston, secretary of Frankville fair, possesses all the requisites of a good fair secretary, and the society is to be congratulated upon having secured his services.

GERMAN JEW-BAITERS.

Preparing for a Vigorous Anti-Semitic Campaign in the Reichstag.

THEIR LEADER IN DURANCE

Ahlwardt, Who is Undergoing a Sentence of Imprisonment for Libelling a Hebrew Firm, Directs His Party's Movements From Prison.

(Copyright by United Press, 1893.)

BERLIN, Oct. 2.—Rector Ahlwardt, the Jew-baiter and member of the Reichstag, is about to begin in the Ploetzensu prison the service of the sentence imposed upon him for libelling Loewe & Co., the Hebrew rifle manufacturers. Ahlwardt appealed from the sentence, but the Court of Appeal confirmed the judgment of the lower court.

The Reichstag will not resume its sessions before November 20. When the House opens the voice of Ahlwardtism will again be heard louder and more powerful than ever. Disgrace and social disrepute do not affect Ahlwardt's influence. At a recent congress of North German Anti-Semites his programme found unanimous acceptance. Among the proposals submitted and accepted was the absurd one of forbidding Hebrews to have German servants. The congress declared a new departure on the part of the Anti-Semites in denouncing an alliance with Conservatives with whom the party at one time affiliated. A resolution adopted, declaring that the Anti-Semites should oppose all indirect taxation that burdened the lower and middle classes, proved the desire of the party to split with the Conservatives.

Another section of the Anti-Semites held a meeting at Chemnitz and by their proceedings appeared to be less inclined to desert the Conservatives on hearing from Herren Liebermann and Von Sonnenberg that with the pledged support of the Conservatives their faction would obtain places on the Reichstag committees.

Will Never be Friends.

BERLIN, Oct. 2.—The newspaper discussion of the Emperor's relations to Bismarck does not abate. Although the public have been disillusioned as to the probability of their becoming friends, the official opinion as explained in last week's letter never shared the popular illusion. Reports are still rife as to exchanges of messages between the Emperor and Bismarck and the Empress Frederick as the mediator through Count William Bismarck and as to the Empress planning a visit in Friedrichsruhe. The truth is there is no present plan of reconciliation. Neither the Emperor nor Bismarck ever intended a reconciliation to be achieved in any way except by the other's complete submission. With the growing strength of the Prince the Bismarckian newspapers are increasing the offensiveness of their criticisms of the Government.

Bismarck is still too weak to leave Kissingen.

Convention of Social Democrats.

BERLIN, Oct. 2.—The congress of Social Democrats will be opened on October 22. The delegates will hear the executive committee's report on the recent general election and will debate plans for May Day of next year. Relations of socialism to anti-Semitism, and the subject of strikes also will be discussed. Editor Landau, leader of the Berlin Anarchists, advises his comrades to join the Socialists so as to reform them. The Socialist leaders are on the watch and will throw out any Anarchists who try to take part in the congress. The credentials of all delegates will be scanned closely and no suspect will be admitted. The Anarchists will have to do their reforming, therefore, outside of the organization.

To Aid Armenian Prisoners.

LONDON, Oct. 2.—Despatches from Constantinople say that the Sultan has been greatly moved by the agitation in England on behalf of the Armenian prisoners in Asiatic Turkey. He has ordered that all the papers bearing on the recent trial of Armenians in Angonira be laid before him, especially those concerning the charges against Professors Thoumayan and Kaya Yan, of the American College in Marsovan. Abstracts from these documents were made a week ago and were despatched on September 26 to Rustem Pasha, Turkish ambassador in London. A courteous autograph letter from the Sultan was sent with them.

Coal Strike Causes Destitution.

LONDON, Oct. 2.—In the cotton trade factories are only working short time and more than 10,000 operatives have been made idle owing to want of coal. Many relief funds have been started for the miners' starving families.

In Chesterfield alone 1,700 children are fed every morning and 1,700 families are assisted with food.

The Mayor of Sheffield has convened a meeting of the Mayors of Leeds, Bradford, Nottingham, Derby and Barnsley to discuss the situation and endeavor to formulate some scheme likely to be acceptable to miners and employers.

No Foreigners Will Be Needed.

LONDON, Oct. 2. — Justice John M. Harlan, of the U. S. Supreme Court and one of the arbitrators of the recent Behring Sea tribunal of arbitration, stated in a private conversation in St. James Hall at a Sunday mission meeting, that he personally believed that on occasion of a future difference between England and the United States the intervention of strangers would not be invoked, but an equal number of judges of the highest courts of both countries would be appointed to settle the differences

Frankville prize list will appear in next issue of the Reporter.

The sudden death of the Rev. Mr. Sirrell was more sad from the fact that he had just returned from England, where he had been to recuperate his health, and had was anticipating work for the Master when he was stricken down.

It Tastes Good

One reason why *Scott's Emulsion* of Pure Norwegian Cod Liver Oil and Hypophosphites of Lime and Soda has had such a large sale is because it is "Almost as palatable as milk;" but the best reason is that its curative properties are unequalled. It cures the cough, supplies the waste of tissues, produces flesh and builds up the entire system.

Scott's Emulsion **cures Coughs, Colds, Consumption, Scrofula and all Anæmic and Wasting Diseases. Prevents wasting in children. Almost as palatable as Milk. Get only the genuine.** Prepared by Scott & Bowne, Belleville. Sold by all Druggists, 50 cents and $1.00.
